BOARD AND STAFF COMMENTS

ADJOURNMENT (Estimate 9:35 pm)

City of Tarpon Springs, Florida

PROCLAMATION

WHEREAS, in 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees; and

WHEREAS, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska; and

WHEREAS, Arbor Day is now observed throughout the world; and

WHEREAS, the City of Tarpon Springs has been recognized as a Tree City USA for the last 16 years; and

WHEREAS, trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate outdoor temperatures, clean the air, produce life giving oxygen and provide habitat for wildlife; and

WHEREAS, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires, beautify our community, and are an ingredient to many household commodities in daily use; and

WHEREAS, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community; and

WHEREAS, trees, wherever they are planted, are a source of joy and spiritual renewal, and are a legacy to our children and grandchildren to enjoy.

NOW, THEREFORE, I, Costa S. Vatikiotis, by virtue of the authority vested in me as the Mayor of the City of Tarpon Springs, Florida, do hereby proclaim April 26, 2024, the last Friday of April as the 152nd Anniversary of

NATIONAL ARBOR DAY

and I urge all citizens to plant trees to gladden the heart and promote the well-being of this and future generations.

IN WITNESS WHEREOF, I have set my hand and caused the Seal of the City of Tarpon Springs, Florida, to be affixed this 16th day of April 2024.

City Clerk & Collector

Mayor

City of Tarpon Springs, Florida

PROCLAMATION

WHEREAS, the first Earth Day in 1970 recognized the importance of every person needing to participate in preserving our natural resources; and that on the first Earth Day, 20 million Americans rallied for a healthy, sustainable environment; and

WHEREAS, all life forms on Earth have a right to a healthy, sustainable environment and as stewards of the planet, we all have an obligation to change human behaviors that contribute to environmental degradation thereby preserving the Earth's beauty and natural resources; and

WHEREAS, this obligation extends not only to today's stewards but also to those of the future who will inherit the planet from us; and

WHEREAS, Tarpon Springs is fortunate to have 740 acres of parks, open space, conservation land and trails which enrich the lives of both residents, visitors, and wildlife and provide habitat for various flora and fauna, natural resources, and many diverse recreational opportunities; and

WHEREAS, the City of Tarpon Springs supports projects and programs that demonstrate and encourage sustainability and conservation of natural resources within the community; and

WHEREAS, the City's goal is to build a future in which residents live in harmony with nature and wildlife within Tarpon Springs thereby contributing to the Planet's biological diversity; and

WHEREAS, the City of Tarpon Springs will continue to advocate for Earth Day and will continue to support environmental awareness, natural resource conservation, wildlife conservation, sustainable practices, and much more related to the wellbeing of our planet.

NOW, THEREFORE, I, Costa S. Vatikiotis, by virtue of the authority vested in me as Mayor of the City of Tarpon Springs, Florida, do hereby proclaim April 22, 2024 as

Earth Day

and I encourage all citizens to become engaged in local and global efforts to help improve and protect our environment for all living beings.

IN WITNESS WHEREOF, I have set my hand and caused the Seal of the City of Tarpon Springs, Florida, to be affixed this 16th day of April 2024.

City Clerk & Collector

Mayor

Public Works Department Office of the Director

To: Mayor and Board of Commissioners

Through: Tom Funcheon, Public Works Director 

From: Anthony "Tony" Mannello, Streets & Stormwater Supervisor 

Date: March 7, 2024

Subject: Request for: My Tarpon Springs Clean Waters – Stormwater Pollution Prevention 2024 Poster Contest to be added to the April 16th BOC Agenda

This is an annual competition sponsored by the City's Public Works Department, Streets & Stormwater Division. Each year, all three (3) Elementary Schools in Tarpon participate in the contest. Fourth and Fifth Graders of each school submit their artwork.

Three (3) winners from each school will receive a certificate signed and presented by the Mayor, their posters displayed at City Hall, and Visa Gift Cards in the amounts of \$100, \$50, and \$25 dollars for 1st, 2nd, & 3rd place.

The intent of the program is to promote sustainability and preservation of our natural resources through public education. The students were asked to show their creativity in the areas of:

- Pollution prevention
- Clean water benefits
- Animal or vegetation habitat impacts of stormwater runoff to beach, river, bayou, or pond.

General Information About the Annual Comprehensive Financial Report

Introductory Section

- Letter of Transmittal; Organizational Chart; Directory of Officials; Certificate of Achievement for Excellence in Financial Reporting

Financial Section

- Independent Auditor's Report; Management Discussion & Analysis (MD&A); Financial Statements and Footnotes

Statistical Section

- Financial Trends Information; Revenue Capacity Information; Debt Capacity Information; Operating Information

General Information About the Annual Comprehensive Financial Report

Audit Opinion

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America (GAAS)

- We considered the internal control structure for the purpose of expressing our opinion on the City's basic financial statements and not for the purpose of providing an opinion on the effectiveness of internal controls.
- Our audit was performed in accordance with GAAS and *Government Auditing Standards*.
- Our objective is to provide reasonable—not absolute—assurance that the basic financial statements are free of material misstatement.
- The basic financial statements are the responsibility of the City's management.

Report on Basic Financial Statements

- Unmodified ("clean") opinion on basic financial statements.
- Presented fairly in accordance with accounting principles generally accepted in the United States of America.
- Our responsibility does not extend beyond financial information contained in our report.

General Information About the Annual Comprehensive Financial Report

Compliance Report

- The financial report package contains a report on our tests of the City's internal controls and compliance with laws, regulations, etc. The report is not intended to provide an opinion on internal controls and compliance with applicable rules and regulations.
- This report and the procedures performed are required by *Government Auditing Standards*.
- No findings were reported in the current year.

Single Audit

- The City received and spent approximately ~\$2 million of federal awards. This required us to perform a single audit covering two major programs (CSLFRF & LAP) which covered approximately \$1.74 million of expenditures.
- We noted no issues with regard to the use of these funds.

General Information About the Annual Comprehensive Financial Report

Management Letter

- The financial report package contains a management letter in accordance with the Rules of the Auditor General.
- We noted no issues with respect to this testing.

Examination Report

- The financial report package contains a report on our Examination with respect to the City's Investment of Public Funds.
- We noted no issues with regard to the investment of these funds.

Required Communications

Significant Accounting Policies

- Management is responsible for the selection and use of appropriate accounting policies.
- The significant accounting policies used by the City are described in Note I to the basic financial statements.
- During the current year, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 96, *SBITAs*.
- The policies used by the City are in accordance with generally accepted accounting principles.
- In considering the qualitative aspects of its policies, the City is not involved in any controversial or emerging issues for which guidance is not available.

Management Judgment/Accounting Estimates

- Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.
- The City uses various estimates as part of its financial reporting process – including actuarial assumptions.

Relationship with Management

- We received full cooperation from the City's management and staff.
- There were no disagreements with management on accounting issues or financial reporting matters.

Required Communications

Management Representation

- We requested, and received, written representations from management relating to the accuracy of information included in the financial statements and the completeness and accuracy of various information requested by us.

Consultation with Other Accountants

- To the best of our knowledge, management has not consulted with, or obtained opinions from, other independent accountants during the year, nor did we face any issues requiring outside consultation.

Significant Issues Discussed with Management

- There were no significant issues discussed with management related to business conditions, plans, or strategies that may have affected the risk of material misstatement of the financial statements.

Audit Adjustments

- There were no audit adjustments or passed audit adjustments.

Financial Statement Disclosures

- The footnote disclosures to the financial statements are also an integral part of the financial statements and the process used by management to accumulate the information included in the disclosures was the same process used in accumulating the statements. The overall neutrality, consistency, and clarity of the disclosures was considered as part of our audit.

Required Communications

Information in Documents Containing Audited Financial Statements

- Our responsibility for other information in documents containing the City's basic financial statements and our report thereon does not extend beyond the information identified in our report. If you intend to publish or otherwise reproduce the financial statements and make reference to our firm, we must be provided with printers' proof for our review and approval before printing. You must also provide us with a copy of the final reproduced material for our approval before it is distributed.

Auditor Independence

- In accordance with AICPA professional standards, M&J is independent with regard to the City and the financial reporting process.

Other Information in Auditor's Discussion & Analysis

Additional report Issued by our Firm Annually Which Documents the Following:

- All Auditor Required Communications
- Summary of Current Year Findings and Recommendations for Improvements:
 - None
- Listing of All Upcoming GASB Standards and Pronouncements

Questions & Comments

Sustainability Committee

Update to the BOC - April 16, 2024

Introduction

Committee Members include

- Denise Mannino, Chair
 - Dory Larsen, Vice Chair
 - Robin Saenger
 - Dr. Carol Mickett
 - Taylor Mandalou
 - Siobhan Nehin
 - Peggy Varvaris
-
- Staff Liaison: Thomas Kiger, Public Services Director
 - Former Sustainability Coordinator: Robin Rives
 - Previous City Liaison: Paul Smith, mentor, counselor and sustainability sensei!
-
- The Committee meets monthly on the 3rd Thursday

‘The Process to Progress’ in 2023

We reduced STAR Framework to 50 realistic Action Steps

We reviewed 1st and 2nd drafts of the Sustainability Plan

We received updates to Sustainability timeline each month

The Committee recommended the BOC approve the Sustainability Plan

Robin Rives presented final plan to BOC in June 2023

Ms. Rives implemented BOC feedback to our Sustainability Plan

July 11, 2023, the final Sustainability Plan was adopted by the BOC.

The Committee received presentations and advised staff on sustainability items.

We celebrate this Collaboration to Completion

The City Green Team

- The Sustainability Staff Team
- The Sustainability Committee
- The Sustainability Coordinator
- The Community
- Adoption per Resolution 2023-22 on July 11, 2023

Sustainable Tarpon Springs is a Living Document,
to be adjusted as time and growth demand, ever
endeavoring to hold the delicate balance between
People, Planet, and Prosperity.

Simultaneous Community Engagement

- In partnership with Tarpon Arts, City of Tarpon Springs Sustainability staff hosted a four part Knowledge & Nibbles series on actionable opportunities for citizens on Water Conservation, Florida-friendly Landscapes, and the problem of micro plastics. Experts in these respective fields spoke and answered questions.
- The City of Tarpon Springs Sustainability staff also sponsored a successful Earth Day Celebration at the Tarpon Springs Library.

Inspiring through education completes the circle in taking Sustainability to the most local level - our households.

Thinking Globally, Acting Locally...

is how a City places its piece into the Sustainability Puzzle since in the Grand Scheme, everything is interconnected.

Vulnerability Assessment & Action Plan Workshops and Survey 2023

Through a Resilient Florida Grant, public workshops and a Vulnerability Assessment Survey took place from April 13 to July 10, 2023.

Funding was awarded by the Florida Department of Environmental Protection agency - \$191,000.

Citizens expressed opinions on priority areas, while models were developed to forecast potential local tidal flooding and areas to be impacted by local storm surge.

The ultimate demonstration of the need for preparation came to us on August 30th courtesy of Hurricane Idalia.

Next Steps of Implementation:

Net Canopy Loss policy was initiated in Jan. 2024

Climate Action Plan / Greenhouse Gas Reduction Target was initiated in Feb. 2024

Planning and Zoning staff incorporated applicable elements of the Sustainability Plan into the Comprehensive Plan

Sustainability Committee reviewed Comprehensive Plan

Pending ordinances awaiting Comp Plan adoption:

- Invasive species ordinance
- Wetlands Buffer protections
- Seawall ordinance creation

Recommendations to the Board of Commissioners

Continue to support a Sustainability Communications Plan for public education utilizing the most accessible and popular media formats to foster community engagement on topics of sustainability.

The Sustainability Committee looks forward to reviewing the final draft of the Comprehensive Plan and will provide input.

The Sustainability Committee will make and receive recommendations from the BOC on how to maintain a positive, productive, seamless communication process to serve the highest interests of all Tarpon Springs.

Final Thoughts...

Tarpon Springs is a treasure-trove of Natural, Historical, and Cultural riches for which we are obligated to hold space for all future generations.

This is Sustainability.

2023 was the hottest year in recorded history, triggering unpredictable events from fire storms in Maui to atmospheric rivers on the West Coast. The Sun may be setting on our opportunity to correct our course.

What is at stake?

All Creatures

Large...

And small...

Everything we love.

Thank you!

Mark Lecouris, City Manager
City of Tarpon Springs
324 East Pine Street
Tarpon Springs, FL 34689

RE: Correction to March 2024 Invoices

Dear Mr. Lecouris:

This letter is being sent to confirm the conversation I had yesterday with Vice Mayor Eisner regarding our firm's March 2024 City Attorney invoices (#4990 and 4991). Pursuant to the conversation with the Vice Mayor and in an effort to be fair to all parties, I agreed that our firm would reduce the March 2024 City Attorney invoice (#4490) by \$1425. This reduction reflects the deduction of March's administrative fee charge and my time entries on March 28 and 29. Accordingly, enclosed is the revised invoice #4490 (in an amount of \$11,947.50) along with invoice #4491 (in an amount of \$1,417.50). We sincerely appreciate the City of Tarpon's business and understanding as we continue to address matters relating to the unexpected departure of Ms. Kardash from our firm. We will continue to work with the City officials and Staff to provide the level of service that the City expects pursuant to the terms of the existing contact and assist with the transition of the City Attorney legal services to another law firm once one is selected.

City Manager
Tarpon Springs

**Public Works Department
Office of the Director**

To: Mayor and Board of Commissioners

From: Tom Funcheon, Public Works Director

Date: April 16, 2024.

Subject: Special Event – Tarpon Springs Merchants Association
Athens by Night Latin Fiesta & A Greek Fest
June 8, 2024 & September 14, 2024

Recommendation:

That the Mayor and Board of Commissioners approve the Tarpon Springs Merchants Associations' special event application for "Athens by Night" on Saturday, June 8 & September 14, 2024, and the temporary closure of Athens St. (Dodecanese Blvd. to Mill St.), Cross St. (Athens St. to Sponge Exchange Parking Lot Entrance), Maragos St. (Athens St. to Hope St.) and alleyway next to Costas Restaurant.

If a change in the event date is necessary due to inclement weather, the City Manager will authorize/designate a rain date.

Background:

This event has been approved by the Special Events Review Committee based on previous events.

The hours are 6:00 p.m. to 10:00 p.m. Set-up will begin at 4:00 p.m. and clean-up will end by 11:30pm. There will be music, vendors, and participating restaurants will sell food & alcoholic beverages through an extended liquor license. Proceeds will be used towards event expenses and advertising.

All set-up and clean-up will be the event sponsors' responsibility, and the sponsor has notified area businesses that may be affected by this event.

Approval of this event authorizes the Sponsor/User the use of City property for said special event with the understanding that they must operate and carry out the needs and functions of the event within the confines and requirements established and approved by the Special Events Committee, the B.O.C and the Sponsor's application on record.

**Public Works Department
Office of the Director**

To: Mayor and Board of Commissioners

From: Tom Funcheon, Public Works Director

Date: April 16, 2024.

Subject: Special Event – Tarpon Springs Merchants Association
Hippie Fest
August 17, 2024.

Recommendation:

That the Mayor and Board of Commissioners approve the Tarpon Springs Merchants Associations' special event application for the "Hippie Fest" on August 17, 2024, and the temporary closure of Dodecanese Blvd. (Athens to Roosevelt) and Hope St. (Dodecanese Blvd. to Hellas Parking Lot). The use of the City's new property on Roosevelt and grass area, both sides of Hill St., City parking lot on the Docks, Greek Island Imports parking lot and Louis Houllis parking lot.

If a change in the event date is necessary due to inclement weather, the City Manager will authorize/designate a rain date.

Background:

This event has been approved by the Special Events Review Committee based on previous years' events.

The hours of the event will be from 2:00 p.m. to 10:00 p.m., with setup beginning at 10:00 a.m. and cleanup ending by midnight. This event will consist of VW bugs, music, vendors, food, and beverages (beer/wine). Proceeds will be used to pay expenses, and for advertising events.

The sponsor has sent out notifications to area businesses that may be affected by this event, and set-up/clean-up will be their responsibility.

It is understood that for the Sponsor to receive a permit to proceed, he/she must comply with the following:

- A Certificate of Insurance in the amount of \$1,000,000 naming the City as an "additional insured".

Approval of this event authorizes the Sponsor/User the use of City property for said special event with the understanding that they must operate and carry out the needs and functions of the event within to confine and requirements established and approved by the Special Events Committee, the B.O.C. and the Sponsor's application on record.

**Public Works Department
Office of the Director**

Tom Funcheon
Public Works Director

To: Mayor and Board of Commissioners

From: Tom Funcheon, Public Works Director

Date: April 2, 2024.

Subject: Special Event – Sunset Hills Elementary School
PTA Color Run on April 20, 2024.

Recommendation:

That the Mayor and Board of Commissioners approve the Sunset Hills Elementary Schools' special event application for the "PTA Color Run" on Saturday, April 20, 2024 on Gulf Rd. (Glades Ave. to Sunset Beach).

If a change in the event date is necessary due to inclement weather, the City Manager will authorize/designate a rain date.

Background:

This event has been approved by the Special Events Review Committee based on previous years' event.

The marathon/walk/run fundraiser begins at 8:30 a.m. and finishes at approximately 11:00 a.m. The Police Department will need to coordinate all road closures and traffic control.

They are anticipating approximately 150 participants, and all coloring will be done on school property.

Approval of this event authorizes the sponsor/user the use of City property for said special event with the understanding that they must operate and carry out the needs and functions of the event within the confines and requirements established and approved by the Special Events Committee, the B.O.C and the sponsor's application on record.

Public Works Director

To: Mayor and Board of Commissioners

From: Tom Puncheon, Public Works Director

Date: April 16 2024.

Re: Special Event - St. Nicholas Good Friday Procession
May 3, 2024.

Recommendation:

That the Mayor and Board of Commissioners approve the St. Nicholas Greek Orthodox Cathedral's special event application for the "Good Friday Procession" on May 3, 2024, and the temporary closure of the following streets: Orange St., Hibiscus St., Safford Ave., Ring Ave., Tarpon Ave. and Pinellas Ave.

If a change in the event date is necessary due to inclement weather, the City Manager will authorize/designate a rain date.

Background:

This event has been approved by the Special Events Review Committee based on previous years' events.

The Good Friday Procession will begin at approximately 8:30 p.m. and will end by 9:30 p.m. The Tarpon Springs Police Department will coordinate all traffic and crowd control needs along the procession route, and will obtain any needed permits for the closure of State roads.

This event may be approved contingent upon the event sponsor complying with the following stipulations:

- Providing a Certificate of Insurance naming the City as an "additional insured".

Approval of this event authorizes the Sponsor/User the use of City property for said special event with the understanding that they must operate and carry out the needs and functions of the event within the confines and requirements established and approved by the Special Events Committee, the B.O.C. and the Sponsor's application on record.

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Mark LeCouris, City Manager
From: Jeff Young, Police Chief
Subject: Approve Chief of Police to sign amendment to SRO Agreement

Recommendation

BOC Approve Chief of Police to sign amendment to SRO Agreement

Background

On September 26, 2023, the City entered into a 3-year agreement approved by the BOC with the Pinellas County School Board to have 6 SRO's assigned to the Public schools in our City. There are 2 SRO's in the High School, 1 in the Middle School, 1 in Tarpon Elementary, 1 in Tarpon Fundamental and 1 in Sunset Hills Elementary, we are required to have a replacement SRO covering the schools when the assigned SRO is off campus.

The School Board has sent an Amendment based upon legislative requirements that all officers on school campuses have completed required "Mental Health Crisis Intervention Training" and to "identify the entity responsible for maintaining records relating to training"

The City Attorney has reviewed and approves of this agreement.

Funding

No funding required

Strategic Plan Objective

Goal B.3: A safe, pedestrian-friendly community

AMENDMENT TO SCHOOL RESOURCE OFFICER AGREEMENT

The **SCHOOL BOARD OF PINELLAS COUNTY, FLORIDA** and **THE CITY OF TARPON SPRINGS** (referred to herein as “**Tarpon Springs P.D.**”), are parties to School Resource Officer (SRO) Agreement dated September 26, 2023.

WHEREAS, the School Board is requesting an amendment to the Agreement to specifically acknowledge that all officers on school campuses have completed required mental health crisis intervention training; and

WHEREAS, HB 1473 requires that the SRO Agreement “identify the entity responsible for maintaining records relating to training”; and

WHEREAS, pursuant to Article V of the SRO Agreement, amendments may be made by the chief administrative officers of the parties provided such amendment is reduced to writing and signed by the Chief of the Tarpon Springs P.D. and the Superintendent of Pinellas County Schools.

NOW THEREFORE, the parties agree to the following:

1. Article 1 B of the Agreement “Designation and Selection of School Resource Officers” is hereby amended to add paragraph 6 as follows:
 6. The SRO must have completed all training required by Florida law, including but not limited to mental health crisis intervention training prior to assignment. In addition, all supporting documentation of such trainings shall be delivered to the Chief of Schools Police prior to the assignment.
2. In all other respects, the Agreement remains in full force and effect.

IN WITNESS WHEREOF the parties hereto have caused this Agreement to be executed by their duly authorized representatives on the ____ day of _____, 2024.

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Patricia Hall, Senior Procurement Analyst
Subject: Extend Contract No. 200011-P-CM, Golf Course Grounds Maintenance

Recommendation

Extend Contract No. 200011-P-CM, Golf Course Grounds Maintenance with Down to Earth Landscape and Irrigation for a period of four (4) months starting January 1, 2025 through April 30, 2025 in an estimated amount not to exceed \$194,540.84 for the Public Services Department – Golf Course.

Background

The City currently uses Down to Earth Landscape and Irrigation for grounds maintenance at the golf course. The current contract expires on December 31, 2024. In order to avoid possibly transitioning to a new vendor during the holidays and busy season, we are requesting to extend this contract to April 30, 2025 after the peak golf season. Down to Earth Landscape and Irrigation has provided excellent service to the golf course throughout the current contract duration (see attached memo).

Funding

Funds have been budgeted in the Contractual Services Fund, Golf Course account 407-4902-572-34.00.

Public Services Department

Memorandum

Date: March 27, 2024

To: Janina Lewis, Procurement Services Director

Through: Thomas Kiger, Public Services Director
Howard Hunt, Golf Course Manager

A handwritten signature in black ink, appearing to be "H. Hunt", enclosed within a circular scribble.

From: Howard Hunt, Golf Course Manager

Subject: Golf Course Maintenance Contract 200011-P-CM Extension

Recommendation

The Golf Course is requesting to extend the Golf Course Maintenance Contract with Down to Earth Landscape and Irrigation for four months from Jan 1, 2025 until April 30, 2025 at a cost of \$48,635.21 per month, for a total of \$194,540.84.

Background

The current five-year contract with Down to Earth ends December 31, 2024. We are asking to extend this contract for four months until April 30, 2025 to avoid facilitating a new contract during the holidays. This time of year is more beneficial to both the City of Tarpon Springs and the Contractor. The current contract pricing is \$44,213 and the four-month extension would be at a 10% increase. Down to Earth Landscape and Irrigation has provided excellent service on the maintenance of the course, and this extension will ensure that any maintenance transition occurs after the peak golfing season for our customers.

Funding

Funds have been budgeted in the Contractual Services fund, Golf Course account 407-4902-572-34-00.

Subject: Award File No. 240093-C-PH, Field and Turf Irrigation Products, Landscaping Products, and Specialty Conditioners/Soils Utilizing BuyBoard Cooperative Proposal No. 705-23

Recommendation

Award File No. 240093-C-PH, Field and Turf Irrigation Products, Landscaping Products, and Specialty Conditioners/Soils utilizing BuyBoard Cooperative Proposal No. 705-23, Field and Turf Irrigation Products, Landscaping Products and Specialty Conditioners/Soils to SiteOne Landscape Supply, Inc. for the period of June 1, 2024 through May 31, 2026 in an estimated annual amount of \$45,000.00 for City-wide use.

Background

On April 17, 2023, BuyBoard awarded contract No. 705-23 to SiteOne Landscape Supply, Inc. The contract was renewed on April 1, 2024 with an expiration date of May 31, 2026. The purpose of this contract is to purchase commercial grade irrigation products utilized for maintenance, repairs and installation of new irrigation systems throughout the City. Blanket purchase orders will be issued to track the amount spent.

BuyBoard is a Local Government Purchasing Cooperative for school districts, junior colleges, cities, counties and other political subdivisions and is authorized to establish competitively awarded contracts on behalf of itself and its member agencies under the enabling authority of Texas.

Funding

The funding source will be identified as orders are placed for City-wide use.

Welcome to BuyBoard!

Re: Notice of The Local Government Purchasing Cooperative Contract Award; Proposal Invitation No. 705-23, Field and Turf Irrigation Products, Landscaping Products, and Specialty Conditioners/Soils

Congratulations, The Local Government Purchasing Cooperative (Cooperative) has awarded your company a BuyBoard® contract based on the above-referenced Proposal Invitation. The contract is effective for an initial one-year term of June 1, 2023 through May 31, 2024, and may be subject to two possible one-year renewals. Please refer to the Proposal Invitation for the contract documents, including the General Terms and Conditions of the Contract.

To review the items your company has been awarded, please review Proposal Tabulation No. 705-23 at: www.buyboard.com/vendor. Only items marked as awarded to your company are included in this contract award, and only those awarded items may be sold through the BuyBoard contract. All sales must comply with the contract terms and must be at or below the awarded pricing as set forth in the General Terms and Conditions.

The contract will be posted on the BuyBoard website as an online electronic catalog(s). **You are reminded that, in accordance with the General Terms and Conditions, all purchase orders must be processed through the BuyBoard.** Except as expressly authorized in writing by the Cooperative's administrator, you are not authorized to process a purchase order received directly from a Cooperative member that has not been processed through the BuyBoard or provided to the Cooperative. If you receive a purchase order directly from a Cooperative member that you have reason to believe has not been received by the Cooperative or processed through the BuyBoard, you must promptly forward a copy of the purchase order by email to info@buyboard.com.

A list of Cooperative members is available on the buyboard.com website. Once the contract is active, the BuyBoard vendor relations staff will be contacting you to assist with the resources available and to provide any support you may need as an awarded BuyBoard vendor.

On behalf of the Cooperative, we appreciate your interest in the Cooperative and we are looking forward to your participation in the program. If you have any questions, feel free contact me at 800-695-2919.

Sincerely,

Leigh Clover, Bid Analyst
Texas Association of School Boards, Inc.,
Administrator for The Local Government Purchasing Cooperative

**AGREEMENT BETWEEN THE CITY OF ST. CLOUD, FLORIDA
AND ASPHALT PAVING SYSTEMS, INC.
FOR ALTERNATE PAVING METHODS**

THIS AGREEMENT, made this ____ day of 212112022 20__, between the City of St. Cloud, a Municipal Corporation of the State of Florida (hereinafter referred to as the "CITY"), 1300 9th Street, St. Cloud, Florida 34769, and Asphalt Paving Systems, Inc. (hereinafter referred to as "CONTRACTOR"), whose address is 500 N. Egg Harbor Road, Hammonton, New Jersey 08037, who, in consideration of the covenants, representations and agreements herein contained, agree as follows:

1. **SCOPE OF SERVICES:** CONTRACTOR agrees to furnish all labor, materials, equipment, machinery, tools, apparatus, and transportation to provide said services set forth in 1TB No. 2021-162, Alternative Paving Methods, attached hereto and incorporated herein as Attachment 'A.' In the event of conflict, the terms and conditions of this agreement shall prevail. CONTRACTOR agrees to perform the assigned responsibilities and duties faithfully, intelligently, and to the best of its ability, and in the best interest of the CITY during the term of this agreement. All services provided shall be performed in accordance with this agreement and with any and all applicable law, professional standards, and guidelines.
2. **AUTHORIZATION TO PROVIDE SERVICES:** CONTRACTOR shall not be authorized to provide any services as set forth in materials, equipment, machinery, tools, apparatus, and transportation to provide said services set forth in 1TB No. 2021-162, Alternative Paving Methods, until such time as CONTRACTOR has received written authorization from the City Manager or his designee to perform the specific tasks set forth in proposal. CONTRACTOR shall commence work as provided in written Notice to Proceed or purchase order. In the event that CONTRACTOR commences any such services without such authorization, CONTRACTOR expressly acknowledges that it shall not be entitled to compensation of any kind related to said services provided herein.
3. **COMPENSATION:** Payments shall be made pursuant to Florida Statute Section 218.70, the Prompt Payment Act, and all City Policies promulgated thereby. The preferred method of payment by the City of St. Cloud is via electronic funds transfer (EFT) or by P-Card.
 - a. CONTRACTOR shall be compensated in an amount and in accordance with the compensation schedule set forth in 1TB No. 2021-162, Alternative Paving Methods.
 - b. As a condition precedent to receiving payment, CONTRACTOR shall have been authorized to proceed by CITY, shall not be in default of any of the terms and conditions of this agreement and shall provide to CITY an invoice. The invoice shall be forwarded to CITY, upon completion of work contemplated herein, and signed by an authorized representative of CONTRACTOR. The invoice shall include a statement identifying the period for which it applies or purchase order number and the sub-tasks or portions thereof, completed by CONTRACTOR in accordance with the Attachment 'A.'
 - c. CITY shall pay all valid, approved, and undisputed invoices within thirty (30) days of receipt from CONTRACTOR. In the event that CITY disputes any invoice submitted, it shall advise CONTRACTOR in writing and said invoice shall not be deemed due and payable under this agreement. Neither the CITY'S review, approval, or acceptance of nor payment for, any services provided hereunder, shall be construed to operate as a waiver of any rights under this agreement and CONTRACTOR shall be liable to CITY for any and all damages to CITY caused by the CONTRACTOR'S negligent or wrongful performance of any of the services furnished under this agreement.

The acceptance of final payment by CONTRACTOR shall constitute a waiver of all claims by CONTRACTOR except those previously made in writing and identified by CONTRACTOR as unsettled at the time of a request for final payment.
4. **TERM.** This Agreement shall become effective upon execution by both parties, and shall remain in effect through February 9, 2025, unless terminated as provided for herein. Additionally, the

parties agree that the term may be renewed, upon mutual agreement, for two (2) additional one-year periods. Requests for a price increase shall be submitted by the CONTRACTOR for review by the CITY sixty (60) days **prior** to the expiration date. Price increase requests shall be accompanied by the applicable supporting documentation. Any change in price, terms, or conditions shall be accomplished by written amendment to this Agreement.

The term of any task authorization/work order, as described in Section 2 hereof shall be as set forth in such task authorization/work order, and all of the terms and conditions of this Agreement shall survive until completion of all task authorizations/work orders.

5. **DESCRIPTION OF SERVICES**

5.1 It is expressly understood and acknowledged that nothing herein shall obligate or guarantee to CONTRACTOR any agreement or task authorization and CITY expressly reserves the right to exercise its option to issue any such agreements to any qualified firm or entity in accordance with all applicable laws, ordinances, policies and/or regulations.

5.2 The CITY shall make request of CONTRACTOR to perform paving services on a task basis. The CITY will communicate with CONTRACTOR, verbally or in writing, a general description of the task to be performed. The CONTRACTOR will generate a detailed Scope of Work document, prepare a Schedule, add a not-to-exceed-budget to accomplish the task, and send the thus developed "Task Proposal" to the CITY. If a site visit by CONTRACTOR is needed to generate the scope document, CONTRACTOR shall request approval prior to visiting the site. The CITY will review the proposal, and if the description is mutually acceptable, the parties will enter into a written "task authorization or work order". The Scope of Services generally to be provided by the CONTRACTOR may include any phases of paving services.

The CITY will issue a Notice to Proceed to the CONTRACTOR. Upon receipt of the signed Task Authorization and a Notice to Proceed from the CITY, the CONTRACTOR shall perform the services set forth in the task authorization/work order, which may include, but not be limited to, paving services, and any additional other services which may be set forth in the task authorization/work order.

5.3 All projects contemplated hereunder shall be issued to one of the CITY'S contracted professional engineering services firms. Upon identification by CITY of an anticipated project, CITY shall obtain a proposed task authorization. Any award of a Task Authorization shall at a minimum be conditioned upon and subject to the following: i) the obligations of the City of St. Cloud are subject to the availability of funds lawfully appropriated for its purpose; ii) confirmation from CONTRACTOR and verification in the sole discretion of CITY that the CONTRACTOR can meet the schedule or technical requirements of the project; iii) in the judgment of the CITY, strict compliance with the existing time for performance and milestones of any other contract or task authorization between CONTRACTOR and CITY; and iv) determination by the CITY in its sole judgment that CONTRACTOR can meet the project demands based on prior history of the CONTRACTOR and/or knowledge of the existence of other time critical projects issued to CONTRACTOR which would conflict with the performance of the contemplated services. In the event that CONTRACTOR cannot meet any of the above criteria or any others that may be required by CITY, the CITY shall obtain for its consideration and possible approval a proposed task authorization from the next firm in rotation.

5.4 CONTRACTOR shall provide CITY'S designated project manager with monthly time sheets or labor cost statements for services rendered during the preceding month. Each time sheet shall state the names and classifications of all personnel who performed services during said month under the task authorization, and the number of hours worked by each.

6. **CHANGES IN SCOPE OF WORK**

6.1 CITY may make changes in the services at any time by giving written notice to CONTRACTOR. If such changes increase (additional services) or decrease or eliminate any amount of work, CITY and CONTRACTOR will negotiate any change in total cost or schedule of modifications. If the

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Patricia Hall, Senior Procurement Analyst
Subject: Extend File No. 190104-C-JJ, Landscape Services with Morelli Landscaping, Inc. Utilizing City of St. Petersburg RFQ NO. 7164

Recommendation

Extend File No. 190104-C-JJ, Landscape Services utilizing the City of St. Petersburg RFQ No. 7164 with Morelli Landscaping, Inc. in an estimated amount not to exceed \$75,000 for the period of April 1, 2024 through September 30, 2024 for various City departments.

Background

On April 4, 2019, the City of St. Petersburg awarded Contract No. 7164 for landscaping services through April 3, 2022 and on April 16, 2019 the Board awarded use of this contract. On February 22, 2022, the City of St. Petersburg renewed the contract for one (1) two-year renewal period through March 31, 2024. The Board approved renewal of this contract on March 8, 2022. Further, on March 21, 2024, the City of St. Petersburg extended this contract with an end date of September 30, 2024. The purpose of this contract is to provide all phases of landscape operations including, but not limited to, the furnishing, installing, and establishing of landscape materials (e.g., trees, palms, shrubs, groundcover, flowers, soil, mulch, etc.) City-wide (see attached memo).

Funding

Funding will be identified as projects arise.

**Public Works Department
Office of the Director**

To: Janina Lewis, Procurement Services Director

From: Tom Funcheon, Public Works Director

Date: April 16, 2024

Subject: City Wide Landscape Services

Recommendation:

Approve continuation of utilizing (piggybacking) City of St. Petersburg with Morelli Landscaping, Inc. for Citywide Landscape Services in an amount not to exceed of \$120,000, for the period of April 1, 2024 through September 30, 2024.

Background:

We use this contract for all landscaping, which includes furnishing, installing and establishing landscape material (e.g. trees, palms, shrubs, flowers, ground cover etc.).

Funding Source will be identified by project.

City of St Petersburg Solicitation Documents

PART C

Base Agreement Provision

**BASE AGREEMENT SETTING FORTH
THE MINIMUM REQUIREMENTS**

The City reserves the right to add or modify the terms and conditions at any time prior to the final execution of an agreement. The Contractor will be given the opportunity to take exception to any additional or modified term or condition in the same manner as set forth in the solicitation documents.

Base Agreement - Services Contract

AGREEMENT - SERVICES CONTRACT

THIS AGREEMENT, ("Agreement") is made and entered into on the Effective Date set forth in the attached CSP BPA FORM or CSP CPA FORM, as applicable ("BPA/CPA Form") by and between the Vendor set forth in the BPA/CPA Form ("Contractor" or "Vendor") and the City of St. Petersburg, Florida, ("City") (collectively, "Parties").

WITNESSETH:

NOW, THEREFORE, in consideration of the promises and covenants contained herein, and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties agree as follows:

1. Contractor Duties. Contractor shall perform the scope of services set forth in Appendix A of this Agreement ("Scope of Services") for the City in full and complete accordance with this Agreement. Upon receipt of a purchase order issued by the City to Contractor in accordance with this Agreement (individually, "Purchase Order" and collectively, "Purchase Orders"), Contractor shall furnish the City with the services ordered, to the extent such services are set forth in this Agreement.

2. Agreement Components.

A. The agreement components are the BPA/CPA Form, this Agreement, the appendices to this Agreement, Purchase Orders, if any, and the following documents, which are made a part hereof by reference ("Other Documents"):

(i) The City's Solicitation documents (e.g. Request for Proposals, Invitation for Bids, etc.) ("Document 1")

(ii) Best & Final Offer, if any ("Document 2")

(iii) Questions & Clarifications, if any ("Document 3")

(iv) Contractor's Response to City's Solicitation Documents (e.g. Proposal, Offer, etc.) ("Document 4")

B. In the event of an inconsistency or conflict between or among the documents referenced in this Agreement, the following order of precedence shall govern: (i) the BPA/CPA Form, (ii) this Agreement, exclusive of its appendices, (iii) the appendices to this Agreement, (iv) Purchase Orders, if any, and (v) the Other Documents. In the event of an inconsistency or conflict between or among the Other Documents, the order of precedence shall be the order the documents are listed above (e.g. Document 1 shall govern over Document 2, Document 2 shall govern over Document 3, etc.).

3. Term. The initial Term of this Agreement shall commence on the Effective Date, and terminate on the End Date set forth in the BPA/CPA Form ("Term"), unless this Agreement is earlier terminated as provided for herein. The City reserves the right to extend this Agreement under the same terms and conditions for one (1) two-year period at the end of the initial Term, provided such extension is mutually agreed upon by both Parties in writing. References in this Agreement to "Term" shall include the initial Term and all renewal Terms.

4. Ordering. The City will issue Purchase Orders on an as-needed basis. Nothing contained herein shall be construed to obligate the City to issue any Purchase Orders under this Agreement. When ordering, the City will furnish Contractor with a Purchase Order number; name of department; name of person placing the order, date of order; description of services ordered; and any required schedule.

5. Payment.

A. Provided Contractor faithfully performs its obligations contained in this Agreement, the City shall pay Contractor for the services rendered in accordance with the prices for such services set forth in Appendix B of this Agreement ("Services Pricing"); provided, however, that the City shall not be required to pay Contractor for services unless they conform to the requirements of this Agreement, and further provided that the total amount paid to Contractor pursuant to this Agreement, which shall be inclusive of any out-of-pocket expenses (including but not limited to transportation, mileage, lodging, and meals) shall not exceed the Agreed Amount set forth in the BPA/CPA Form ("Agreed Amount") for the initial Term. Contractor shall invoice the City for services in accordance with procedures established by the City. The Services Pricing and the Agreed Amount may be increased only in strict accordance with this Agreement.

B. The Services Pricing shall remain firm for the initial Term. If the Parties opt to renew this Agreement, any increase in the Services Pricing shall be made by mutual agreement between the Parties in writing, provided that Contractor notified the City thirty (30) days prior to expiration of the then-current Term of its intent to increase the Services Pricing. Further, Contractor shall maintain competitive prices for the Term, and such prices shall be comparable to those provided to other customers receiving similar services as the City.

6. Indemnification.

A. Contractor shall defend at its expense, pay on behalf of, hold harmless and indemnify the City, its officers, employees, agents, elected and appointed officials and volunteers (collectively, "Indemnified Parties") from and against any and all claims, demands, liens, liabilities, penalties, fines, fees, judgments, losses and damages (collectively, "Claims"), whether or not a lawsuit is filed, including, but not limited to Claims for damage to property or bodily or personal injuries, including death at any time resulting therefrom, sustained by any persons or entities; and costs, expenses and attorneys' and experts' fees at trial and on appeal, which Claims are alleged or claimed to have arisen out of or in connection with, in whole or in part, directly or indirectly:

- (i) The performance of this Agreement (including any amendments thereto) by Contractor, its employees, agents, representatives or subcontractors; or
- (ii) The failure of Contractor, its employees, agents, representatives or subcontractors to comply and conform with applicable Laws (as defined herein); or
- (iii) Any negligent act or omission of Contractor, its employees, agents, representatives, or subcontractors, whether or not such negligence is claimed to be either solely that of Contractor, its employees, agents, representatives or subcontractors, or to be in conjunction with the claimed negligence of others, including that of any of the Indemnified Parties;
- (iv) Any reckless or intentional wrongful act or omission of Contractor, its employees, agents, representatives, or subcontractors; or
- (v) Contractor's failure to maintain, preserve, retain, produce, or protect records in accordance with this Agreement and applicable Laws (including but not limited to Florida laws regarding public records).

B. The provisions of this paragraph are independent of, and will not be limited by, any insurance required to be obtained by Contractor pursuant to this Agreement or otherwise obtained by Contractor, and shall survive the expiration or earlier termination of this Agreement with respect to any claims or liability arising in connection with any event occurring prior to such expiration or termination.

7. Insurance.

A. Contractor shall carry the following minimum types and amounts of insurance at its own expense:

- (i) Commercial general liability insurance in an amount of at least One Million Dollars (\$1,000,000) per occurrence, Two Million Dollars (\$2,000,000) aggregate in occurrences form. This policy shall include coverage for (i) personal injury or death or property damage or destruction; (ii) business interruption; (iii) fire legal liability in the minimum amount of One Hundred Thousand Dollars (\$100,000); and (iv) contractual liability under this Agreement.
- (ii) Automobile liability insurance of \$1,000,000 combined single limit covering all owned, hired and non-owned vehicles.
- (iii) Workers' Compensation insurance as required by Florida law and Employers' Liability Insurance in an amount of at least \$100,000 each accident, \$100,000 per employee, and \$500,000 for all diseases.

B. All of Contractor's insurance policies, except Workers' Compensation, shall name the Indemnified parties as additional insureds.

C. All policies shall provide that the City will be provided notice at least thirty (30) days prior to any cancellation, reduction or material change in coverage.

D. Contractor shall provide the City with Certificates of Insurance on a standard ACORD form reflecting all required coverage. At the City's request, Contractor shall provide copies of current policies with all applicable endorsements.

E. All insurance required shall be provided by responsible insurers licensed in the State of Florida and rated at least A- in the then current edition of Best's Insurance Guide.

F. Contractor hereby waives all subrogation rights of its insurance carriers in favor of the Indemnified Parties. This provision is intended to waive fully, and for the benefit of the Indemnified Parties, any rights or claims which might give rise to a right of subrogation in favor of any insurance carrier.

G. The City shall have the right to reasonably increase the amount or expand the scope of insurance to be maintained by Contractor hereunder from time to time.

8. **Notices.** Unless and to the extent otherwise provided in this Agreement, all notices, demands, requests for approvals and other communications which are required to be given by either party to the other shall be in writing and shall be deemed given and delivered on the date delivered in person, upon the expiration of five (5) days following the date mailed by registered or certified mail, postage prepaid, return receipt requested to the address provided below, or upon the date delivered by overnight courier (signature required) to the address provided below.

Attention: Louis Moore

CONTRACTOR:

The address listed for the Vendor in the BPA/CPA Form

9. **Severability.** Should any paragraph or portion of any paragraph of this Agreement be rendered void, invalid or unenforceable by any court of law for any reason, such determination shall not render void, invalid or unenforceable any other paragraph or portion of this Agreement.

10. **Due Authority.** Each party to this Agreement that is not an individual represents and warrants to the other party that (i) it is a duly organized, qualified and existing entity authorized to do business under the laws of the State of Florida, and (ii) all appropriate authority exists so as to duly authorize the person executing this Agreement to so execute the same and fully bind the party on whose behalf he or she is executing.

11. **Assignment.** Contractor shall make no assignment of this Agreement without the prior written consent of the City. Any assignment of this Agreement contrary to this paragraph shall be void and shall confer no rights upon the assignee.

12. **Termination.**

A. This Agreement may be terminated at any time by the City for convenience upon thirty (30) days written notice to Contractor.

B. The City may terminate this Agreement upon written notice to Contractor in the event Contractor defaults on any of the terms and conditions of this Agreement and such failure continues for a period of thirty (30) days following notice from the City specifying the default; provided, however, that the City may immediately terminate this Agreement, without providing Contractor with notice of default or an opportunity to cure, if the City determines that Contractor has failed to comply with any of the terms and conditions of this Agreement related to safety, indemnification or insurance coverage.

C. The City may terminate this Agreement as provided in Florida Statute section 287.135.

D. Termination of this Agreement shall act as a termination of the BPACPA Form, any Purchase Orders issued by the City, and the Other Documents.

13. **Governing Law and Venue.** The laws of the State of Florida shall govern this Agreement. Venue for any action brought in state court shall be in Pinellas County, St. Petersburg Division. Venue for any action brought in federal court shall be in the Middle District of Florida, Tampa Division, unless a division shall be created in St. Petersburg or Pinellas County, in which case the action shall be brought in that division. Each party waives any defense, whether asserted by motion or pleading, that the aforementioned courts are an improper or inconvenient venue. Moreover, the Parties consent to the personal jurisdiction of the aforementioned courts and irrevocably waive any objections to said jurisdiction.

14. **Amendment.** This Agreement may be amended only in writing executed by the Parties.

15. **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties and supersedes all prior and contemporaneous agreements, whether oral or written, between them.

16. **Compliance with Laws.** Contractor shall comply at all times with all federal, state, and local statutes, rules, regulations and ordinances, the federal and state constitutions, and the orders and decrees of lawful authorities having jurisdiction over the matter at issue (collectively, "Laws"), including but not limited to Florida laws regarding public records. Contractor hereby makes all certifications required under Florida Statute section 287.135. Contractor shall also comply with all applicable City policies and procedures.

17. **Third Party Beneficiary.** Notwithstanding anything to the contrary contained in this Agreement, persons or entities not a party to this Agreement may not claim any benefit hereunder or as third party beneficiaries hereto.

18. **No Liens.** Contractor shall not suffer any liens to be filed against any City property by reason of any work, labor, services or materials performed at or furnished to City property, to Contractor, or to anyone using City property through or under Contractor. Nothing contained in this Agreement shall be construed as a consent on the part of the City to subject City property or any part thereof to any lien or liability under any Laws.

19. **No Construction against Preparer of Agreement.** This Agreement has been prepared by the City and reviewed by Contractor and its professional advisors. The City, Contractor and Contractor's professional advisors believe that this Agreement expresses their agreement and that it should not be interpreted in favor of either the City or Contractor or against the City or Contractor merely because of their efforts in preparing it.

20. **Use of Name.** Subject to the requirements of Florida laws regarding public records, neither party shall use the other party's name in conjunction with any endorsement, sponsorship, or advertisement without the written consent of the named party, except that Contractor may refer to the City in client list.

21. **Non-appropriation.** The obligations of the City as to any funding required pursuant to this Agreement shall be limited to an obligation in any given year to budget, appropriate and pay from legally available funds, after monies for essential City services have been budgeted and appropriated, sufficient monies for the funding that is required during that year. Notwithstanding the foregoing, the City shall not be prohibited from pledging any legally available non-ad valorem revenues for any obligations heretofore or hereafter incurred, which pledge shall be prior and superior to any obligation of the City pursuant to this Agreement.

22. **City Consent and Action.**

A. For purposes of this Agreement, any required written permission, consent, acceptance, approval, or agreement by the City means the approval of the Mayor or his authorized designee, unless otherwise set forth in this Agreement or unless otherwise required to be exercised by City Council pursuant to the City Charter or applicable Laws.

B. For purposes of this Agreement, any right of the City to take any action permitted, allowed, or required by this Agreement may be exercised by the Mayor or his authorized designee, unless otherwise set forth in this Agreement or unless otherwise required to be exercised by City Council pursuant to the City Charter or applicable Laws.

23. **Captions.** Captions are for convenience only and shall not control or affect the meaning or construction of any of the provisions of this Agreement.

24. **Books and Records.** Contractor shall prepare in accordance with generally accepted accounting practice and shall keep, at the address for delivery of notices set forth in this Agreement, accurate books of account. All books and records with respect to this Agreement shall be kept by Contractor and shall be open to examination or audit by the City for the Term and for the retention periods set forth in the most recent General Records Schedule GS1-SL for State and Local Government Agencies. Nothing herein shall be construed to allow destruction of records that may be required to be retained longer by the statutes of the State of Florida.

25. **Survival.** All obligations and rights of any party arising during or attributable to the period prior to expiration or earlier termination of this Agreement, including but not limited to those obligations and rights related to indemnification, shall survive such expiration or earlier termination.

26. **Force Majeure.** In the event that either party hereto shall be delayed or hindered in or prevented from the performance required hereunder by reason of strikes, lockouts, labor troubles, failure of power, riots, insurrection, war, acts of God, or other reason of like nature not the fault of the party delayed in performing work or doing acts ("Permitted Delay"), such party shall be excused for the period of time equivalent to the delay caused by such Permitted Delay. Notwithstanding the foregoing, any extension of time for a Permitted Delay shall be conditioned upon the party seeking an extension of time delivering written notice of such Permitted Delay to the other party within ten (10) days of the event causing the Permitted Delay.

27. **No Waiver.** No provision of this Agreement will be deemed waived by either party unless expressly waived in writing signed by the waiving party. No waiver shall be implied by delay or any other act or omission of either party. No waiver by either party of any provision of this Agreement shall be deemed a waiver of such provision with respect to any subsequent matter relating to such provision, and the City's consent respecting any action by Contractor shall not constitute a waiver of the requirement for obtaining the City's consent respecting any

subsequent action.

28. Permits and Licenses. Contractor shall be responsible for obtaining any and all necessary permits, licenses, certifications and approvals which may be required by any government agency in connection with Contractor's performance of this Agreement. Upon request of the City, Contractor shall provide the City with written evidence of such permits, licenses, certifications and approvals.

29. Successors and Assigns. This Agreement shall inure to the benefit of and be enforceable by and against the Parties, their heirs, personal representatives, successors, and assigns, including successors by way of reorganization.

30. Subcontract. The hiring or use of outside services or subcontractors in connection with the performance of Contractor's obligations under this Agreement shall not be permitted without the prior written approval of the City, which approval may be withheld by the City in its sole and absolute discretion. Contractor shall promptly pay all subcontractors and suppliers.

31. Relationship of Parties. Nothing contained herein shall be deemed or construed by the Parties, or by any third party, as creating the relationship of principal and agent or of partnership or of joint venture between the Parties, it being understood and agreed that nothing contained herein, nor any acts of the Parties, shall be deemed to create any relationship between the Parties other than the relationship of independent contractors and principals of their own accounts.

32. Contract Adjustments.

A. Either party may propose additions, deletions or modifications to the Scope of Services ("Contract Adjustments") in whatever manner such party determines to be reasonably necessary for proper compliance with this Agreement. Proposals for Contract Adjustments shall be submitted to the non-requesting party in the form agreed to by the Parties. Contract Adjustments shall be effected through amendments to this Agreement made in accordance with this Agreement.

B. There shall be no increase in the Services Pricing or the Agreed Amount on account of any Contract Adjustment made necessary or appropriate as a result of the mismanagement, improper act, or other failure of Contractor or its employees, agents or subcontractors to properly perform their obligations and functions under this Agreement.

C. In the event Contractor proposes a Contract Adjustment and the City does not approve such Contract Adjustment, Contractor will continue to perform the original Scope of Services in accordance with the terms and conditions of this Agreement.

D. Notwithstanding anything to the contrary contained in this Agreement, there shall be no increase in the Services Pricing or the Agreed Amount except pursuant to an amendment to this Agreement made in accordance with this Agreement.

33. Warranties. In addition to any other warranties that may exist, Contractor warrants to the City that the services required to be performed by Contractor pursuant to this Agreement will be performed in a workmanlike manner consistent with industry standards reasonably applicable to the performance of such services.

34. Non-Exclusive Agreement. This Agreement shall impose no obligation on the City to utilize Contractor for all of the work and services of this type, which may be needed during the Term. This is not an exclusive agreement. The City specifically reserves the right to concurrently contract with other companies for similar work and services if it deems such action to be in the City's best interest.

35. Contractor Personnel. The City reserves the right to require Contractor to replace any persons performing services pursuant to this Agreement, including but not limited to Contractor's employees and any affiliates' or subcontractors' employees, whom the City judges to be incompetent, careless, unsuitable or otherwise objectionable, or whose continued use is deemed contrary to the best interests of the City.

36. Public Records.

A. Contractor shall (i) keep and maintain public records (as defined in Florida's Public Records law) required by the City to perform the services pursuant to this Agreement; (ii) upon request from the City Clerk's Office, provide the City (at no cost to the City) with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided under Florida's Public Records law or other applicable Laws; (iii) ensure that public records in Contractor's possession that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by applicable Laws for the Term and after the expiration or earlier termination of this Agreement; and (iv) after the expiration or earlier termination of this Agreement, at the City's request, either transfer, at no cost, to the City all public records in Contractor's possession within ten (10) days following the City's request and/or keep and maintain any public records required by the City to perform the services pursuant to this Agreement. If Contractor transfers all public records to the City upon the expiration or earlier termination of this Agreement, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Contractor keeps and maintains public records upon the expiration or earlier termination of this Agreement, Contractor shall meet all applicable requirements for retaining public records in accordance with this Agreement and all applicable Laws. At the City's request, all public records stored electronically by Contractor shall be provided to the City in a format approved by the City.

B. IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, AS TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CITY CLERK'S OFFICE (THE CUSTODIAN OF PUBLIC RECORDS) AT (727) 893-7448, CITY.CLERK@STPETE.ORG, OR 175 FIFTH ST. N., ST. PETERSBURG FL 33701.

C. Nothing contained herein shall be construed to affect or limit Contractor's obligations including but not limited to Contractor's obligations to comply with all other applicable Laws and to maintain books and records pursuant to this Agreement.

37. Appendices. Each appendix to this Agreement, including all attachments to each appendix, is an essential part hereof and is attached hereto.

Contractor hereby acknowledges and accepts the terms and conditions contained in this Agreement by clicking "I accept" or similar affirming language in the iSupplier Portal.

00299806S-04. IDIQ/on-demand services agreement no signature. Attachments: Appendix A: Scope of Services; Appendix B: Services Pricing

Scope of Work

1. Scope of Work

The Contractor shall furnish all coordination, scheduling, reporting, submittals, certifications, permits, licensing, supervision, layout, labor, materials, equipment, tools, and vehicles necessary for a complete landscape services project.

Landscape services projects may include FDOT Highway Beautification, LAP funded improvements, local road streetscapes, right-of-way landscape improvements, bridges, greenways, trails and transportation related projects within the City of St. Petersburg. The Contractor resulting from this solicitation will be utilized to obtain quotes for landscape services projects occurring throughout the city.

Work may include, but is not limited to, the following landscape contractor services performed according to City of St. Petersburg, FDOT, federal, state and local requirements: mobilization, bonds and insurance, temporary access gate installation, maintenance of traffic, salvage, storing and staging of materials, transplanting and establishment of mature trees and palms; clearing and grubbing, invasive exotic plant removal, erosion control, tree protection, professional arborist services, bed preparation, furnishing, layout and installing of landscape materials (e.g., trees, palms, shrubs, groundcover, soil, mulch, performance turf, hardscape etc.), water for plant establishment, landscape establishment period services, replacement and warranty as described within the Technical Specifications.

Landscape establishment period services may include but are not limited to truck watering, weeding, restricted use herbicide / pesticide and fertilizer applications, antibacterial/chemical treatments, professional arborist services, pruning, litter removal, warranty replacements and other miscellaneous services as may be required to meet project specifications and provide a 100% success rate at the end of the landscape establishment warranty periods for each project.

2. Agreement

This Agreement will be effective from April 1, 2019 through March 31, 2022. The City reserves the right to extend this Agreement under the same prices, terms, and conditions for one two-year period from date of expiration provided such extension is mutually agreeable to both the City and Contractor.

3. Mandatory Site Inspections

- a. Contractor shall visually inspect each project site during a mandatory site inspection meeting conducted by the city's project manager.

FAILURE OF THE CONTRACTOR TO ATTEND THIS MANDATORY MEETING SHALL RESULT IN

THE CONTRACTOR NOT BEING ELIGIBLE FOR CONSIDERATION OF AWARD OF THAT PROJECT.

b. Contractor shall be required to sign an attendance sheet at each mandatory site inspection meeting.

c. Contractor is advised to make a thorough inspection of the extent of the work. After each Project has been awarded, no extra charges or compensation will be allowed unless by reason of unforeseeable conditions and without fault or negligence, including but not limited to Acts of God. Changes to the work and related compensation must be submitted to the City project manager in writing and approved before performance of additional Work. Statements and information discussed at all meetings/inspections are not binding. The City project manager shall provide a corresponding Release (PO) number for the approved change in compensation.

d. The City reserves the right to waive the mandatory site inspection meeting requirement at their discretion if the scope of work does not warrant one. The Contractor remains responsible for inspecting each project site before submitting a quote if the mandatory site inspection meeting is waived.

4. Time Requirements for Returning Quotations

Contractor shall return quotations no more than ten business days after issuance of the Request for Quotation from the City project manager unless otherwise specified. Failure to respond to a Request for Quotation five consecutive times during a single contract period shall be considered grounds for removal from the city's list of Contractors for Landscape Services. Quotes shall contain a detailed breakdown of tasks, labor and materials for each project. Lump-sum quotes will not be accepted.

5. Notice to Proceed

A Notice to Proceed (NTP) shall be issued to the Contractor by the City's project manager via email. Each NTP shall be accompanied by a Purchase Order (PO) number issued by the City's Purchasing Department. No Work shall begin until the NTP has been issued.

6. Inspection of Plant Material

All trees, palms and plant material required for services provided under this contract shall be available for inspection by the City project manager and FDOT (when required) prior to delivery to the site and installation. No material shall be installed prior to receipt of written approval by the City project manager. To facilitate this, all materials shall be gathered at the Contractor's secure commercial nursery facility in advance of commencement of installation activities so that all materials can be inspected during a single site visit.

7. Secure Commercial Nursery Facility

While Contractor is required to contract with or operate a secure commercial nursery facility within a 50 mile radius of the City's Municipal Services Center, it is not reasonable to expect that all of the landscape materials required for city projects would be grown by the Contractor. It is expected that the Contractor will maintain a reasonable inventory of trees, palms and plant material available for city selection and use and that materials not readily available will be brought in as needed in the normal course of business. The City reserves the right to select, inspect, approve and reject all landscape materials intended for use on City projects.

Stored materials for transplanting and reuse shall be "dug in" to a self supporting elevated position and maintained throughout the storage period. The Contractor shall be responsible for insuring that all materials receive adequate water throughout the storage period. All nutritional and health related needs shall be the responsibility of the Contractor. Compensation for this service shall be based on a monthly rate per item or as otherwise agreed.

8. Herbicide Application

The Contractor shall perform the application of triclopyr based herbicides to bed preparation areas, invasive exotic plant species and stumps left in place during site preparation activities to insure that new growth does not develop. The application of fluazifop or triclopyr based herbicides as appropriate shall also be performed to prevent the emergence of undesirable vegetation during the establishment periods for each project. Application must be made by personnel possessing current Florida Department of Agriculture and Consumer Services (FDACS) licensing for the application of Restricted Use Pesticides (RUP) in accordance with Florida Statutes. See Reporting Requirements in this Section for a description of required herbicide application logs (Appendix B).

Landscape plant materials shall be replaced at Contractor expense if herbicide application results in the decline of landscape plant material below Florida No. 1 condition.

9. Stump Removal Procedures

a. When required as part of site preparation activities abandoned, below grade stumps designated for removal shall be hand dug and manually removed to a depth of five feet and width of five feet. Stump and all associated debris shall be properly disposed of by the Contractor. Excavated holes shall be immediately backfilled to ensure public safety with clean organic fill and compacted to prevent settling. Stump removal holes shall be refilled by the Contractor and restored to a flush with grade condition if settling does occur.

b. Abandoned, below grade stumps are often not discovered until project work is in progress. In such cases, this type of work will be deemed an unforeseen condition and the Contractor shall receive additional compensation based on contract rates for hourly labor, equipment, and disposal. The City project manager shall be notified immediately of all such occurrences and Contractor shall not proceed with removal work until authorized by the City project manager.

10. Public Convenience and Safety

a. The Contractor shall take all necessary precautions to insure that no damage is done to existing utilities in accordance with Florida Statutes. The contractor shall request utility locates for all landscape services projects by contacting "Sunshine 811". The contractor shall be responsible for notifying all affected utility agency owners (UAO) including the City of St. Petersburg utility department contact persons and FDOT Pinellas Operations. Should damage or structural weakening occur to such items through negligence on the part of the contractor, immediate corrective measures shall be taken by, and at the expense of the Contractor, as directed by the City.

b. The Contractor shall conduct the Work so as to interfere as little as possible with private business or public travel. The Contractor shall, at their own expense, whenever necessary or required, maintain barricades, maintain lights, and take such other precautions as may be necessary to protect life and property, and shall be liable for all damages occasioned in any way by actions or neglect by Contractor agents or employees.

c. The Contractor shall cooperate with any underground or overhead utility agency owners (UAO) in their removal and relocation operations in order that these operations may progress in a reasonable manner. The duplication of relocation work shall be reduced to a minimum and services rendered by utility providers will not be unnecessarily interrupted.

d. In the event of interruption to underground or overhead utility services as a result of accidental breakage or as a result of being exposed or unsupported, the Contractor shall immediately alert the occupants of nearby premises as to any emergency that the Contractor may create or discover at or near such premises. The Contractor shall then notify the City and the utility owner or operator of the disruption and shall cooperate with the said utility owner or operator in the restoration of service. If water service is interrupted, repair work shall be continuous until the service is restored. No work shall be undertaken around fire hydrants until provisions for continued services have been approved by the local fire authority.

e. In the event of interruption to an irrigation system as a result of accidental breakage or as a result of being exposed or unsupported, the Contractor shall immediately perform repairs to the irrigation system. Overspray on to public sidewalks and roadway travel lanes shall be immediately addressed by the Contractor to ensure public safety.

f. The Contractor, through the use of water or other City approved means, shall institute a continuous dust abatement program with reasonable precaution to prevent the emissions of fugitive particulate matter.

g. Access to private property and businesses is to be maintained at all times. It is the Contractor's responsibility to develop construction schedules, means and methods to assure compliance with this requirement.

h. Traffic control during construction operations shall conform to the current editions of the Manual on

Uniform Traffic Control Devices (MUTCD), Florida Department of Transportation (FDOT) Traffic Design Standards (102-600 Series); FDOT Standard Plans for Road Construction; and all applicable County and City traffic control requirements. All traffic control devices used during construction shall be provided by the Contractor.

i. Failure or refusal, on the part of the Contractor, to install, maintain and/or position traffic control devices promptly, fully, and in an acceptable manner, shall be sufficient cause for the City, after twenty-four (24) hours notice, to perform the work with its own forces or to contract with any other individual, firm or corporation to perform the work. All costs and expenses incurred shall be charged against the contract bond. Any work performed as described by this paragraph shall not relieve the Contractor of responsibility.

11. Work Days and Hours of Work

Except for special operations that may be necessary to maintain, check, and protect work already performed, all work shall normally be discontinued on Saturdays, Sundays, and city designated holidays (as noted below). Any deviations to this schedule must be approved in advance by the City's project manager. Should the project manager give approval to the contractor's performing work on Saturdays, Sundays, or city designated holidays, and such work, in the project manager's opinion, requires City inspection, the contractor shall pay the city the amount of four hundred dollars (\$400.00) per eight (8) hour day or fraction thereof for each city inspector so assigned. Should night work be required, the lighting, safety, and other facilities which are necessary for performing such work at night must be provided by the Contractor at their own cost and expense.

Work on FDOT rights-of-way shall be performed Monday to Friday between the hours of 9:00 am and 3:30 pm.

Holidays Observed by the City:

- a. New Year's Day
- b. Dr. Martin Luther King Jr.'s Birthday
- c. Presidents' Day
- d. Memorial Day
- e. Independence Day
- f. Labor Day
- g. Veterans Day
- h. Thanksgiving Day

i. Friday After Thanksgiving

j. Christmas Day

12. Coordination of the Work

a. It shall be the responsibility of the Contractor to set the pace of the work and coordinate the work of any and all other contractors, subcontractors, and private utilities working at the site. The cost associated with those efforts shall be incorporated into the various quotes for the Contractor's work. This coordination shall include sufficient notification of each of the other Contractors when they must be at the site to initiate portions of their work. The Contractor shall prepare a written schedule for submittal to the City for approval prior to commencement of construction. The schedule shall provide project milestone dates with associated locations and work activities to be completed by each milestone date.

b. The Contractor shall afford other contractors, subcontractors, utilities and city forces reasonable opportunity for the introduction of storage of their materials and the execution of their work. Any contractor failing to do so shall be responsible for all damages or other costs associated with delays in work precipitated by such failure.

c. If any part of a Contractor's work is preceded by the work of the city, utility companies, or any other contractor, they shall, prior to the initiation of their work, inspect such other work and report to the City project manager any defects which render it unsuitable as related to this work. Failure by any contractor to make such inspection constitutes acceptance of the other work as fit and proper for the reception of their work, except as to hidden defects which may develop in the work by others at a later date.

13. Reporting Requirements

a. All communication, correspondence, documentation, reporting and invoicing required by this agreement shall be prepared by the Contractor and submitted to the City project manager electronically via email with clearly legible attachments in pdf format. Hard copies are not required.

b. The Contractor shall notify the city immediately of any changes in personnel throughout the contract period; new personnel shall be required to meet all applicable experience requirements as per Agreement with submittal of required licenses and certificates, as well background check requirements as stated herein.

List of Employees updates and clearly legible copies of required certificates and licenses shall be provided to the City immediately as changes occur and as requested. Failing to meet minimum requirements at any time during this agreement will result in the Contractor not being considered to submit quotes for projects until documentation has been submitted to demonstrate that the deficiency has been corrected.

c. Invoice Reporting

Invoices shall include:

- (1) Purchase Order Number
- (2) Project Name & Number
- (3) City Project Manager and Department
- (4) Total Dollar Amount of Project
- (5) Amount Completed to Date
- (6) Amount Previously Invoiced
- (7) Amount of this Invoice
- (8) Contractor Authorized Signature
- (9) Description of Work performed during the billing period
- (10) Description of Work for FDOT Right-of-Way Landscape Services shall include: an itemized cost summary of labor & material descriptions and quantities, expenses with receipts, Daily Work Logs (Appendix C) including location, forces and equipment, mark ups of plan sheets showing as built quantities, type of work and dates work was performed in each area, herbicide logs and other information required to fully satisfy all FDOT requirements for reimbursement of City expenditures.

d. Herbicide Reporting

FDOT, State regulators and the City of St. Petersburg require that all herbicide applications be reported and that these reports be filed and maintained. Provide Herbicide Application - Daily Log (Appendix B) for herbicide application on landscape projects to the City project manager. Daily herbicide application logs shall include the following information:

- (1) Name of licensed applicator
- (2) Date and time of application
- (3) Application equipment used

- (4) Type of chemical used, trade name, formulation, and manufacturer
- (5) Amount of active ingredient and product used per acre
- (6) Type of treatment
- (7) Location and specific facilities treated
- (8) Total area treated
- (9) Weather, wind speed, and direction
- (10) Remarks
- (11) Nozzle type, operating pressure, gallon per minute rating and application angle.

e. Establishment Period Reporting

Submit Monthly Activity Logs with Herbicide Application - Daily Log for each month included during the establishment periods required for each project. Monthly Activity Logs shall include locations, forces and equipment, mark ups of plan sheets showing type of work and dates work was performed in each area as well as dates and descriptions of all warranty replacement work.

14. Acceptance for the Purpose of Payment

Delivery of supplies or services to the City does not constitute acceptance for the purpose of payment. Final acceptance and authorization of payment shall be given only after delivery and a thorough inspection indicates that the supply or service meets contract specifications and conditions. Should the delivered supply or service differ in any respect from the specifications, payment will be withheld until such time as the supplier takes necessary corrective action. The Procurement Department shall be notified of the deviation in writing within five days of delivery. If the proposed corrective action is not acceptable to the City, the Procurement Department may authorize the requesting department to refuse final acceptance, in which case the supply(s) shall remain the property of the supplier, and the City shall not be liable for payment for any portion thereof.

15. Firm Prices

Contractor agrees that terms and conditions are firm for this Agreement period as stated in the solicitation. Prices or billing amounts shall not exceed the prices stated in this Agreement without the prior written consent of the City. The prices stated include packing, crating, and transportation F.O.B. destination. Contractor agrees that any price reduction applicable to the ordered services or supplies subsequent to the order date but prior to delivery will be applicable to this Agreement. Contractor shall mail or e-mail the invoice to the address specified within this Agreement release transmission.

16. Background Check

The City of St. Petersburg requires background checks on all Contractor's employees, subcontractors and agents who perform services at all City facilities. Contractor shall provide the name, sex, race, date of birth, driver's license number and issuing state, and social security number for each individual who will perform services at City facilities. The City requires up to 14 days to process background checks. Persons with one or more of the following criteria will fail the City's background check and will not be allowed to access to City locations:

- a.** Be listed on the FBI's list of suspected terrorists.
- b.** Have an outstanding arrest warrant against them.
- c.** Been convicted of a 1st or 2nd Degree Felony
- d.** Been convicted for drugs or lewd and lascivious behavior.

Additional background checks may be conducted by the City on Contractor's employees who provide services at high level security sites (e.g., Police and Water Resources facilities).

17. Public Construction Bond

- a.** Contractor shall furnish a public construction bond executed by a surety company duly authorized to do business in the State of Florida, which shall be counter-signed by an agent for the company, resident in the State of Florida. The amount of the bond shall be equal to one hundred percent (100%) of individual landscape projects exceeding \$50,000 as security for the faithful performance and as security for the payment of all persons performing labor and furnishing materials in connection with this Agreement.
- b.** The surety company shall have a best rating classification of "A" and a financial category of Class IX. In lieu of a public construction bond, the bidder may submit an irrevocable letter of credit, cash, certified check, treasurer's or cashier's check issued by a responsible bank or trust company payable to the City.

18. Warranty

Unless otherwise specified, the Contractor shall fully warrant all trees, palms, shrubs and groundcover furnished under this Contract for a period of one year from the date of final acceptance by the City of St. Petersburg. Should any material be deemed unacceptable throughout the warranty period it shall be replaced at no cost to the City within five days of written notice from the City's project manager.

19. Minimum Requirements for Right of Way Landscape Contractor Services

The Contractor shall maintain all minimum requirements throughout the term of the Agreement. The City reserves the right to request certifications and licenses periodically for work performed under this agreement. Requests will be made to the Contractor's Account manager and shall not relieve the Contractor of responsibility for compliance with all Federal, state and local regulations. At a minimum, the contractor shall meet or exceed the following requirements:

- a.** Specialize in landscape construction services and have been in the business of storing, furnishing, installing, establishing, warranty, and maintaining landscape plants and materials for commercial and/or governmental landscape projects and as described herein for a minimum of five (5) years.
- b.** Contractor shall have a minimum of five (5) years of experience in transplanting and establishing mature trees and palms.
- c.** Contractor shall be fully licensed and insured to provide landscape construction contracting services in the City of St. Petersburg, Florida.
- d.** Provide insurance coverage that meets or exceeds the minimum requirements as set forth in this Agreement. Insurances shall remain in effect during the term of Agreement.
- e.** Provide a project history of the company's experience as a landscape construction contractor for similar commercial and/or government agency projects for the past five (5) years including the following information:
 - (1) Project name/number and brief description of landscape work performed;
 - (2) Beginning and ending date of landscape project;
 - (3) Location of project (city, state);
 - (4) Monetary amount of landscape project;
 - (5) Owner of project/contact person/phone number with area code;
 - (6) If applicable, name of Prime Contractor (Client) that the work was performed for/phone number with area code;
 - (7) Staff assigned to similar projects listed that will be providing services for the duration of

this agreement.

f. Provide an International Society of Arboriculture (ISA) licensed Certified Arborist.

Arborist services may be provided directly by the Contractor or by one designated subcontractor company fully licensed and insured to provide professional arborist services in the City of St. Petersburg possessing the experience, licensing, training and equipment required to perform arborist services of the type described herein according to ANSI Z133 Safety Standards.

g. Operate or provide proof of lease agreement for the term of this agreement for a permanent and secure commercial nursery facility located within a 50 mile radius of the City's Municipal Services Center at One 4th Street North, St. Petersburg FL, 33701 that shall be utilized for separately holding, storing and staging of landscape materials reserved for City projects on a temporary basis. This facility shall be accessible to city staff during normal business hours (i.e., Monday through Friday from 8:00 AM to 5:00 PM) and shall be fully equipped with an automatic irrigation system.

h. The secure commercial nursery facility shall have been in operation for a minimum of three (3) years.

i. Provide the address of the required secure commercial nursery facility.

j. Provide all equipment and labor to complete landscape operations as specified including the loading and/or unloading of all materials and maintenance of traffic as required.

k. Provide evidence of financial stability and viability to fulfill the commitments of this Agreement.

l. Have the ability to comply with Federal Labor Standards Provisions and Davis Bacon Act requirements when required for federally funded projects.

m. Have the ability to provide and meet the technical requirements as specified herein.

n. Provide a valid Florida Department of Agriculture and Consumer Services (FDACS) Agricultural Dealer License in compliance with the Florida Agricultural License and Bond Law, Section 604.15-604.34, Florida Statutes (F.S.).

o. Provide a minimum of one (1) field supervisor (as outlined below) with a minimum of three (3) years experience in commercial and/or governmental landscape installation operations with the Contractor's company. These individuals shall supervise all operations completed by the landscape crew.

p. Provide a minimum of one (1) landscape construction field supervisor that holds the following certifications:

(1) A valid Florida Nursery, Growers & Landscape Association (FNGLA) Florida Certified Landscape Contractor (FCLC) Certificate

(2) A valid Green Industries Best Management Practices (GI-BMP) Certificate of Training

(3) A valid FDOT approved course Advanced Maintenance of Traffic Certificate.

(4) A valid Florida Department of Environmental Protection (FDEP) approved Storm water, Erosion and Sedimentation Control Inspector Training Certificate.

q. Provide a minimum of one (1) establishment period field supervisor that holds the following certifications:

(1) A valid Florida Certified Horticulture Professional (FCHP) Certificate.

(2) A valid Green Industries Best Management Practices (GI-BMP) Certificate of Training

(3) A valid FDOT approved course Advanced Maintenance of Traffic Certificate.

r. Provide landscape crews with experienced field supervisors and a minimum of two crew members who have a minimum of three years experience in commercial and/or governmental landscape installation operations; at least one year of which shall have been with the Contractor's company.

s. Provide a minimum of one on-site crew foreman for each crew at all times that is fluent in the English language including reading and writing.

t. Provide a minimum of one on-site crew foreman for each crew that holds the following certification:

(1) A valid Pinellas County-certified Best Management Practices (BMP) two-hour landscape maintenance training course certificate.

u. Any person or company providing fertilizer application services within Pinellas County must have a State of Florida Limited Commercial Fertilizer Applicator License.

v. Each person who applies fertilizer shall hold the following certifications:

(1) A valid Green Industries Best Management Practices (GI-BMP) Certificate of Training (license pre-requisite) required by Senate Bill 494.

(2) A valid Florida Department of Agriculture and Consumer Services (FDACS) Limited Certification for Urban Landscape Commercial Fertilizer (LCULCF) and a Limited Commercial Fertilizer Applicator License under Section 482.1562, F.S.

w. Provide vehicles which shall display BMP decal required for the service(s) being performed under this Agreement.

x. Contractor shall provide proper certification and licensing from FDACS for all persons applying pesticides or herbicides on City property or rights-of-way. The Florida Department of Transportation requires proper certification and licensing from FDACS for all contractors applying pesticides or herbicides on FDOT property or rights-of-way.

y. The Contractor shall hold a valid Florida Department of Agriculture and Consumer Services (FDACS) pest control license per Chapter 482, F.S., and Rule Chapter 5E-14, Florida Administrative Code (FAC). Provide the name of the certified operator in charge (Section 482.152) and designated purchasing agent for the licensee.

z. Provide a minimum of one (1) herbicide and pesticide applicator that holds the following:

(1) A valid Florida Department of Agriculture and Consumer Services (FDACS) Commercial Applicator License in Category 3 – Ornamental and Turf for landscape maintenance under the provisions of Chapter 482 F.S.

aa. Provide a minimum of one (1) person responsible for establishment period watering activities that holds the following:

(1) A Florida Commercial Drivers License (CDL) Class B with N Endorsement as required by the State of Florida Department of Motor Vehicles (DMV) for operation of a tank vehicle designed to transport any liquid material with a designed capacity of 1,000 gallons or more.

(2) A valid FDOT approved course Intermediate or Advanced Maintenance of Traffic Certificate.

bb. Provide personnel who possess driver's licenses issued by the State of Florida DMV with the appropriate classification and endorsements required for the vehicles they are responsible for operating.

cc. Provide copies of driver licenses for designated drivers and equipment operators.

dd. Contractor shall provide a Public Construction Bond for 100% of individual landscape services projects exceeding \$50,000. The City reserves the right to request or waive bond requirements for projects valued at less than \$50,000. Sufficient bonding capacity with required bonding company rating must be available for each project assignment to be awarded to the Contractor.

ee. Landscape construction contractor shall hold valid FDOT pre-qualification in the Work Class of LANDSCAPING. Submit current Certificate of Qualification. Florida Law (Chapter 337.14 F.S.) and Rules of the State of Florida, Department of Transportation, (Chapter 14-22, F.A.C.) require contractors to be pre-qualified with the FDOT in order to bid for the performance of road, bridge, or public transportation construction contracts greater than \$250,000.00.

ff. As required by FDOT for LANDSCAPING Work Class pre-qualification, provide written endorsements from three (3) separate Florida Registered Landscape Architects on company letterhead. Copies of any endorsements by Florida Registered Landscape Architects with the required information will suffice.

Each Florida Registered Landscape Architect shall sign the endorsement, provide their license number, and include the following:

- (1) Project name and brief description of landscape work performance
- (2) Location of project (city, state)

gg. Provide a minimum of \$100,000 of Builders Risk Insurance in addition for right-of-way landscape projects. Coverage shall include but is not limited to damage by errant vehicles and storm damage such as lightning strikes, wind or flooding during construction and the project establishment period. Contractor Builder's Risk insurance shall remain in effect during the term of Agreement.

hh. Have a minimum of five (5) years of experience in successfully furnishing, installing and establishing landscape materials; including transplanting and establishing mature trees and palms in FDOT rights-of-way.

ii. Have successfully completed a minimum of three (3) government agency landscape projects funded either partially or fully by FDOT which involved the furnishing, installing, establishing and warranty of landscape materials in FDOT rights-of-way with a value of \$100,000 or greater.

jj. Have successfully completed a minimum of three (3) municipal landscape projects which involved the furnishing, installing and establishing of landscape materials in public rights-of-way.

kk. Provide a minimum of one (1) right-of-way herbicide and pesticide applicator that holds the following:

- (1) A valid Florida Department of Agriculture and Consumer Services (FDACS) Commercial Applicator License in Category 6 - Right-of-Way for the purchase and application of Restricted Use Pesticides (RUP) under the provisions of Chapter 487 F.S.

ll. Provide trucks and vehicles licensed by the State of Florida for use on public streets and FDOT rights-

of-way. Commercial vehicles in the State of Florida are subject to Federal Motor Carrier Regulations and must display a valid Florida DOT or USDOT number in compliance with Chapter 316.302 F.S.

mm. Provide a minimum of three (3) field personnel with a valid FDOT approved course Intermediate or Advanced Maintenance of Traffic (MOT) Certificate. MOT certified personnel shall have a minimum of three (3) years experience in FDOT right-of-way landscape construction; at least one year of which shall have been with the Contractor's company.

nn. Provide experienced equipment operators (e.g., skid steer loader, water tanker, etc.) who have a minimum of three (3) years of experience in operating the equipment for which they are responsible on FDOT rights-of-way.

oo. Provide the following equipment and vehicles with experienced licensed operators readily available for performing the work herein: skid steer loader, landscape transport truck (18' length min.), crane with a 10 ton minimum capacity, a minimum of two water tankers with a 2,000 gallon minimum capacity equipped with FDOT compliant safety lighting including arrow board and rotating strobe lights, FDOT compliant pull behind crash attenuator, and FDOT compliant shadow vehicle with rotating strobe lights to meet or exceed all FDOT requirements for landscape and blown in mulch installation.

pp. Contractor shall provide readily available equipment and vehicles for use on FDOT rights-of-way that comply with all applicable FDOT standards. The Contractor is responsible for contacting FDOT and ensuring that the equipment and its operations meet all necessary requirements throughout the contract period.

20. Technical Specifications

Technical Specifications are made a part of the Scope of Services, as Part E Technical Specifications 1, 2 , 2.5 , and 3, herein.

23. Price Escalation

Any escalation in base labor prices, after the initial Agreement term, will be made annually prior to any extension of this Agreement term. Increases in prices shall be based on the U. S. Bureau of Labor Statistics Employment Cost Index (ECI) increase in cost for the most recent 12 month period (see <http://www.bls.gov/>, ECI, Table 5- Compensation (Not Seasonally Adjusted): Employment Cost Index for total compensation, for private industry workers, by occupational group and industry. and, installation, maintenance and repair [5], blue collar). Table 5 is located at www.bls.gov/news.release/eci.t05.htm.

Special Provisions for Services

1. Identification of Employees

Contractor's employees shall wear uniforms or company identification badges displaying contractor's name and employee's name at all time while on city property.

2. Background Check

The City requires background checks on all Contractor employees, who perform services at all City facilities. Contractor shall provide the name, sex, race, date of birth, driver's license number and issuing state, and social security number for each individual who will perform services at City facilities. The City requires up to 14 calendar days to process background checks. In addition to other considerations, persons with one or more of the following criteria will fail the City's background check and will not be allowed to access to City locations:

- a. Be listed on the FBI's list of suspected terrorists.
- b. Have an outstanding arrest warrant against them.
- c. Been convicted of, or have pending charges for, a 1st or 2nd Degree Felony
- d. Been convicted of, or have pending charges for, drugs or lewd and lascivious behavior.

Additional background checks may be conducted by the city on Contractor's employees who provide services at high level security sites (e.g., Police, Port, and Water Resource's facilities)

Florida Statutes state that any person requiring entry to a restricted access area including the city's Port, must have a State background check per the minimum standards and a Federal credential TWIC card. Refer to § 311.12 (4) (a) 1 and (6) (a) for current requirements.

3. e-Payables

The city's preferred method for invoice payment is electronic remittance of invoices via designated credit account assigned to Contractor instead of paper checks. Contractor is encouraged to adopt the city's electronic payment option, which is designed to deliver payables quickly and more efficiently than check payments. This procedure is consistent with the city's obligations and purpose, with an overall intent to utilize technology to provide value to the taxpayers.

4. Ghost Card Payment

Where practicable, the City may process all payments under the Agreement by Ghost Card (virtual City credit card). Ghost Card payments are electronic purchasing-card-based payments to the Contractor through City issued virtual accounts. Reconciliation occurs through the Contractor's standard point-of-sale terminals instead of through individual invoices and checks, after fulfillment of a City-issued purchase order. Ghost Cards shall have effectivity dates and authorization for specific supplies, services and users pursuant to the terms of the Agreement. Unauthorized purchases will be the responsibility of the Contractor.

5. Multiple Source Award

A multiple source award may be issued when awarded to two (2) or more Contractors for similar products when necessary for adequate delivery, service, or product compatibility. Multiple source awards shall not be made when a

single award will meet the City's needs without sacrifice of economy or service. Awards shall not be made for the purpose of dividing the business, making available product or supplier selection to allow for user preference unrelated to utility or economy, or avoiding the resolution of the offers. Any such awards shall be limited to the least number of suppliers necessary to meet the valid requirements.

6. Product Labels and MSDS

Contractor shall provide, prior to beginning work, manufacturer's labels and MSDS information for all chemicals to be used in the performance of Agreement. Manufacturer's labels must include (a) name and manufacturer of chemical; (b) customary use; (c) application process; (d) possible hazards; (e) special precautions; (f) emergency treatment in the event chemical is used improperly.

In compliance with Florida's Occupational Health and Safety Statute (Chapter 442), MSDS information submitted must include: (a) chemical and common names of the substance; (b) hazards or risks in the use; (c) proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure/overexposure to the substance; (d) emergency procedures for spills, fire, disposal and first aid; (e) description, in lay terms, of the known specific potential health risks posed by the substance; (f) the year and month (if available) the MSDS information was compiled and the name, address and emergency telephone number of the manufacturer responsible for preparing the information.

7. Orders and Invoices

a. Orders will be placed against this Agreement via E-mail, and shall be accompanied by Purchase Order Numbers. All open orders are accessible by Contractor for reconciliation through their online supplier profile.

b. Unless otherwise agreed to, all performance under this Agreement must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (1) Name of Contractor.
- (2) Agreement Number.
- (3) Purchase Order Number.
- (4) A description of services furnished or supplies delivered, including model number, National Stock Number (NSN) and City's item number.
- (5) Task/delivery order number.
- (6) Date of purchase.
- (7) Quantity, unit price, and extension of each item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information).
- (8) Date of performance.

c. Invoices must be submitted to **ap@stpete.org** within the task/delivery order transmission issued against this Agreement. The Contractor's invoice must include, at a minimum, the following:

- (1) City's Agreement Release or Purchase Order numbers.
- (2) Name of Contractor.
- (3) Date of preparation.
- (4) Contractor's invoice number.

- (5) Address to which payment should be mailed.
- (6) City's Agreement Release or Purchase Order numbers.
- (7) A description of services furnished or supplies, including quantities, unit prices and extensions.
- (8) Discount payment terms.
- (9) Name of requesting department for whom the shipment was made.

8. Accessibility

Contractor shall fully inform itself regarding any peculiarities and limitations of the spaces available for the performance of work under this Agreement. Contractor shall exercise due and particular caution to determine that all parts of its work are made quickly and easily accessible.

9. Damage

- a. Contractor shall be held responsible for any breakage, loss of the City's equipment or supplies through negligence of Contractor or its employees, subcontractors and agents while working on the City's premises. Contractor shall be responsible for restoring or replacing any equipment, facilities, and other property so damaged.
- b. Contractor shall immediately report to the City any damages to the premises resulting from performance under this Agreement. Failure or refusal to restore or replace such damaged property will be a breach of this Agreement.

10. Completion of Work

If Contractor fails to comply with the conditions of this Agreement, or fails to complete the required work or furnish the required materials within the time stipulated, the City reserves the right to purchase in the open market, or to complete the required work, at the expense of Contractor. The City may seek recourse including but not limited to, the provisions of the performance bond if such bond is required under the conditions of this Agreement.

11. Summary of Total Sales

Contractor shall furnish the Purchasing Department as requested, a detailed summary of sales. The sales summary shall include an itemized description of services or supplies delivered and dollar amount of each. Failure to provide this information within 30 calendar days following the request may result in Contractor being found in default.

12. Performance Evaluation

During this Agreement term, Contractor's performance will be evaluated on multiple criteria including service, quality, accessibility, responsiveness, documentation, skills, creativity and innovation, customer interfaces and flexibility. Non or substandard performance may be grounds for termination of this Agreement.

13. Insurance Certificate Maintenance

Expiration notifications for the City's insurance certificates are managed by an authorized third party firm on behalf of the City. The firm shall contact the Contractor directly via email to request updated certificates prior to expiration. Contractor shall respond directly to the firm as requested.

MEMORANDUM

TO: Honorable Mayor and Board of Commissioners
THRU: Janina Lewis, CPPO, NIGP-CPP, Procurement Services Director *QL*
FROM: Anela Saday, Senior Procurement Analyst *AS*
DATE: 3/08/2022
SUBJECT: Renew File No. 190104-C-JJ, Landscape Services Utilizing City of St. Petersburg RFQ No. 7164

RECOMMENDATION:

Renew File No. 190104-C-JJ, Landscape Services utilizing City of St. Petersburg RFQ No. 7164 with Morelli Landscaping, Inc., for the period of April 4, 2022, through March 31, 2024, in an annual not to exceed amount of \$120,000.00 for various City departments. Purchase orders will be issued only against approved budgets.

BACKGROUND:

On April 4, 2019, the City of St. Petersburg awarded a contract for landscaping services through April 3, 2022. The Board awarded the contract on April 16, 2019. On February 22, 2022, the City of St. Petersburg renewed the contract for one (1) two-year renewal period through March 31, 2024. The purpose of this contract is to provide all phases of landscape operations including, but not limited to the furnishing, installing, and establishing of landscape materials e.g., trees, palms, shrubs, groundcover, flowers, soil, mulch, etc., (see attached memo). Morelli Landscaping, Inc. agreed to extend the contract pricing to the City. Approximately \$64,630 has been expended during the past twelve months for landscape services.

FUNDING: Funding will be identified as projects arise.

To: Janina Lewis, Procurement Services Director

From: Tom Funcheon, Public Works Director

Date: February 28, 2022

Subject: City Wide Landscape Services

Recommendation:

Approve continuation of utilizing (piggybacking) City of St. Petersburg with Morelli Landscaping, Inc. for Citywide Landscape Services in an amount not to exceed of \$120,000, for the period of April 4, 2022 through March 31, 2024.

Background:

We use this contract for all landscaping, which includes furnishing, installing and establishing landscape material (e.g. trees, palms, shrubs, flowers, ground cover etc.).

Funding Source will be identified by project.

AMENDMENT

THIS AMENDMENT ("Amendment") is made and entered into on this 22nd day of February, 2022, by and between the City of St. Petersburg, Florida ("City") and Morelli Landscaping, Inc. ("Contractor") (collectively, "Parties").

RECITALS

WHEREAS, Contractor and the City entered into an agreement on April 1, 2019, for Contractor to provide landscaping services to the City ("Agreement"); and

WHEREAS, the Parties desire to exercise the two-year renewal option and modify the Payment and Compliance with Laws paragraphs to the Agreement.

NOW, THEREFORE, in consideration of the foregoing recitals (which are an integral part of this Amendment and are incorporated herein by reference) and the promises and covenants contained herein and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the City and Contractor agree as follows:

1. All capitalized terms in this Amendment shall have the same meaning specified in the Agreement unless otherwise set forth herein.
2. Paragraph 4 of the Agreement is hereby amended to read as follows:

Term. The term of this Agreement commenced on April 1, 2019, and will terminate on March 31, 2024 ("Term"), unless this Agreement is earlier terminated as provided for herein.

3. Paragraph 5 of the Agreement is hereby amended to read as follows:

Payment. Provided Contractor faithfully performs its obligations contained in this Agreement, the City shall pay Contractor for the services rendered in accordance with the prices for such services set forth in Appendix B of this Agreement ("Services Pricing"); provided, however that the City shall not be required to pay Contractor for services unless they conform to the requirements of this Agreement, and further provided that the total amount paid to Contractor pursuant to this Agreement, which shall be inclusive of any out-of-pocket expenses (including but not limited to transportation, mileage, lodging, and meals) shall not exceed five million two-hundred eighty-five thousand dollars (\$5,285,000) ("Agreed Amount") for the Term. Contractor shall invoice the City for services in accordance with procedures established by the City. The Services Pricing and the Agreed Amount may be increased only in strict accordance with this Agreement.

4. Paragraph 16 of the Agreement is hereby amended to read as follows:

Compliance with Laws. Contractor shall comply at all times with all federal, state, and local statutes, rules, regulations and ordinances, the federal and state constitutions, and the

orders and decrees of lawful authorities having jurisdiction over the matter at issue (collectively, "Laws"), including but not limited to Florida laws regarding public records. Contractor shall also comply with all applicable City policies and procedures. Contractor hereby makes all certifications required under Florida Statute section 287.135, and the City may terminate this Agreement as provided in Florida Statute sections 287.135 and 448.095.

5. Appendix B which is attached hereto, is made a part of the Agreement by reference as if it was included in the Agreement as of the Effective Date.
6. Any and all provisions of the Agreement not specifically amended by this Amendment shall remain in full force and effect.

(REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

IN WITNESS WHEREOF, Morelli Landscaping, Inc. and the City of St. Petersburg, Florida have caused this Amendment to be executed by their duly authorized representatives on the date first above written.

Appendix B – Services Pricing

Notes:

1. All plant material shall be a minimum of Florida #1 or better according to the most current version of Florida Department of Agriculture Florida Grades and Standards.
 2. Unit Price for each item is FOB contractor's secure nursery facility unless otherwise noted.
 3. Installed Price for each item shall include transportation, labor, backfill, fertilizer and materials installed complete per specifications unless otherwise noted. Watering and staking shall be included separately for each project according to unit pricing.
 4. Variety, cultivar, color to be specified at time of order.
 5. See Technical Specifications for additional requirements.
 6. Tree container sizes are to be considered as minimum, provide trees in larger containers if needed to meet specifications.
- *Provide Not to Exceed (NTE) Unit Prices and Installed Unit Prices. Actual quantities may vary. Supplier shall provide volume discount pricing in quotes for specific project assignments as applicable.

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Anela Saday, Senior Procurement Analyst
Subject: Award File No. 240102-C-AS, Sodium Hydroxide

Recommendation

Award File No. 240102-C-AS, Sodium Hydroxide, utilizing Martin County Contract No. RFB2023-3527, with Brenntag Mid-South, Inc., effective from the date of award through September 11, 2026, in an estimated annual amount not to exceed \$105,000, for the Public Services Department – Reverse Osmosis Water Treatment Facility (ROWTF).

Background

The purpose of this contract is to provide ongoing and as needed supply of sodium hydroxide to the ROWTF. Sodium hydroxide is used to control water pH and alkalinity in the municipal water treatment process and is critical to remaining compliant with strict potable water quality standards set forth by the Environmental Protection Agency and Florida Department of Environmental Protection. This product is nationally certified as a drinking water additive by the National Sanitation Foundation (NSF)/ANSI Standard 60 (see attached memo).

By utilizing Martin County Contract No. RFB2023-3527, the City is estimated to save 25 percent on the cost of sodium hydroxide over the next six (6) months. The Martin County Contract has two (2) annual renewal options available after the initial contract term.

Funding

402-4305-536.5200 FY24 – RO Water Treatment Facility

Strategic Plan Objective

N/A

Public Services Department

Memorandum

Date: April 2, 2024

To: Janina Lewis, Procurement Services Director

Through: R. Thomas Kiger, Public Services Director
Raymond Page, Utilities Superintendent

A handwritten signature in black ink, appearing to be "R. Thomas Kiger".

From: Darryl Vaci, Water Division Manager

Subject: Authorize Utilization of Martin County Contract with Brenntag Mid-South for Providing Sodium Hydroxide to the RO Water Facility

Recommendation

Authorize utilization of Martin County Contract # RFB2023-3527 with Brenntag Mid-South to provide an ongoing and as needed supply of sodium hydroxide, effective from the date of approval through September 11, 2026, in an estimated annual amount of \$105,000, to the RO Water Facility (ROWF).

Background

Municipal water treatment facilities use sodium hydroxide to control water pH and alkalinity. Sodium hydroxide is essential to the operation of the ROWF and is needed in order to remain in compliance with strict potable water quality standards set forth by the EPA and FDEP. Sodium hydroxide is used in the ROWF's treatment process as part of making a water that remains stable in the distribution system and is essential to the operation of the ROWF. The product is nationally certified as a drinking water additive through NSF/ANSI Standard 60.

Staff have worked with the vendor to identify a new contract to piggyback for this chemical as a cost saving measure. The basis of billing will change, but **this contract update is estimated to result in a 25% cost savings over the next six months.** The vendor will continue to be Brenntag Mid-South, but the contract terms will now mirror the competitively bid contract for Martin County for purchases of sodium hydroxide. The Martin County contract has been extended through September 11, 2026, with two (2) annual renewal options, and is available to be used as a cooperative contract for the City.

Funding

Funds have been budgeted in account 402-4305-536.5200 in the 2024 Fiscal Budget.

A handwritten signature in black ink, appearing to be "JL", followed by the date "4-2-24".

AGREEMENT BETWEEN COUNTY AND CONTRACTOR FOR GOODS AND SERVICES

THIS AGREEMENT, effective this 12th day of September in the year, 2023, between:

MARTIN COUNTY BOARD OF COUNTY COMMISSIONERS, a political subdivision of the State of Florida, (hereinafter COUNTY), located at 2401 S.E. Monterey Road, Stuart, FL 34996

AND the CONTRACTOR: Brenntag Mid-South, Inc.
(hereinafter CONTRACTOR) 250 Central Florida Parkway
Orlando, FL 32824-7601

Contract Name: Chemicals for Water & Wastewater Treatment

Contract Number: RFB2023-3527

Contract Term: Three (3) years plus two (2) 1-year renewal options
(Not to exceed 5 years)

Not to Exceed Amount: \$14,000,000.00
(to all vendors combined)

WHEREAS, COUNTY has previously determined that it has a need for goods and/or services more specifically outlined in the Request for Bids (RFB) and the Scope of Services; and

WHEREAS, COUNTY solicited competitive bids for such services pursuant to the Martin County bid number referenced on Page 1 of this Agreement; and

WHEREAS, COUNTY awarded the Bid to CONTRACTOR; and

WHEREAS, CONTRACTOR has represented that it is able to satisfactorily provide the services and or materials according to the terms and conditions of the RFB, which is incorporated herein by reference, and the terms and conditions contained herein; and

NOW THEREFORE, in consideration of the above and mutual covenants contained herein, the parties agree as follows:

1. **Services to be Performed.** The CONTRACTOR hereby agrees to provide the COUNTY with goods and services, as requested and more specifically outlined in the Scope of Services attached hereto and made a part hereof as Exhibit A, this Agreement and all subsequent official documents that form the Contract Documents for this Agreement, including any additional contract terms contained herein.

2. **Time of Service.** Services shall be performed in a timely manner, as specified in the Request for Bid or as set forth herein.

3. **Term of Agreement/Option of Renewal.** This Agreement shall be in effect from the date of execution and for the term and agreed upon renewal options indicated on Page 1 of this Agreement. This Agreement may be extended subject to execution of a written agreement between the COUNTY and CONTRACTOR for up to 90 additional days beyond the term and agreed upon renewal options. This option shall be exercised only if all prices, terms and conditions remain the same, or decrease.

4. **Amendment of the Agreement.** This Agreement may be amended only by mutual written agreement signed by the parties. No statement, representations, warranties, either written or oral, from whatever source arising, except as expressly stated in this Agreement, shall have any legal validity between the parties or is binding upon any of them. The parties acknowledge that this agreement contains the entire understanding and agreement of the parties. No modifications hereof shall be effective unless made in writing and executed by the parties hereto with the same formalities as this Agreement is executed.

5. **Assignment/Subcontracting.** The CONTRACTOR shall perform all services and provide all goods and equipment required by this Agreement. No assignment or subcontracting shall be allowed without the prior written consent of the COUNTY. In the event of a corporate acquisition and/or merger, the CONTRACTOR shall provide written notice to the COUNTY within thirty (30) business days of CONTRACTOR'S notice of such action or upon the occurrence of said action, whichever occurs first. The right to terminate this Agreement, which shall not be unreasonably exercised by the COUNTY, shall include, but not be limited to, instances in which a corporate acquisition and/or merger represent a conflict of interest or are contrary to any local, state or federal laws. Action by the COUNTY awarding a bid to a bidder, which has disclosed its intent to assign or subcontract in its response to the RFB, without exception shall constitute approval for purpose of this Agreement.

6. Termination.

6.1 COUNTY shall notify CONTRACTOR of any failure to comply with any requirement in the Scope of Work and shall notify CONTRACTOR in writing of such failure/default. CONTRACTOR shall correct such failure/default within five (5) working days. COUNTY shall have the right to terminate this Agreement if such correction is not made within the time specified above.

6.2 Failure of the CONTRACTOR to comply with any of the provisions of this Agreement shall be considered a material breach of Agreement and shall be cause for immediate termination of the Agreement at the sole discretion of the COUNTY.

6.3 COUNTY reserves the right to cancel this Agreement, without cause, by giving thirty (30) days prior written notice to the CONTRACTOR of the intention to terminate.

7. Compensation. COUNTY shall pay CONTRACTOR upon CONTRACTOR's completion of, and COUNTY's acceptance of, the services required herein, in the amounts specified in the Price Schedule attached hereto and made a part hereof as Exhibit B. Price escalations will be considered at the end of each year and must be documented with written verifications of industry price increases.

7.1 The County may in its sole discretion make an equitable adjustment in the pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace that is by circumstances that satisfy all of the following:

- a. The volatility is due to causes wholly beyond the successful bidder's control.
- b. The volatility affects the marketplace or industry, not just the particular successful bidder source of supply.
- c. The effect on pricing or availability of supply is substantial.
- d. The volatility so affects the successful bidder that continued performance of the contract would result in a substantial loss.

7.2 Any adjustment would require irrefutable evidence and written approval by the Purchasing Manager.

7.3 If an adjustment to pricing is granted, beginning quarterly on dates agreed to between the County and the awardee, the awardee shall provide the Purchasing Manager with written justification to continue the pricing adjustment. If awardee does not provide the quarterly update, pricing shall revert back to the original pricing submitted by the awardee.

7.4 COUNTY shall pay invoices in accordance with the Local Government Prompt Payment Act.

8. Permit/ Licenses. CONTRACTOR must secure and maintain any and all permits and licenses required to complete this Agreement.

9. Public Records.

9.1 CONTRACTOR shall comply with the provisions of Chapter 119, Fla. Stat. (Public Records Law), in connection with this Agreement and shall provide access to public records in accordance with §119.0701, Fla. Stat. and more specifically Contractor shall:

9.1.1 Keep and maintain public records required by the County to perform the Agreement.

9.1.2 Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Fla. Stat. or as otherwise provided by law.

9.1.3 Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the CONTRACTOR does not transfer the records to the County.

9.1.4 Upon completion of the Agreement, transfer, at no cost, to the County all public records in possession of the CONTRACTOR or keep and maintain public records required by the County to perform the Agreement. If the CONTRACTOR transfers all public records to the County upon completion of the Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

9.1.5 All blueprints, schematics and design drawings received by the CONTRACTOR from the COUNTY shall not be re-copied or forwarded to another party unless documented permission has been received by COUNTY. Documents shall be documented as retained, returned, or destroyed by CONTRACTOR accepting said documents. In accordance with the Florida Public Records Act, these documents are exempt from Public Disclosure as described in 119.071, Fla. Stat., general exemptions from inspection or copying of public records.

9.2 IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (772) 419-6959, public_records@martin.fl.us, 2401 SE MONTEREY ROAD, STUART, FL 34996.

9.3 Failure to comply with the requirements of this Article shall be deemed a default as defined under the terms of this Agreement and constitute grounds for termination.

10. Minimum Insurance Requirement. The CONTRACTOR must maintain insurance in at least the amounts required throughout the term of this Agreement or any renewals or extensions. The CONTRACTOR must provide a Certificate of Insurance in accordance with the Insurance Requirements and as set forth herein naming the COUNTY as an additional named insured evidencing such coverage prior to issuance of a purchase order or commencement of any work under this Agreement.

- a. Loss Deductible Clause: The COUNTY shall be exempt from, and in no way liable for, any sums of money which may represent a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Contractor and/or subcontractor providing such insurance.
- b. Worker's Compensation Insurance: The Contractor shall take out and maintain during the life of this Agreement, Worker's Compensation Insurance for all of its employees connected with the work of this project and, in case any work is sublet, the Contractor shall require the subcontractor similarly to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Such insurance shall comply fully with the Florida Worker's Compensation Law. In case any class of employees engaged in hazardous work under this contract at the site of the project is not protected under the Worker's Compensation statute, the Contractor shall provide, and cause each subcontractor to provide adequate insurance, satisfactory to the COUNTY for the protection of its employees not otherwise protected. Coverage to include Employers Liability \$100,000 each accident, \$100,000 each Disease/Employee and \$500,000 each Disease/Maximum.
- c. Commercial Automobile Liability Insurance: The Contractor shall take out and maintain during the life of this agreement Comprehensive Automobile Liability Insurance for "**Any Auto**" (owned, hired and non-owned) for a minimum of \$1,000,000 Combined Single Limit.
- d. Commercial General Liability Insurance: The Contractor shall take out and maintain during the life of this agreement Commercial General Liability Insurance including coverage for bodily injury, property damage, personal/advertising injury and products/completed operations for negligent acts which may arise from operations under this Agreement whether such operations are alone or by anyone directly or indirectly employed by it. The policy should include Contractual Liability to cover the hold harmless and indemnity provision as set forth in this agreement. A **per project** limit of liability is required. The amounts of such insurance shall be the minimum limit as follows:

Each Occurrence -	\$1,000,000
Personal/Advertising Injury -	\$1,000,000
Products/Completed Operations Aggregate -	\$2,000,000
General Aggregate -	\$2,000,000
Fire Damage -	\$100,000 and 1 fire
Medical Expense -	\$10,000 any 1 person

- e. Commercial Automobile and General Liability Insurance: The Contractor shall require each of its subcontractors to procure and maintain during the life of this

subcontract, insurance of the type specified above or insure the activities of his subcontractors in its policy, as specified above.

- f. **Waiver of Subrogation.** The CONTRACTOR hereby waives any and all rights of Subrogation against the COUNTY, its officers, employees and agents for each required policy. When required by the insurer or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then the CONTRACTOR shall agree to notify the insurer and request the policy be endorsed with a Waiver of Transfer of rights of Recovery Against Others, or its equivalent.

11. Indemnification. CONTRACTOR shall indemnify and hold harmless the COUNTY and Federal government from all suits, actions or claims of any character brought on account of any injuries or damages received or sustained by any person, person or property by or from the said CONTRACTOR; or by, or in consequence of any neglect in safeguarding the work; or by the use of unacceptable materials in the construction of improvements; or on account of any act or omission, neglect or misconduct of the said CONTRACTOR; or by, or on account of, any claim or amounts recovered under the "Workers Compensation Law" or of any other laws, by-laws, ordinance, order or decree, except only such injury or damage as shall have been occasioned by the sole negligence of the COUNTY. The first ten dollars (\$10.00) of compensation received by the CONTRACTOR represents specific consideration for this indemnification obligation.

12. Governing Law. The laws of the State of Florida shall govern this Agreement.

13. Independent Contractor Status and Compliance with the Immigration Reform and Control Act of 1986. The CONTRACTOR is and shall remain an independent contractor and is neither agent, employee, partner nor joint venture of COUNTY. CONTRACTOR acknowledges that it is responsible for complying with the provisions of the Immigration Reform and Control act of 1986 located at 8 U.S.C. 1324, et. Seq., and regulations relating thereto, as either may be amended from time to time. Failure to comply with the above provisions shall be considered a material breach and shall be grounds for immediate termination of the Agreement, at the discretion of COUNTY.

14. Severability. The terms and conditions of this Agreement shall be deemed to be severable. Consequently, if any clause, term, or condition hereof shall be held to be illegal or void, such determination shall not affect the validity or legality of the remaining terms and conditions, and notwithstanding any such determination, this Agreement shall continue in full force and effect unless the particular clause, term, or condition held to be illegal or void renders the balance of the Agreement to be impossible or performance.

15. Conflict of Interest. CONTRACTOR represents that it has no interest and shall acquire no interest(s), which conflict in any manner with the performance of services required hereunder, as provided for in Chapter 112, Part 111, of the Florida Statutes, CONTRACTOR further represents that no person having any interest shall be employed for said performance. CONTRACTOR shall notify COUNTY in writing by certified mail of all potential conflicts of interest for any prospective business association, interest or other circumstance which may influence or appear to influence CONTRACTOR'S judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that CONTRACTOR may undertake and request an opinion from COUNTY, the prospective business association, interest or circumstance would not

constitute a conflict of interest by CONTRACTOR, COUNTY shall so state in the notification and CONTRACTOR shall, at its option, enter into said association, interest or circumstance and it shall be deemed not in conflict with respect to services provided to COUNTY by CONTRACTOR under the terms of this Agreement.

16. Documents Comprising Agreement. The Agreement documents shall include this Agreement as well as the following documents, which are incorporated herein by reference.

- e. Martin County's Request for Bid and all of its addenda and attachments which are part of the RFB set forth above.
- f. Contractor's Certificate of Insurance required in the Request for Bid;
- g. Contractor's response to the RFB or soliciting document.

17. Dispute Resolution.

17.1 As a condition precedent to the filing of any legal proceedings, the parties shall endeavor to resolve claim disputes or other matters in question by mediation. Mediation shall be initiated by any party by serving a written request for same on the other party. The party shall, by mutual agreement, select a mediator within 15 days of the date of the request for mediation. If the parties cannot agree on the selection of a mediator then the COUNTY shall select the mediator, who, if selected solely by the COUNTY, shall be a mediator certified by the Supreme Court of Florida. The mediator's fee shall be paid in equal shares by each party to the mediator.

17.2 **Attorney's Fees.** The parties expressly agree that each party will bear its own attorney's fees incurred in connection with this Agreement.

17.3 **Venue.** This Agreement and the terms hereof shall be construed in accordance with the laws of the State of Florida and venue for all actions in a court of competent jurisdiction shall lie in Martin County, Florida.

17.4 **Non-jury trial.** The parties expressly and specifically hereby waive the right to a jury trial as to any issue in any way connected with this Agreement.

17.5 The parties expressly and specifically hereby waive all tort claims and limit their remedies to breach of contract as to any issue in any way connected with this Agreement.

18. Confidential Information.

18.1 Any information such as specifications, drawings, sketches, business information, forecasts, models, samples, data, computer programs and other software, and documentation of one Party (a "Disclosing Party") that is furnished or made available or otherwise disclosed to the other Party or to such other Party's employees, contractors, or agents (a "Receiving Party") pursuant to this Agreement ("Proprietary Information") shall be deemed the property of the Disclosing Party. Proprietary Information, if written, shall be clearly and conspicuously marked "Proprietary". Such information may be disclosed to those persons who have a need for it in connection with the provision of services required to fulfill this Agreement and shall be used by those persons only for such purposes; and may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of such use in writing by the Parties. Notwithstanding the foregoing sentence, COUNTY shall be entitled to

disclose or provide Proprietary Information as required by any governmental authority or applicable law, including but not limited to Section 119, Fla. Stat. Existence and terms of this Agreement shall constitute a public record and shall be subject to Section 119, Fla. Stat. CONTRACTOR agrees to comply with the requirements of Sec. 119.0701, Fla. Stat.

18.2 If COUNTY receives a public records request for public records received from CONTRACTOR, including any public records request for Proprietary Information or for records that may be or may contain Proprietary Information, COUNTY shall promptly notify CONTRACTOR. The notice shall inform CONTRACTOR that it must promptly inform COUNTY, in writing, whether or not CONTRACTOR claims an exemption to the release of part or all of the requested public record. If CONTRACTOR claims that part or all of a public record is exempt from inspection and copying, that writing shall state the basis of the exemption that it contends is applicable to the record, including the statutory citation to an exemption created or afforded by statute. If CONTRACTOR claims that an exemption applies to part of a requested public record, CONTRACTOR shall, in that writing, identify for redaction the part of that public record to which the exemption is asserted and validly applies, and the remainder of that public record shall be produced for inspection and copying. If CONTRACTOR promptly notifies COUNTY of a claim of exemption, COUNTY shall review the exemption claimed and decide whether to release the public records. If CONTRACTOR fails to promptly notify COUNTY that it claims an exemption to the release of the requested public record, that failure constitutes a waiver of any claim of trade secret or confidentiality, and COUNTY shall release the record as requested.

18.3 CONTRACTOR will indemnify, defend, and hold COUNTY, COUNTY's elected officials, employees, agents, and attorneys and their successors (each an "Indemnitee") harmless of and from any claim brought or threatened against any Indemnitee by any person or entity on account of or related to any public records request for public records, as that term is defined in Section 119.011, Fla. Stat., that are or may be or may contain Proprietary Information, each of which may be defended, settled or pursued by COUNTY with counsel of COUNTY's choice but at the expense of CONTRACTOR, including reasonable attorneys' fees and costs, including attorneys' fees and costs in litigation and on appeal incurred by or awarded against any Indemnitee or agreed upon by any Indemnitee as part of any settlement of any claim for attorney's fees and costs for failure to produce requested public records disclosed to an Indemnitee by CONTRACTOR.

18.4 In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement, subject to Chapter 119 and other public records retention requirements set forth in Florida law.

19. Requirement to E-Verify. As a condition precedent to entering into this AGREEMENT, and in compliance with Section 448.095, Fla. Stat., Contractor and its subcontractors shall, register with and use the E-Verify system to verify work authorization status of all employees hired after January 1, 2021.

- A. Contractor shall require each of its subcontractors to provide Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Contractor shall maintain a copy of the subcontractor's affidavit as part of and pursuant to the records retention requirements of this AGREEMENT.

- B. The COUNTY, Contractor, or any subcontractor who has a good faith belief that a person or entity with which it is contracting has knowingly violated Section 448.09(1), Fla. Stat., or the provisions of this section shall terminate the contract with the person or entity.
- C. The COUNTY, upon good faith belief that a subcontractor knowingly violated the provisions of this section, but Contractor otherwise complied, shall promptly notify Contractor and Contractor shall immediately terminate the contract with the subcontractor.
- D. A contract terminated under the provisions of this section is not a breach of contract and may not be considered such. Any contract termination under the provisions of this section may be challenged pursuant to Section 448.095(2)(d), Fla. Stat. Contractor acknowledges that upon termination of this AGREEMENT by the COUNTY for a violation of this section by Contractor, Contractor may not be awarded a public contract for at least one (1) year. Contractor further acknowledges that Contractor is liable for any additional costs incurred by the COUNTY as a result of termination of any contract for a violation of this section.
- E. *Subcontracts.* Contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section, including this subsection, requiring the subcontractors to include these clauses in any lower tier subcontracts. Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in this section.

If there is a conflict between the terms of this Agreement and the above referenced documents, then the conflict shall resolved as follows: the terms of this Agreement shall prevail over the other documents, and the terms of the remaining documents shall be given preference in their above listed order.

IN WITNESS WHEREOF, the COUNTY and the CONTRACTOR have executed this Agreement as of the date first above written.

EXHIBIT A

SCOPE OF SERVICES

Includes, but is not limited to all labor, materials, and services necessary to deliver specified water and wastewater treatment chemicals for the Martin County Utilities & Solid Waste Department on an as-needed basis. The quantities listed below and on the bid form are approximate annual usage.

Upon request, the Contractor shall provide safety training on chemical products annually at Martin County sites. Locations shall be provided at the time of the request.

Contractors must comply with NSF/ANSI 60 Standards.

Liquid carbon dioxide shall conform to the standards prescribed by the standard ANSI/AWWA B510-00. Contractors shall provide an affidavit of compliance with the requirements of ANSI/AWWA B510-00 standard, product specification or certificate of analysis, and a Material Safety Data Sheet (MSDS).

NSF/ANSI 60

If you manufacture, sell, or distribute water treatment chemicals in North America, your products must comply with NSF/ANSI 60: Drinking Water Treatment Chemicals – Health Effects, by most governmental agencies that regulate drinking water supplies. Developed by a team of scientists, industry experts, and key industry stakeholders, NSF/ANSI 60 sets health effects criteria for many water treatment chemicals including:

- Corrosion and scale inhibitors
- Disinfection and oxidation chemicals
- pH adjustment chemicals
- All other specialty chemicals used in water treatment

ANSI/AWWA B510-00

This standard covers carbon dioxide (CO²) for use in recarbonation and pH adjustment in water supply service. The main purpose of this standard is to provide purchasers, manufacturers, and suppliers with the minimum requirements for carbon dioxide, including physical, chemical, packaging, shipping, and testing requirements.

DELIVERY AND INVOICING

Bid prices shall be delivered Free on Board (FOB) destination to the following locations:

North Jensen Water & Wastewater Plant

3100 NW Hillman Drive
Jensen Beach, FL 34957

Tropical Farms Water & Wastewater Plant

8595 SW Kansas Avenue
Stuart, FL 34997

- Extra fees for delivery shall not be charged.
- Safety data sheets (SDS) shall be required to be submitted for all chemicals **prior** to delivery.
- All liquid chemical invoicing paperwork shall be billed in units of price per gallon and price per pound.
- All liquid chemical manifest paperwork must state the amount of liquid in gallons and pounds being delivered to the treatment plants.

(continued on next page)

The following is a listing of the chemicals requested, physical data, annual use projection, and individual shipment quantities.

Alternatives to the products listed below **shall not** be accepted.

Commodity Description	Physical Data	Estimated Annual Use	Individual Shipment Quantities
Liquid Carbon Dioxide	SpG: 1.101 at -37 C Boiling Point -78.5 - -61.7 C (-109 – 79 F) A colorless gas, odorless, water-soluble (Compressed, liquefied gas) Vapor density: 1.5	1,100 tons	Tank truck 25-ton/delivery
Liquid Sodium Hypochlorite (12%)	Density 1.10-1.30 SpG (10%) 1.163 (12%) 1.202 color (green-yellow liquid)	800,000 gallons	Tank truck 5,000 gal/delivery
Anhydrous Ammonia	SpG 0.62 @ 60 F pH+ 11.6 (1 N sol. In water) % volatile by volume: 100 solubility in water: 33% @ 68 F vapor density: 0.6 @ 32 F	10,000 gallons	Tank truck 1,000 gal/delivery
Caustic Soda (Sodium Hydroxide) 50%	LIQUID REACTIVE HAZARD boiling point: 144 C @ 760mm Hg freezing point: 12 C @ 760mm Hg SpG: (15.6 C) 1.53 completely soluble in water odorless	200,000 gallons	Tank truck 5,000 gal/delivery
Caustic Soda (Sodium Hydroxide) 25%	LIQUID REACTIVE HAZARD boiling point: 116 C @ 760mm Hg freezing point: -16 C @ 760mm Hg SpG: (15.6 C): 1.275 completely soluble in water odorless	50,000 gallons	Tank truck 5,000 gal/delivery
Sulfuric Acid (concentrated) 93-98%	SpG: 1.84 boiling point: 535-586 F % volatile: 0 @ 77 F pH (1% solution): + 1.0 colorless, odorless	300,000 gallons	Tank truck 3,000 gal/delivery
AWC A-111 UL	SpG:(@25°) 1.1-1.2, pH(Undiluted), Boiling point >212°F, Appearance and Odor: Light Yellow Liquid with faint odor	2,000 gallons	Truck 55 gallons drums
HTH chlorine 3" tablets (50 lbs.)		25 drums	
HTH chlorine granular (100 lbs.)		25 drums	

SECURITY MEASURES

The following security measures shall be used by Martin County:

1. Contractor shall supply Martin County with current identification of the driver(s) making deliveries, which must contain a photo and name.
2. Martin County shall be notified of the name of the driver(s) before the truck leaves the Contractors' terminal for delivery. This will allow County staff to match the driver(s) photo and name with the I.D. provided when he/she arrives on-site.
3. Driver(s) shall carry identification with them at all times during any chemical delivery.
4. The manifest shall contain detailed information on the product being delivered.
5. Chemical deliveries shall be coordinated prior to any deliveries. County staff prefers Monday through Friday deliveries between the hours of 6:00 a.m. and 6:00 p.m. unless otherwise agreed to at the time the order is placed. Deliveries shall only be accepted with prior proper notification.
6. Drivers may not be admitted if they do not call ahead to coordinate the date and time of arrival of any chemical delivery.

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Patricia Hall, Senior Procurement Analyst
Subject: Award File No. 240095-C-PH, Tires with Related Equipment Utilizing the Sourcewell Contract No. 082521-MLN

Recommendation

Award File No. 240095-C-PH, Tires with Related Equipment, utilizing the Sourcewell Contract No. 082521-MLN with Boulevard Tire Center in an estimated annual amount not to exceed \$75,000.00 through April 1, 2025 for the Public Works Department – Fleet Maintenance.

Background

On November 2, 2021, Sourcewell awarded the contract for Tires and Related Equipment to Michelin North America, Inc. The purpose of this contract is to provide tires and related equipment for vehicles, heavy equipment and fire apparatus. The local approved supplier under this contract is Boulevard Tire Center.

The Sourcewell contract is a competitively bid cooperative contract created under the laws of the State of Minnesota that offers cooperative procurement solutions to government entities located in the United States and Canada.

Funding

Funding will be identified at the time orders are placed.

Proposal Due Date:	August 25, 2021, 4:30 p.m., Central Time Late responses will not be considered.
Opening:	August 25, 2021, 6:30 p.m., Central Time See RFP Section V.G. "Opening"

I. ABOUT SOURCEWELL

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements, and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

B. USE OF RESULTING CONTRACTS

In the United States, Sourcewell's contracts are available for use by:

- Federal and state government entities;
- Cities, towns, and counties/parishes;
- Education service cooperatives;
- K-12 and higher education entities;
- Tribal government entities;
- Some nonprofit entities; and
- Other public entities.

In Canada, Sourcewell's contracts are available for use by:

- Provincial and territorial government departments, ministries, agencies, boards, councils, committees, commissions, and similar agencies;
- Regional, local, district, and other forms of municipal government, municipal organizations, school boards, and publicly-funded academic, health, and social service entities referred to as MASH sector (this should be construed to include but not be limited to the Cities of Calgary, Edmonton, Toronto, Ottawa, and Winnipeg), as well as any corporation or entity owned or controlled by one or more of the preceding entities;
- Crown corporations, government enterprises, and other entities that are owned or controlled by these entities through ownership interest;

- Members of the Rural Municipalities of Alberta (RMA) and their represented Associations: MASH (municipalities, academic institutions, schools and hospitals) and MUSH (municipalities, universities, schools and hospitals) sectors, and other governmental agencies eligible to use the Sourcewell contracts. MASH and MUSH sector refers to regional, local, district or other forms of municipal government, school boards, publicly-funded academic, health and social service entities, as well as any corporation or entity owned or controlled by one or more of the preceding entities, including but not limited to represented associations, Saskatchewan Association of Rural Municipalities ("SARM"), Association of Manitoba Municipalities ("AMM"), Local Authorities Services/Association of Municipalities Ontario ("LAS/AMO", excluding the cities of Toronto and Ottawa), Nova Scotia Federation of Municipalities ("NSFM"), Federation of Prince Edward Island Municipalities ("FPEIM"), Municipalities Newfoundland Labrador ("MNL"), Union of New Brunswick Municipalities ("UNBM"), North West Territories Association of Communities ("NWTAC") and their members. RMA Participants may include all not-for-profit agencies for Canadian provinces and territories.

For a listing of current United States and Canadian Participating Entities visit Sourcewell's website (note: there is a tab for each country): <https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator>.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In the United States each state-level procurement department receives notice for possible re-posting.

Proof of publication will be available at the conclusion of the solicitation process.

II. SOLICITATION DETAILS

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Tires with Related Equipment and Supplies, including, but not to be limited to:
 - a. New tires, retread tires, pneumatic tires, solid rubber tires, tires composed of other polymeric compounds, tubes, stems, rims, wheels, and related equipment and supplies, for all types and classes of on-road and off-road vehicles, equipment, tractors, trailers, and implements.
2. This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:
 - a. Vehicle Lifts, with Garage and Fleet Maintenance Equipment (RFP #013020)
 - b. OEM Automotive Parts and Supplies (RFP #101520)
 - c. Aftermarket Vehicle Parts and Supplies (RFP #032521)

Proposers may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, or service(s) being proposed.

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting contract. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell desires the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. ANTICIPATED CONTRACT TERM

Sourcwell anticipates that the term of any resulting contract(s) will be four years, with an optional one year extension that may be offered based on the best interests of Sourcwell and its Participating Entities.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD \$1.5 Million; therefore, proposers are expected to propose volume pricing. Sourcwell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the proposal. Sourcewell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
4. A proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
 - a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the proposer's published "List Price," as well as the "Contract Price."
 - b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.
2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the contracted price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial

inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To request a modification to the template Contract, a proposer must submit the Exceptions to Terms, Conditions, or Specifications table with its proposal. Only those exceptions noted at the time of the proposal submission will be considered.

Exceptions must:

1. Clearly identify the affected article and section.
2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded supplier for signature.

If a proposer receives a contract award resulting from this solicitation it will have up to 30 days to sign and return the contract. After that time, at Sourcewell's sole discretion, the contract award may be revoked.

V. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted in the Solicitation Schedule for this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential proposers to ask

questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Supplier Account. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

All questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the proposer by checking the box for each addendum. It is the responsibility of the proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the proposer's proposal status to INCOMPLETE. The proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Supplier Account. The proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Supplier Account periodically after submitting its proposal (and up to the Proposal Due Date). If the proposer's proposal status has changed to INCOMPLETE, the proposer is solely responsible to:

- i) make any required adjustments to its proposal;
- ii) acknowledge the addenda; and
- iii) ensure the re-submitted proposal is received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time shown in the Solicitation Schedule above.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Late proposals will not be considered.** It is the proposer's sole responsibility to ensure that the proposal is received on time.

It is recommended that proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The time and date that a proposal is received by Sourcewell is solely determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to 24 hours to respond to certain issues.

Upon successful submission of a proposal, the Sourcewell Procurement Portal will automatically generate a confirmation email to the proposer. If the proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the proposer has obtained this solicitation document from a third party, the onus is on the proposer to create a Sourcewell Procurement Portal Supplier Account and register for this solicitation opportunity.

Within the Sourcewell Procurement Portal, all proposals must be digitally acknowledged by an authorized representative of the proposer attesting that the information contained in the proposal is true and accurate. By submitting a proposal, proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the proposer to remedies available by law.

E. GENERAL PROPOSAL REQUIREMENTS

Proposals must be:

- In substantial compliance with the requirements of this RFP or it will be considered nonresponsive and be rejected.
- Complete. A proposal will be rejected if it is conditional or incomplete.
- Submitted in English.
- Valid and irrevocable for 90 days following the Proposal Due Date.

Any and all costs incurred in responding to this RFP will be borne by the proposer.

F. PROPOSAL WITHDRAWAL

Prior to the proposal deadline, a proposer may withdraw its proposal.

G. OPENING

The Opening of proposals will be conducted electronically through the Sourcewell Procurement Portal. A list of all proposers will be made publicly available in the Sourcewell Procurement Portal after the Proposal Due Date, but no later than the Opening time listed in the Solicitation Schedule.

To view the list of proposers, verify that the Sourcewell Procurement Portal opportunities list search is set to “All” or “Closed.” The solicitation status will automatically change to “Closed” after the Proposal Due Date and Time.

VI. EVALUATION AND AWARD

A. EVALUATION

It is the intent of Sourcewell to award one or more contracts to responsive and responsible proposers offering the best overall quality, selection of equipment, products, and services, and price that meet the commonly requested specifications of Sourcewell and its Participating Entities. The award(s) will be limited to the number of proposers that Sourcewell determines is necessary to meet the needs of its Participating Entities. Factors to be considered in determining the number of contracts to be awarded in any category may include the following:

- The number of and geographic location of:
 - Proposers necessary to offer a comprehensive selection of equipment, products, or services for Participating Entities’ use.
 - A proposer’s sales and service network to assure availability of product supply and coverage to meet Participating Entities’ anticipated needs.
- Total evaluation scores.
- The attributes of proposers, and their equipment, products, or services, to assist Participating Entities achieve environmental and social requirements, preferences, and goals.

Information submitted as part of a proposal should be as specific as possible when responding to the RFP. Do not assume Sourcewell has any knowledge about a specific supplier or product.

B. AWARD(S)

Award(s) will be made to the proposer(s) whose proposal conforms to all conditions and requirements of the RFP, and consistent with the award criteria defined in this RFP.

Sourcewell may request written clarification of a proposal at any time during the evaluation process.

Proposal evaluation will be based on the following scoring criteria and the Sourcewell Evaluator Scoring Guide (a copy is available in the Sourcewell Procurement Portal):

Conformance to RFP Requirements	50
Financial Viability and Marketplace Success	75
Ability to Sell and Deliver Service	100
Marketing Plan	50
Value Added Attributes	75
Warranty	50
Depth and Breadth of Offered Equipment, Products, or Services	200
Pricing	400
TOTAL POINTS	1000

C. PROTESTS OF AWARDS

Any protest made under this RFP by a proposer must be in writing, addressed to Sourcewell's Executive Director, and delivered to the Sourcewell office located at 202 12th Street NE, P.O. Box 219, Staples, MN 56479. All documents that comprise the complete protest package must be received no later than 10 calendar days' following Sourcewell's notice of contract award(s) or non-award and must be time stamped by Sourcewell no later than 4:30 p.m., Central Time. A protest must allege a procedural, technical, or legal defect, with supporting documentation. A protest that merely requests a re-evaluation of a proposal's content will not be entertained.

A protest must include the following items:

- The name, address, and telephone number of the protester;
- Identification of the solicitation by RFP number;
- A precise statement of the relevant facts;
- Identification of the alleged procedural, technical, or legal defect;
- Analysis of the basis for the protest;
- Any additional supporting documentation;
- The original signature of the protester or its representative; and
- Protest bond in the amount of \$20,000 (except where prohibited by law or treaty).

Protests that do not address these elements will not be reviewed.

D. RIGHTS RESERVED

This RFP does not commit Sourcewell to award any contract, and a proposal may be rejected if it is nonresponsive, conditional, incomplete, conflicting, or misleading. Proposals that contain false statements or do not support an attribute or condition stated by the proposer may be rejected.

Sourcewell reserves the right to:

- Modify or cancel this RFP at any time;
- Reject any and all proposals received;
- Reject proposals that do not comply with the provisions of this RFP;
- Select, for contracts or for discussion, a proposal other than that with the lowest cost;
- Independently verify any information provided in a proposal;
- Disqualify any proposer that does not meet the requirements of this RFP, is debarred or suspended by the United States or Canada, State of Minnesota, Participating Entity's state or province; has an officer, or other key personnel, who have been charged with a serious crime; or is bankrupt, insolvent, or where bankruptcy or insolvency are a reasonable prospect;
- Waive or modify any informalities, irregularities, or inconsistencies in the proposals received;
- Clarify any part of a proposal and discuss any aspect of the proposal with any proposer; and negotiate with more than one proposer;
- Award a contract if only one responsive proposal is received if it is in the best interest of Participating Entities; and
- Award a contract to one or more proposers if it is in the best interest of Participating Entities.

E. DISPOSITION OF PROPOSALS

All materials submitted in response to this RFP will become property of Sourcewell and will become public record in accordance with Minnesota Statutes Section 13.591, after negotiations are complete. Sourcewell considers that negotiations are complete upon execution of a resulting contract. It is the proposer's responsibility to clearly identify any data submitted that it considers to be protected. Proposer must also include a justification for the classification citing the applicable Minnesota law. Sourcewell may reject proposals that are marked confidential or nonpublic, either substantially or in their entirety.

Sourcewell will not consider the prices submitted by the proposer to be confidential, proprietary, or trade secret materials. Financial information, including financial statements, provided by a proposer is not considered trade secret under the statutory definition.

8/5/2021

Addendum No. 1

Solicitation Number: RFP 082521

Solicitation Name: Tires with Related Equipment and Supplies

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

Administrative fee - what historical examples can be used to compare against when working on a proposal for a new bidder?

Answer 1:

Refer to RFP Section III. B. – Administrative Fees, for directions on proposing an administrative fee. It is left to the discretion of each proposer to determine and propose an administrative fee that is consistent with its business and its industry.

End of Addendum

Acknowledgement of this Addendum to RFP 082521 posted to the Sourcewell Procurement Portal on 8/5/2021, is required at the time of proposal submittal.

8/8/2021

Addendum No. 2

Solicitation Number: RFP 082521

Solicitation Name: Tires with Related Equipment and Supplies

Consider the following Questions and Answers to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

If the entity performing the services under our proposal will be our independent dealer locations or stores, and each store has its own insurance, how do we address the insurance requirements under the template contract?

Answer 1:

In the competitive process, Sourcewell will not advise a proposer on the content of the proposal. A request for modification of the Sourcewell contract template may be submitted with the proposal. To request a modification to the template Contract terms, conditions, or specifications, a proposer must complete and submit the Exceptions to Terms, Conditions, or Specifications Form, which is found as the final Table of Step 1 in the proposal submission process.

Question 2:

Does this bid solicitation include submittal for related products specific to NAICS Code 32629, other rubber product manufacturing, or 326299, all other rubber product manufacturing?

Answer 2:

A proposer is allowed to propose the entire line of equipment, products, and services falling within the scope of the RFP. Refer to RFP Section II. B. – Requested Equipment, Products, or Services, for the identification of requested equipment, products, or services for this solicitation.

Sourcewell utilizes NAICS code identifiers strictly for notification purposes within the Sourcewell Procurement Portal.

Question 3:

What are the payment costs for the administrative fee or percentage costs for administrative fees with Sourcewell?

Answer 3:

Refer to Sourcewell template contract Section 8. B. – Administrative Fees, for additional guidance on administrative fees.

End of Addendum

Acknowledgement of this Addendum to RFP 082521 posted to the Sourcewell Procurement Portal on 8/8/2021, is required at the time of proposal submittal.

8/10/2021

Addendum No. 3

Solicitation Number: RFP 082521

Solicitation Name: Tires with Related Equipment and Supplies

Consider the following Question and Answer to be part of the above-titled solicitation documents. The remainder of the documents remain unchanged.

Question 1:

What is the billing process for contract sales? Does Sourcewell invoice the participating entity and pay us? Or, do we directly invoice the participating entity? Is payment by direct deposit?

Answer 1:

Refer to Sourcewell contract template Section 6. A. – Orders and Payment, for additional guidance on the billing and payment process. Participating entities are solely responsible for payment. A proposer will describe the acceptable payment methods and payment terms in Questionnaire Table 10 of the proposal submittal process.

End of Addendum

Acknowledgement of this Addendum to RFP 082521 posted to the Sourcewell Procurement Portal on 8/10/2021, is required at the time of proposal submittal.

**Solicitation Number: RFP #082521****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Michelin North America Inc., 1 Parkway South, Greenville, SC 29615 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Tires with Related Equipment and Supplies from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires November 4, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:
 - a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
 - b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense.* The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers,

resellers, marketing representatives, and agents (collectively “Permitted Sublicensees”) in advertising and promotional materials for the purpose of marketing the Parties’ relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

- a. Neither party may alter the other party’s trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
- b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party’s trademarks only in good faith and in a dignified manner consistent with such party’s use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. As applicable, Supplier agrees to indemnify and hold harmless Sourcewell and its Participating Entities against any and all suits, claims, judgments, and costs instituted or recovered against Sourcewell or Participating Entities by any person on account of the use of any Equipment or Products by Sourcewell or its Participating Entities supplied by Supplier in violation of applicable patent or copyright laws.

5. **Termination.** Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party’s name or logo (excepting Sourcewell’s pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell’s written directions.

B. **PUBLICITY.** Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. **MARKETING.** Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. **ENDORSEMENT.** The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. **PERFORMANCE.** During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

\$500,000 each accident for bodily injury by accident

\$500,000 policy limit for bodily injury by disease

\$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:

\$1,000,000 each occurrence Bodily Injury and Property Damage

\$1,000,000 Personal and Advertising Injury

\$2,000,000 aggregate for Products-Completed operations

\$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:

\$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:

\$2,000,000

5. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is

primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. **WAIVER OF SUBROGATION.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. **UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION.** The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. **LAWS AND REGULATIONS.** All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. **LICENSES.** Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. § 180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names

of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation

and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier not use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by an Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

General Instructions (applies to all Tables) Sourcewell prefers a brief but thorough response to each question. Do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; respond "N/A" if the question does not apply to you (preferably with an explanation).

Line Item	Question	Response *	
1	Proposer Legal Name (one legal entity only): (In the event of award, will execute the resulting contract as "Supplier")	Michelin North America, Inc.	*
2	Identify all subsidiary entities of the Proposer whose equipment, products, or services are included in the Proposal.	There are no subsidiary entities included in this proposal. However, the following brands of Michelin products will be included in the offer: Michelin, BFGoodrich, Uniroyal, Kleber, and Megamile.	*
3	Identify all applicable assumed names or DBA names of the Proposer or Proposer's subsidiaries in Line 1 or Line 2 above.	Michelin, Michelin NA, BFGoodrich, Uniroyal, MRT (Michelin Retread Technologies), Kleber, and Megamile Retread	*
4	Proposer Physical Address:	1 Parkway South Greenville, SC 29615	*
5	Proposer website address (or addresses):	michelinman.com bfgoodrichtires.com uniroyaltires.com michelintruck.com bfgoodrichtrucktires.com uniroyaltrucktires.com	*
6	Proposer's Authorized Representative (name, title, address, email address & phone) (The representative must have authority to sign the "Proposer's Assurance of Compliance" on behalf of the Proposer and, in the event of award, will be expected to execute the resulting contract):	David Chapman, Director, Government and Defense 1 Parkway South, Greenville, SC 29615 david.chapman@michelin.com 202.423.1571	*
7	Proposer's primary contact for this proposal (name, title, address, email address & phone):	Kelly Adams Government Contract Key Account Manager 1 Parkway South, Greenville, SC 29615 kelly.adams@michelin.com 864.630.3979	*
8	Proposer's other contacts for this proposal, if any (name, title, address, email address & phone):	Alvin Carr, Civilian Government Account Manager 1 Parkway South, Greenville, SC 29615 alvin.carr@michelin.com 919.522.8935	

Table 2: Company Information and Financial Strength

Line Item	Question	Response *
9	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Since 1889, Michelin has innovated constantly to facilitate the mobility of people and goods, thus contributing to the advancement of human progress. Today, Michelin is the leader in tire technology for every type of vehicle, leveraging its expertise in high-tech materials to deliver services and solutions that increase travel efficiency and products that enable customers to enjoy unique mobility experiences. Headquartered in Greenville, S.C., Michelin North America employs more than 20,000 people and operates 19 major manufacturing plants in the U.S. and Canada. Our Values RESPECT FOR CUSTOMERS We innovate relentlessly for the success of our customers and set our priorities accordingly. RESPECT FOR PEOPLE We care for every person inside and outside our company and earn their trust through our integrity. RESPECT FOR ENVIRONMENT We are all interdependent and take action for the sustainable development of our partners, the society and the planet. RESPECT FOR FACTS We utilize facts to learn, honestly challenge our beliefs and guide our actions with agility.
10	What are your company's expectations in the event of an award?	With this award, we expect to increase our market share by providing government agency access to the Michelin brand in those states where we currently are not on state contract e.g., New York, California, Michigan, and Ohio. Our goal would be to grow our overall sales by 10% the first full year on the Sourcewell contract.
11	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Despite an environment shaped by a major health crisis, Michelin teams have helped deliver a 19.6% increase in sales the first half of 2021. Attached is Michelin's financial report for the first half of 2021. What follows is our credit ratings in 2020: Standard & Poor's 2020 Credit Ratings: Short-term: A-2 Long term: A- Outlook: STABLE
12	What is your US market share for the solutions that you are proposing?	Our overall U.S. market share is approximately 20%.
13	What is your Canadian market share for the solutions that you are proposing?	Our Canadian market share is about 20%
14	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	Our business has never petitioned for bankruptcy protection.
15	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Michelin North America, Inc is a manufacturer and a service provider that directly employees more than 250 sales professionals in North America. Michelin manufactures a wide range tires, tracks, and other mobility solutions. We also provide various fleet management services ranging from emergency roadside services, tire leasing/maintenance programs, vehicle tracking/monitoring, etc. We sell our products and services in one of two ways (depending on the needs and capabilities of the end-user): a) Michelin sells directly to fleets/end-users to include large government agencies and educational entities. b) Michelin sells to a network of independently-owned tire/vehicle dealers that cover the entire US and Canada. Our network of dealers has their own sales and service personnel. Michelin partners with these independent dealers to provide needed products and services at the local level.
16	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Not applicable
17	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	None

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *	
18	Describe any relevant industry awards or recognition that your company has received in the past five years	#3 World's Most Admired Company in the Motor Vehicles Parts by Fortune Magazine in 2021 #1 Top Tire Manufacturer by Fortune Magazine in 2020 Ranked in the top 500 Companies for Most Diverse Place to Work by Forbes in 2020 #13 Minority Engineer Magazine Top 50 List in 2021 Ranked in the Top 50 Employers by Women Engineer in 2020. #24 Forbes Best Employers for New College Grads in 2020 #10 Forbes America's Best Large employer in 2019 #2 in the top 100 most diverse and inclusive organizations globally from Thomson Reuters Ranked in the Top 50 Companies for Women to work for in Transportation (named by WIT) in 2019 Fortune Global 500 list 2020 #28 STEM Workforce Diversity Top 50 List in 2020	*
19	What percentage of your sales are to the governmental sector in the past three years	Approximately 1% of our North America sales is generated from the governmental sector.	*
20	What percentage of your sales are to the education sector in the past three years	Approximately 10% of our government sales are to the education sector.	*
21	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	The annual sales of each of the following Michelin contracts average over 2,000 units over the past three years. State of AL FL Sheriffs Association State of GA State of KS State of MS State of NC NC Sheriffs Association TX BuyBoard Commonwealth of PA State of SC State of UT VA Sheriffs Association OMNIA Partners	*
22	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	Michelin is not currently on the General Services Administration contract. Michelin does have a Standing Offer with the Canadian Federal Government.	*

Table 4: References/Testimonials

Line Item 23. Supply reference information from three customers who are eligible to be Sourcwell participating entities.

Entity Name *	Contact Name *	Phone Number *	
City of Phoenix	Amanda Cook - Contract Specialist	602-262-6941	*
City of Virginia Beach	Ekaterina Andujar - Procurement Specialist	757-385-4438	*
City of Los Angeles	Brillando Valmonte - Automotive Commodity Group Supervisor	213-928-9546	*

Table 5: Top Five Government or Education Customers

Line Item 24. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
Not disclosed	Government	California - CA	Replacement tires, retreads, and tire related services.	14,022 units sold over the past three years	\$4.2 million	
Not disclosed	Government	Texas - TX	Replacement tires, retreads, and tire related services.	7,590 units sold over the past three years	\$2.5 million	*
Not disclosed	Education	Nevada - NV	Replacement tires, retreads, and tire related services.	5,952 units sold over the past three years	\$2 million	*
Not disclosed	Government	Arizona - AZ	Replacement tires, retreads, and tire related services.	6,315 units sold over the past three years	\$3 million	*
Not disclosed	Government	California - CA	Replacement tires, retreads, and tire related services.	24,918 units sold over the past three years	\$6 million	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
25	Sales force.	Michelin employs a fulltime sales force which consists of more than 250 sales professionals located throughout the U.S. and Canada committed to customer satisfaction and recommending the best solutions for Michelin customers. Additionally, Michelin employs a team of field engineers to provide additional technical support and training as needed.	*
26	Dealer network or other distribution methods.	Michelin has a robust distribution network that service the replacement tire market throughout North America. Michelin's distribution has three key objectives: • Work closely with competitive distribution networks on their markets to provide the right response to consumers' needs. • Promote our expertise in distribution and proactively contribute to developing our distributor customers' businesses. • Enhance Michelin's focus on customer service by providing operational insight from the field. Additionally, Michelin's extensive distribution network includes the wholesaler National Tire Wholesale, one of the top three wholesalers in the region, that operates under brands including Big O, Tire Kingdom and Mitas.	*
27	Service force.	Our dealer network offers a complete range of services, including repairs, inspection and alignments, MICHELIN ONCall™ 24/7/365 emergency road service (ERS), and MICHELIN® TIRE CARE™ preventive tire monitoring. Fleets receive consistent service from highly trained technicians, professional equipment, and casing management, all ensured by rigorous certification and audit standards. Network dealers will provide consistent supply of new tires and retreads and 24/7/365 service.	*
28	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Sourcewell's participating entities will either submit a purchasing order to their local Michelin servicing dealer or call in their order to their local dealer. The dealer will deliver the product or products purchased and file a claim with Michelin describing the details of the transaction in order to receive credit from Michelin for the sale. That credit includes, but not limited to, delivery commissions and F.E.T. credit from Michelin.	*
29	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Services for all Sourcewell participating entities are performed by our Michelin independent network. There are over 2,000 commercial servicing dealers across the U.S. with over 800 Michelin Commercial Service Network (MCSN) dealers that participate in the Michelin Government Sales program. Our network goal is to contact the customer within 24 business hours regarding billing tire orders. Dealers receive delivery commissions for products delivered to Sourcewell participating entities.	*
30	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	With 19 major Michelin manufacturing plants and a nationwide dealer network, Michelin is well positioned to provide products and services to Sourcewell participating entities in the U.S. and Canada. Michelin also operates 77 retread plants across North America and all Michelin retreaders follow a consistent, highly audited, nine-step manufacturing process to deliver uniform results. Michelin retreads are designed for the sole purpose to help your fleet maximize its tire assets.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Products and services will be provided to Sourcewell participating entities in Canada and the Sourcewell contract will be promoted where there is not already an established direct relationship with the entity and Michelin.	*
32	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	There are no identified geographic areas in the United States or Canada that would not be fully serviced.	*
33	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Michelin plans to promote the Sourcewell contract to all eligible participating entity sectors in the U.S. and Canada.	*
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There are no contract requirements or restrictions specific to entities in Hawaii, Alaska, and in US Territories.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	This would be seen as a partnership so we would work to advertise, not only Michelin, but Sourcewell to our Dealers and account managers. We would also develop marketing content that can be shared on Sourcewell's website, as well as provide content for trade events/exhibits and email marketing.	*
36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Michelin utilizes our social channels, which consist of Facebook, Instagram, Twitter, and LinkedIn. Primarily with partnerships, we utilize LinkedIn. We leverage marketing cloud to help provide enriched content based on purchase history, fleet segmentation, and product interests.	*
37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Once awarded the contract, a Sourcewell participating entity would inform the servicing dealer that they are a member of Sourcewell to utilize the contract. From Sourcewell's role, we would ask that the listing of participating entities be updated on a regular basis.	*
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	This is a dealer driven type transaction so the e-procurement process would be predicated upon the servicing dealer.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
39	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Michelin provides value added services through a team of field engineers who can provide customers with technical application recommendations, training on tire selection and maintenance and fleet inspection assistance. This service is usually offered to Michelin customers who are actively using products and are routinely visited by field sales personnel. It is possible to attend Michelin training seminars which are generally offered to Michelin customers via the sales force account manager, typically costs associated with such training participation will be shared between Michelin and the customer.	*
40	Describe any technological advances that your proposed products or services offer.	The keys to Michelin's product differentiation are our expertise in high-tech materials (polymers, biomaterials, recycling, rubber products, etc.) and cutting-edge industrial processes like 3D metal printing. Michelin equips 90% of its truck tires with radio-frequency identification chips to help fleets locate and monitor their supply in the warehouse and on the road. Michelin has also developed a design called Regenion Tread Sculpture, which uses alternating channel grooves that displace water more efficiently as the tire wears for better grip and braking on wet roads. With Michelin products, the customer will come to appreciate the cost return of investing in a high-quality tire.	*
41	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Michelin has committed to reduced consumption of natural resources by using durable technologies to develop tires which can be retreaded multiple times (Michelin Retread Technologies), offering the industry a tremendous saving on disposal and waste processing. Energy line of tire products which are certified by the EPA using the "Smartway Testing" to verify a tires ability to meet higher levels of performance with fuel efficiency.	*
42	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Energy line of tire products which are certified by the EPA using the "Smartway Testing" to verify a tires ability to meet higher levels of performance with fuel efficiency. Michelin is using more plant-based products to serve as replacements for traditional minerals (oil/carbon) which will limit depletion and reduce carbon emissions	*
43	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Michelin does not possess nor qualify for any of these certifications.	*
44	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	Globally recognized leader in the tire industry, dedicated to highest quality of product and service. Reputation as the standard in the industry for helping customers to get the most from their investment. Michelin Fleet Solutions can provide a customized offer to assist fleets with servicing/maintenance of tires from cradle to grave.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
45	Do your warranties cover all products, parts, and labor?	No. The Michelin Truck Tire Limited Warranty applies to manufacturing defects of the tire itself, and is not extended to other components or labor. MICHELIN Truck Tires bearing the Michelin name and complete serial or identification numbers, used according to the instructions contained in this Operator's Manual, are covered by the Michelin limited warranty against defects in workmanship and materials for original tread life, or 7 years from the date of purchase, whichever occurs first. If no proof of purchase is available, coverage will be based on the date of manufacture as referenced in Definitions below. At that time, all warranties, express or implied, expire.
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Yes, there are restrictions and limitations, but they are typical in the tire industry and are not considered to be adverse. The Michelin Truck Tire Limited Warranty defines conditions that are not covered under warranty. Tires which become unserviceable due to the following conditions are not covered by warranty: Road hazard injury (e.g., a cut, snag, bruise, impact damage or puncture); Incorrect mounting of the tire, tire/wheel imbalance, improper retread or improper repair; Misapplication, improper maintenance, racing, overload, under inflation, over inflation or other abuse resulting in casing damage or fatigue; Accident, fire, chemical corrosion, contamination, tire alteration or vandalism; Flat spotting caused by improper storage; The addition of liquid, solid or gaseous materials other than air, nitrogen or carbon dioxide; Uneven or rapid wear caused by mechanical irregularity in the vehicle, such as wheel misalignment or worn/damaged suspension components, resulting in damage to the under-tread, carcass or steel belts. Note, "ozone", or "weather cracking" is not excluded and therefore, it is covered under warranty, which is unique to the truck tire industry.
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Warranties are for manufacturing defects so the warranty repairs would not be included. Because of the quality of Michelin products, our warranty claims are a rarity. Warranty claims represent less than 1% of sales.
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcwell participating entities in these regions be provided service for warranty repair?	No. For warranty assistance, the participating entity should contact a Michelin Truck Tire Retailer listed in the dealer locator found on www.michelintruck.com . If additional assistance is required, the participating entity should contact Michelin Consumer Care at 888-622-2306.
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	No other manufacturer items are covered by this proposal.
50	What are your proposed exchange and return programs and policies?	A tire which becomes unserviceable due to a condition covered by the workmanship and materials limited warranty will be replaced with a comparable new MICHELIN Truck Tire, for a pro rata charge. The Michelin Truck Tire Retailer will determine the charge by multiplying the percentage of the original usable tread worn by the current selling price at the adjustment location or the price on the current MICHELIN Truck Tires Base Price List, whichever is lower.
51	Describe any service contract options for the items included in your proposal.	Michelin does not provide a service contract option for tires.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
52	Describe your payment terms and accepted payment methods?	First 15th Prox. terms which is an average of 30 day terms - all invoices in a given month are due on the 15th of the following month.
53	Describe any leasing or financing options available for use by educational or governmental entities.	Michelin does offer a customize tire lease program. However, the program is not included in this offer.
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Michelin requires each dealer to use a Government Sales Support Claims Form to verify each sales transaction with the Sourcwell participating entity. The claim form will include information that identifies the entity, the number of units sold, and the price of each unit. The dealer is required to certify the accuracy of the contents on the claim form. A copy of the claim form is in the attachment area of this submission.
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	P-card procurement and payment process is accepted by our dealer network. There is typically no additional cost to Sourcwell participating entities for using this process.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *	
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	This offer includes Michelin's full line of products discounted off base price at a product category basis. See attachment for more details.	*
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	We are offering specific discounts for each category of product. Examples: Truck Tires - 60% Passenger/Light Truck Tires - 50% Agriculture - 47% Earthmover & Industrial - 40% Retreads - 50% Tweel - 47%	*
58	Describe any quantity or volume discounts or rebate programs that you offer.	Volume discounts or rebates are not included in this offer.	*
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Because of our focus on the Michelin brand, we do not currently provide/facilitate sourced products or related services on a level of expectation that we would want to deliver to the customer.	*
60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The pricing we provide is strictly the price for the tire itself. Once awarded the contract, Sourcwell participating entities will become Michelin customers. As such, we provide our customers with engineering support and tire performance reviews on an as needed basis at no additional cost. This is to help our customers maximize the value of the Michelin family of products.	*
61	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	There is no additional cost to the Sourcwell participating entities for freight, delivery, or shipping.	*
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	There is no additional cost to the Sourcwell participating entities for freight, delivery, or shipping.	*
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Sourcwell participating entities will have the option of on-site delivery or service at the servicing Deliver (point of sale).	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
64	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Sourcwell's pricing offer will be better than that offered to GPOs, regional cooperative procurement organizations, or any single government entity or school district.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell. Provide sufficient detail to support your ability to report quarterly sales to Sourcwell as described in the Contract template.	Michelin's network of dealers are required to file government sales claims for each government sales transaction in the Michelin b2b website in order to get credit for their delivery commission and F.E.T. reimbursement. To successfully complete the on-line claims form, the dealer must include the price at which they sold the tire which has to match the Sourcwell contract pricing that will be uploaded in our system. The dealer will also be required to select Sourcwell as their referencing contract in the claims process. We are then able to create reports from the dealer's on-line input that will give us sufficient detail to support our ability to report quarterly sales to Sourcwell.	*
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	1. Units sold – tracked with our monthly government sales report. 2. Dealer utilization rate – also tracked using monthly report 3. Number of unique Sourcwell participating entities using the contract – tracked by same monthly report	*
67	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	1.50% of sales under this contract.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
68	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Michelin offers new tires for every type of vehicle including airplanes, automobiles, bicycles, earthmovers, farm equipment, heavy-duty trucks and motorcycles. We also offer airless tires for certain off-road equipment, to include golf carts, ATV's, etc. These tires offer the advantage of no flats resulting in reduced downtime. Additionally, to maximize the Customers assets, we offer state of the art Retreads. Our Retreads follow a consistent, highly audited, nine-step manufacturing process to deliver uniform results. With a Michelin retread, you're getting a high-quality retread that's smart for your budget and environmentally friendly.
69	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	Energy product line offers fuel efficiency. Durable casing technology offers multiple retread capability. Wide based tire innovator replaced two tires with a single tire capable of offering fuel and servicing advantages in addition to vehicle performance advantages. Michelin Commercial Service Network offers commercial customers with highly trained technicians who can service Michelin products and also offer a 24/7 emergency road service assistance.

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	On-Road Vehicles *	Off-Road Vehicles *	Equipment *	Tractors *	Trailers *	Implements *	Comments
70	New tires	☒ Yes ☐ No	☒ Yes ☐ No	☒ Yes ☐ No	☒ Yes ☐ No	☒ Yes ☐ No	☐ Yes ☒ No

Table 15: Exceptions to Terms, Conditions, or Specifications Form

Line Item 76. NOTICE: To identify any exception, or to request any modification, to the Sourcwell template Contract terms, conditions, or specifications, a Proposer must submit the exception or requested modification on the **Exceptions to Terms, Conditions, or Specifications Form** immediately below. The contract section, the specific text addressed by the exception or requested modification, and the proposed modification must be identified in detail. Proposer's exceptions and proposed modifications are subject to review and approval of Sourcwell and will not automatically be included in the contract.

Contract Section	Term, Condition, or Specification	Exception or Proposed Modification

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.
2. Documents should NOT have a security password, as Sourcwell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcwell.
3. Sourcwell may reject any response where any document(s) cannot be opened and viewed by Sourcwell.
4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions**PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE**

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
 2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☒ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Kelly Adams, Government Contract Account Manager, Michelin North America, Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

☒ Yes ☐ No

The Bidder acknowledges and agrees that the addendum/addenda below form part of the Bid Document.

CITY OF TARPON SPRINGS, FL

CITY MANAGER

324 East Pine Street
P.O. Box 5004
Tarpon Springs, Florida 34688-5004
(727) 942-3590
Fax (727) 937-8199

MEMORANDUM

To: Honorable Mayor and Board of Commissioners

From: Mark LeCouris, City Manager

Date: April 11, 2024

Subject: Direction on Request from Starwood Capitol on Lease Extension for Savannah Cove

The Starwood Capitol Group initiated discussions with me on a 20-year extension request for their 2004 50-year lease on Savannah Cove. I have attached the request cover letter from Starwood Capitol and a copy of the lease.

This is a request that would have to go to referendum for final approval. I have purposely not involved our City Attorney or incurred any costs yet on this request, awaiting direction of the Board of Commissioners. My purpose with the agenda item is to determine if the Board is even interested looking at a lease extension for this property which would last until 2074. If so, we will begin negotiations of a new lease agreement with conditions involving the City Attorney.

MGL/th

Starwood Capital Group – City of Tarpon Springs Proposal

Company Overview

- Since 2015, Starwood Capital Group has been an active investor in the Affordable Housing sector. As of year-end 2023, the company's affordable housing portfolio totals 47,399 units across 245 properties nationwide. According to Affordable Housing Finance, Starwood is the second largest owner of affordable housing in the U.S. as of 2022 year-end.
- Within the state of Florida, Starwood currently owns 27,921 units across 121 properties. Starwood has been an owner of affordable housing in Florida since 2015 and remains committed to providing clean, safe, affordable housing to residents in the state.
- Starwood also recently relocated its global corporate headquarters to Miami Beach, FL, further underscoring the company's commitment to and investment in the state as a whole.

Commitment and Proposal to the City of Tarpon Springs

- In November 2021, Starwood acquired Savannah Cove Apartments, a 160-unit community in Tarpon Springs, FL.
- Starwood intends to be a long-term owner of the property, and thus is dedicated to providing and preserving quality affordable housing to the City of Tarpon Springs and its constituents.
- During Starwood's ownership period, the property has consistently remained 98%+ occupied. Additionally, Starwood has invested approximately \$650k, or \$4,000 per unit, into the community's unit interiors and exterior to improve the quality and safety of the property. We anticipate continuing to invest capital the community and the surrounding neighborhood.
- To date, Starwood has offered numerous on-site amenities and resources to the residents of Savannah Cove, including, but not limited to:
 - Field Trips – Starwood has periodically offered outings and events to the community's residents. Some proposed events include a Rays baseball game at Tropicana Field, a day trip to the Salvador Dali Museum or Safford House Museum, shows at the Tarpon Springs Theater, and visits to the Tarpon Springs Aquarium.
 - Education Classes – Savannah Cove hosts Health Education classes with Advent Health Hospital and Feeding Tampa Bay.
 - Food Pantry – Starwood has historically donated to the on-site Savannah Cove Food Pantry, providing assistance to residents impacted by rising food prices. Due to supplier issues, this was recently discontinued. However, we would like to work with Tarpon Springs to re-institute this initiative.
- Going forward, Starwood would like to not only maintain the above-listed services, but would also be interested in partnering with the City of Tarpon Springs to improve the public areas and green spaces surrounding Savannah Cove. **Starwood Capital would like to propose:**
 - An investment of up to \$100,000.00 in Sisler Field and the surrounding Tarpon Springs Little League facility. In lieu of a one-time capital contribution, Starwood would also be willing to provide an annual commitment of up to \$20,000.00 over the next five years.
 - If the City would prefer these funds be allocated differently, Starwood would be willing to make a commitment in the above amount to another cause so long as it provides a direct or indirect benefit to the residents of Savannah Cove.
 - In order to continue to be a long-term partner with the City of Tarpon Springs and for the above-noted investment to be financially feasible, Starwood requests a one-time extension of the in-place ground lease at the property of twenty (20) years. This extension will give Starwood the additional term and associated assurance needed to be able to commit to such a significant investment in the City and its affordable housing.

**CITY OF TARPON SPRINGS, FLORIDA,
LESSOR,**

**and SAVANNAH COVE LIMITED PARTNERSHIP,
a Florida Limited Partnership,
LESSEE**

GROUND LEASE

Dated: As of April 1, 2003

Ground Lease ("Lease") made between **CITY OF TARPON SPRINGS, FLORIDA**, a political subdivision of the State of Florida, having its principal office at 324 E. Pine Street, Tarpon Springs, Florida 34689, Attention: City Manager ("Lessor"), and **SAVANNAH COVE LIMITED PARTNERSHIP**, a Florida limited partnership, having an office at Cabot Business Park, 120 Forbes Boulevard, Mansfield, MA 02048 ("Lessee").

WITNESSETH

WHEREAS, Lessor holds title to vacant land located east of Pinellas Trail on the north side of Curlew Place, which real property is legally described in Exhibit "A" attached hereto; and

WHEREAS, Lessee desires to lease the land described in Exhibit "A" upon which it will build an elder housing apartment complex with approximately 160 units plus related amenities, together with other improvements, fixtures and structures; and

WHEREAS, Lessor recognizes the potential for public and private benefit through the development of this land for such use.

WHEREAS, the lease of the Land has been approved by referendum vote of the electors of the City of Tarpon Springs on February 4, 2003, pursuant to Resolution Number 2002-63 adopted on November 26, 2002, and pursuant to the requirements of Section 3 of the Charter of the City of Tarpon Springs.

NOW THEREFORE, Lessor and Lessee agree as follows:

ARTICLE 1

DEFINITIONS

ARTICLE 7

CONSTRUCTION AND OWNERSHIP OF THE PROJECT

7.01 Lessee shall proceed in a diligent manner to commence and complete the design, planning, development and construction of the Project. Commencement of construction shall be indicated by the filing of a notice of commencement in the public records of Pinellas County and shall be deemed timely and diligent hereunder if Lessee commences construction within one (1) year after the Possession Date. Completion of the Project shall be indicated by the issuance of a final certificate of occupancy for the Premises and shall be deemed timely and diligent hereunder if Lessee receives such final certificate of occupancy within three (3) years after the Closing Date. Failure of Lessee to meet these deadlines shall be a material event of default hereunder, entitling Lessor to exercise its remedies.

7.02 The Project shall be constructed in good and workmanlike manner and in accordance with all requirements of local ordinances, with the rules, regulations, and requirements of all departments, boards, bureaus, officials, and authorities having jurisdiction thereof, and Lessor shall have no liability in connection with such construction. All necessary permits shall be obtained by Lessee.

7.03 Lessee shall own the Project in fee simple as it is built "brick by brick." At all times while this Lease is in force, title to the Project shall belong solely to the Lessee. Upon the termination or expiration of this Lease, title to the Project then situated on the Land shall pass automatically to Lessor, without payment therefor, and Lessee shall have no further rights therein.

7.04 During the term of this Lease, Lessee alone shall be owner of the Project and shall be entitled to claim depreciation in the Project and all changes, additions and alterations therein, and all renewals and replacements thereof, for all taxation purposes.

7.05 At the completion of construction of the Project, Lessee shall provide to Lessor three (3) sets of "as-built" construction plans. Upon receipt of such "as-built" plans or at any earlier date mutually agreed to by the parties, Lessor shall cause the Land and the Premises to be designated as a separate tax parcel and Lessee agrees to cooperate in such efforts.

7.06 All persons are put upon notice of the fact that Lessee shall never, under any circumstances, have the power to subject the interest of Lessor in the Premises to any construction, mechanic's or materialmen's lien or liens of any kind. All persons who may hereafter, during the term of this Lease, furnish work, labor, services or materials to the Premises at the request or order of Lessee or any person claiming under, by or through Lessee, must look solely to the interest of Lessee and not to that of Lessor.

7.07 Lessee shall not permit or suffer to be filed or claimed against the Premises during the term of this Lease any lien or liens of any kind arising out of the action of the Lessee; and if any such lien be claimed or filed, the Lessee covenants to cause the Premises to be released from such claim or lien, either through the deposit into court pursuant to statute of the necessary sums of money, or in any way which is competent legally to effect the release of the Premises from the claim within thirty (30) days from the filing of such lien. Lessee hereby indemnifies Lessor from and against any fine, penalty, liability or cost arising out of the filing or claim of such a lien, including reasonable costs and attorneys' fees in connection with any proceeding to foreclose such a lien or one seeking any other remedy.

The terms defined in this Article shall, for all purposes of this Lease and all agreements supplemental hereto or modifying this Lease, have the meaning herein specified unless that context requires otherwise.

1.01 "Additional Deposit" means the sum of Fifteen Thousand Dollars (\$15,000), together with all interest earned on said sum while it is held in escrow by Escrow Agent in accordance with this Lease.

1.02 "Additional Rent" means all payments, other than Base Rent, to be made by Lessee under this Lease to Lessor whether or not such payments shall be designated as Additional Rent, and shall be payable on demand unless other payment dates are hereinafter provided; which Additional Rent, if not otherwise paid when due, shall be due and payable with the next succeeding installment of Base Rent, provided that Lessor shall have rendered to Lessee a statement of such Additional Rent due.

1.03 "Authorities" means all federal, state, county and city departments, agencies, bureau, officers and other subdivisions thereof, or other local governmental or quasi-governmental authorities, or any department, office, or agency of the foregoing now existing or hereafter created.

1.04 "Base Rent" means the sum of Seventy Three Thousand Five Hundred Dollars (\$73,500.00) per year, payable monthly in advance, as more fully set forth in Article 4 hereof.

1.05 "City" shall mean the City of Tarpon Springs acting in its sovereign capacity as a governmental authority and not in its status as Lessor.

1.06 "Close" shall mean the consummation of the transaction evidenced by the occurrence of all of the following:

1. payment of the lump sum rental payment;
2. granting of possession to Lessee;
3. the commencement of payment of Rent; and
4. the closing of Lessee's Housing Credits financing.

1.07 "Closing Date" shall mean the earlier of December 31, 2003, or the date upon which the last of the following events occur: (a) Lessee pays the \$300,000.00 lump sum rental payment (less credited amounts); (b) possession is granted to Lessee; (c) the parties have executed the Possession Date Certificate; and (d) Lessee Closes. Upon Lessee's payment of a non-refundable extension fee ("Extension Fee") in the amount of Twenty-Five Thousand Dollars (\$25,000.00) no later than December 30, 2003, the Closing Date may be extended until December 31, 2004, if Lessee does not receive an award of acceptable Housing Credits on or before December 31, 2003.

1.08 "Deposit" means the sum of Fifty Thousand Dollars (\$50,000) comprised of the Initial Deposit, the Additional Deposit and the Final Deposit, together with all interest earned on those sums while it is held in escrow by Escrow Agent in accordance with this Lease. All references herein to the "Deposit" shall be deemed to include all monies then deposited by Lessee in accordance with this Lease. However, interest earned on the principal sums of the Deposit, which interest is earned

upon the Deposit becoming non-refundable, shall not be credited at Closing toward the \$300,000.00 lump sum payment due at Closing.

1.09 "Easements" means those certain easements, cross easements, and other reciprocal easements which are Permitted Encumbrances (as defined herein), or are necessary or desirable in the development and use of the Premises for the Project and all other permitted uses.

1.10 "Effective Date" means April 1, 2003.

1.11 "Escrow Agent" means Lessor's Attorney.

1.12 "Excusable Delays" means delays caused by strikes, lock-outs, acts of God, inability to obtain labor or materials, governmental restrictions, enemy action, civil commotion, fire, unavoidable casualty or any other cause, whether similar or dissimilar, beyond the reasonable control of Lessor or Lessee.

1.13 "Final Deposit" means the sum of Twenty-Five Thousand Dollars (\$25,000), together with all interest earned thereon while it is held in escrow by the Escrow Agent in accordance with this Lease.

1.14 "Governmental Approvals" means all the necessary permits and approvals from all of the appropriate Authorities for the construction of the Project. The Governmental Approvals shall include, but shall not be limited to, planning and zoning approvals and issuance of building permits for the construction of the Project.

1.15 "Housing Credits" means housing tax credits allocated or reserved for the development of the Project from the Florida Housing Finance Corporation for the construction of multi-family rental units, which financing must be acceptable to Lessee. In this context, "acceptable" shall mean Housing Credits in amount(s) sufficient for the construction of the Project.

1.16 "Initial Deposit" means the sum of Ten Thousand Dollars (\$10,000) together with all interest earned on said sum while it is held in escrow by the Escrow Agent in accordance with this Lease.

1.17 "Investigation Period" means the period of time beginning on the Effective Date and ending on the date which is ninety (90) days thereafter.

1.18 "Impositions" means all duties, ad valorem real estate taxes, charges for water and sewer, governmental levies or excises, license fees, permit fees, inspection fees and other authorization fees, or similar rents, rates, charges, impact fees, assessments and payments, extraordinary as well as ordinary, whether foreseen or unforeseen (including all interest and penalties thereon), as shall, during the portion of the Term beginning with the Rental Commencement Date, be laid, levied, assessed or imposed upon, or become due and payable from liens upon, the Land or any rent therefrom or any estate, right, or interest thereon and/or the Premises or occupancy, use or possession of or any activity conducted on the Land, and/or Premises or any part thereof or any appurtenances thereto, the leasehold estate hereby created, the sidewalks, or streets in front of or adjoining the Premises or any utility vault thereunder, by virtue of any present or future Authorities, including but not limited to:

A. to the extent required by applicable law, all sales taxes or similar excise taxes or any taxes, assessments or charges of any kind from any Authorities, if any, that may now or hereafter be imposed upon, or with respect to the Lessee's leasehold interest or the Rent payable hereunder. It is the intent of the parties that Lessor shall not pay or be obligated to pay any funds whatsoever to any Authority for taxes, charges, assessments, exactions or any other monies whatsoever arising from this Lease or the privileges and rights granted hereunder. This provision shall be liberally construed to insure that no such charges, whether known or unknown as of the Commencement Date of this Lease, shall be paid by the Lessor;

B. any ad valorem taxes levied on the Premises and which are billed to Lessor.

1.19 "Institutional Lender" means a savings bank, savings and loan association, commercial bank, trust company, credit union, insurance company, college, real estate investment trust or other real estate investment entity, tax credit syndication entity, federal, state, county or municipal government agency or bureau, pension fund, or entity in the business of making loans secured by real estate. The term "Institutional Investor" also includes other lenders which perform functions similar to any of the foregoing.

1.20 "Insurance Requirements" means all terms of an insurance policy covering or applicable to the Land or Premises or any part thereof, and all orders, rules, regulations and other requirements of the National Board of Fire Underwriters (or any other body exercising similar functions) applicable to or affecting the Land or Premises or any part thereof, or any use or condition of the Land or Premises or any part thereof.

1.21 "Interest Rate" means a rate per annum equal to twelve percent (12%).

1.22 "Investor Limited Partner" means Wachovia Bank, National Association.

1.23 "Land" means the parcel of land described in Exhibit "A" hereto (the "Land"), subject to each of the Permitted Encumbrances, as shall at the time be in effect and applicable to the Land; and all rights of way or use, servitudes, licenses, tenements, hereditaments, appurtenances and easements now or hereafter belonging or pertaining to the Land.

1.24 "Lease" means this agreement, together with the Exhibits annexed hereto, which are hereby made a part hereof, and all agreements supplemental to or modifying this agreement made contemporaneously herewith or subsequent hereto.

1.25 "Lease Year" means the successive periods of twelve (12) months each, beginning on the Rental Commencement Date, and on the same date of each calendar year thereafter, and ending on the last day of each 12-month period.

1.26 "Leasehold Mortgage" means a mortgage, a deed of trust, a deed to secure debt, or other security instrument by which Lessee's Leasehold Interest is mortgaged, conveyed, assigned, or otherwise transferred, to secure a debt or other obligation. The term "Leasehold Mortgagee" means a holder of a Leasehold Mortgage in respect to which the notice provided for by section 27.02 A.1 has been given and received and as to which the provisions of Article 27 are applicable.

1.27 "Legal Requirements" means laws, statutes and ordinances including building codes and zoning regulations and ordinances and the orders, rules, regulations, recorded agreements and requirements of all Authorities, which may be applicable to or have jurisdiction over the Land, or the

sidewalks or streets adjacent thereto and all requirements, obligations and conditions of all instruments of record on the date of this Lease.

1.28 "Lessee's Intended Use" shall mean an apartment complex and related uses, which meets the requirements described in the definition of "Project" below.

1.29 "Permitted Exceptions" means the encumbrances to which this Lease is or will become subject, including, but not limited to, all Easements, and any other title exceptions acceptable to Lessee which do not interfere with Lessee's Intended Use of the Land .

1.30 "Premises" means the leasehold estate in the Land together with the Project to be erected by Lessee on the Land.

1.31 "Project" means the elder housing project (as defined in the "Housing for Older Persons" exemption under the Federal Fair Housing Amendments Act, 42 U.S.C. § 3607 (the "Act")), which apartment project contains not more than 160 residential apartments located in multi-story apartment buildings, together with other improvements, fixtures, and structures related thereto, to be built on the Land.

1.32 "Possession Date" means the date Lessor hands over to Lessee possession of the Premises.

1.33 "Property Records" means copies of all the following documents relating to the Premises, if any, which are in Lessor's possession or can be readily obtained by Lessor: Any and all leases, licenses, environmental reports, geotechnical reports, wetland jurisdictional reports/surveys, certificates of use or occupancy, permits, authorizations and approvals issued by Authorities in accordance with Legal Requirements, current contracts relating to the operation of the Property, appraisals, title insurance policies, surveys, site plans, plats, soil tests, reports, engineering reports and similar technical data and information, environmental reports and audits, any and all wetland jurisdictional work related to the Premises, geotechnical reports, plans and specifications for proposed improvements to the Premises, and material correspondence (which shall mean correspondence, other than attorney/client privileged correspondence, which discloses claims, allegations or adverse information regarding the Premises or claims, allegations or adverse information that the Premises violates any Legal Requirements, that there is hazardous or toxic waste on or about the Premises, or that there are defects, deficiencies or hazardous conditions in or on the Premises).

1.34 "Rent" or "Rental" means all amounts payable by Lessee pursuant to this Lease including but not limited to the Base Rent and Additional Rent.

1.35 "Rental Commencement Date" shall be the Closing Date.

1.36 "Term" means the fifty (50) year period commencing on the Closing Date and ending fifty (50) years after the issuance of a final certificate of occupancy for all or a portion of the Project.

ARTICLE 2

PREMISES; CONDITION AND USE OF LAND

2.01 In accordance with Chapter 166, Florida Statutes, the powers granted to Lessor pursuant to the City of Tarpon Springs Charter, and Resolution No. 2002-63, passed on November 26, 2003, Lessor hereby leases to Lessee and the Lessee hereby hires from Lessor the Land for the Term, unless the Term shall sooner terminate as hereinafter provided. Lessee leases and takes from Lessor the Land, together with all the appurtenances, rights, privileges and hereditaments thereto, in "AS IS" condition, unconditionally and without reservation, waiving any claim against the Lessor arising from the condition of the Land, and subject only to (i) the terms and conditions of this Lease, and (ii) the matters set forth in Exhibit B (the "Title Matters") attached hereto and incorporated by reference herein. No mineral or mining rights shall be conveyed to the Lessee, which rights are retained by the Lessor.

2.02 Lessee is familiar with the physical condition of the Land and has received the same in good order and condition. Lessee may use said Land for the uses set forth in Article 9 hereof so long as such uses are (or were when built) in conformity with zoning and use restrictions affecting the Land, and Lessee will not do any action or thing which is contrary to any applicable legal or insurance requirement or which constitutes a public or private nuisance or waste.

2.03 On or before the Effective Date, Lessee shall deliver to Escrow Agent the Initial Deposit. Prior to Closing, Escrow Agent shall keep the Deposit in an interest-bearing escrow account with a commercial or savings bank doing business in Pinellas County or Hillsborough County, Florida. Lessee shall receive a credit at Closing for the amount of the Deposit and for the interest earned on any portion of the Deposit held in escrow pending Closing. When any portion of the Deposit becomes non-refundable hereunder, Escrow Agent may release that portion from escrow and pay it to Lessor.

ARTICLE 3

INVESTIGATION PERIOD; TITLE MATTERS; POSSESSION

3.01 During the Investigation Period, Lessee shall determine, in its sole and absolute discretion, whether the Property is suitable for Lessee's Intended Use of the Property. Concurrently with the Lessor's execution of this Lease, Lessor shall deliver to Lessee the Property Records. During the Investigation Period, and if Lessee elects to go forward with the Closing, from the end of the Investigation Period until the Closing Date, Lessee and its agents, representatives, employees and professionals retained by Lessee shall have the right to enter upon the Land and to make all inspections and investigations of the condition of the Land which it may deem necessary, including, but not limited to, soil borings, percolation tests, engineering and topographical studies, environmental audits, wetland jurisdictional surveys, and investigations of the availability of utilities, all of which inspections and investigations shall be undertaken at Lessee's cost and expense. Lessee shall provide to Lessor copies of all reports, studies and audits regarding the Land which Lessee receives in connection with its investigation of the Land. After completing its inspection of the Property, (a) if Lessee elects to go forward to Closing, Lessee shall make the Additional Deposit no later than the last day of the Inspection Period; and (b) if Lessee elects to terminate this Lease in accordance with this Article 3, Lessee shall leave the Land in substantially the condition existing on the Effective Date. Lessee agrees to indemnify Lessor from all liabilities, damages, claims, costs,

fees and expenses (including reasonable attorneys' fees and costs) caused by any such inspections or investigations.

3.02 Lessee may elect to terminate this Lease at any time before the end of the Investigation Period by written notice to Lessor and to Escrow Agent. Upon such a termination of this Lease, Escrow Agent shall return to Lessee the Deposit and thereafter this Lease shall be terminated, and except as otherwise specifically set forth in this Lease, neither Lessee nor Lessor shall have any further rights or obligations hereunder. If Lessee elects to proceed under this Lease and provided Lessor shall not be in default hereunder, the Deposit shall become non-refundable to Lessee as of the end of the Investigation Period; provided, however, that the Deposit shall remain refundable in the event (i) the Conditions to Closing set forth in Section 3.07 are not satisfied as of the Closing Date, or (ii) the Lessee is entitled to a refund of the Deposit pursuant to Sections 3.08. When any part of the Deposit becomes non-refundable hereunder, all interest earned thereon shall belong to Lessor.

3.03 No later than thirty (30) days after the Execution Date, Lessee shall obtain a title insurance commitment ("Title Commitment") at Lessee's expense, for issuance of an owner's/lessee's policy of title insurance insuring its leasehold interest, and shall promptly provide a copy thereof to Lessor.

A. In the event the Title Commitment discloses any defect(s) in the title to the Land which renders it unsuitable for Lessee's Intended Use or which are objectionable to Lessee, Lessee shall notify Lessor of the defects within thirty (30) days after receipt of the Title Commitment. Lessor shall use its diligent efforts to cure the defects. In the event Lessor is unable to cure the defects within one hundred twenty (120) days of Lessee's notice, Lessee shall have the option of accepting title in its then-present condition, or terminating this Lease, whereby Lessee shall receive back its Deposit, plus interest thereon, and both parties shall be released from any and all further obligations hereunder.

B. To Lessor's knowledge as of the Effective Date of this Lease, Lessor is the fee owner of the Land, which ownership is unencumbered by any lien or security interest, and there are no covenants, conditions, restrictions, rights-of-way and/or easements or other matters relating to or encumbering the Land which would interfere with the construction obligations of Lessee under Article 7 or the utilization of the Project for Lessee's Intended Use. The Title Commitment shall confirm that Lessor is the fee owner of the Land and shall further confirm that the Land is subject only to the Permitted Exceptions.

3.04 In the event Lessee elects to proceed under this Lease, Lessee, at Lessee's sole cost and expense, shall prepare applications for Housing Credits. Lessee shall be responsible for the payment of all costs incurred in the Housing Credits application and award process.

3.05 In the event Lessee elects to proceed under the Lease, Lessee, at Lessee's sole cost and expense, shall prepare applications for Governmental Approvals to be signed by Lessor as owner of the Land. Within ten (10) days after receipt of the applications from Lessee, Lessor shall execute and return the applications to Lessee for submission to the appropriate Authorities. Lessee shall diligently pursue the Governmental Approvals, but shall have no obligation to commence such process until after Closing. Lessee will keep Lessor advised of Lessee's progress in obtaining Governmental Approvals. Lessee shall be responsible for the payment of all costs incurred in the Governmental Approvals process; provided, however, that Lessor shall be responsible for its own Attorneys' Fees and other professionals' fees incurred in reviewing Lessee's submissions for

Governmental Approvals. Lessor agrees to cooperate fully and promptly in the permitting process including, but not limited to, joining in any permit application, plats, opinions of title, gap affidavits and other applicable applications or affidavits if required to do so, if it can do so in good faith.

3.06 Lessor covenants that Lessor shall maintain the Property in its current condition until the Closing Date. Lessee shall have the right to enter upon the Land at any time prior to the Closing to confirm that the Property has been maintained in the manner covenanted by Lessor. However, Lessor shall not be liable to Lessee hereunder if damage to the Property is the result of natural causes, such as sinkholes, flooding, or acts of third parties which acts are not authorized by Lessor. In such a case Lessor shall not be obligated to restore the Property to its prior condition or make any physical modifications to the Property prior to the end of the Investigation Period, and such naturally-caused damage shall not be considered a "Materially Different Condition" (as defined below). In the event that the condition of the Property at such time prior to Closing is materially different than it was at the time of the performance of the Lessee's inspections as contemplated herein (the "Materially Different Condition") so as to inhibit the use of the Land for Lessee's Intended Use or increase the cost of developing or using the Project, Lessee shall have the right to terminate this Lease by written notice to Lessor and to Escrow Agent, whereupon the Deposit shall be refunded to the Lessee, and neither Lessee nor Lessor shall have further rights or obligations hereunder. Further, if the material difference in the Land is due to Lessor's gross negligence or willful misconduct, Lessor shall reimburse Lessee for Lessee's actual out-of-pocket costs of investigation. Notwithstanding any other language in this Section 3.05, the Lessee's right to terminate this Lease under this Section 3.05 shall become effective two (2) weeks from the date that Lessee provides Lessor with written notice of the Materially Different Condition. During such two (2) week period, Lessor may attempt to cure the Materially Different Condition, and if cured, the parties shall proceed to Closing. Upon turning over possession of the Property to Lessee on the Possession Date, Lessor shall have no further liability for the condition of the Property.

3.07 Notwithstanding anything to the contrary contained herein, Lessee shall have the right to be released from its liability and obligations hereunder and to terminate this Lease prior to the Possession Date because (i) Lessee is unable to obtain the Government Approvals, (ii) changes to the plans and specifications for the Project required by any of the Authorities (including the City) render the Project economically unfeasible in the reasonable business judgment of Lessee, (iii) the Project cannot meet concurrency requirements under Section 163.3180, Florida Statutes (1997), or the costs of concurrency mitigation are, in the reasonable business judgment of Lessee, economically unfeasible, or (iv) Lessee, after good faith efforts, has been unable to obtain a full building permit for the Project pursuant to the plans and specifications submitted by it. In the event of termination of this Lease pursuant to this Section 3.07, each party shall bear its own costs and expenses incurred in connection with the Lease, Lessee shall receive back the refundable portion of its Deposit, plus interest thereon, and neither party shall have any further liability to the other.

3.08 Lessee and the City shall use good faith efforts to satisfy all of the aforesaid conditions precedent to Lessee's taking possession of the Land. It is recognized by the Parties hereto that it is not the intention of either party to encumber the Land with this Lease for an indefinite period of time during the period of attempting to satisfy the aforesaid conditions precedent and that therefore:

1. Any City review and/or approval required above shall be promptly undertaken by the City, and the period of time available to the City for such review and/or approval shall not exceed fifteen (15) Business Days from receipt by the City of such request, except for those approvals for which public hearings are conditions precedent, in which case the approval

process shall take a reasonable time. In the event that such review by the City requires additional or remedial action by the Lessee, the Lessee shall promptly undertake such additional or remedial action, but in no event shall the period of time available to the Lessee for such additional or remedial action exceed thirty (30) Business Days from receipt of the City's request; provided, however, that if such additional or remedial action cannot reasonably be cured within such 30-day period, that Lessee shall be provided such additional time as is necessary so long as Lessee shall be diligently and continuously endeavoring to complete such additional or remedial action.

2. Lessee shall proceed in a diligent manner to apply for the necessary approvals, permits, Housing Credits, and financing, and to satisfy the other conditions precedent required by this Lease.

3.09 Lessee shall be responsible for securing sufficient capital to construct the Project in such a manner as to meet its obligations under this Lease. Lessor acknowledges that Lessee's obligations hereunder are subject to Lessee's successful efforts to obtain the financing needed for the Project through application for and receipt of Housing Credits from Florida Housing Finance Corporation. Lessee shall have until December 31, 2003, to apply for and receive a firm commitment for acceptable Housing Credits sufficient to meet its obligations hereunder. In the event Lessee receives Housing Credits on or before December 31, 2003, Lessee shall make the Final Deposit within thirty (30) days of receipt of notice of same. In the event a firm commitment for such financing is not obtained by December 31, 2003, Lessee shall have the option of (a) terminating this Lease, whereupon the Deposit shall be retained by Lessor and both parties shall be released from any and all further obligations hereunder; (b) extending the Closing Date to a date not later than December 31, 2004, by payment of the non-refundable Extension Fee; or (c) proceeding to Closing notwithstanding the lack of a firm commitment for an award of Housing Credits but only so long as Lessee has obtained alternative financing sufficient to complete the Project. In the event of such extension of the Closing Date, Lessee shall again use diligent efforts to apply for and obtain a firm commitment for acceptable Housing Credits sufficient to meet its obligations under this Lease. In the event Lessee receives Housing Credits, Lessee shall make the final Deposit within five (5) days of receipt of such notice, and Closing shall occur no later than December 31, 2004. In the event a firm commitment for adequate financing is not obtained by December 31, 2004, and Lessee does not elect to proceed to Closing notwithstanding such lack of a firm commitment, this Lease shall terminate, Lessor shall be entitled to retain the entire Deposit, and both parties shall be released from any and all further obligations hereunder.

3.10 A. Lessor shall deliver possession of the Land to Lessee, and Lessee, subject to Excusable Delay, shall take possession thereof at Closing.

B. The date that the City delivers possession of the Land to Lessee in accordance with this Article, by notice in writing, shall be the "Possession Date." Lessor and Lessee agree to execute and record in the public records a Possession Date Certificate in the form of the certificate attached hereto as Exhibit D. In the event the Possession Date does not fall on the first day of the month, the Possession Date shall be adjusted to be the first day of the following month.

3.11 Notwithstanding anything herein to the contrary, prior to the Possession Date, the Lessee shall not be required to perform any of its obligations hereunder except as provided for in this Article 3 with respect to Lessee's entry upon the Land for purposes of conducting or causing the investigation and evaluation of the physical and environmental conditions at the Land, and Lessee's efforts to satisfy its conditions precedent to Closing, including Lessee's efforts to secure sufficient capital.

3.12 Lessor hereby represents and warrants to Lessee as of the Effective Date and shall reaffirm such representations and warranties as of the Closing Date as follows:

1. Lessor has full power and authority to own and lease the Land and to comply with the terms of this Lease. The execution and delivery of this Lease by Lessor and the consummation by Lessor of the transaction contemplated by this Lease are within Lessor's capacity.

2. The execution by Lessor of this Lease and the consummation by Lessor of the transaction hereby contemplated does not, and on the Closing Date will not (a) result in a breach of or default under any indenture, agreement, instrument or obligation to which Lessor is a party and which affects all or any portion of the Land, (b) result in the imposition of any lien or encumbrance upon the Land under any agreement or other instrument to which Lessor is a party or by which Lessor or the Land might be bound, or (c) constitute a violation of any Legal Requirement.

3. Lessor is not in default under any indenture, mortgage, deed of trust, loan agreement, or other agreement to which Lessor is a party and which affects any portion of the Land.

4. To the best of Lessor's knowledge, Lessor and the Land are in compliance with all Legal Requirements.

5. Lessor is the owner of marketable title to the Land, free and clear of all liens, encumbrances and restrictions of any kind, except the Permitted Exceptions.

6. There are no actions, suits, proceedings or investigations pending or threatened against Lessor or the Land affecting any portion of the Land, including but not limited to condemnation actions.

7. To the best of Lessor's knowledge, the Land has not in the past been used and is not presently being used for the handling, storage, transportation or disposal of Hazardous Material.

8. To the best of Lessor's knowledge, and solely as of the Effective Date, no portion of the Land is affected by any special assessments or impact fees imposed by any Authority. In the event that Lessor obtains knowledge of any such special assessments or impact fees, Lessor agrees to provide Lessee with copies of any such related documentation within five (5) days of Lessor's obtaining such knowledge. The parties acknowledge that as part of the planning, development and construction of the Project certain special assessments or impact fees will be imposed on the Land.

9. There are no parties other than Lessor in possession or with a right to possession of any portion of the Land.

10. To the best of Lessor's knowledge, there is no fact, condition or impediment which would prevent Lessee from obtaining all necessary building permits from the Authorities having jurisdiction thereof for the construction of the Project upon the Land.

11. No commitments relating to the Land have been made by Lessor to any Authority, utility company, school board or any homeowner or homeowners association or any other organization, group or individual which would impose an obligation upon Lessee or its

successors or assigns to make any contribution or dedication of money or land or to construct, install or maintain any improvements of a public or private nature on or off the Land; and no Authority has imposed any requirement that any developer of the Land pay directly or indirectly any special fees or contributions or incur any expenses or obligations in connection with the development of the Land.

12. Lessor agrees, at no cost to Lessor, to cooperate fully with Lessee, if Lessor can do so in good faith, with respect to Lessee's efforts to obtain Housing Credits, Zoning Approval, and such other approvals of any platting, zoning, permits, site planning, and other licenses and approvals required by Lessee in connection with Lessee's Intended Use of the Land, and upon receipt of written request therefor Lessor agrees to promptly execute, acknowledge, and deliver such applications, dedications, grants, plats, documents, instruments, and consents as may be reasonably required to obtain approval, if Lessor can do so in good faith. However, the agreement made in this sub-section 3.12.12 is made specifically subject to the provisions of Article 28 hereof.

13. From and after the Effective Date, Lessor will refrain from (a) performing any grading, excavation, construction, or making any other change or improvement upon or about the Land; (b) creating or incurring, or suffering to exist, any mortgage, lien, pledge, or other encumbrances in any way affecting the Land other than the Permitted Exceptions; and (c) committing any waste or nuisance upon the Land.

14. Lessor will advise Lessee promptly of any change in any applicable Legal Requirement which might affect the value or use of the Land to Lessee of which Lessor obtains knowledge.

15. In addition to the obligations required to be performed hereunder by Lessor at the Closing, Lessor agrees to perform such other acts, and to execute, acknowledge, and deliver subsequent to the Closing such other instruments, documents, and other materials as Lessee may reasonably request in order to effectuate the consummation of the transactions contemplated herein and to vest title to the Land in Lessee.

16. All of the representations and warranties of the Lessor set forth in this Lease shall be true at the time of execution of this Lease, and except as otherwise noted in subsection 3.12.8, shall be deemed to be repeated as of the Closing Date, and shall be true as of the Closing Date.

17. All representations and warranties are limited by Lessor's status as a government and nothing herein shall be deemed to change or otherwise limit its governmental powers or obligations.

ARTICLE 4

RENT

4.01 On the Closing Date, Lessee shall pay to Lessor a lump sum Rent payment in the amount of \$300,000.00 in consideration of the grant of this Lease.

4.02 Commencing on the Rental Commencement Date and continuing throughout the Term, Lessee shall pay to Lessor fixed annual Base Rent in the amount of \$73,500.00 at the office of the Finance Department of the City of Tarpon Springs, or such other place as Lessor may designate, in lawful money of the United States by check (subject to collection) drawn to Lessor's

order or by wire transfer. The Base Rent shall be payable in monthly installments, each in the amount of \$6,125.00, in advance, on the tenth day of each calendar month throughout the Term, commencing on the 10th day of the month following the month in which the Rental Commencement Date occurs. If the Rental Commencement Date shall be a date other than the tenth day of the calendar month, then on the Rental Commencement Date, Lessee shall pay the Base Rent for the fractional part of the month in which the Rental Commencement Date occurs, prorated on a thirty (30) day month basis.

4.03 It is the intention hereof that the Lessor shall receive the Rent without any setoff or deduction whatsoever, free from all taxes, charges, expenses, damages and deductions of every description, and that the Lessee shall pay all items of expense and damages which, except for the execution and delivery of this Lease, would have been chargeable against the Premises and payable by Lessor. It is further the intention of the parties that any monetary charges or costs arising from the Lessee's occupancy or use of the Land or Premises shall be paid by the Lessee pursuant to this Lease shall be net, net, net to the Lessor.

4.04 Subject to the provisions of Section 4.01 above, if Lessee shall fail to pay when due any installment of Rent for a period of thirty (30) days after such installment shall have become due, Lessee shall pay interest thereon at the Interest Rate from the date when such installment shall have become due to the date of the payment thereof, and such interest shall be deemed part of the Additional Rent. The provisions of this Section 4.03 are in addition to all other remedies available to Lessor for non-payment of Rent.

4.05 Commencing with the Rental Commencement Date, Lessee shall pay Additional Rent to Lessor or directly to third parties as required pursuant to the provisions of this Lease. Such Additional Rent payments shall include, but shall not be limited to: (i) all Impositions set forth in Article 5 hereunder; (ii) all other demands and obligations which Lessee herein expressly assumes or agrees to pay as and when due; and (iii) interest at the Interest Rate on such of the foregoing amounts and obligations as are payable to the Lessor and which are not paid within thirty (30) days after the due date (or, if a demand thereof is required by the terms of this Lease, within thirty (30) days after the date of said demand until payment thereof).

4.06 Notwithstanding anything herein to the contrary, to the extent a Leasehold Mortgage shall require payment to Leasehold Mortgagee of all or part of the Additional Rent, such payment to Leasehold Mortgagee by Lessee shall be deemed compliance by Lessee with this provision.

ARTICLE 5

IMPOSITIONS

5.01 All Impositions shall be paid by Lessee as Additional Rent when the same shall become due and payable (before any penalty, fine or cost may be added thereto for non-payment) to the department, officer or bureau charged with the collection thereof. Nothing herein contained shall require Lessee to pay any inheritance, franchise, income, payroll, excise, privilege, rent, capital stock, estate or profit tax, or any tax of similar nature, that is or may be imposed upon the Lessor.

5.02 In the case of assessments for local improvements or betterments which may by law be payable in installments, Lessee shall only be obligated to pay such installments as fall due during the portion of the Term beginning with the Rental Commencement Date (payments falling due in

such portion of the Term but payable thereafter shall be Lessee's obligations), together with interest on deferred payments.

5.03 Lessee shall have the right to contest or review any and all Impositions by legal proceedings or in such manner as Lessee in its reasonable opinion shall deem advisable, which proceedings or other steps taken by Lessee if instituted shall be conducted diligently at its own expense and free of expense to Lessor. No such contest shall defer or suspend Lessee's obligations to pay the Impositions provided for herein pending the contest unless by law it is necessary that such payment be paid to preserve or perfect Lessee's contest, in which case the contest shall not be undertaken without there being first deposited with Lessor (or Leasehold Mortgagee if required by the terms of a Leasehold Mortgage) a sum of money equal to the amount of the Imposition that is the subject of the contest, to be held by Lessor (or Leasehold Mortgagee if required by the terms of a Leasehold Mortgage) as an indemnity fund to pay such Imposition (i) upon conclusion of the contest; or (ii) at any time if Lessor's interest in the Premises is in jeopardy due to non-payment, together with all costs thereof that may be imposed upon Lessor or the Premises.

5.04 Upon request from Lessor, Lessee shall forward copies of all bills for Impositions, together with copies of Lessee's checks in payment thereof, promptly after payment of such Impositions by Lessee.

5.05 Any Imposition relating to a fiscal period of the taxing authority, only a part of which is within the portion of the Term, shall (whether or not such Imposition is assessed, levied or imposed, or becomes a lien or shall become payable, during such portion of the Term) be apportioned and adjusted between Lessor and Lessee so that Lessor shall be responsible with respect to that proportion of such Imposition which corresponds to the part of such fiscal period as falls outside the Term, and Lessee's responsibility shall apply to the remainder of the Imposition.

ARTICLE 6

ADJOINING LAND

6.01 Lessor holds fee title to two parcels of land adjacent to the Land: (a) one parcel to the north of the Land ("Adjoining Parcel"), and (b) the other parcel on the northwest boundary of the Land upon which is situated a communications tower ("Tower Parcel"), which parcel is legally described on Exhibit "G" attached hereto and made a part hereof (the Adjoining Parcel and the Tower Parcel, collectively, the "Adjacent Parcels"). Lessor covenants that Lessor (a) shall not create or allow to exist a nuisance on the Adjacent Parcels; (b) shall not use or allow the use of the Adjacent Parcels for any purpose which would materially and adversely affect or interfere with Lessee's Intended Use of the Land, including but not limited to the following prohibited uses and purposes: trash or refuse facility, storage or repair of vehicles owned or leased by the City or any other Authority, warehouses having a truck parking area or loading dock visible from the road, jail or any other type of detention facility, or other use with the clear likelihood of materially diminishing Lessee's ability to attract and keep tenants in the Project; and (c) shall maintain the Adjacent Parcels in a clean and sightly condition reasonably free of trash and debris. The use of the Adjacent Parcels for traditional recreational uses shall be allowed.

ARTICLE 8

ALTERATIONS; OWNERSHIP OF CERTAIN INSTALLATIONS

8.01 A. Lessee, after completion of the Project, may from time to time during the Term make such structural changes, alterations, additions, substitutions or improvements (collectively referred to as "Alterations") to the Project as Lessee may consider necessary and desirable to adapt or equip the Project for Lessee's use and occupancy. All such Alterations shall be done at Lessee's sole cost and expense and at such times and in such manner as Lessee may from time to time designate. The foregoing rights do not impair or modify Section 8.02, and Lessee further agrees to indemnify and hold Lessor harmless from any claims or liability arising by reason of doing the Alterations.

B. Alterations shall be performed in accordance with the following provisions:

1. All work shall be done in a good and workmanlike manner.
2. All such Alterations shall be performed in compliance with all Legal

Requirements.

8.02 Lessee shall retain ownership of all trade fixtures and business equipment and furnishings from time to time installed in the Project by Lessee at its expense. Lessee may remove any of such fixtures, equipment or furnishings at any time during the Term and shall remove all thereof prior to the expiration of the Term. Any such property not removed at the expiration of the Term shall become the property of Lessor without payment to Lessee.

ARTICLE 9

USE

9.01 Subject to and in accordance with all Legal Requirements, the fire insurance rating organization and Board of Fire Insurance Underwriters, and any similar bodies having jurisdiction thereof, Lessee covenants and agrees that it shall use the Premises solely as a residential apartment complex which complies at all times with the "Housing for Older Persons" exemption under the Act, as the Act and applicable regulations may be amended from time to time, with not more than 160 one- and two-bedroom apartments plus related amenities, and for related uses. Lessee covenants that as of the Effective Date, compliance with such exemption under the Act requires that (i) 100% of the apartment units in the Project shall be intended for, and solely occupied by, persons 62 years of age or older, or (ii) 80% of the apartment units shall be occupied by, or held available for, at least one tenant that is 55 years of age or older. In addition, Lessee covenants that as of the Effective Date: (iii) in accordance with the Act, no apartment unit may be occupied by persons under the age of 18 (and Lessee covenants that its age restrictions for occupancy shall be the most restrictive allowed under the Act); and (iv) 100% of the apartment units will be occupied by, or held available for, persons with incomes no greater than 60% of the median income in the area.

9.02 The Lessee shall not use or occupy or permit the Premises or any part thereof to be used or occupied, nor do or permit anything to be done in or on the Premises, in whole or in part,

in a manner which would in any way (i) violate any of the covenants, agreements, provisions and conditions of this Lease, or (ii) violate any Legal Requirements, or (iii) constitute a public nuisance.

9.03 Lessee shall not violate the applicable restrictions regarding the use or occupancy of the Conservation Easement which encumbers the Land, which restrictions may include but are not limited to restrictions against degradation of the easement area, construction of improvements or encroachments thereon, and drainage across the easement area, except as permitted by applicable Authorities.

9.04 In connection with the development of the Project, Lessee anticipates that some or all of the financing of the construction and development will be provided by the syndication or sale of an allocation from the Agency of housing tax credits ("Tax Credit Financing"). The parties acknowledge that for the Project to be eligible for Tax Credit Financing, it must continuously meet certain criteria establish by federal law during a minimum of a 15-year compliance period (subject to longer periods as may be required by the governmental entity allocating tax credits, in order to successfully compete for Tax Credit Financing), including maintaining a prescribed level of apartment units for use by qualified residential tenants. The parties therefore expressly acknowledge and agree to reasonably and timely cooperate with each other in order to effectuate Tax Credit Financing and the development and construction of the Project.

ARTICLE 10

UTILITIES AND SERVICES

10.01 Lessee shall, at its sole cost and expense, arrange for the furnishing of all utilities, including electricity, water and sewer, necessary for the operation of the Project, and Lessee covenants and agrees to pay all charges therefor directly to the applicable public utility or governmental authority furnishing such service to the Premises.

10.02 Lessee shall have the right, at Lessee's cost and expense, to enter into agreements with utility companies creating easements or restrictions or use agreements in favor of such companies as are required in order to service the Land and the Premises and any improvements thereon, and Lessor covenants and agrees to consent thereto and to execute any and all documents, agreements and instruments in order to effectuate the same, provided, however, that in Lessor's reasonable business judgment as holder of the fee interest in the Land, that such easements are commercially reasonable and do not unduly restrict use of the Land. Lessor shall be responsible for its own Attorneys' Fees and other costs incurred in Lessor's review and execution of such documents, agreements and instruments.

10.03 Except as may be agreed by the parties or by Lessee and the City, Lessor shall not be required to furnish any utilities of any nature to the Premises during the term of this Lease, Lessee hereby assuming full and sole responsibility for obtaining the supply of and payment for all utilities, operational costs and services.

ARTICLE 11

REPAIRS; COMPLIANCE WITH LAWS

11.01 The Project, both outside and inside, together with all the equipment and installations therein and the appurtenances thereto, shall be put and kept by Lessee in good order, condition, maintenance and repair, ordinary wear excepted, so as to comply with the standard described below and with applicable building codes; and Lessee shall make all repairs and replacements, ordinary, as well as extraordinary, foreseen and unforeseen, structural or otherwise, at its sole cost and expense, which may be necessary or required so that at all times the Project, and all equipment, installations and appurtenances shall comply with applicable building codes. If Lessee fails to make such repairs, restoration or replacements, the same may be made by Lessor at the expense of Lessee and such expense or reimbursement shall be collectible as part of the Additional Rent and paid by Lessee within 30 days after Lessor renders a bill for same. The standard of condition, maintenance and the necessity for and adequacy of the repairs to the Project made or required to be made hereunder shall be measured by a commercially-reasonable standard appropriate for projects of similar construction, class and location and which contain similar facilities.

11.02 Throughout the Term of this Lease, Lessee shall, at its own cost and expense, promptly and diligently observe and comply with: (a) all Legal Requirements, whether or not such compliances herewith shall require structural repairs, changes or alterations in and about the Premises, or repairs, changes or alterations incident to or as the result of any use or occupation of the Premises or interfere with the use and enjoyment of the Land or any part therefor; (b) procure, maintain and comply with all permits, licenses, franchises and other authorizations legally required for any use of the Land or any part thereof then being made and for proper erection, installation, operation and maintenance of any improvements or any part thereof; and (c) comply with any instruments of record at the time in force affecting the Land or any part thereof.

Lessee shall pay all costs, expenses, claims, fines, penalties, and damages that may in any manner arise out of or be imposed because of the failure of Lessee to comply with this covenant.

11.03 Lessee will not do or permit or suffer any waste to or upon the Project or any part thereof.

ARTICLE 12

INDEMNITY; INSURANCE

12.01 During the Term, Lessee shall keep, save and hold harmless Lessor of and from any and all loss, damages, expenses, costs and liability for anything and everything whatsoever arising from the condition of the Premises or out of the occupancy by the Lessee or any subLessee of Lessee, and any accident, injury or damage whatsoever caused to any party in or on the Premises or the appurtenances thereof, and from any loss, damage, expenses, cost or liability, including reasonable costs and attorneys' fees, arising from any fault or negligence by Lessee or any failure on Lessee's part to comply with any of the covenants, terms and conditions herein contained, unless such injury or damage is attributable in whole or in part to the gross negligence or willful misconduct of Lessor, its agents or employees.

12.02 A. Lessee covenants and agrees that from the date hereof Lessee will carry and maintain, at its sole cost and expense, the following types of insurance, in the amounts specified and in the form hereinafter provided for:

1. Comprehensive broad form general public liability insurance in common use for commercial structures with extended coverage endorsement, naming both Lessor and Lessee as insured parties, which insurance protects Lessor and Lessee against any liability whatsoever and covering the Premises and Lessee's use thereof against claims for personal injury, death, and property damage occurring upon, in or about the Premises, such insurance to afford protection in an amount not less than that required by Leasehold Mortgagee, and to provide that the insurer shall give Lessor and Leasehold Mortgagees no less than thirty (30) days notice prior to any change, cancellation or lapse in such insurance coverage;

2. Until final completion of the Project and the obtaining of a permanent Certificate of Occupancy for the Project, builder's risk insurance, in broad form and containing such coverages and in such amounts which are not less than those required by Leasehold Mortgagees, for all work at the job site;

3. Workmen's compensation insurance covering all persons employed for such work;

4. Fire and extended coverage insurance covering the Premises, and all alterations, extensions and improvements thereto and on the Premises and replacements thereof, including all the appurtenances, whether on the Premises or extending beyond the boundaries thereof, against loss or damage by fire and the risks contemplated within the extended coverage endorsements, in an amount not less than the full actual replacement cost of the Premises and appurtenances, and sufficient to prevent Lessor or Lessee from becoming a co-insurer of any partial loss and the applicable provisions of the policies, or as otherwise required by Leasehold Mortgagees.

B. Lessor shall be deemed to have approved and accepted such forms and amounts of insurance and such insurers as a Leasehold Mortgagee may approve from time to time under the terms of a Leasehold Mortgage. Each such policy shall be issued in the names of Lessor and Lessee, their respective designees, and any other parties in interest from time to time designated in writing by Lessee. Said policies shall be for the mutual and joint benefit and protection of Lessor and Lessee and any such other parties in interest, and executed copies of each such policy of insurance or a certificate thereof shall be delivered to each of Lessor and any such other parties in interest prior to the commencement of the term of this Lease and thereafter within fifteen (15) days prior to the expiration of each policy. As often as any such policy shall expire or terminate, renewal or additional policies shall be procured and maintained by Lessee in like manner and to like extent. All such policies of insurance shall contain provisions that the company writing said policy will give to Lessor and such other parties in interest at least thirty (30) days notice in writing in advance of any cancellations or lapses, or the effective date of any reduction in the amounts of insurance.

C. Notwithstanding anything to the contrary herein, Lessee shall not be required to maintain any insurance coverages which are generally more burdensome, or require higher levels of coverage, than those imposed by any Leasehold Mortgage.

12.03 A. Lessee expressly represents and warrants to the Lessor that (i) it has had an opportunity prior to its execution of this Lease to thoroughly inspect the Premises and obtain and fully

study the contents of any environmental reports received from Lessor or obtained by Lessee; (ii) the Premises shall not be used for the handling, storage, transportation or disposal of hazardous or toxic materials, or any asbestos-containing materials or oil or pesticides including without limitation any contaminant, pollutant, or other toxic or hazardous substance as defined by the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA") 42 U.S.C. §9601 et seq., the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6901 et seq., Florida Statutes Chapters 376 and 403, Florida Administrative Code Title 62, or any other law, rule or regulation of any governmental authority having jurisdiction over the Premises, as such laws, rules and regulations may change from time to time (the "Environmental Laws"), or which are otherwise dangerous, hazardous, a pollutant, or a nuisance (whether public or private) or which may void or increase the rate of any insurance in force ("Hazardous Substances"); and (iii) the Lessee will not permit any Hazardous Substances to be brought, held, stored or used on the Leases Premises except in strict compliance with the Environmental Laws.

B. Lessee agrees to indemnify, defend and hold the Lessor harmless from and against any claims, losses, damages, liabilities, penalties, fines, charges, interest, judgments, including without limitation reasonable attorneys' fees through all administrative, trial and appellate proceedings and any clean-up costs, incurred by the Lessor arising out of or in connection with Lessee's handling, storage, transportation or disposal of Hazardous Substances, or any spill, discharge, release, escape or cleanup of Hazardous Substances ("Hazardous Discharge") or failure to comply with any governmental law, rule or regulation, by the Lessee or any other user or operator of the Premises. For the purposes of this indemnity, any acts or omissions by Lessee or by its employees, agents, contractors or others acting for or on behalf of Lessee including, without limitation, others using or occupying the Premises by, through or under the Lessee (whether or not they are negligent or intentional) shall be strictly attributable to Lessee. The foregoing indemnity shall survive the expiration or earlier termination of this Lease but shall not apply to Hazardous Substances (i) which may exist on the Premises prior to the Rental Commencement Date, or (ii) first introduced to the Premises following termination or expiration of this Lease and Lessee's surrender of possession to Lessor, or (iii) migrating to the Premises from adjacent lands.

C. Lessor represents in good faith that, to the best of its knowledge and belief, there are no Hazardous Substances on, in or under the Land, and Lessor covenants not to bring onto the Land or the Premises any Hazardous Substances after the Effective Date and during the Term. The foregoing covenants shall survive the expiration of earlier termination or this Lease.

ARTICLE 13

FIRE OR OTHER CASUALTY; LESSEE'S DUTY TO REPAIR; NO ABATEMENT

13.01 If the Project or any other improvement at any time on the Land shall be damaged or destroyed by any cause whatsoever during the Term of this Lease, Lessee shall, with reasonable promptness, repair and replace the same at its own expense, to at least a condition substantially similar to that existing immediately prior to the damage or destruction, and shall do so, even though the proceeds of any insurance policies covering the loss shall be insufficient to reimburse Lessee therefor but only if required by the terms of any Leasehold Mortgage; provided, however, that if the proceeds of insurance are more than sufficient to pay the cost of the rebuilding, Lessee shall be entitled to retain that surplus.

13.02 Lessee shall not be entitled to any abatement of rent, nor shall its obligations under this Lease be terminated during the Term, notwithstanding any destruction or damage to the

Premises by any cause whatsoever; provided, however, that if the Premises are substantially destroyed by fire or other casualty at any time during the last ten (10) years of the Term, then Lessee may terminate this Lease by written notice given to Lessor within sixty (60) days after the date of such destruction, and the Rent, Additional Rent and other charges under this Lease will be apportioned as of the date of destruction and, provided that Lessee clears the Land of all debris, Lessee will be discharged from responsibility to repair the damage, but all proceeds of casualty insurance covering the loss and remaining after repayment of indebtedness to all Leasehold Mortgagees shall in that circumstance belong to the Lessor.

13.03 All insurance proceeds or condemnation proceeds or other expenses for repair or restoration or Alteration work on the Premises shall be paid in escrow to the first-priority Leasehold Mortgagee and disbursed in accordance with that Leasehold Mortgagee's standard construction lending practices and the terms of the Leasehold Mortgage; or if there is no Leasehold Mortgagee, such proceeds shall be paid Lessee.

ARTICLE 14

CONDEMNATION

14.01 A. If any competent authority for any public or quasi-public use or purpose takes or condemns (hereafter "takes" or "taking") all or materially all of the Premises at any time during the term, Lessor and Lessee and all Leasehold Mortgagees shall have the absolute right to participate in the taking proceedings held by the taking authority ("Condemnor"), to present their proofs in such proceedings, and to attempt to be awarded a share in the net proceeds of any award. In the event the Condemnor does not apportion the award, then the respective rights of Lessor, Lessee and Leasehold Mortgagees in such award, and the damages upon the taking, are set forth below. "All or materially all of the Premises" shall be deemed to have been taken if the untaken portion or portions cannot be practically and economically used or converted for use by Lessee for the purpose for which the Premises were being used immediately prior to such taking. The proceeds of the taking shall be apportioned as follows:

B. First, Leasehold Mortgagees shall be entitled to receive an amount sufficient to repay all outstanding balances due on all Leasehold Mortgages.

C. Second, Lessor shall be entitled to receive, with interest thereon as allowed by the Condemnor, that portion of the award as shall represent compensation for the value of the Premises, considered as vacant and unimproved Land, ("Land Value"), plus consequential damages, if any, and costs proportionately attributable to that Land Value.

D. Third, Lessee shall be entitled to receive that portion of the award as shall represent the value of its leasehold estate, subtracting therefrom the amount paid to Leasehold Mortgagees pursuant to subsection B above, plus consequential damages, if any, and costs proportionately attributable to its leasehold interest.

E. Last, Lessor shall then be entitled to receive the entire balance of the award.

F. If the values of the respective interests of Lessor and Lessee shall be determined according to the provisions of this Article in the proceeding pursuant to which the Premises shall have been taken, the values so determined shall be conclusive upon Lessor and Lessee. If these values shall not have been thus separately determined, they shall be fixed by

agreement between the Lessor and Lessee or if they are unable to agree, then the controversy shall be resolved by arbitration under the procedure to govern in arbitration as set forth in Article 17.

14.02 If title to the all or materially all of the Premises shall be taken, this Lease shall terminate and Rent, Additional Rent, and other charges under this Lease shall be apportioned as of the date of vesting of title in such taking or proceedings.

14.03 A. In the event of a taking of less than materially all of the Premises, this Lease (except as hereinafter provided) shall nevertheless continue, but the Rent to be paid by Lessee shall thereafter be reduced by the ratio that the rental value of the portion of the Premises taken bears to the rental of the entire Premises at the time of the taking, and Lessee shall promptly restore the Premises. The award for the taking in respect to the Land shall belong to the Lessor, and the award balance shall belong to Lessee.

B. Should the partial taking (a) result in rendering the part of the Premises remaining unsuitable for the purposes for which the Project was designed, or (b) occur during the last ten (10) years of the term, then Lessee, in either event at its option, upon thirty (30) days' prior notice to Lessor given at any time within sixty (60) days after the vesting of title in the Condemnor, may terminate this Lease. Upon that termination the Rent and other charges under this Lease shall be apportioned as of the date of termination and the Lessee will be discharged from responsibility to restore the Premises. Subject to the rights of any Leasehold Mortgagee, the award shall be apportioned by the Condemnor as the parties' interests may appear.

14.04 In the event any controversy arises under Section 14.03 as to whether the remainder of the Premises are suitable for the purposes for which the Project was designed or if there be any controversy under this Article 14 as to whether there has been a taking of materially all of the Premises, the controversy shall be resolved by arbitration.

14.05 This Lease shall not be affected if the Condemnor, by the exercise of its power of eminent domain, shall take the use or occupancy of the Premises or any part thereof for a temporary period (hereafter, "temporary taking"). The Lessee shall continue to pay, in the manner and at the time specified in this Lease, the full amounts of the Rent and all Additional Rent and other charges payable by the Lessee under this Lease. Except only to the extent that the Lessee may be prevented from so doing pursuant to the terms of the order of the Condemnor, Lessee shall continue to perform and observe all its other obligations under this Lease, as though the temporary taking had not occurred. Lessee shall be entitled to receive the entire amount of any award made for the temporary taking, whether paid by way of damages, rent, or otherwise, unless the period of temporary use or occupancy shall extend to or beyond the expiration date of the Term of this Lease, in which case the award shall be apportioned between Lessor and Lessee as of the date of expiration of the Term, but Lessee shall in that circumstance receive the entire portion of the award that is attributable to physical damage to the Premises and the restoration thereof to the condition immediately prior to the taking. The Lessee covenants that, upon the termination of any temporary taking, prior to the expiration of the Term, it will, at its sole cost and expense, restore the Premises, as nearly as may be reasonably possible, to the condition in which the same was immediately prior to the temporary taking.

A. Should the City condemn the Premises or any portion thereof within the first fifteen (15) years following issuance of all certificates of occupancy for the Premises, it is expressly agreed by Lessor that full compensation to Lessee shall include any and all penalties (including so-

called "tax credit recapture payments"), taxes (including penalties and interest thereon), and other monies payable to or on behalf of Lessee's partners in the Premises.

B. The provisions of this Section regarding Lessee's compensation shall not be applicable to any proceeding other than a Taking by the City within the first fifteen (15) years following issuance of all certificates of occupancy for the Premises. The costs referred to in clause (2) above include but are not limited to legal fees; architectural, engineering, surveying, planning, and other consulting fees; accounting fees; brokerage fees in connection with leasing and financing; other financing costs; costs of infrastructure such as water, sewer, other utilities and road, drainage and other land improvements; a reasonable and fairly allocable share of Lessee's overhead costs related to the portion of the Premises that is taken; and interest from the date such costs were expended to the date of compensation at the prime rate from time to time in effect of Bank of Wachovia Bank, National Association, or its successor.

C. Lessor agrees that the City shall not condemn the Premises or any portion thereof except (i) in the event it is necessary for public health and safety, (ii) in good faith, (iii) when no other property is reasonably suitable for the public use the Lessor needs, and (iv) for a purpose other than either leasing or selling the condemned property to another person or entity engaging in Lessee's or any Sublessee's business of leasing office, commercial or residential space (or a combination of such uses). If there is a taking by Lessor of a portion of the Premises, Lessor shall not use the property it so acquires for any use detrimental to Lessee's remaining property, which prohibited uses include but are not limited to a trash transfer station, train repair or storage, bus storage or repair, warehouse having a truck parking area or loading dock visible from the road, jail or other use with the likelihood of diminishing Lessee's use and enjoyment of the remainder of the Premises. Lessor shall consult with and coordinate design of any improvements upon the land referred to in this paragraph with Lessee, so as to maintain architectural compatibility with the balance of the improvements located on the Premises, and so as to coordinate traffic.

ARTICLE 15

DEFAULT

15.01 Lessor shall be entitled to avail itself of the remedies hereinafter set forth, in each and every case, if any one or more of the following events (herein called "Event of Default") shall occur:

(i) If Lessee shall fail to pay any part of the Rent, or any other sum herein stipulated and agreed to be paid or any installment thereof, within thirty (30) days after the same shall be due and payable, and such failure to pay continues for a period of thirty (30) days after notice thereof from Lessor in writing ("Default Notice"); or

(ii) If Lessee materially fails in the observance or performance of any of its other material covenants, agreements, terms or conditions provided for in this Lease on Lessee's part to be observed or performed (whether or not particularly specified elsewhere herein as a default) and shall allow such material failure to continue for a period of ninety (90) days after receipt of a Default Notice thereof by or on behalf of Lessor; provided, however, that if such failure is incapable of practicably being cured with diligence within such ninety (90) day period and if Lessee shall proceed promptly to cure the same and thereafter shall prosecute such curing with diligence, then the time period within which such failure may be cured shall be extended for such period as may be necessary to complete the curing of the same with diligence.

15.02 If any Event of Default occurs, then and in each such case, Lessor may treat the occurrence of such Event of Default as a breach of this Lease, and Lessor may give notice at any time thereafter (but prior to the curing of such Events of Default) to Lessee specifying such Event(s) of Default and stating that this Lease and the Term shall expire and terminate on the date specified in the notice, which date shall be at least thirty (30) days after the giving of such notice ("Termination Notice"), and on the date specified in the Termination Notice the Lease and the Term thereof shall expire and terminate, and all rights of Lessee under the Lease shall expire and terminate, and Lessor may:

(i) declare all past-due installments of Rent to be due and payable immediately; or

(ii) re-enter and take possession of the Premises and exclude Lessee from possession; or

(iii) declare all sums due from Lessee under the Lease to be immediately due and payable, and may re-take possession of and re-let the Premises and apply sums received from such re-letting to amounts owed by Lessee.

15.03 If either Lessor or Lessee shall default in the performance of any covenant on its part to be performed by virtue of any provision in this Lease, and if in connection with the enforcement of the non-defaulting party's rights or remedies such non-defaulting party shall properly and reasonably incur fees and expenses for services rendered (including reasonable attorneys' fees), then such fees and expenses shall, if said non-defaulting party shall prevail in litigation, be immediately reimbursed by the defaulting party on demand.

15.04 No remedy herein conferred upon or reserved to Lessor is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given pursuant to this Lease now or hereafter under law of in equity or by statute. No delay or omission to exercise any right or power accruing upon any Lessee default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

ARTICLE 16

LESSOR'S RIGHT TO CURE LESSEE'S DEFAULTS

16.01 Should Lessee fail to perform any of the covenants or terms of this Lease on its part to be performed within ninety (90) days after the giving of written notice to Lessee (but in any event, regardless of such notice or the lack thereof, promptly (i) before the accrual of any penalty as provided by law; or (ii) in an emergency), Lessor may (but is not obligated to) perform the same and add any such reasonable sum or sums paid or expended in such performance to any Rent then due or thereafter falling due with like effect as if an original part of such installment, and such sum or sums, together with interest thereon at the maximum legal rate for individuals from the date upon which the expense shall have been incurred, shall be and become Additional Rent.

ARTICLE 17

WAIVER OF JURY TRIAL; ARBITRATION

17.01 Lessor and Lessee, to the extent allowed by law, hereby waive trial by jury in any action, proceeding or counterclaim brought by either of the parties hereto against the other on any matters whatsoever arising out of or in any way connected with this Lease, the relationship of Lessor and Lessee, Lessee's use or occupancy of the Premises, any claim of injury or damage, or any emergency statutory or any other statutory remedy.

17.02 If a dispute shall arise with respect to the matters herein, such matters shall be arbitrated in the following manner: Lessor and Lessee shall each, within five days thereafter, select an arbitrator who shall be a disinterested person, with reasonable knowledge and experience relative to the subject to be arbitrated. The two arbitrators thus selected shall select a third arbitrator, likewise be a disinterested person having knowledge and experience relative to the subject to be arbitrated. The three arbitrators shall meet promptly and, by a majority vote, determine the matter subject to arbitration, and whether Lessor, Lessee or both shall pay the expenses of the arbitration, which determination shall be binding upon Lessor and Lessee. All selections and determinations shall be given promptly by written notice. The said arbitration's and determinations shall be conducted in Pinellas County, Florida, in accordance with the applicable provisions of the Uniform Arbitration Act of the State of Florida.

17.03 In each case specified in this Lease in which resort to arbitration shall be required, the decision and award of the arbitrators shall be in writing, shall be final and conclusive on the parties, and counterpart copies thereof shall be delivered to each of the parties. In rendering such decision and awards, the arbitrators shall not add to, subtract from or otherwise modify the provisions of this Lease. Judgment may be had on the decision and award of the arbitrators so rendered in any court of competent jurisdiction.

ARTICLE 18

NOTICES

18.01 To have any validity, notices by either party to the other must be in writing and must be sent by registered or certified mail return receipt requested, postage prepaid, addressed to Lessor or Lessee at their respective addresses hereinabove set forth, or to such other address as either party shall hereafter designate by notice as aforesaid with copies to Lessor's legal counsel: John Hubbard, Esq., 595 Main Street, Dunedin, Florida 34698; and to Lessee's legal counsel: Brian J. McDonough, Esq., 150 W. Flagler Street, Suite 2200, Miami, FL 33130. All notices properly addressed shall be deemed served three (3) days after the date of mailing, except that notice of change of address and Default Notices shall not be deemed served until received by the addressee. Notices signed by the attorneys for the parties shall be deemed sufficient within the meaning of this Section without the signatures of the parties themselves.

ARTICLE 19

BROKERAGE REPRESENTATION

19.01 Each of Lessor and Lessee represents and warrants to the other that it has had no dealings or negotiations with any broker or agent in connection with this transaction, and each party hereby indemnifies and holds the other party harmless of and from any claims, actions, damages,

costs and expenses (including reasonable attorneys' fees) and liability whatsoever that may arise from any claim for brokerage or commission or finder's fee by any person, firm or corporation, which claim is based upon the foregoing parties or entities having dealt with either of Lessor or Lessee in connection with the Premises of this Lease.

19.02 Lessor represents that it has the right and capacity to enter into this Lease. Lessor covenants and agrees that upon Lessee's paying the Rent and performing and observing all of the Lessee's Lease obligations, Lessee may peaceably and quietly have, hold and enjoy the Premises for the Term, without hindrance or molestation by anyone claiming paramount title or claims through Lessor, subject, however, to the covenants, agreements, terms and conditions and other obligations of this Lease and any holder of rights under any Permitted Encumbrances.

ARTICLE 20

LIENS; ASSIGNMENT; SUBLETTING

20.01 Lessee will not directly or indirectly create or permit to be created and/or to remain a lien upon the Land any lien or other encumbrance except those liens expressly permitted by this Lease and the Leasehold Mortgages. In the event a lien has been created by or permitted by Lessee in violation of this provision, Lessee will immediately bond off or otherwise discharge of record any such mortgage, lien, security interest, encumbrance, charge on, pledge of or conditional sale or other title retention agreement with respect to the Land or any part thereof. All costs and expenses incurred by Lessor in connection with foreclosure of any such lien which violates this provisions, including costs and reasonable attorneys' fees, shall constitute Additional Rent due and payable in accordance with Section 4 hereof.

20.02 Lessee may assign this Lease only in its entirety (not in part) and without the prior written consent of Lessor, provided that at all times the Project shall be managed by an entity with a demonstrated managerial and operational capacity for managing and operating rental projects similar to the Project. Any such assignment shall be subject to all the covenants, conditions, agreements and terms of this Lease. Lessee covenants and agrees that notwithstanding any such assignment, except as otherwise set forth herein, prior to completion of construction of the Project, Lessee shall and will remain fully and primarily liable for the payment of Rent due and to become due hereunder and for the performance of all the covenants, conditions, agreements and terms contained in this Lease on the part of Lessee to be performed.

20.03 No assignment of all of Lessee's interest under this Lease shall be valid unless in writing and the following has occurred:

A. Lessee shall have given written notice to Lessor, which notice shall contain the following information: (i) the name and address of proposed Assignee; (ii) the nature of the transaction; (iii) copies of all proposed assignment documents; (iv) a summary of the proposed assignee's prior experience in managing and operating real estate developments similar to the Project, including information establishing that the proposed assignee or its partners, shareholders, members or affiliates has a business reputation for integrity and reliability, has a demonstrated managerial and operational capacity for real estate projects similar to the Project, has financial depth, and is of good character; and (v) such other information that Lessor reasonably requests. Lessor shall request such additional information within ten (10) Business Days after receipt of Lessee's initial information. Lessor shall, within sixty (60) days of its receipt of such information, advise Lessee if it shall consent to same. If Lessor shall not consent to a proposed transfer of the

Project, Lessor shall state with specificity all of its reasons for such disapproval in its notice to Lessee withholding its consent and give Lessee an opportunity to respond.

B. Such assignment shall: (i) be in recordable form; (ii) contain a covenant of assumption by the assignee reasonably acceptable to Lessor; (iii) require assignee to abide by all Legal Requirements.

C. A counterpart thereof is delivered to Lessor prior to the effective date thereof. After an assignment of the Lease and Premises, the assignee and Lessor may thereafter modify, amend or change the Lease but only so long as (a) Lessee has been released from all rights and obligations under the Lease pertaining to the Premises subject to the assignment between Lessee and its assignee; and (b) they do not diminish or abrogate the rights of Lessee (or anyone claiming through Lessee) as to any other part of the Premises.

D. Notwithstanding the above, no consent shall be required for an assignment that occurs as a result of foreclosure or assignment in lieu of foreclosure.

20.04 Lessee shall obtain written consent of Lessor both as to the proposed assignment of all of Lessee's interest under this Lease and the proposed assignee if, but only if, it wishes to be released from liability as Lessee under this Lease prior to completion of construction of the Project. Any request to Lessor for such release from liability shall be in writing and shall be accompanied by the information required in subsection 20.03.A above. Lessor shall not unreasonably withhold or delay such consent to release from liability hereunder. If Lessor consents to such assignee, the original Lessee (or then applicable assignor) shall be released of all obligations under this Lease accruing after the effective date of such assignment.

20.05 Lessee may sublet individual apartments in the Project without the prior written consent of Lessor.

20.06 In the event Lessee assigns its interest in the Lease to a not-for-profit entity, or to an entity which changes the nature of the Premises so that it becomes exempt from payment of ad valorem taxes, such an assignment shall not be valid unless at the time of the transfer to the not-for-profit entity, or at the time the nature of the Premises changes so as to become tax-exempt, Lessee's assignee pays to the City the amounts which would otherwise be payable in ad valorem taxes during the remainder of the Term if the Premises remained on the tax rolls of Pinellas County.

20.07 Lessee agrees that it will not change the nature of its legal entity or the nature of the Premises so that Lessee or the Property becomes exempt from payment of ad valorem taxes.

ARTICLE 21

ACCESS TO PREMISES

21.01 Upon reasonable notice to and consent from Lessee, and so long as there is no interference with the normal operation and business of the Project caused by such entry onto the Premises, Lessor shall have the right to enter the public areas of the Premises at reasonable times during business hours of Lessee. In the event Lessee has been declared to be in default pursuant to Article 15 hereof, or during a period that is within ninety (90) days of the expiration of the Lease, Lessor may at reasonable times during business hours enter upon the Premises, or any part thereof,

for the purpose of ascertaining the condition of the Premises or whether Lessee is observing and performing the obligations assumed by it under this Lease. Lessor shall also have the right to enter upon the Premises for the purpose of making any necessary repairs and performing any work that may be necessary by reason of Lessee's failure to make any such repairs or perform any such work, but only if such repairs or work are necessary to bring the Project into compliance with applicable building codes. The above-mentioned rights of entry shall be exercisable upon request made on reasonable advance notice to Lessee (except that no notice shall be required in the event of an emergency) or an authorized employee of Lessee at the Premises, which notice may be given orally. Lessor shall not, however, have any obligation to make such repairs or perform such work. In no event, however, shall Lessor have access to the interior of any individual apartment located at the Premises without the express consent of the sublessee of such apartment.

ARTICLE 22

NO SUBORDINATION

22.01 This Lease shall not be subject and subordinate to any mortgage which may now or hereafter affect Lessor's fee interest in the Premises or any renewals, modifications, consolidations, replacements and extensions of any such mortgage ("Fee Mortgage").

ARTICLE 23

NO WAIVER BY LESSOR

23.01 No receipt of moneys by Lessor from Lessee after the termination or cancellation of this Lease in any lawful manner shall, except as otherwise set forth herein, (a) reinstate, continue or extend the Term of this Lease; (b) affect any notice theretofore given to Lessee; (c) operate as a waiver of the rights of Lessor to enforce the payment of any Rent then due or thereafter falling due; or (d) operate as a waiver of the right of Lessor to recover possession of the Premises by proper suit, action, proceeding or remedy; it being agreed that after the service of notice to terminate or cancel this Lease, or after the commencement of suit, action or summary proceedings, or any other remedy, or after a final order or judgment for the possession of the Premises, Lessor may demand, receive and collect any moneys due, or thereafter falling due, without in any manner affecting such notice, proceeding, suit, action, order or judgment; and any and all such moneys collected shall be deemed to be payments on account of the use and occupation of Lessee's liability hereunder.

23.02 The failure of Lessor to insist in any one or more instances, upon a strict performance of any of the covenants of this Lease, or to exercise any option herein contained, shall not be construed as a waiver of or relinquishment for the future of the performance of such covenant, or the right to exercise such option, but the same shall continue and remain in full force and effect. The receipt by Lessor of the Rent with knowledge of the breach of any covenant hereof shall not be deemed a waiver of such breach, and no waiver by Lessor of any provision hereof shall be deemed to have been made unless expressed in writing and signed by Lessor.

ARTICLE 24

SURRENDER OF PREMISES

24.01 On the last day or earlier termination of the Term of this Lease, Lessee shall quit and surrender the Premises, together with all Alterations. If the Premises are not surrendered as and when required by this Lease, Lessee shall indemnify Lessor against loss or liability resulting from the delay by Lessee in so surrendering the Premises, including, without limitation, any claims made by any succeeding occupant founded on such delay. Any holding over with the consent of Lessor after the termination of the Term shall be construed to be a tenancy from month-to-month upon the same terms and conditions as provided in this Lease, to the extent applicable. Lessee's obligations under this Article shall survive the expiration or earlier termination of the Term of this Lease.

24.02 No modification, termination or surrender to Lessor of this Lease or surrender of the Land or any part thereof, or of any interest therein by Lessee, other than as set forth in Section 24.01 above, shall be valid or effective unless agreed to and accepted in writing by Lessor, and no act by any representative or agent of Lessor, other than such a written agreement and acceptance by Lessor, shall constitute an acceptance thereof.

24.03 It is the intent of the parties that the Project and all interests therein shall become the sole and exclusive property of Lessor upon termination of this Lease, free of any debt, lien or encumbrance except such easements and other agreements previously agreed to by Lessor. There shall be no disposal of or conveyance of any portion of the Project during the term of this Lease, except in the normal course of business. All provisions of this Lease relative to such issues shall be interpreted in accordance with this expression of the understanding of the parties and shall be liberally construed. At the termination of this Lease, Lessee shall convey title to the Premises by quitclaim deed, bill of sale, or other appropriate legal conveyance reasonably acceptable to Lessor, and shall provide, at Lessee's cost, an owner's policy of title insurance in the amount of the fair market value of the Premises at the time of conveyance, written on a title insurance company reasonably acceptable to the City, promptly and without demand therefore, and shall pay all costs for the recording of such conveyance.

ARTICLE 25

MISCELLANEOUS

25.01 Wherever herein the singular number is used, the same shall include the plural, and the masculine gender shall include the feminine and neuter genders. The Article headings used herein are for reference and convenience only and shall not be used to construe. Each and every term and provision of this Lease which requires any performance (whether affirmative or negative) by Lessee shall be deemed to be both a covenant and a condition.

25.02 The covenants and agreements contained in this Lease inure to the benefit of and are binding upon the parties hereto, their successors and assigns, but this Article does not modify the provisions of Article 20.

25.03 This Lease and its Exhibits contain the entire agreement between the parties, and any agreement hereafter made shall not operate to change, modify, or discharge this Lease in whole

or in part unless such agreement is in writing and signed by the party sought to be charged therewith.

25.04 If any term or provision of this Lease or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons whose circumstances are other than those as to which it is held invalid or unenforceable, shall not be affected thereby.

25.05 Nothing in this Lease shall create any legal relationship between Lessor and Lessee other than a landlord/tenant relationship. Under no circumstances is this Lease to bring into being a partnership, joint venture or any other legal relationship between the parties other than as is specifically identified herein. Under no circumstances will the Lessor exercise any operational control, authority or responsibility relative to the Project which is not specifically provided for herein, and nothing in this Lease shall be interpreted to be for the benefit of a third party or create a beneficial interest in any person or entity not a party hereto.

ARTICLE 26

NO MERGER OF TITLE

26.01 There shall be no merger of the Premises created by this Lease with the fee estate in the Land by reason of the fact that the same person may own or hold (a) the Premises created by this Lease or any interest in such Premises; and (b) the fee estate in the Land or any interest in such fee estate, and no such merger shall occur unless and until all persons, including any mortgagee having any interest in (i) the Premises created by this Lease, or (ii) the fee estate in the Land, shall join in a written instrument effecting such merger and shall duly record the same.

ARTICLE 27

LEASEHOLD MORTGAGE

27.01 Without Lessor's prior consent, Lessee shall have the right from time to time during the Term to mortgage, collaterally assign, or otherwise encumber in favor of one or more Institutional Lenders Lessee's leasehold estate and interest in the Premises ("Leasehold Interest") under one or more Leasehold Mortgages, and to assign this Lease, Lessee's personalty located on the Premises, its subleases and issues, rents and profits therefrom, as security for such Leasehold Mortgage(s). For this purpose, mortgages securing separate construction and take-out loans for the same work of improvement shall be considered one Leasehold Mortgage.

27.02 A. 1. If Lessee shall mortgage its Leasehold Interest to an Institutional Lender, and if the holder of such Leasehold Mortgage shall provide Lessor with notice of such Leasehold Mortgage together with a true copy of such Leasehold Mortgage and the name and address of the Mortgagee, Lessor and Lessee agree that, following receipt of such notice by Lessor, the provisions of this Article 27 shall apply in respect to such Leasehold Mortgage.

2. If the Investor Limited Partner shall provide Lessor with notice of its status as investor limited partner in Lessee's limited partnership entity, together with the name and address of such Investor Limited Partner, the provisions of this Article 27 shall apply in respect to

such Investor Limited Partner to the same extent as it applies to a Leasehold Mortgagee, and all references to "Leasehold Mortgage" shall be deemed to include the Investor Limited Partner.

3. In the event of any assignment of a Leasehold Mortgage or in the event of change of address of a Leasehold Mortgagee or of an assignee of such Leasehold Mortgage, notice of the new name and address shall be provided to Lessor.

B. After Lessor has received the notice provided for by subsection A above, the Lessee, upon being requested to do so by Lessor, shall with reasonable promptness provide Lessor with copies of the note or other obligation secured by such Leasehold Mortgage and of any other documents pertinent to the Leasehold Mortgage and of each amendment or other modification or supplement to such instruments.

27.03 No cancellation, surrender or modification of this Lease shall be effective as to any Leasehold Mortgage unless consented to in writing by such Leasehold Mortgagee.

27.04 Lessee shall use its best efforts to cause to be included in such Leasehold Mortgage(s) a provision requiring each Leasehold Mortgagee, in the event Leasehold Mortgagee declares a loan default and accelerates all sums due under the Leasehold Mortgage, to give notice to Lessor of Lessee's default and acceleration under its Leasehold Mortgage.

27.05 Lessor, upon providing Lessee any notice of: (i) default under this Lease; (ii) a termination of this Lease; or (iii) a matter on which Lessor may predicate or claim a default, shall at the same time provide a copy of such notice each Leasehold Mortgagee. No such notice by Lessor to Lessee shall be deemed to have been duly given unless and until a copy thereof has been so provided to the Leasehold Mortgagee. From and after such notice has been given to the Leasehold Mortgagee, the Leasehold Mortgagee shall have the same period of time, after the giving of such notice upon it, for remedying any acts or omissions which are the subject matter of such notice or causing the same to be remedied, as is given Lessee after the giving of such notice to Lessee, plus in each instance, the additional periods of time specified in this Lease to remedy, commence remedying or cause to be remedied the acts or omissions which are specified in any such notice. Lessor shall accept such performance by or at the instigation of such Leasehold Mortgagee as if the same had been done by Lessee. Lessee authorizes each Leasehold Mortgagee to take any such action at such Leasehold Mortgagee's option and does hereby authorize entry upon the Premises by the Leasehold Mortgagee for such purpose.

27.06 A. Notwithstanding anything to the contrary contained in this Lease, if any default shall occur which entitles Lessor to terminate this Lease, Lessor shall have no right to terminate this Lease unless, following the expiration of the period of time given Lessee to cure the act or omission which gave rise to such default, Lessor shall notify the Leasehold Mortgagee of Lessor's intent to so terminate at least thirty (30) days in advance of the proposed effective date of such termination, if such default is capable of being cured by the payment of money, and at least forty-five (45) days in advance of the proposed effective date of such termination if such default is not capable of being cured by the payment of money (such notice a "Termination Notice"). The provisions below shall apply if, during such 30 or 45 day Termination Notice period, any Leasehold Mortgagee shall:

1. Notify Lessor of such Leasehold Mortgagee's desire to nullify such notice;

2. Pay or cause to be paid all Rent and other payments then due and in arrears as specified in the Termination Notice to such Leasehold Mortgagee and which may become due during such period; or

3. Comply or in good faith, with reasonable diligence and continuity, commence to comply with all non-monetary requirements of this Lease then in default and reasonably susceptible of being complied with by such Leasehold Mortgagee, that such Leasehold Mortgagee shall not be required during such 45-day period to cure or commence to cure any default consisting of Lessee's failure to satisfy and discharge any lien, charge or encumbrance against the Lessee's interest in this Lease or the Premises junior in priority to the lien of the mortgage held by such Leasehold Mortgagee.

B. Any notice to be given by Lessor to the Leasehold Mortgagee pursuant to any provision of this section shall be deemed properly addressed if sent to the Leasehold Mortgagee who served the notice referred to in Section 27.02 A(1) unless notice of a change of Mortgage ownership has been given to Lessor pursuant to Subsection 27.02 A(2).

27.07 A. If Lessor shall elect to terminate this Lease by reason of any default of Lessee, and a Leasehold Mortgagee shall have proceeded in the manner provided for by 27.06, the specified date for the termination of this Lease as fixed by Lessor in its Termination Notice shall be extended for a period of six (6) months, provided that such Leasehold Mortgagee shall, during such six (6) month period:

1. Pay or cause to be paid the Rent and other monetary obligations of Lessee under this Lease as the same become due, and continue its good faith efforts to perform all of Lessee's other obligations under this Lease, excepting past non-monetary obligations then in default and not reasonably susceptible of being cured by such Leasehold Mortgagee.

2. If not enjoined or stayed, take steps to acquire or sell Lessee's interest in this Lease by foreclosure of the Leasehold Mortgage or other appropriate means and prosecute the same to completion with due diligence.

B. If at the end of such six (6) month period such Leasehold Mortgagee is complying with Section 27.07 A, this Lease shall not then terminate, and the time for completion by such Leasehold Mortgagee of its proceedings shall continue so long as such Leasehold Mortgagee is enjoined or stayed and thereafter for so long as such Leasehold Mortgagee proceeds to complete steps to acquire or sell Lessee's interest in this Lease by foreclosure of the Leasehold Mortgage or by other appropriate means with reasonable diligence and continuity. Nothing in Section 27.07, however, shall be construed to extend this Lease beyond the original term thereof, nor to require a Leasehold Mortgagee to continue such foreclosure proceedings after the default has been cured. If the default shall be cured and the Leasehold Mortgagee shall discontinue such foreclosure proceedings, this Lease shall continue in full force and effect as if Lessee had not defaulted under this Lease.

C. If a Leasehold Mortgagee is complying with Subsection 27.07A, upon the acquisition of Lessee's Leasehold Interest herein by such Leasehold Mortgagee or its designee or any other purchaser at a foreclosure sale or otherwise, this Lease shall continue in full force and effect as if Lessee had not defaulted under this Lease.

D. For the purposes of this Article 27, the making of a Leasehold Mortgage shall not be deemed to constitute an assignment or transfer of this Lease or of the Leasehold Interest hereby created, nor shall any Leasehold Mortgagee, as such, be deemed to be an assignee of this Lease or of the Leasehold Interest hereby created so as to require such Leasehold Mortgagee, as such, to assume the performance of any of the terms, covenants or conditions on the part of the Lessee to be performed hereunder; however, the purchaser at any sale of this Lease and of the Leasehold Interest hereby created under any instrument of assignment or transfer in lieu of the foreclosure of any Leasehold Mortgage shall be deemed to be an assignee within the meaning of this Article 27, and shall be deemed to have agreed to perform all of the terms, covenants and conditions on the part of the Lessee to be performed hereunder from and after the date of such purchase and assignment, but only for so long as such purchaser or assignee is the owner of the Leasehold Interest. If the Leasehold Mortgagee or its designee shall become holder of the Leasehold Interest and if the Project and other improvements on the Premises shall have been or become materially damaged on, before or after the date of such purchase and assignment, the Leasehold Mortgagee or its designee shall be obligated to repair, replace or reconstruct the Project or other improvements only to the extent of the net insurance proceeds received by the Leasehold Mortgagee or its designee by reason of such damage. However, should such net insurance proceeds be insufficient to repair, replace or reconstruct the Project or other improvements to the extent required by Article 12, and should the Leasehold Mortgagee or its designee choose not to fully reconstruct the Project or other improvements to the extent required by Article 12, such failure shall constitute an event of default under this Lease.

E. Any Leasehold Mortgagee or other acquirer of the Leasehold Interest of Lessee pursuant to foreclosure, assignment in lieu of foreclosure or other proceedings may, upon acquiring Lessee's Leasehold Interest, without further consent of Lessor, sell and assign the Leasehold Interest on such terms and to such persons and organizations as are acceptable to such Mortgagee or acquirer and thereafter be relieved of all obligations under this Lease; provided Lessor has approved such assignee, which approval shall not be unreasonably withheld, and such assignee has delivered to Lessor its written agreement to be bound by all of the provisions of this Lease.

F. Notwithstanding any other provisions of this Lease to the contrary, any sale of this Lease and of the Leasehold Interest hereby created in any proceedings for the foreclosure of any Leasehold Mortgage, or the assignment or transfer of this Lease and of the Leasehold Interest hereby created in lieu of the foreclosure of any Leasehold Mortgage, shall be deemed to be a permitted sale, transfer or assignment of this Lease and of the Leasehold Interest hereby created.

27.08 Nothing herein contained shall require any Leasehold Mortgagee or its designee, as a condition to its exercise of right hereunder, to cure any default of Lessee not reasonably susceptible of being cured by such Leasehold Mortgagee or its designee, or a subsequent owner of the Leasehold Estate through foreclosure, in order to comply with the provisions of Sections 27.06 and 27.07.

27.09 Lessee's share of the proceeds arising from an exercise of the power of eminent domain as provided by Article 14 of this Lease shall, subject to the provisions of such Article 14, be disposed of as provided for by any Leasehold Mortgage.

27.10 Lessor shall give each Leasehold Mortgagee prompt notice of any arbitration or legal proceedings between Lessor and Lessee involving obligations under this Lease. Each Leasehold Mortgagee shall have the right to intervene in any such proceedings and be made a party to such proceedings to the extent provided in the Leasehold Mortgage, and the parties hereto do hereby

consent to such intervention. In the event that any Leasehold Mortgagee shall not elect to intervene or become a party to any such proceedings, Lessor shall give the Leasehold Mortgagee notice of, and a copy of any award or decision made in any such proceedings, which shall be binding on the Leasehold Mortgagee. In the event Lessee shall fail to appoint an arbitrator after notice from Lessor, as provided in Section 17.02 hereof, the Leasehold Mortgagee shall have an additional period of 30 days to make such appointment after notice by Lessor that Lessee has failed to appoint such arbitrator, and the arbitrator so appointed shall thereupon be recognized in all respects as if he had been appointed by Lessee.

27.11 So long as any Leasehold Mortgage is in existence, unless the Leasehold Mortgagee otherwise expressly consents in writing, the fee title to the Premises and the Leasehold Estate of Lessee therein created by this Lease shall not merge but shall remain separate and distinct, notwithstanding the acquisition of said fee title and said Leasehold Estate by Lessor or by Lessee or by a third party, by purchase or otherwise.

27.12 Lessor shall, without charge, at any time and from time to time hereafter, but not more frequently than twice in any one-year period (or more frequently if such request is made in connection with any sale or mortgaging of Lessee's Leasehold interest or permitted subletting by Lessee), within ten (10) days after receipt of a written request and a proposed form of certificate from Lessee or Leasehold Mortgagee to do so, certify by written certificate duly executed and acknowledged to any Leasehold Mortgagee or purchaser, or proposed Leasehold Mortgagee or proposed purchaser, or any other person, firm or corporation specified in such request: (i) as to whether this Lease has been supplemented or amended and if so, the substance and manner of such supplement or amendment; (ii) as to the validity and force and effect of this Lease, in accordance with its tenor; (iii) as to the existence of any default hereunder; (iv) as to the existence of any offsets, counterclaims or defenses hereto on the part of the Lessee; (v) as to the commencement and expiration dates of the term of this Lease; and (vi) as to any other matters as may be reasonably so requested. Any such certificate may be relied upon by the Lessee and any other person, firm or corporation to whom the same may be exhibited or delivered, and the contents of such certificate shall be binding on the Lessor.

27.13 Notices from Lessor to the Leasehold Mortgagee shall be mailed to the address furnished Lessor pursuant to Section 27.02, and those from the Leasehold Mortgagee to Lessor shall be mailed to the address designated pursuant to the provisions of Article 18 hereof. Such notices, demands and requests shall be given in the manner described in Article 18 and shall in all respects be governed by the provisions of that section.

27.14 In case of the termination of this Lease by reason of the happening of any Event of Default or of bankruptcy or insolvency of Lessee, Lessor shall give prompt notice thereof to each Leasehold Mortgagee who has made the request referred to in Section 27.02. Lessor shall, on written request of such Leasehold Mortgagee, made at any time within 45 days after the giving of such notice by Lessor, enter into a new lease of the Property with such Leasehold Mortgagee, or its designee, within 20 days after receipt of such request, which new lease shall be effective as of the date of such termination of this Lease for the remainder of the term of this Lease, at the same Rent and Additional Rent and upon the same terms, covenants, conditions and agreements as are herein contained; provided that the Leasehold Mortgagee shall (a) contemporaneously with the delivery of such request pay to Lessor the Rent and Additional Rent which Lessor has specified as due in any notice to such Leasehold Mortgagee; (b) pay to Lessor at the time of the execution and delivery of such new lease any and all Rent and Additional Rent which would have been due hereunder from the date of termination of this Lease (had this Lease not been terminated) to and including the date

of the execution and delivery of such new lease, together with all expenses; including reasonable attorneys fees, incurred by Lessor in connection with the termination of this Lease and with the execution and delivery of such new lease, less the net amount of all sums received by Lessor from any occupants of any part or parts of the Property up to the date of commencement of such new lease; and (c) on or prior to the execution and delivery of such new lease, agree in writing that promptly following the delivery of such new lease, such Leasehold Mortgagee or its designee will perform or cause to be performed all of the other covenants and agreements herein contained on Lessee's part to be performed to the extent that Lessee shall have failed to perform the same to the date of delivery of such new lease. Nothing herein contained shall be deemed to impose any obligation on the part of Lessor to deliver physical possession of the Property to such Leasehold Mortgagee or its designee unless Lessor at the time of the execution and delivery of such new lease shall have obtained physical possession thereof.

27.15 If any Proposed Leasehold Mortgagee of Lessee reasonably requires a modification of the Lease, Lessor will agree to the modification provided: (i) Rent, Additional Rent, any revalued rent, and other amounts required to be paid under the Lease, and the time and manner of payment will not be changed; (ii) the Term will not be changed; (iii) the limitations on use of the Premises contained in the Lease will not be changed; (iv) Lessee's obligations under the Lease will not be reduced and Lessor's obligations to Lessee will not be increased; (v) no modification will materially or adversely change the rights and obligations of Lessor and Lessee under the Lease. Upon agreement by the parties, the parties shall execute an amendment to the Lease evidencing modifications required and permitted under this Section within a reasonable time after receipt of a written request.

ARTICLE 28

CITY'S SOVEREIGN RIGHTS

28.07 A. It is expressly understood that notwithstanding any provision of this Lease and the City's status as Lessor hereunder: (i) City retains all of its sovereign prerogatives and rights as a municipality under Florida laws (but not in regard to its status as Lessor and the performance of its contractual duties hereunder) and shall in no way be estopped from withholding or refusing to issue any approvals of applications for building or zoning; from exercising its planning or regulatory duties and authority; and from requiring development under present or future Legal Requirements of whatever nature applicable to the design, construction and development of the Project improvements provided for in this Lease; and (ii) City shall not by virtue of this Lease be obligated to grant Lessee, the Premises or the Project any approvals of applications for building, zoning, planning or development under present or future Legal Requirements of whatever nature applicable to the design, construction and development of the Project improvements provided for in this Lease.

B. Conversely, City approval of any plans pursuant to Articles 3 and 7 shall not relieve Lessee of its obligations under law to file such plans with any department of the City or any other governmental authority having jurisdiction over the issuance of Governmental Approvals and to take such steps as are necessary to obtain issuance of such Governmental Approvals. Lessor agrees to cooperate with Lessee in connection with the obtaining of such approvals and Governmental Approvals. Lessee acknowledges that any approval given by City, in its role as Lessor and not as the issuer of any Governmental Approvals, shall not constitute an opinion or agreement by City that the plans are structurally sufficient or in compliance with any Legal Requirements, codes or other applicable regulations, and no such approval shall impose any liability upon City. Lessee shall include a provision in each Leasehold Mortgage which will vest City with all

right, title and interest in the construction plans and specifications for the portion of the Project financed thereby, should an Event of Default occur, and the affected Leasehold Mortgagee does not elect to construct and complete the Project or pertinent portion thereof.

CERTIFICATE OF POSSESSION OF LEASEHOLD PREMISES

KNOW ALL MEN BY THESE PRESENTS of this Certificate of Possession of Leasehold Premises is made as of the ____ day of _____, 20__, by and between THE CITY OF TARPON SPRINGS, FLORIDA ("Lessor") and SAVANNAH COVE LIMITED PARTNERSHIP, a Florida limited partnership ("Lessee").

WITNESSETH:

Lessor has demised unto Lessee and Lessee has taken from Lessor for the term described below, the property described on Schedule "A" attached hereto located in Tarpon Springs, Pinellas County, Florida (the "Leased Premises"), pursuant to a Ground Lease dated as of April 1, 2003, which Ground Lease is recorded in Official Records Book _ at Page _, in the public records of Pinellas County, Florida.

The Lease provides that notice of the occurrence of the "Possession Date," as that term is defined in the Lease, shall be recorded in the Public Records to indicate the handing over of physical possession of the Leased Premises to Lessee.

This Certificate memorializes the agreement of Lessor and Lessee that the Possession Date is and shall be _____, 20__.

Lessor's interest shall not be subject to any mechanics' or materialmen's liens or liens of any kind for improvements made by the Lessee upon the Premises. All persons dealing with Lessee must look solely to the credit of Lessee, and not to Lessor's interest or assets.

IN WITNESS WHEREOF, the parties have executed this Certificate the day and year first above written.

Legal Description: Lease Agreement per Official Records Book 5058, Page 2182

"That Part of the Southeast 1/4 of Section 13, Township 27 South, Range 15 East, Pinellas County, Florida, described as follows: Commencing at the Southwest corner of the Southeast 1/4 of Section 13, run N.3°07'52"W. for a distance of 666.11' for a POINT OF BEGINNING; thence run N.3°07'52"W. for a distance of 60.83'; thence run N.14°16'06"E. for a distance of 289.17 feet; thence run S.89°46'27"E. for a distance of 220 feet; thence run S.2°47'36"E. for a distance of 350'; thence run N.89°46'27"W. to the POINT OF BEGINNING. Containing 2.05 acres, more or less."

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Anela Saday, Senior Procurement Analyst
Subject: Increase File No. 230139-P-AS, Electrical, Instrumentation, and Control System Services (5 Minutes)

Recommendation

Increase File No. 230139-P-AS, Electrical, Instrumentation, and Control System Services with McKim & Creed, Inc., in a one-time estimated amount not to exceed \$1,280,132.65, from \$955,000.00 to \$2,235,132.65, for the Public Services Department – Water and Wastewater utility divisions. Purchase orders will only be issued against approved budgets.

Background

On July 25, 2023, the BOC approved the subject Contract for a five (5) year term. The requested increase is project specific and needed to complete the City's utility Cybersecurity and Electrical Masterplan to meet new federal guidance and harden utility infrastructure to prevent cyberattacks. This project is the largest component of the utility Cybersecurity and Electrical Masterplan and was budgeted in the FY23 rate study at an estimated cost of \$1.4 million, which included \$700,000.00 in ARPA funding (see attached memo). The purpose of this contract is to provide ongoing and as needed, electrical engineering and instrumentation control services to support the City's water and wastewater utilities. This contract includes a variety of critical functions, including Supervisory Control and Data Acquisition (SCADA) systems, integrating new equipment and instruments into the utility systems, conducting cybersecurity audits, and providing electrical engineering services.

Pursuant to Chapter 281.301, Florida Statutes, information relating to security systems for any property owned or leased to the state or any of its political subdivisions is confidential and exempt from public access or disclosure.

Funding

FY24 402-4603-536.6300 Wastewater and 402-4305-536.6300 Water Treatment; \$700,000 previously authorized in federal ARPA funds, Project No. ARP011.

Strategic Plan Objective

N/A

Public Services Department

Memorandum

Date: April 8, 2024

To: Janina Lewis, Procurement Services Director

From: R. Thomas Kiger, Public Services Director

A handwritten signature in black ink, appearing to be "R. Thomas Kiger", enclosed in a circular scribble.

Subject: Authorize expenditure to purchase professional services and project implementation from McKim & Creed.

Recommendation

Authorize a one-time increase to Contract File No. 230139-P-AS in an amount of \$1,280,132.65, for design and implementation of the water and wastewater utility cybersecurity project.

Background

Water and wastewater utilities face an increasingly complex threat environment in the cybersecurity realm, and the federal government has released new guidance on improving cybersecurity for water and wastewater utilities through the Environmental Protection Agency (EPA), Cybersecurity and Infrastructure Security Agency (CISA, under the Department of Homeland Security), and the National Institute of Standards and Technology (NIST). The City has developed a utility Cybersecurity and Electrical Masterplan to meet federal guidance and harden utility infrastructure to be more resilient to cyberattacks. This project is the largest component of the utility cybersecurity plan and was budgeted in the FY23 rate study at an estimated cost of \$1.4 million, which includes \$700,000 in ARPA funding.

The City of Tarpon Springs water and wastewater utility maintains an ongoing contract for control system and electrical engineering services. Work performed under this contract includes critical functions for the City for both day-to-day operations and to support capital projects, including programming the utility control systems, cybersecurity audits, and electrical engineering services. Procurement Services competitively solicited this contract via a Request for Proposals in Spring of 2023, and McKim & Creed, Inc. submitted the highest scoring proposal, and was awarded a 5-year contract to perform these services. McKim & Creed will be completing this project under the existing City contract, based on their detailed knowledge of the City utility networks, which will minimize cybersecurity risk to the City and improve project costs. This spending authorization request is a one-time increase to complete this capital project, and the previously approved annual spending authorization for operational services will be unaffected.

This project will be implemented via a design-build project delivery method that will allow the consultant to collaborate with City staff to meet federal cybersecurity guidance while also seeking opportunities to improve value. The City has also leveraged its ongoing utility

engineering contract with Tetra Tech, to provide owner's representative services and provide third-party review on the design and implementation of the project. This will help to ensure that the project meets the complex federal cybersecurity guidance while also providing good value to the City.

The estimated cost of this project is \$1,191,021.50, and this cost has been reviewed via third-party by Tetra Tech and found to be reasonable for the scope of the project. This results in an anticipated project savings of approximately \$200,000, pending the completion of the final design. Due to the sensitive nature of this project regarding critical infrastructure, a detailed scope of work is not included in the public meeting materials, but the City Board of Commissioners are able to review backup materials or inquire on project details with staff in a secure format prior to the board meeting. Staff are requesting a \$1,280,132.65 spending authorization, which includes a 10% contingency on the hardware implementation component of the project, and no contingency on the design portion of the project.

Funding

Funds are available in the current year fiscal budget in Wastewater account 402-4603-536.6300 and Water Treatment Plant account 402-4305-536.6300. This included the previously authorized \$700,000 in federal ARPA funds, Project ARP011. This project was included in the FY23 utility rate sufficiency study and does not deviate from the costs included in the utility capital improvement plan.

MEMORANDUM

TO: Honorable Mayor and Board of Commissioners
THRU: Janina Lewis, CPPO, NIGP-CPP, Procurement Services Director *AL*
FROM: Anela Saday, CPPB, NIGP-CPP, Senior Procurement Analyst *AS*
DATE: 07/25/2023
SUBJECT: Award File No. 230139-P-AS, Electrical, Instrumentation, and Control System Services

RECOMMENDATION:

Award File No. 230139-P-AS, Electrical, Instrumentation, and Control System Services to McKim & Creed, Inc., for a five (5) year period effective from the date of award, in an estimated total amount not to exceed \$955,000, for the Public Services Department – Water and Wastewater Utilities. Purchase orders will only be issued against approved budgets.

BACKGROUND:

The purpose of this contract is to provide ongoing and as needed electrical engineering and instrumentation control services to support the City's water and wastewater utilities. This contract includes a variety of functions, including SCADA systems, integrating new equipment and instruments into the utility systems, conducting cybersecurity audits, and providing electrical engineering services (see attached memo).

Procurement Services issued a Request for Proposals, and two responses were received. The evaluation committee determined McKim & Creed, Inc., as the highest-ranking proposal and lowest cost proposal based on hourly unit rates. Work under this contract will be authorized as a series of smaller individual task work orders over the five (5) year term.

FUNDING: 402-4603-536.6300; 402-4603-536.3100; 402-4305-536.6300 and 402-4305-536.3100 - Water/Sewer Enterprise Fund

Memorandum

Date: July 19, 2023
To: Janina Lewis, Procurement Services Director
Through: Paul Smith, Public Services Director *PS*
From: R. Thomas Kiger, Public Services Assistant Director
Subject: Recommendation to Award RFP# 230139-P-AS to McKim & Creed, Inc. for Electrical, Instrumentation, and Control System Services for the Water and Sewer Utility.

Recommendation

It is recommended to award RFP# 230139-P-AS, Electrical, Instrumentation, and Control System Services to the top ranked proposer McKim & Creed, Inc. for a 5-year contract term with a total not to exceed amount of \$955,000 over five years.

Background

The City of Tarpon Springs water and wastewater utilities maintain an ongoing contract for electrical engineering and instrumentation and control services to support utility operations. This contract includes a variety of critical functions for the City, including programming the utility SCADA systems, integrating new equipment and instruments into the utility systems, and providing electrical engineering services for capital projects.

This contract was recently competitively advertised via an updated request for proposals, and McKim & Creed submitted the highest-ranking proposal. McKim & Creed was also the City's incumbent contractor for these services for the last five years and utility staff are familiar with McKim and Creed's work product, and have found this firm to be responsive, technically proficient, and dedicated to meeting City needs.

McKim & Creed has worked closely with the City to complete a series of critical infrastructure projects in a timely manner, including, upgrading the water and wastewater SCADA systems to a new software platform, integrating new instruments, programming treatment process improvements to improve utility operations, and supporting the completion of the wastewater treatment facility chlorine conversion project.

Historical spending for these services has ranged from \$80,000 to \$350,000 annually, depending on the annual needs for professional services to support ongoing operations or capital projects.

This contract was bid for a five-year term and McKim & Creed submitted both the highest-ranking proposal and the lowest cost proposal based on hourly unit rates. The requested spending authorization under this contract will be a total of \$955,000 over a five-year period, which accounts for annual professional engineering and SCADA integration needs, as well as a contractual annual unit rate increase of approximately 3%. This authorization represents an estimated maximum authorized contract amount based on the anticipated work over the next five years.

Work under this contract will be authorized as a series of smaller individual task work orders. Major planned initiatives include: upgrading the existing lift station control systems to updated SCADA software, improving SCADA systems for emergency response, process improvements at the AWWTF, and other general annual needs such as integrating replacement instruments or new equipment into the SCADA system.

Funding

Funds are available in the current year fiscal budget in the Water/Sewer Enterprise Fund in accounts Sewage Treatment 402-4603-536.6300, 402-4603-536.3100 and Water Treatment Plant 402-4305-536.6300 and 402-4305-536.3100.

June 13, 2023

City of Tarpon Springs
Procurement Services Department
324 E. Pine St
Tarpon Springs, Florida 34689

RE: RFP # 230139-P-AS: Electrical, Instrumentation, and Control System Services

Dear Members of the Selection Committee:

The McKim & Creed team is grateful for the opportunity to be considered for this important contract and looks forward to continuing to serve the City of Tarpon Springs.

PHILOSOPHY OF PLAY / With our business mission of "People Helping People Achieve Their Goals and Dreams," we always put our clients' needs first. We pursue this by comprehending your issues, challenges, and requirements. We recognize the value and relevance of maintaining working electrical systems and an up-to-date SCADA system. As a utility, consistent power and an up-to-date SCADA system are required to power, monitor, and manage the processes. A coordinated system that integrates data from power systems and plant SCADA systems saves time and allows operators to focus on more critical activities.

TEAM QUALIFICATIONS / The electrical and instrumentation (E&I) Group at McKim & Creed consists of 28 engineers, designers, programmers, integrators, and field administrators. We can also combine these resources with those of our internal IT department and our subcontractor OT Overwatch to secure the security of your utility system. We have over 150 years of combined experience with electrical and SCADA systems in municipal and industrial industries. We employ ten licensed professional engineers with licenses in more than 15 states. Our team's expertise includes critical specialty services such as IT resources, electrical engineering assistance, and MEP design.

EXPERIENCE & KNOWLEDGE / McKim & Creed, founded in 1978, provides a comprehensive range of engineering, surveying, and planning services. Electrical engineering, SCADA system design, PLC programming, SCADA HMI configuration, IT networks and cybersecurity, water and wastewater process planning and design, electrical and site/civil engineering, landscape architecture, structural engineering, and surveying specialties are among the firm's core competencies.

FOR OUR ORGANIZATION, SCADA IS NOT SECONDARY, BUT RATHER OUR PRIMARY FOCUS.

Our team has extensive experience ranging from standard design engineering to master planning investigations. This is supplemented by considerable experience in PLC, HMI, and related software development, network communications, system integration, instrument calibrations, and plant control system starting and conversions. The municipal water and wastewater industry is where McKim & Creed's SCADA expertise shines.

UNDERSTANDING OF THE SCOPE / We understand the necessity to keep operations running, and we have vast expertise in upgrading electrical and control systems to meet these needs. We understand the selected consultant will get individual work orders on an ongoing basis to offer electrical and SCADA planning, design, and integration at City facilities under this contract. We will also be able to help with networking issues, cybersecurity concerns, and process enhancements thanks to our enhanced in-house expertise.

Sincerely,

McKim & Creed, Inc.

1 AS-NEEDED INSTRUMENTS, SCADA, PLC'S, ELECTRICAL AUDIT TARPON SPRINGS, FL

McKim & Creed worked closely with the City of Tarpon Springs to provide comprehensive support for I&C and electrical systems, focusing on Citect before the conversion of VTScada, VTScada after the conversion, and Allen-Bradley PLCs. McKim & Creed assisted with their communication systems for their remote sites and provided instrumentation calibration for DEP compliance. McKim & Creed worked closely with the City of Tarpon to improve the control systems and optimize their water and wastewater treatment processes. The enhancements have increased efficiency and improved both performance and regulatory compliance for the facilities.

KEY HIGHLIGHTS

- Citect to VTScada Conversion
- Process Optimization
- Fast Response with all requests
- PLC code enhancements

2 MASTER PLAN – PLANNING, VISION, PLC'S, SCADA, MCC'S, BACKUP GENERATION TARPON SPRINGS, FL

McKim & Creed provided a thorough review and evaluation of the electrical and I&C systems for the City of Tarpon Springs. Evaluations included the power distribution and backup generation gear at both facilities and the remote pumping stations, as well as a complete review of the SCADA and PLC systems. The network switches and connectivity were also reviewed for the SCADA network as part of the plan to identify any cybersecurity issues. Telemetry options to add redundancy were evaluated due to the risk Florida has for hurricanes. All findings were assembled into a technical memorandum including recommendations for improvement. Project profiles were developed including scopes, budget estimates, and priority of execution were included in the report to assist the City with CIP planning.

KEY HIGHLIGHTS

- Identified Obsolete Equipment
- Road Map for Electrical Upgrades
- Future CIP Planning

3 SCADA SYSTEM CYBERSECURITY AUDIT CHARLOTTE COUNTY

Charlotte County Utilities (CCU) recognized they could be a more mature security organization. They engaged McKim & Creed and Crimson Resolve for a supervisory control and data acquisition (SCADA) System Cybersecurity Audit. Our team identified several architectural issues and firewall misconfigurations that could allow threat actors to gain access to both the IT and OT networks. Additionally, we upgraded several Internet discoverable and accessible devices to newer models, making them not visible via the internet.

During our audit, CCU acted very quickly to remediate issues upon discovery, such as disabling several insecure protocols such as SMBv2 and NetBIOS. Our team identified the protocols and improperly configured Business Modems, then corrected the configurations and mitigated the protocols.

The County's SCADA network hardware, configurations and policies were reviewed as well as their PLC hardware to ensure the most recent firmware versions were in use. A more comprehensive network audit was also performed to provide recommendations for improved security. Primary items audited were the SCADA facility and remote communication networks, network architecture, remote access, and the current backup and disaster recovery plan. A roadmap to Maturity was prepared to give the County guidance for moving the organization towards a high level of security maturity.

Charlotte County Utilities improved its security posture significantly and provided a roadmap for future maturity due to the attention given by the McKim & Creed and Crimson Resolve Team.

KEY HIGHLIGHTS

- + Rogue Device Removal
- + Internet Visible Exploitable Firewalls Found/Replaced
- + Unknown Network found with no ownership
- + Roadmap to architectural maturity reported

4 AS NEEDED – SERVER, NETWORKS, INSTRUMENTS, PLC'S, SCADA CHARLOTTE COUNTY

McKim & Creed worked closely with Charlotte County to provide comprehensive support for I&C and electrical systems, focusing on Wonderware before the conversion of VTScada, VTScada after the conversion, and Allen-Bradley PLCs. McKim & Creed assisted the County with its OT network and supported the IT Department when needed. As part of this contract, we provided emergency repair services to minimize downtime and prevent disruptions to the treatment processes. We installed new instrumentation and electrical equipment as required for system expansion or replacement; implemented upgrades and retrofits to enhance the performance, reliability, and efficiency of existing systems; ensured seamless integration of new equipment with the client's current infrastructure; and assisted with the commissioning and startup of the upgraded systems.

KEY HIGHLIGHTS

- PLC Troubleshooting
- SCADA Enhancements
- Process Optimization
- OT Network Assistance

5 MANATEE SWWRF POWER UPGRADE – POWER DISTRIBUTION, MCC'S, BACKUP GENERATION

MANATEE COUNTY

McKim & Creed provided design and construction of various electrical improvements at the Manatee County Southwest Water Reclamation Facility. The project included the replacement of medium voltage switchgear into a new climate-controlled room and replacing and reconfiguring six (6) existing substations with the creation of a new Florida Power and Light Transformer Vault. The project included I&C implementation of the electrical equipment in the facility's SCADA system and upgrading its obsolete PLC.

TAB 5: ABILITY OF FIRM TO PERFORM

5 ABILITY OF FIRM TO PERFORM

McKim & Creed has years of experience with the City of Tarpon Springs' SCADA systems and decades of experience with electrical and SCADA systems throughout the Southeast US. Our scope of services ranges from equipment evaluation, initial conceptual design, detailed design, programming, commissioning, construction administration, and cost estimating. Our staff is trained and located to provide exemplary service to the City of Tarpon Springs for all of their electrical and SCADA needs.

McKim & Creed's E&I Group is comprised of 28 engineers, designers, programmers, integrators and field administrators. Collectively we have over 150 years of experience with electrical and SCADA systems in the municipal and industrial markets. We have ten licensed professional engineers on staff that hold licenses in over 15 states.

We will service this contract from our E&I Group's Clearwater, FL office where we have 16 engineers, designers and programmers. Eric Brown, our Florida I&C Manager, lives less than two miles from the Tarpon Springs Wastewater Treatment Plant and will be available for support and project for the City.

We are proficient in the following hardware, software, and communication networks:

HARDWARE

Allen-Bradley PLC5, SLC-500,
MicroLogix, CompactLogix
and ControlLogix

Schneider SCADAPack, M340
and M580

Modicon Quantum

Siemens S5 Series and S7
Series

GE 9030 and RX3i

Automation Direct PLCs

Data Flow Systems (DFS)

SOFTWARE

Schneider Electric Citect

Wonderware InTouch and
System Platform

Rockwell FTViewSE and
FTViewME

GE Intellution and iFix

Induction Automation Ignition

Data Flow Systems (DFS)

COMMUNICATION

Ethernet

Ethernet I/P

Modbus

Modbus TCP

DNP3

Fiber Optic Networks
including both single-mode
and multi-mode

Licensed and Unlicensed
Radio Frequencies

Cellular

WE ALSO HAVE EXTENSIVE PROCESS EXPERIENCE IN ALL AREAS OF THE WATER AND WASTEWATER FIELD INCLUDING:

- » Water Plant Processes
- » Wastewater Plant Processes
- » Well Field Processes
- » Surface Water Applications
- » Sewer Pump Station Processes
- » Stormwater Pumping
- » Sluice Gate Control

CONTROL AND AUTOMATION EQUIPMENT AND METHODS:

- » Remote Telemetry Devices and Systems
- » Data Flow Systems (DFS)
- » Integrating OEM packages into overall plant systems
- » Green field design of new plants or plant expansions
- » Upgrade designs of plant control systems
- » Cloud-hosted HMI solutions
- » Virtualized server solutions

ELECTRICAL AREAS OF EXPERTISE:

- » Power distribution design — 15kv and below
- » Transformers, automatic transfer switches, redundant busses
- » Utility service and coordination
- » Backup & emergency generation
- » Grounding, lighting, lightning protection
- » Fire systems
- » Master planning
- » Asset inventory and evaluation
- » Arc flash studies and labels

CYBERSECURITY

McKim & Creed also brings extended services with us to this contract for IT services, Cybersecurity experience and knowledge of the Tarpon Springs processes. SCADA, IT and plant processes are all inter-related and the firm that can speak all three languages and interconnect them in design and application will produce a more well-rounded project solution. Sean Bolster is a member of our internal IT Group and will be available to the City for networking design and configuration support. Sean lives in Spring Hill, FL and works in the Tampa and Clearwater offices. Robert Burney, a subcontractor to us from Overwatch OT, lives in Sarasota and has extensive experience with Cybersecurity. He has worked with McKim & Creed and the City in the recent past to audit the cybersecurity profile and prepare a path towards a more mature system. He will work with our local SCADA resources to lead the City through the risk assessment and mitigation strategies to ensure a secure system.

While having all of this experience, knowledge and capabilities internally is important, without solid project management we cannot execute successful projects.

ADDITIONAL SERVICES:

- » Conceptual Design and Scope Development
- » Engineering Design and RFP Development
- » Support through bidding and award of integration
- » Development of PLC and HMI programs and integration
- » Design/Build solutions
- » Construction Administration
- » Construction Management
- » Field Investigation
- » As-Built documentation development
- » Panel fabrication
- » Field installation
- » System check-out, startup and commissioning
- » Training and O&M Manual Development

The City of Tarpon Springs can continue to depend on the McKim & Creed E&I team as they have since 2007.

McKim & Creed at its core is a professional engineering consultant firm and brings to every project our formal project management program. eTOPS (Electronic Threshold Operating Procedures and Standards) is closely woven into the fabric of the company and provides a sound, proven project management approach to ensure success.

Our method to managing and completing this project will include developing the scope, timeline, and fees, forecasting manpower, allocating resources, quality control, and reporting project progress. Where applicable, our scope creation approach involves research of current stations, interviews with key employees, and the application of years of industry experience. Internally, draft scopes are examined by top management before being given to the City for evaluation and discussion, with the final scope being the result. The project manager and/or project engineer assigned to the project develop the schedule and fees. Schedules and fees are created utilizing a work breakdown structure (WBS) approach, in which the project is divided into smaller jobs with their own costs and dates. Prior to submission, all schedules and fees are checked by higher management.

Team members are assigned to each project depending on technical needs, availability, and project timeline. Tasks are assigned based on team member experience and capability, and younger staff members work under the supervision and direction of senior staff members.

Each project begins with a kick-off meeting attended by the City, McKim & Creed, and suitable subcontractors. A communication plan is prepared after reviewing the safety program, scope, schedule, and budget. All projects have a purpose, which is frequently lost during the RFP and solicitation phases. We believe it is critical to discuss the project purpose during the kick-off meeting so that we completely comprehend the project's aim, not just the written scope. This technique frequently leads to value engineering opportunities that would otherwise be overlooked or ignored.

Projects are carried out using both internal McKim & Creed project management methods and industry-standard project management processes. Using both of these ensures a solid, well-rounded management strategy and a successful project. Throughout the length of the project, regular project meetings are held both internally and with the City. A single point of contact, usually the project manager, is designated. A formal QA/QC process that involves peer review and project engineer/manager evaluation is used to assess all submittals. Electronic and/or textual comments are recorded and included into the final submittal, depending on the submittal being authorized. These

comments are saved for further consideration as part of the QA/QC process. These reviews are performed and approved by successively higher-level people to guarantee that both the tiniest detail and the general goal of the design scope are accomplished.

Our considerable experience in the municipal sector has taught us the value of public safety and service. Every project undertaken by a municipality has the public as its ultimate client, and the project's performance is inversely proportional to its influence on the community. When carrying out projects, visually beautiful installations that do not disrupt public activities, the reduction or removal of environmental consequences, as well as thoughtful work schedules and alternatives to reduce noise and air pollution, are all priorities. Involving public and municipal project resources in project planning reduces the impact on the community and adds to a successful project. McKim & Creed has the experience required to detect and resolve possible challenges through the use of innovative concepts and methodologies.

McKim & Creed has had a fruitful 15-year collaboration with the City of Tarpon Springs. Our team designed a large portion of the SCADA system and was significantly involved in its installation. We recently completed a master plan for your electrical and SCADA systems to assist you in creating a vision for the future, and in the process, we got an extensive understanding of your plants. We will apply this knowledge and experience to improve plant operations by improving the process via SCADA data gathering and analysis. Our IT Group and Cybersecurity experts will collaborate with City staff to integrate the controls and city networks in a secure and easy-to-maintain manner.

McKim & Creed is one of the few firms that has worked on Data Flow Systems (DFS) and has merged their hardware and software into other SCADA systems. We have integrated data collecting and control with DFS systems at your site, as well as those in Manatee County, Charlotte County, Palm Coast, the City of Clearwater, Citrus County, and Marion County.

McKim & Creed is the apparent choice as the best firm for this contract based on its proximity to the City, knowledge of the City's systems and processes, and ability to provide in-house IT and Cybersecurity support. We are excited to work with the City again.

6

TAB 6: QUALIFICATIONS OF KEY PERSONNEL

6 QUALIFICATIONS OF KEY PERSONNEL

Backed by more than 40 years of industry experience, the instrumentation, controls and electrical professionals at McKim & Creed know and understand water and wastewater operations and the processes that control them. Through our approach of collaborative teamwork, outstanding engineering design, seamless system integration, thorough training and ongoing support, we plan, design, and implement in-plant and system-wide SCADA / I&C systems and in-plant power distribution systems that enable utilities to operate efficiently, effectively and safely.

To strengthen our team even further, we have added Robert Burney, with Overwatch OT as a subcontractor. Robert is located in Sarasota, FL and has extensive experience with Cybersecurity. He has worked with McKim & Creed and the City recently to audit the cybersecurity profile and prepare a path toward a more mature system. He will work with our local SCADA resources to lead the City through risk assessment and mitigation strategies to ensure a secure system.

Below is a table that highlights our proposed team, their office locations, years of experience and their areas of technical competency highlighted in the RFP. In addition, full-page resumes have been included for our **KEY STAFF** identified to the right.

MILITARY SERVICE

Air Defense Crewman, US Army, 1985-89

Mike's career spans over 28 years of planning, design, implementation and management of SCADA system and process instrumentation and controls projects in the industrial and municipal marketplace. He offers extensive experience in the areas of project management, QA/QC, control system planning and design, PLC and HMI software implementation, communications and network planning and control systems implementation. His system hardware and software knowledge extends to platforms provided by VTScaDa, Allen Bradley/Rockwell, Schneider Electric, Trihedral, Inductive Automation and Wonderware software.

► Project Experience

SCADA Modernization | Virginia Beach, VA: Project Manager. McKim & Creed worked with Virginia Beach and the contractor to put together a comprehensive plan to upgrade 450 stations while continuing to provide uninterrupted services to the residents and businesses of Virginia Beach. This plan included the offline testing of each component of the system prior to deployment to the field to ensure minimum downtime. Virginia Beach Operations was included in the plan development so they could make system configuration changes to maintain service during the upgrade outage.

HMI Evaluation and Recommendation | Hillsborough County | Tampa, FL: Project Manager. The McKim & Creed team evaluated six different SCADA Human Machine Interface (HMI) software platforms and submitted an evaluation report of the findings with recommendations to Hillsborough County. The evaluation was performed to provide the County with a basis for determining if an upgrade to its HMI software is required, and which of the available software platforms would best support the County's management of its water and wastewater utilities.

Charlotte County SCADA Master Plan | Charlotte County, FL: QA/QC Manager. Charlotte County enlisted McKim & Creed to develop a SCADA master plan that acts as a detailed roadmap to the County for enacting SCADA system improvements. Our team's scope of work included five key elements: project management, goals/objectives workshops, system data collection, information analysis and development of the master plan document.

FMS Phase II SCADA Server Split and Rebuild | Hillsborough County, FL: Project Manager. McKim & Creed was selected to create a single Citect HMI application with four separate clusters (FMS, FMSN, FMSC and FMSS) for the Northwest pumps, BSOC and South County AWTP Citect application zones. This single application was loaded on each of the three sets of redundant server pairs.

WWTP SCADA Upgrade Evaluation | City of Inverness | Inverness, FL: Principal. McKim & Creed provided professional engineering services to replace the aging SCADA system at the City's wastewater treatment plant with a VTScaDa HMI. The scope of work included onsite programming and configuration work to stabilize the old system while upgrades were accomplished.

Eric offers over 28 years of experience in designing, building and installing hardware and software for SCADA applications in the wastewater and water industries. Mr. Brown is well-versed in PLC programming using Siemens, Emerson, Schneider Electric, GE, Automation Direct and Allen Bradley applications and has experience with numerous SCADA related Human Machine Interface (HMI) software packages including VTScada, Wonderware, CitectSCADA, VTScada, Rockwell FactoryTalk, and iFix.

► Project Experience

As-Needed – Instruments, SCADA, PLC's, Electrical gear | Tarpon Springs, FL:

Project Manager. McKim & Creed worked closely with the City of Tarpon Springs to provide comprehensive support for I&C and electrical systems, focusing on Citect before the conversion of VTScada, VTScada after the conversion, and Allen-Bradley PLCs. McKim & Creed assisted with their communication systems for their remote sites and provided instrumentation calibration for DEP compliance. McKim & Creed worked closely with the City of Tarpon to improve the control systems and optimize their water and wastewater treatment processes. The enhancements have increased efficiency and improved both performance and regulatory compliance for the facilities.

Charlotte County SCADA Master Plan | Charlotte County, FL:

Senior I&C Specialist. Charlotte County enlisted McKim & Creed to develop a SCADA master plan that acts as a detailed roadmap to the County for enacting SCADA system improvements. Our team's scope of work included five key elements: project management, goals/objectives workshops, system data collection, information analysis and development of the master plan document.

SCADA System Upgrades | Charlotte County, FL:

Project Manager. McKim & Creed migrated their current SCADA system from Wonderware App Server to VTScada to reduce costs and improve functionality. The project scope included procurement of computer equipment and software as well as the development of the SCADA applications to migrate 5 facilities: Burnt Store WRF, Rotunda WRF, Burnt Store WTP, East Port WRF, West Port WRF. McKim & Creed met with operations to discuss screen design and functionality prior to development. With the intention to define the conceptual screen layouts, pop-ups, navigation, and functionality for all facilities using these decisions.

SCADA Standards | Charlotte County, FL: Project Manager. McKim & Creed worked with the County staff to develop SCADA standards for us in future projects. We developed the specifications and drawings to define how the PLC and SCADA programming and hardware design would be performed. This will ensure the County receives a standard, repeatable, and proven design each time regardless of the consultant performing the work. We also researched various communication products and protocols and selected one that would optimize their remote site communications and preserve data during times of communication interruptions.

Master Plan – Planning, Vision, Plc's, Scada, Mcc's, Backup Generation | Tarpon Springs, FL:

Project Manager. McKim & Creed provided a Cybersecurity audit in two phases for the City of Tarpon Springs with the assistance of our sub-contractor. The project's first phase identified immediate threats to the system and vulnerabilities that required attention. The project's second phase provided a more in-depth audit of the systems, where we evaluated the network topology, reviewed the City's disaster recovery plan, reviewed remote connectivity methods and procedures, and provided a roadmap for cybersecurity maturity.

Ian Ott

SENIOR TECHNICAL SPECIALIST

QUALIFICATIONS

- PLC & HMI Programming
- VTScada, Ignition, Citect, and Wonderware Platforms
- Allen Bradley/Rockwell and Schneider Software

EDUCATION

B.S., Electrical Systems Technology, Southern Illinois University

Ian is an I&C Specialist with over a decade of experience in the design, implementation and management of SCADA system and process instrumentation and controls projects in the industrial and municipal marketplace. He has experience in PLC programming, HMI development, VFD integration and Servo/robotics programming. His hardware and software knowledge extends to platforms provided by Allen Bradley/Rockwell software, Schneider software, VTScada, Ignition, Citect, and Wonderware.

► Project Experience

SCADA Standards | Charlotte County, FL: Senior Technical Specialist .McKim & Creed worked with the County staff to develop SCADA standards for us in future projects. We developed the specifications and drawings to define how the PLC and SCADA programming and hardware design would be performed. This will ensure the County receives a standard, repeatable, and proven design each time regardless of the consultant performing the work. We also researched various communication products and protocols and selected one that would optimize their remote site communications and preserve data during times of communication interruptions.

SCADA Migration - Remote Sites | Charlotte County, FL: Senior Technical Specialist. Charlotte County Utilities (CCU) requested a SCADA Master Plan to identify concerns and prepare a vision for their future SCADA system. Per the County's needs, McKim & Creed added the current remote sites to the newly installed VTScada system for better visibility and to be prepared for migration to different technologies. McKim & Creed procured the software as well as developed the SCADA applications to use VTScada and display the information from the DFS remote sites. VTScada was connected to DFS's Hyper SCADA Server and collected the station data from there instead of communicating directly from VTScada to each remote station which consisted of the 6 following locations: Vacuum Sewer Stations, Water Booster Stations, Lift Stations, Reclaim Stations with Tanks, Reclaim Stations without Tanks, and Ingraham Disinfection Station.

Wonderware/SCADA Support Services | Charlotte County, FL: Senior Technical Specialist .McKim & Creed upgraded the Allen-Bradley SLC-504 and Data Highway Remote I/O Components at the West Port Water Reclamation Facility due to the lifecycle status of their hardware. Included in this project scope upgrade was the programming of the new PLC components purchased by the County and the modifications to the recently installed VTScada application. The County performed the installation of the components with the assistance of McKim & Creed. The County's IT department is in the process of installing the fiber optic cabling and configured the new managed network switches. McKim & Creed is executing this project in collaboration and coordination with the CCU staff.

SCADA Standards | City of St. Petersburg, FL: Senior Technical Specialist. McKim & Creed is providing SCADA Standards for the City of St. Petersburg. These standards are critical for consistent and reliable SCADA system development, implementation and maintenance. Proper use will reduce maintenance and operations costs as well as improve the overall functionality, reliability, and maintainability of the system. This project is to develop and document the standards associated with proper and successful SCADA system development and implementation. Included is the development of code blocks and objects that can be reused, reducing development time. Two standard lift station RTU designs will be developed in conjunction with the Lift Station Standards team.

Flavio specializes in instrumentation and controls design and programming in our Clearwater, Florida office. He is proficient with electrical industrial equipment, instrumentation, programmable controllers, operator interfaces, SCADA network system and fiber distribution systems. Flavio has a thorough understanding of various software packages, including RSView32, InTouch, Allen Bradley, Siemens and Modicom controllers. His expertise also extends to electrical power and distribution having prior experience as an electrician and low voltage technician. He offers more than 18 years of experience working with instrumentation, automation, and control systems.

► Project Experience

Master Plan – Planning, Vision, Plc's, Scada, Mcc's, Backup Generation | Tarpon Springs, FL:

I&C Specialist. McKim & Creed provided a Cybersecurity audit in two phases for the City of Tarpon Springs with the assistance of our sub-contractor. The project's first phase identified immediate threats to the system and vulnerabilities that required attention. The project's second phase provided a more in-depth audit of the systems, where we evaluated the network topology, reviewed the City's disaster recovery plan, reviewed remote connectivity methods and procedures, and provided a roadmap for cybersecurity maturity.

SCADA System Upgrades | Charlotte County, FL:

I&C Specialist. McKim & Creed migrated their current SCADA system from Wonderware App Server to VTSada to reduce costs and improve functionality. The project scope included procurement of computer equipment and software as well as the development of the SCADA applications to migrate 5 facilities: Burnt Store WRF, Rotunda WRF, Burnt Store WTP, East Port WRF, West Port WRF. McKim & Creed met with operations to discuss screen design and functionality prior to development. With the intention to define the conceptual screen layouts, pop-ups, navigation, and functionality for all facilities using these decisions.

As Needed SCADA Support Services | City of Clearwater, FL: I&C specialist. McKim & Creed is providing on a continual basis the City of Clearwater as-needed technical consulting to support the continued maintenance and operation of the computer hardware, software and HMI systems used by the Water Pollution Control Division in monitoring and control of the wastewater treatment facilities.

William Dunn WWTP Belt Press Control Panel Replacement | Pinellas County, FL: I&C specialist for the complete upgrade of the MCP-DW with a PLC-based solution featuring flat-panel touch screens and operator-process interface (OPI) and functionality. The electrical/control cabinets of two belt filter presses (BFPs) were gutted and replaced; only the cabinets and some field equipment were reused. McKim & Creed's turnkey services included overall retrofit design; equipment removal, procurement and installation; management of electrical and panel fabricator subconsultants; wiring and testing; and PLC and SCADA programming. The new system allows plant operations staff to monitor and control the sludge press equipment locally via the OPIs, as well as remotely through the plant's SCADA system.

Mike's career spans over three decades of design, implementation and project management of electrical and instrumentation systems in the industrial and municipal marketplace. He is adept at engineering designs, AutoCAD, and construction management, including start-up, troubleshooting and commissioning. Additionally, Mike excels at managing projects, mentoring designers and engineers, construction support and building client and trades relationships. He has recent experience and professional development in Ethics, Safety, 2017 NEC Code Changes, SEL Protective Relay Programming for Transformer and Motor Protection, Allen Bradley VFD and Smart MCC programming.

► Project Experience

East Port WRF Expansion Design | Charlotte County, FL: Senior Electrical Engineer. McKim & Creed provided electrical and I&C design services as subconsultant to Jones Edmunds to support the contract with Charlotte County Utilities (CCU) for engineering and construction of upgrades to CCU's East Port Water Reclamation Facility (WRF). The scope of services included a capacity analysis of all WRF electrical distribution systems; an energy efficiency evaluation with consideration of alternatives that include solar, anaerobic digestion with biogas, natural gas and technology advances on process equipment; evaluation of expansion plan relative to electrical and I&C systems; and update of the Preliminary Engineering Report developed by Jones Edmunds to upgrade the existing facility from 6 mgd to 9 mgd capacity. Our team also supported the application for State Revolving Fund assistance for the project.

Burnt Store Water Reclamation Facility | Charlotte County, FL: Senior Electrical Engineer. Charlotte County has retained McKim & Creed to provide master planning, preliminary engineering, design and construction phase services in three distinct, overlapping and integrated phases to replace the existing 0.5 mgd Burnt Store Water Reclamation Facility (WRF) with a new 2.5 mgd facility with the capability to expand to 7.5 mgd. The existing WRF will be decommissioned and demolished upon completion and successful start-up of the new WRF. Major unit treatment processes in the new WRF will include: influent lift station, headworks structure, biological treatment system, clarifier flow splitter box, secondary clarifiers, return/waste activated sludge pump station, tertiary treatment, chlorine contact basin, sodium hypochlorite disinfection system, effluent transfer pump station, reclaimed and reject water storage, reclaimed water high-service pump station, aerated sludge holding, plant drain pump station, electrical building and standby power facilities.

Master Plan – Planning, Vision, Plc's, Scada, Mcc's, Backup Generation | Tarpon Springs, FL: Senior Electrical Engineer. McKim & Creed provided a Cybersecurity audit in two phases for the City of Tarpon Springs with the assistance of our sub-contractor. The project's first phase identified immediate threats to the system and vulnerabilities that required attention. The project's second phase provided a more in-depth audit of the systems, where we evaluated the network topology, reviewed the City's disaster recovery plan, reviewed remote connectivity methods and procedures, and provided a roadmap for cybersecurity maturity.

Adam is an I&C Programmer with over a decade of experience in the design, implementation and management of SCADA system and process instrumentation and controls projects in the industrial and municipal marketplace. He has experience in Networks, Servers, PLC programming, HMI development programming. His hardware and software knowledge extends to platforms provided by Schneider software, VTSceda, and Wonderware.

► Project Experience

Pinellas County PS-190 RTU Replacement | Pinellas County, FL: I&C Programmer. Pinellas County Utilities recently commissioned a SCADA Master Plan to identify concerns and prepare a vision for their future SCADA system. Detailed in the recommendations of the final report was developing a design standard for the lift station RTU panels. To stay with this vision, PCU upgraded the RTU at PS-190 from Motorola ACE to Schneider Electric M340. The project included the design of PS-190 RTU panel and the development of the RTU programming as well as the modification of the Wonderware SCADA template.

Pinellas County Security Audit | Pinellas County, FL: I&C Specialist. McKim & Creed provided an audit on the major facility security equipment, such as cameras, fence lines, gates, and card access stations, to better improve their facility security posture. This audit focused on coverage of the major facilities, access to controlled areas, and equipment technological advances. Prepared a technical memorandum with an audit summary, and recommendations for security posture improvement.

Town of Horseshoe Beach As-needed Services | Pinellas County, FL: I&C Programmer. McKim & Creed provided as-needed services for the City of Horseshoe Beach / US Water. The services included assisting with their Siemens S7-300 PLC and the WINCC application. In addition the programming assistance, We programmed, configured and installed their firewall device to allow for a secure VPN connection.

- ⊕ Experienced with the design of power distribution system elements
- ⊕ Highly skilled in the use of CAD, Excel, and MathCAD based tools

EDUCATION

B.S., Electrical Engineering,
University of South Florida

LICENSURE

Professional Engineer, FL
#91041

Laurel is experienced with the design of power distribution system elements such as generators, medium and low voltage switchgear, motor control centers, and single and three-phase panel boards. She has experience performing voltage drop calculations and expected load calculations including three-phase current vector plotting, designing electronic control systems for pump stations and other wastewater facility components, and performing cost-benefit analysis for both new installations and upgrades to existing equipment and facilities. She is highly skilled in the use of CAD, Excel, and MathCAD based tools.

► Project Experience

SEWRF 10 MG Storage Tank and High Service Pumps | Manatee County, FL:

Engineer Intern. Ms. Smith set up an independent low service (low pressure) system at the SEWRF to distribute effluent from the CCCs to the storage ponds. This effort was implemented to improve MCMRS reliability during facility upset conditions and reduce power consumption of the facility to bring down operating costs. Project included installation of new 10 mg GST, high service RCW pumping system, electrical and SCADA system components.

WWRF Biological Treatment Improvements DCP | City of Largo, FL:

Engineer Intern. Ms. Smith provided electrical engineering design for upgrading "middle of the plant" processes to increase capacity and mitigate storm surge. Electrical design included elevated standby generation systems and elevated electrical distribution buildings in several locations throughout the plant. Process changes provided for elevated pumping, filter and valve systems. Design-build construction was used to expedite the project schedule to accommodate for the annual storm season.

Howard Curren WWTP Master Plan Phase I City of Tampa, FL:

Engineer Intern. McKim & Creed provided engineering services for phase 1 of the project, which included; review of the historical and ongoing projects, reports and studies; initial observation and familiarization of the plant; and a conceptual level assessment of major equipment within the facility and the current operations.

Marshall St. Lab and East APCF Generator Improvement Project | City of

Clearwater (David Porter), Clearwater, FL: Engineer Intern. Project included demolition of two standby generator systems and the consolidation into one single standby generator which was mounted on a raised concrete platform with hurricane rated enclosure. New power ductbanks and switchgear were installed along with four new transfer switches. Complete bulk fuel and day tanks were also part of the project. Controls of these system were a combination of hardwired and Ethernet over a fiber media.

Water Treatment Plant Biological Treatment Unit | Manatee County, FL:

Engineer Intern. Provided design, permitting, bidding and construction phase services needed for the WTP Biological Treatment Unit (BTU). Electrical design called for upgrades and addition to existing medium voltage (MV) plant distribution system with the addition of MV breakers and 2000kVA transformers, new MV feeders to raw water pumping stations, and 1500kVa plant process transformers, motor control centers and switchgear.

TAB 7: LOCATION OF PERSONNEL

7 LOCATION OF PERSONNEL

In this section, we have provided a map (below) outlining the location of our proposed team and their respective locations, as well as an organizational chart on the following page. In addition, Table 1 on the following page includes information about our team's location, years of experience, and technical competencies relative to the scope of work identified in this RFP.

Our Instrumentation and Electrical (I&E) group is fully capable of responding quickly to the City's work authorizations. Our staff members are multifaceted in I&C and electrical design and implementation and capable of performing SCADA, PLC, HMI, communication, and electrical repair, maintenance and training.

McKim & Creed will manage and execute assignments, minimizing City involvement to where it is most needed, thus saving your valuable time for other duties.

NON-COLLUSION AFFIDAVIT

I, Mike Stoup, PE, depose and say that:

1. I am Vice President of the firm of McKim & Creed, Inc., the firm submitting the response described in this Request for Proposals for: RFP 230139-P-AS, Electrical, Instrumentation, and Control System Services and that I executed the said response with full authority to do so:

2. the prices in this bid have been arrived at independently without collusion, consultation, communication or agreement for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

3. unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to bid opening, directly or indirectly, to any other bidder or to any competitor; and

4. no attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit, or not to submit, a bid for the purpose of restricting competition;

5. the statements contained in this affidavit are true and correct, and made with full knowledge that the City of Tarpon Springs relies upon the truth of the statements contained in this affidavit in awarding contracts for said project.

Signature of Bidder: *Mike Stoup* Date: 6/12/2023

STATE OF: Florida CITY OF: Hernando

PERSONALLY APPEARED BEFORE ME, the undersigned authority, who, after first being sworn by me, (name of individual signing) affixed his/her signature in the space provided above on this June 12 day of 2023.

NOTARY PUBLIC

My Commission Expires: 4/5/2027

DRUG FREE WORKPLACE CERTIFICATION

The SIGNED PROPOSER (Below) CERTIFIES that it has implemented a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under quote a copy of the statement specified in subsection 1.
4. In the statement specified in subsection 1, notify the employees that, as a condition of working on the commodities or contractual services that are under quote, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, drug abuse assistance or rehabilitation program if such is available in employee's community, by any employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

MINIMUM INSURANCE REQUIREMENTS

1. Insurance

Contractor shall carry the following minimum types and amounts of insurance at its own expense, for the contract period:

- A. The insurance required must be written by an insurer authorized to do business in the State of Florida and also have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current A.M. Best Company, Inc. Key Rating Guide. Prior to the time the contractor is entitled to commence any part of the project, work, or services under this contract, Contractor shall procure, pay for, and maintain at least the following insurance coverages and limits. Said insurance shall be evidenced by delivery to Procurement Services for the City of Tarpon Springs of a Certificate of Insurance executed on a standard ACORD form, listing all coverage and limits, expiration dates and terms of policies, and all endorsements whether or not required by the City. The insurance requirements shall remain in effect throughout the term of this Contract, or any Contract extension.

1.	Commercial General Liability	
	Each Occurrence	\$1,000,000
	General Aggregate	\$1,000,000
	Products-Completed Operations Aggregate	\$1,000,000
	Personal and Advertising Injury	\$1,000,000
	Broad Form Property Damage and Fire Legal Liability(Per Occurrence)	\$50,000
2.	Automobile Liability	
	Each Occurrence Combined Single Limit	\$1,000,000
	General Aggregate	\$1,000,000
3.	Worker's Compensation	\$1,000,000
4.	Employer's Liability	
	Each Accident	\$1,000,000
	Disease Each Employee	\$1,000,000
	Disease Policy Limit	\$1,000,000

- B. Each Insurance Policy shall include the following conditions by endorsement to the policy:

1) Each policy shall require that thirty (30) days prior to expiration, cancellation, non-renewal, or any material change in coverages or limits, a notice thereof shall be given to the City by certified mail to: City of Tarpon Springs, c/o Procurement Services, P.O. Box 5004, Tarpon Springs, Florida, 34688-5004. Contractor shall also notify City, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal, or material change in coverage received by said Contractor

from its insurer; and nothing contained herein shall absolve Contractor of this requirement to provide notice.

2) Companies issuing the insurance policy, or policies, shall have no recourse against City for payment of premiums or assessments for any deductibles which all are at the sole assessments for any deductibles which all are at the sole responsibility and risk of Contractor.

3) The term "CITY" shall include all Authorities, Boards, Commissions, Divisions, Departments, and offices of City and individual members, employees thereof in their official capacities, and/or while acting on behalf of the City.

4) City of Tarpon Springs shall be endorsed to the required policy or policies as an "Additional Insured" or "Additional Named Insured", endorsed on the policy/policies.

5) The policy clause "Other Insurance" shall not apply to any insurance coverage currently held by City to any such future coverage, or to City's Self-Insured Retentions of whatever nature.

- C. Cyber Liability Technology:** Including Errors and Omissions with minimum limits of \$3,000,000.00 per occurrence, prior to performing services, Contractor will provide to the owner a certificate of insurance including Cyber Security Insurance Coverage in the event of data breach. Failure to provide said certificate or failure to maintain said Cyber Security Insurance during Agreement's term shall constitute a material breach of the Agreement.

DATA SECURITY: The parties agree to abide by and maintain adequate security measures, consistent with industry standards and best practices to protect Confidential Electronic data from unauthorized disclosure or acquisition by an unauthorized person. These measures shall include, but are not limited to:

1. Data Encryption both at rest and in transit.
2. Strong Authentication and Appropriate Access Control for any data shares.
3. Data Classification clearly labeling the sensitivity of shared information defined as classified or sensitive.

has not directly or indirectly induced or solicited any other Proposer to submit a false or sham Proposal; Proposer has not solicited or induced any person, firm or corporation to refrain from bidding; and Proposer has not sought by collusion to obtain for itself any advantage over any other Proposer or over City of Tarpon Springs.

4. Proposer will perform scope of services in accordance with the Proposal Documents for prices shown on the Pricing Summary submitted with the Proposal.

Proposer: Mike Stang (signature)

Typical titles associated with this level of work might include Principal Engineer/Scientist, Project Director, Group Lead/Manager, Practice Leader, or similar roles.

OFFER SUBMITTED BY: Mike Stoup, PE | McKim & Creed, Inc. on June 13, 2023.

AGREEMENT FOR PLANNING CONSULTANT SERVICES

This Agreement is made on the 8 day of August, 2023 (the "Effective Date"), by and between the City of Tarpon Springs (the "Client") and McKim & Creed, Inc. (the "Consultant") (collectively, the "Parties").

WHEREAS, the Client has determined that it requires certain continuing Consultant services to facilitate its operations; and

WHEREAS, on April 26, 2023, the City of Tarpon Springs, Florida ("Tarpon Springs") issued Request for Proposals #230139-P-AS ("RFP") ("EXHIBIT A"), for the purpose of receiving statements of proposals from registered professional Consultants to provide Consultant services as described in the RFP (the "Services"); and

WHEREAS, on June 12, 2023, the Consultant responded to the RFP ("EXHIBIT B") and City of Tarpon Springs subsequently selected the Consultant as the most qualified proposer; and

WHEREAS, on July 25, 2023, the Consultant and City of Tarpon Springs awarded an Agreement to Furnish Electrical, Instrumentation, and Control System Services (the "City Contract") wherein the Consultant agreed to perform the Services for City of Tarpon Springs in accordance with the terms and conditions described therein; and

NOW, THEREFORE, in consideration of the mutual agreements set forth hereafter and for other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Performance of the Services. The Consultant shall make available to Client, and provide to Client as requested, the same Services as are available and provided to City of Tarpon Springs in accordance with the terms and conditions of the City Contract, at the prices specified therein. All references to the "City" or "City of Tarpon Springs" in the City Contract shall, for purposes of this Agreement, mean Client.
2. Additional Services. This Agreement is only for the provision of those Services provided by or made available by Consultant to City of Tarpon Springs in the City Contract. The Parties understand that any other Consultant services Client may wish to acquire may or may not be acquired from Consultant, and will be acquired in accordance with applicable law and Client's procurement code and administrative policies.
3. Incorporation by Reference; Order of Precedence. This Agreement incorporates and makes a part hereof by reference the following documents: (i) the RFP (EXHIBIT A), (ii) the Consultant's response to the RFP (EXHIBIT B), (iii) the City Contract. Notwithstanding any term in the City Contract to the contrary, in the event of any irreconcilable conflict between the terms of these respective documents, the terms in this Agreement shall prevail over the above-listed documents. In the event of any irreconcilable conflict between the terms of the above-listed documents the earlier-listed document shall prevail over conflicting terms in the subsequently listed document.
4. Term and Termination of the Agreement. The term of this agreement shall be for a five (5) year period of performance from the date of contract execution, and may be terminated as provided for in Section 2.21 of the RFP (EXHIBIT A) of the City Contract.
5. Staff Title References. The City Contract refers in various places to certain City of Tarpon Springs officials or employees. The Parties agree that for purposes of this Agreement, references to these officials or employees shall mean the City of Tarpon Springs City Manager, or her/his designee.
6. Public Records Act Compliance. The Consultant and any subconsultants shall comply with all applicable requirements contained in the Florida Public Records Law, including but not limited to any applicable provisions in Florida Statutes § 119.0701. Pursuant to that statute, the Consultant shall:

- (a) Keep and maintain public records required by the Client to perform the Services provided hereunder.
- (b) Upon request from the Client's custodian of public records, provide the Client with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the Client.
- (d) Upon completion of the Agreement, transfer, at no cost, to the Client all public records in the possession of the Consultant or keep and maintain public records required by the Client to perform the service. If the Consultant transfers all public records to the Client upon completion of the Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of the Agreement, it shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Client, upon request from the Client's custodian of public records, in a format that is compatible with the information technology systems of the Client.

If the Consultant fails to comply with the requirements in this Section, the Client may enforce these provisions in accordance with the terms of this Agreement. If the Consultant fails to provide the public records to the Client within a reasonable time, it may be subject to penalties under Florida Statutes § 119.10.

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, THE CONSULTANT SHOULD CONTACT THE CLIENT'S CUSTODIAN OF PUBLIC RECORDS AT:

**CITY CLERK
410 NORTH RING AVENUE
TARPON SPRINGS, FL 34689
727-942-5614
CITYCLERK1@CTSFL.US**

7. Notices. All notices given pursuant to this Agreement, except as may otherwise be specified in the applicable Account Documentation, shall be sent by certified U.S. mail, return receipt requested, or by tracked overnight courier, or by in-person hand delivery, to the official and address provided below:

Client:
City OF Tarpon Springs

Consultant:
McKim & Creed, Inc.

Attn: City Manager

Tarpon Springs, FL 34689

Attn: Mike Stoup, PE
McKim & Creed, Inc.
1365 Hamlet Avenue,
Clearwater, Florida, 33756

8. Representations and Warranties.

- a. The Parties represent and warrant to each other that this Agreement constitutes a legal, valid, and binding obligation enforceable in accordance with its terms, and that the execution and performance of the Agreement (i) does not breach any agreement of such Party with any third party, (ii) does not violate any law, rule or regulation, (iii) is within its organizational powers, and (iv) has been authorized by all necessary action of such Party.
- b. Each Party to this Agreement further represents and warrants that all appropriate authority exists so as to duly authorize the person executing this Agreement to so execute the same and fully bind the Party on whose behalf he or she is executing.

9. Miscellaneous.

- a. This Agreement, together with the documents incorporated by reference, constitutes the entire agreement between the Parties and supersedes any prior understanding or agreement between the Parties, either verbal or written, respecting the same subject.
- b. No delay or failure to exercise a right under this Agreement shall impair such right or shall be construed to be a waiver thereof, but such right may be exercised from time to time and as often as deemed expedient. The failure of one Party at any time to require performance by the other Party of any term in this Agreement shall in no way affect the right of the demanding Party thereafter to enforce same. Nor shall waiver by one Party of any breach of any term of this Agreement by the other Party be taken or held to be a waiver of any succeeding breach of such term or as a waiver of any term itself. To be effective, any waiver shall be in writing and signed by the Party granting such waiver. Any such waiver shall be limited to the particular right so waived and shall not be deemed to waive any other right under this Agreement.
- c. No assignment of this Agreement or any right or responsibility occurring under this Agreement, shall be made in whole or in part by the Consultant without the express written consent of the Client. The Client shall have the right to approve or deny, with or without cause, any proposed or actual assignment by the Consultant. Any assignment of this Agreement made by the Consultant without the express written consent of the Client shall be null and void and shall be grounds for the Town to declare a default of this Agreement.
- d. The laws of the State of Florida shall govern the rights, obligations, duties and liabilities of the Parties to this Agreement and shall govern the interpretation of this Agreement. Any and all legal or equitable actions necessary to enforce this Agreement shall be held and maintained solely in the state and federal courts in and for Pinellas County, Florida. Venue shall lie exclusively in Pinellas County.
- e. Notwithstanding Article 9(C) of the City Contract, in any civil, administrative, bankruptcy, or other proceeding concerning this Agreement, each Party shall pay all of their own costs, attorneys' fees and expenses, including all costs, fees, and expenses incurred in any administrative hearing, trial,

appeal, and mediation, notwithstanding the outcome of those proceedings. Each Party hereby waives any award of attorney fees it might otherwise recover as the prevailing Party in such proceedings.

- f. The Consultant shall at all times comply with all laws now in effect or hereafter enacted, which are applicable in any way to the Consultant's officers, employees, agents, or subcontractors, or the delivery of the Consultant's Services to Client.
- g. In case any provision of this Agreement shall be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions thereof, and this Agreement shall remain operative and binding on the Parties.
- h. Nothing contained herein shall be deemed or construed by the Parties, or by any third party, as creating the relationship of principal and agent or of partnership or of joint venture between the Parties, it being understood and agreed that nothing contained herein, nor any acts of the Parties, shall be deemed to create any relationship between the Parties other than the relationship of independent contractors.
- i. This Agreement only provides rights and remedies for the Client and Consultant. Notwithstanding anything else contained herein, this Agreement does not provide any rights or remedies for any other Person. There are no third-party beneficiaries under this Agreement.
- j. Pursuant to Florida Statutes § 287.135, the Consultant is not eligible to enter into, or renew, this Agreement if:
 - (i) The Consultant is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List (as identified in Florida Statutes § 215.473);
 - (ii) The Consultant engages in business operations in Cuba or Syria; or
 - (iii) The Consultant is on the Scrutinized Companies that Boycott Israel List (as identified in Florida Statutes § 215.4725), or is engaged in a boycott of Israel.

By entering into this Agreement, the Consultant certifies that it is not on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies that Boycott Israel List, and that it is not engaged in a boycott of Israel. The Consultant acknowledges that it will execute a certification to this effect at the time it executes this Agreement.

The Consultant shall notify the Client if, at any time during the term of this Agreement, it is placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies that Boycott Israel List, or that it is engaged in a boycott of Israel. Such notification shall be in writing and provided by the Consultant to the Client within ten (10) days of the date of such occurrence.

In the event the Client determines, using credible information available to the public, that the Consultant has submitted a false certification or that Consultant is found to have been placed on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel, the Client may, in its sole discretion, terminate this Agreement and seek a civil penalty and other

damages and relief against the Consultant, pursuant to Florida Statutes § 287.135. In addition, the Client may pursue any and all other legal remedies against the Consultant.

- k. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their respective authorized officers as of the Effective Date.

MEMORANDUM

To: Honorable Mayor and Board of Commissioners
From: Mark LeCouris, City Manager
Date: April 11, 2024
Subject: Final Approval for Purchase of 0 Lincoln Avenue

After completion of due diligence and appraisals, I am recommending the BOC approve the purchase of 0 Lincoln Avenue (2 parcels) located at the corner of Meres/Safford. I have attached all the backup on this property which is vital to the City for stormwater/water quality purposes. If approved, the City hopes to close on the property the beginning of May.

MGL/th

Project Administration Department

324 East Pine Street
Tarpon Springs FL 34689
(727) 942-5638

Memorandum

Date: April 5, 2024
To: Mark LeCouris, City Manager
From: Bob Robertson, P.E., Project Administration Department Director
Subject: Proposed Purchase of Lincoln Avenue Parcel ID No. 13-27-15-21348-005-0132 and No. 13-27-15-21348-005-0131

The following information is provided for your consideration with respect to the subject proposed property purchase. The properties of interest are adjacent parcels located between Safford Avenue and Lincoln Avenue, north of and adjacent to Meres Blvd. (see figure below). The Vacant Land Contract for the property purchase is included as **Attachment 1** to this memo.

<u>Property Parcel Number</u>	<u>Street Address</u>
13-27-15-21348-005-0131	Lincoln Avenue (un-numbered)
13-27-15-21348-005-0132	Lincoln Avenue (un-numbered)

Appraisals (See Attachment 2):

Two independent appraisals were commissioned for these parcels. The appraised values represent the combined value of the two subject properties. The appraised values and average is provided below.

<u>Appraisal</u>	<u>Value</u>
Appraisal #1	\$225,000
Appraisal #2	\$360,000
Average Value	\$292,500

Phase 1 Environmental Site Assessment (See Attachment 3):

As part of the due diligence effort, a Phase 1 Environmental Site Assessment (ESA) was commissioned by the City through Stantec Inc. (one of the City's Engineers of Record). The ESA included both properties in its analysis. The report (attached) indicates the following:

- No indications of recognized environmental conditions (RECs) in connection with the subject properties.
- No indications of Historical (HRECs) or Controlled RECs in connection with the subject properties.
- The known presences of wetlands within the subject property boundaries meets a definition of a Business Environmental Risk (BER).

Please refer to the attached report for additional information.

Stormwater Analysis (See Attachment 4):

In addition to the appraisals and ESA work mentioned above, a previous analysis by the City's Stormwater Engineer of Record was conducted for the subject properties. This analysis was included in the City Manager's BOC backup materials from the February 20, 2024 BOC Regular Session Meeting at which the Board authorized staff to proceed with the due diligence on the subject properties.

Vacant Land Contract

1* **1. Sale and Purchase ("Contract"):** Thomas Rice (Breeze Treasures LLC) Mark Moen (Breeze Treasures LLC)

2* ("Seller") and City of Tarpon Springs

("CFPB Requirements), if applicable, then Closing Date shall be extended for such period necessary to satisfy CFPB Requirements, provided such period shall not exceed 10 days.

6. Financing: (Check as applicable)

- (a) ☒ **Buyer** will pay cash for the Property with no financing contingency.
- (b) ☐ This Contract is contingent on **Buyer** qualifying for and obtaining the commitment(s) or approval(s) specified below ("Financing") within _____ days after Effective Date (Closing Date or 30 days after Effective Date, whichever occurs first, if left blank) ("Financing Period"). **Buyer** will apply for Financing within _____ days after Effective Date (5 days if left blank) and will timely provide any and all credit, employment, financial, and other information required by the lender. If **Buyer**, after using diligence and good faith, cannot obtain the Financing within the Financing Period, either party may terminate this Contract and **Buyer's** deposit(s) will be returned.

- (1) ☐ **New Financing:** **Buyer** will secure a commitment for new third party financing for \$ _____ or _____ % of the purchase price at (Check one) ☐ a fixed rate not exceeding _____ % ☐ an adjustable interest rate not exceeding _____ % at origination (a fixed rate at the prevailing interest rate based on **Buyer's** creditworthiness if neither choice is selected). **Buyer** will keep **Seller** and Broker fully informed of the loan application status and progress and authorizes the lender or mortgage broker to disclose all such information to **Seller** and Broker.
- (2) ☐ **Seller Financing:** **Buyer** will execute a ☐ first ☐ second purchase money note and mortgage to **Seller** in the amount of \$ _____, bearing annual interest at _____ % and payable as follows:

The mortgage, note, and any security agreement will be in a form acceptable to **Seller** and will follow forms generally accepted in the county where the Property is located; will provide for a late payment fee and acceleration at the mortgagee's option if **Buyer** defaults; will give **Buyer** the right to prepay without penalty all or part of the principal at any time(s) with interest only to date of payment; will be due on conveyance or sale; will provide for release of contiguous parcels, if applicable; and will require **Buyer** to keep liability insurance on the Property, with **Seller** as additional named insured. **Buyer** authorizes **Seller** to obtain credit, employment, and other necessary information to determine creditworthiness for the financing. **Seller** will, within 10 days after Effective Date, give **Buyer** written notice of whether or not **Seller** will make the loan.

- (3) ☐ **Mortgage Assumption:** **Buyer** will take title subject to and assume and pay existing first mortgage to

LN# _____ in the approximate amount of \$ _____ currently payable at \$ _____ per month, including principal, interest, ☐ taxes and insurance, and having a ☐ fixed ☐ other (describe) _____ interest rate of _____ % which ☐ will ☐ will not escalate upon assumption. Any variance in the mortgage will be adjusted in the balance due at closing with no adjustment to purchase price. **Buyer** will purchase **Seller's** escrow account dollar for dollar. If the interest rate upon transfer exceeds _____ % or the assumption/transfer fee exceeds \$ _____, either party may elect to pay the excess, failing which this Contract will terminate; and **Buyer's** deposit(s) will be returned. If the lender disapproves **Buyer**, this Contract will terminate; and **Buyer's** deposit(s) will be returned.

- 7. Assignability: (Check one)** **Buyer** ☐ may assign and thereby be released from any further liability under this Contract, ☐ may assign but not be released from liability under this Contract, or ☒ may not assign this Contract.

- 8. Title:** **Seller** has the legal capacity to and will convey marketable title to the Property by ☐ statutory warranty deed ☒ special warranty deed ☐ other (specify) _____, free of liens, easements, and encumbrances of record or known to **Seller**, but subject to property taxes for the year of closing; covenants, restrictions, and public utility easements of record; existing zoning and governmental regulations; and (list any other matters to which title will be subject) _____, provided there exists at closing no violation of the foregoing.

- (a) **Title Evidence:** The party who pays for the owner's title insurance policy will select the closing agent and pay for the title search, including tax and lien search (including municipal lien search) if performed, and all other fees charged by closing agent. **Seller** will deliver to **Buyer**, at

- (Check one) ☒ **Seller's** ☐ **Buyer's** expense and
 (Check one) ☐ within _____ days after Effective Date ☒ at least 10 days before Closing Date,
 (Check one)

- (1) ☒ a title insurance commitment by a Florida licensed title insurer setting forth those matters to be discharged by **Seller** at or before closing and, upon **Buyer** recording the deed, an owner's policy in the

Buyer () and Seller ( ) acknowledge receipt of a copy of this page, which is 2 of 8 pages.
 VAC-14xx Rev 7/23

©2023 Florida Realtors®

amount of the purchase price for fee simple title subject only to the exceptions stated above. If **Buyer** is paying for the owner's title insurance policy and **Seller** has an owner's policy, **Seller** will deliver a copy to **Buyer** within 15 days after Effective Date.

- (2) ☐ an abstract of title, prepared or brought current by an existing abstract firm or certified as correct by an existing firm. However, if such an abstract is not available to **Seller**, then a prior owner's title policy acceptable to the proposed insurer as a base for reissuance of coverage may be used. The prior policy will include copies of all policy exceptions and an update in a format acceptable to **Buyer** from the policy effective date and certified to **Buyer** or **Buyer's** closing agent together with copies of all documents recited in the prior policy and in the update. If such an abstract or prior policy is not available to **Seller**, then (1) above will be the title evidence.

(b) **Title Examination:** After receipt of the title evidence, **Buyer** will, within 10 days (10 days if left blank) but no later than Closing Date, deliver written notice to **Seller** of title defects. Title will be deemed acceptable to **Buyer** if (i) **Buyer** fails to deliver proper notice of defects or (ii) **Buyer** delivers proper written notice and **Seller** cures the defects within _____ days (30 days if left blank) ("Cure Period") after receipt of the notice. If the defects are cured within the Cure Period, closing will occur within 10 days after receipt by **Buyer** of notice of such cure. **Seller** may elect not to cure defects if **Seller** reasonably believes any defect cannot be cured within the Cure Period. If the defects are not cured within the Cure Period, **Buyer** will have 10 days after receipt of notice of **Seller's** inability to cure the defects to elect whether to terminate this Contract or accept title subject to existing defects and close the transaction without reduction in purchase price.

(c) **Survey:** **Buyer** may, at **Buyer's** expense, have the Property surveyed and must deliver written notice to **Seller**, within 5 days after receiving survey but not later than 5 days before Closing Date, of any encroachments on the Property, encroachments by the Property's improvements on other lands, or deed restriction or zoning violations. Any such encroachment or violation will be treated in the same manner as a title defect and **Seller's** and **Buyer's** obligations will be determined in accordance with Paragraph 8(b).

(d) **Ingress and Egress:** **Seller** warrants that the Property presently has ingress and egress.

9. **Property Condition:** **Seller** will deliver the Property to **Buyer** at closing in its present "as is" condition, with conditions resulting from **Buyer's** Inspections and casualty damage, if any, excepted. **Seller** will not engage in or permit any activity that would materially alter the Property's condition without the **Buyer's** prior written consent.

(a) **Inspections: (Check (1) or (2))**

(1) ☒ **Due Diligence Period:** **Buyer** will, at **Buyer's** expense and within 90 days (30 days if left blank) ("Due Diligence Period") after Effective Date and in **Buyer's** sole and absolute discretion, determine whether the Property is suitable for **Buyer's** intended use. During the Due Diligence Period, **Buyer** may conduct a Phase 1 environmental assessment and any other tests, analyses, surveys, and investigations ("Inspections") that **Buyer** deems necessary to determine to **Buyer's** satisfaction the Property's engineering, architectural, and environmental properties; zoning and zoning restrictions; subdivision statutes; soil and grade; availability of access to public roads, water, and other utilities; consistency with local, state, and regional growth management plans; availability of permits, government approvals, and licenses; and other inspections that **Buyer** deems appropriate. If the Property must be rezoned, **Buyer** will obtain the rezoning from the appropriate government agencies. **Seller** will sign all documents **Buyer** is required to file in connection with development or rezoning approvals. **Seller** gives **Buyer**, its agents, contractors, and assigns, the right to enter the Property at any time during the Due Diligence Period for the purpose of conducting Inspections, provided, however, that **Buyer**, its agents, contractors, and assigns enter the Property and conduct Inspections at their own risk. **Buyer** will indemnify and hold **Seller** harmless from losses, damages, costs, claims, and expenses of any nature, including attorneys' fees, expenses, and liability incurred in application for rezoning or related proceedings, and from liability to any person, arising from the conduct of any and all Inspections or any work authorized by **Buyer**. **Buyer** will not engage in any activity that could result in a construction lien being filed against the Property without **Seller's** prior written consent. If this transaction does not close, **Buyer** will, at **Buyer's** expense, (i) repair all damages to the Property resulting from the Inspections and return the Property to the condition it was in before conducting the Inspections and (ii) release to **Seller** all reports and other work generated as a result of the Inspections.

Before expiration of the Due Diligence Period, **Buyer** must deliver written notice to **Seller** of **Buyer's** determination of whether or not the Property is acceptable. **Buyer's** failure to comply with this notice requirement will constitute acceptance of the Property as suitable for **Buyer's** intended use in its "as is" condition. If the Property is unacceptable to **Buyer** and written notice of this fact is timely delivered to **Seller**, this Contract will be deemed terminated, and **Buyer's** deposit(s) will be returned.

Buyer (ML) and Seller (TR) acknowledge receipt of a copy of this page, which is 3 of 8 pages.
VAC-14xx Rev 7/23

©2023 Florida Realtors®

- (2) ☐ **No Due Diligence Period:** **Buyer** is satisfied that the Property is suitable for **Buyer's** purposes, including being satisfied that either public sewerage and water are available to the Property or the Property will be approved for the installation of a well and/or private sewerage disposal system and that existing zoning and other pertinent regulations and restrictions, such as subdivision or deed restrictions, concurrency, growth management, and environmental conditions, are acceptable to **Buyer**. This Contract is not contingent on **Buyer** conducting any further investigations.
- (b) **Government Regulations:** Changes in government regulations and levels of service which affect **Buyer's** intended use of the Property will not be grounds for terminating this Contract if the Due Diligence Period has expired or if Paragraph 9(a)(2) is selected.
- (c) **Flood Zone:** **Buyer** is advised to verify by survey, with the lender, and with appropriate government agencies which flood zone the Property is in, whether flood insurance is required, and what restrictions apply to improving the Property and rebuilding in the event of casualty.
- (d) **Coastal Construction Control Line ("CCCL"):** If any part of the Property lies seaward of the CCCL as defined in Section 161.053, Florida Statutes, **Seller** will provide **Buyer** with an affidavit or survey as required by law delineating the line's location on the Property, unless **Buyer** waives this requirement in writing. The Property being purchased may be subject to coastal erosion and to federal, state, or local regulations that govern coastal property, including delineation of the CCCL, rigid coastal protection structures, beach nourishment, and the protection of marine turtles. Additional information can be obtained from the Florida Department of Environmental Protection, including whether there are significant erosion conditions associated with the shore line of the Property being purchased.
- ☐ **Buyer** waives the right to receive a CCCL affidavit or survey.

10. Closing Procedure; Costs: Closing will take place in the county where the Property is located and may be conducted by mail or electronic means. If title insurance insures **Buyer** for title defects arising between the title binder effective date and recording of **Buyer's** deed, closing agent will disburse at closing the net sale proceeds to **Seller** (in local cashier's check if **Seller** requests in writing at least 5 days before closing) and brokerage fees to Broker as per Paragraph 21. In addition to other expenses provided in this Contract, **Seller** and **Buyer** will pay the costs indicated below.

(a) Seller Costs:

Taxes on deed
Recording fees for documents needed to cure title
Title evidence (if applicable under Paragraph 8)
Estoppel Fee(s)
Other: _____

(b) Buyer Costs:

Taxes and recording fees on notes and mortgages
Recording fees on the deed and financing statements
Loan expenses
Title evidence (if applicable under Paragraph 8)
Lender's title policy at the simultaneous issue rate
Inspections
Survey
Insurance
Other: Environmental Study (if applicable), appraisal(s) (if applicable), any additional due diligence required by the Buyer.

(c) **Prorations:** The following items will be made current and prorated as of the day before Closing Date: real estate taxes (including special benefit tax liens imposed by a CDD), interest, bonds, assessments, leases, and other Property expenses and revenues. If taxes and assessments for the current year cannot be determined, the previous year's rates will be used with adjustment for any exemptions.

(d) **Special Assessment by Public Body:** Regarding special assessments imposed by a public body, **Seller** will pay (i) the full amount of liens that are certified, confirmed, and ratified before closing and (ii) the amount of the last estimate of the assessment if an improvement is substantially completed as of Effective Date but has not resulted in a lien before closing; and **Buyer** will pay all other amounts. If special assessments may be paid in installments, ☐ **Seller** ☒ **Buyer** (**Buyer** if left blank) will pay installments due after closing. If **Seller** is checked, **Seller** will pay the assessment in full before or at the time of closing. Public body does not include a Homeowners' or Condominium Association.

(e) **PROPERTY TAX DISCLOSURE SUMMARY:** **BUYER** SHOULD NOT RELY ON THE **SELLER'S** CURRENT PROPERTY TAXES AS THE AMOUNT OF PROPERTY TAXES THAT **BUYER** MAY BE OBLIGATED TO PAY IN THE YEAR SUBSEQUENT TO PURCHASE. A CHANGE OF OWNERSHIP OR PROPERTY

Buyer (ML) (____) and Seller (TR) (MM) acknowledge receipt of a copy of this page, which is 4 of 8 pages.
VAC-14xx Rev 7/23

IMPROVEMENTS TRIGGERS REASSESSMENTS OF THE PROPERTY THAT COULD RESULT IN HIGHER PROPERTY TAXES. IF YOU HAVE ANY QUESTIONS CONCERNING VALUATION, CONTACT THE COUNTY PROPERTY APPRAISER'S OFFICE FOR FURTHER INFORMATION.

- (f) **Foreign Investment in Real Property Tax Act ("FIRPTA"):** If **Seller** is a "foreign person" as defined by FIRPTA, **Seller** and **Buyer** will comply with FIRPTA, which may require **Seller** to provide additional cash at closing.
- (g) **1031 Exchange:** If either **Seller** or **Buyer** wish to enter into a like-kind exchange (either simultaneously with closing or after) under Section 1031 of the Internal Revenue Code ("Exchange"), the other party will cooperate in all reasonable respects to effectuate the Exchange including executing documents, provided, however, that the cooperating party will incur no liability or cost related to the Exchange and that the closing will not be contingent upon, extended, or delayed by the Exchange.

11. Computation of Time: Calendar days will be used when computing time periods, except time periods of 5 days or less. Time periods of 5 days or less will be computed without including Saturday, Sunday, or national legal holidays specified in 5 U.S.C. 6103(a). Other than time for acceptance and Effective Date as set forth in Paragraph 3, any time periods provided for or dates specified in this Contract, whether preprinted, handwritten, typewritten or inserted herein, which shall end or occur on a Saturday, Sunday, or national legal holiday (see 5 U.S.C. 6103) shall extend until 5:00 p.m. (where the Property is located) of the next business day. **Time is of the essence in this Contract.**

12. Risk of Loss; Eminent Domain: If any portion of the Property is materially damaged by casualty before closing or **Seller** negotiates with a governmental authority to transfer all or part of the Property in lieu of eminent domain proceedings or an eminent domain proceeding is initiated, **Seller** will promptly inform **Buyer**. Either party may terminate this Contract by written notice to the other within 10 days after **Buyer's** receipt of **Seller's** notification, and **Buyer's** deposit(s) will be returned, failing which **Buyer** will close in accordance with this Contract and receive all payments made by the governmental authority or insurance company, if any.

13. Force Majeure: **Seller** or **Buyer** will not be required to perform any obligation under this Contract or be liable to each other for damages so long as the performance or non-performance of the obligation is delayed, caused, or prevented by an act of God or force majeure. An "act of God or "force majeure" is defined as hurricanes, earthquakes, floods, fire, unusual transportation delays, wars, insurrections, and any other cause not reasonably within the control of **Seller** or **Buyer** and which by the exercise of due diligence the non-performing party is unable in whole or in part to prevent or overcome. All time periods, including Closing Date, will be extended for the period that the act of God or force majeure is in place. However, in the event that such act of God or force majeure event continues beyond 30 days, either party may terminate this Contract by delivering written notice to the other; and **Buyer's** deposit(s) will be returned.

14. Notices: All notices will be in writing and delivered to the parties and Broker by mail, personal delivery, or electronic means. **Buyer's failure to timely deliver written notice to Seller, when such notice is required by this Contract, regarding any contingency will render that contingency null and void, and this Contract will be construed as if the contingency did not exist. Any notice, document, or item delivered to or received by an attorney or licensee (including a transactions broker) representing a party will be as effective as if delivered to or received by that party.**

15. Complete Agreement; Persons Bound: This Contract is the entire agreement between **Seller** and **Buyer**. **Except for brokerage agreements, no prior or present agreements will bind Seller, Buyer, or Broker unless incorporated into this Contract.** Modifications of this Contract will not be binding unless in writing, signed or initialed, and delivered by the party to be bound. Electronic signatures will be acceptable and binding. This Contract, signatures, initials, documents referenced in this Contract, counterparts, and written modifications communicated electronically or on paper will be acceptable for all purposes, including delivery, and will be binding. Handwritten or typewritten terms inserted in or attached to this Contract prevail over preprinted terms. If any provision of this Contract is or becomes invalid or unenforceable, all remaining provisions will continue to be fully effective. **Seller** and **Buyer** will use diligence and good faith in performing all obligations under this Contract. This Contract will not be recorded in any public record. The terms "**Seller**," "**Buyer**," and "**Broker**" may be singular or plural. This Contract is binding on the heirs, administrators, executors, personal representatives, and assigns, if permitted, of **Seller**, **Buyer**, and Broker.

16. Default and Dispute Resolution: This Contract will be construed under Florida law. This Paragraph will survive closing or termination of this Contract.

- (a) **Seller Default:** If **Seller** fails, neglects, or refuses to perform **Seller's** obligations under this Contract, **Buyer** may elect to receive a return of **Buyer's** deposit(s) without thereby waiving any action for damages resulting

Buyer ( (____) and Seller ( ) acknowledge receipt of a copy of this page, which is 5 of 8 pages.
VAC-14xx Rev 7/23

©2023 Florida Realtors®

from **Seller's** breach and may seek to recover such damages or seek specific performance. **Seller** will also be liable for the full amount of the brokerage fee.

(b) Buyer Default: If **Buyer** fails, neglects, or refuses to perform **Buyer's** obligations under this Contract, including payment of deposit(s), within the time(s) specified, **Seller** may elect to recover and retain the deposit(s), paid and agreed to be paid, for the account of **Seller** as agreed upon liquidated damages, consideration for execution of this Contract, and in full settlement of any claims, whereupon **Seller** and **Buyer** will be relieved from all further obligations under this Contract; or **Seller**, at **Seller's** option, may proceed in equity to enforce **Seller's** rights under this Contract.

17. Attorney's Fees; Costs: In any litigation permitted by this Contract, the prevailing party shall be entitled to recover from the non-prevailing party costs and fees, including reasonable attorney's fees, incurred in conducting the litigation. This Paragraph 17 shall survive Closing or termination of this Contract.

18. Escrow Agent; Closing Agent: **Seller** and **Buyer** authorize Escrow Agent and closing agent (collectively "Agent") to receive, deposit, and hold funds and other items in escrow and, subject to Collection, disburse them upon proper authorization and in accordance with Florida law and the terms of this Contract, including disbursing brokerage fees. "Collection" or "Collected" means any checks tendered or received have become actually and finally collected and deposited in the account of Agent. The parties agree that Agent will not be liable to any person for misdelivery of escrowed items to **Seller** or **Buyer**, unless the misdelivery is due to Agent's willful breach of this Contract or gross negligence. If Agent interpleads the subject matter of the escrow, Agent will pay the filing fees and costs from the deposit and will recover reasonable attorneys' fees and costs to be paid from the escrowed funds or equivalent and charged and awarded as court costs in favor of the prevailing party.

19. Professional Advice; Broker Liability: Broker advises **Seller** and **Buyer** to verify all facts and representations that are important to them and to consult an appropriate professional for legal advice (for example, interpreting this Contract, determining the effect of laws on the Property and this transaction, status of title, foreign investor reporting requirements, the effect of property lying partially or totally seaward of the CCCL, etc.) and for tax, property condition, environmental, and other specialized advice. **Buyer** acknowledges that all representations (oral, written, or otherwise) by Broker are based on **Seller** representations or public records. **Buyer agrees to rely solely on Seller, professional inspectors, and government agencies for verification of the Property condition and facts that materially affect Property value.** **Seller** and **Buyer** respectively will pay all costs and expenses, including reasonable attorneys' fees at all levels, incurred by Broker and Broker's officers, directors, agents, and employees in connection with or arising from **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations. **Seller** and **Buyer** hold harmless and release Broker and Broker's officers, directors, agents, and employees from all liability for loss or damage based on (i) **Seller's** or **Buyer's** misstatement or failure to perform contractual obligations; (ii) the use or display of listing data by third parties, including, but not limited to, photographs, images, graphics, video recordings, virtual tours, drawings, written descriptions, and remarks related to the Property; (iii) Broker's performance, at **Seller's** or **Buyer's** request, of any task beyond the scope of services regulated by Chapter 475, Florida Statutes, as amended, including Broker's referral, recommendation, or retention of any vendor; (iv) products or services provided by any vendor; and (v) expenses incurred by any vendor. **Seller** and **Buyer** each assume full responsibility for selecting and compensating their respective vendors. This Paragraph will not relieve Broker of statutory obligations. For purposes of this Paragraph, Broker will be treated as a party to this Contract. This Paragraph will survive closing.

20. Commercial Real Estate Sales Commission Lien Act: If the Property is commercial real estate as defined by Section 475.701, Florida Statutes, the following disclosure will apply: The Florida Commercial Real Estate Sales Commission Lien Act provides that when a broker has earned a commission by performing licensed services under a brokerage agreement with you, the broker may claim a lien against your net sales proceeds for the broker's commission. The broker's lien rights under the act cannot be waived before the commission is earned.

21. Brokers: The licensee(s) and brokerage(s) named below are collectively referred to as "Broker." **Instruction to closing agent:** **Seller** and **Buyer** direct Closing Agent to disburse at Closing the full amount of the brokerage fees as specified in separate brokerage agreements with the parties and cooperative agreements between the Brokers, except to the extent Broker has retained such fees from the escrowed funds. This Paragraph will not be used to modify any MLS or other offer of compensation made by **Seller** or listing broker to cooperating brokers.

340 **22. Addenda:** The following additional terms are included in the attached addenda and incorporated into this Contract
 341 **(Check if applicable):**
 342* ☐ A. Back-up Contract
 343* ☐ B. Kick Out Clause
 344* ☐ C. Other _____

345* **23. Additional Terms:**
 346 A. The Buyer Acknowledges the receipt of the following documents: Land Survey, Soil Assessments, previous Site Plans and
 347 Seller Disclosures.
 348 B. Unless the Buyer notifies Seller on or before expiration of the Due Diligence Period that the Property "is" or "is not"
 349 suitable, the property shall be determined to be "suitable".
 350 C. Seller shall maintain the Property until time of closing in its present "As-Is" condition.
 351 D. The Seller is represented by a Real Estate Broker, as noted herein. The Seller is solely responsible for the payment
 352 and remission of any Broker fees and/or Commissions, pursuant to the mutually signed Listing Agreement on file between
 353 Seller & said Broker. The Buyer shall be responsible to pay their own Broker and/or Attorney Fees; should they wish to
 354 engage in any such extraneous services. Closing costs shall be defined as noted within this Vacant Land Contract.
 355 E. Seller warrants that there are no facts known to Seller that would materially affect the value of the Property, or
 356 which would be detrimental to the Property, or which would affect Buyer's desire to purchase the property except as
 357 follows: Landfill (specified by the soil assessment reports provided), wetland fill (of which credits have been paid to
 358 the land bank) and Brazilian pepper trees. Please refer to the Seller Disclosures Attached.
 359 F. The Buyer must notify the Seller prior to entering the subject property. The Seller may be required to provide access.
 360 G. Approval by Buyer. Before the closing date, the Buyer's City Commission, in its sole and absolute discretion, shall
 have approved, at a publicly advertised meeting, acquisition of the Property upon all of the terms contained in the
 Contract to Purchase.

COUNTER-OFFER/REJECTION

362* ☐ Seller counters Buyer's offer (to accept the counter-offer, Buyer must sign or initial the counter-offered terms and
 363 deliver a copy of the acceptance to Seller).
 364* ☐ Seller rejects Buyer's offer

365 **[The remainder of this page is intentionally left blank.]**

RE: Appraisal Services
Vacant Intensive Business Parcel
Meres Boulevard at Safford Avenue
Tarpon Springs, Florida 34689

Dear Mr. Robertson:

At your request, I have made an appraisal report of the market value of the subject real property only. The property and methods utilized in arriving at the final value estimate are fully described in the attached report, which contains 18 pages and Addenda.

This Appraisal Report has been made in conformance with and is subject to the requirements of the Code of Professional Ethics and Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Institute and the Appraisal Foundation. The Appraisal Report and final value estimate are subject to all attached Contingent and Limiting Conditions.

I have made a careful and detailed analysis of the subject property and after analyzing the market data researched for this report, I estimate that the market value of the referenced real property only subject to the stated limitations, definitions and certifications set forth in the attached appraisal report as of March 12, 2024, was:

TWO HUNDRED TWENTY-FIVE THOUSAND DOLLARS
(\$225,000)

Respectfully submitted,

JAMES MILLSPAUGH & ASSOCIATES, INC.

James M. Millspaugh, MAI

EXISTING CONDITIONS

VACANT INTENSIVE BUSINESS PARCEL
MERES BOULEVARD AT SAFFORD AVENUE
TARPON SPRINGS, FLORIDA 34689

DATE OF PHOTOGRAPHS: MARCH 12, 2024

MAIN SITE VIEW LOOKING WEST FROM LINCOLN AVENUE

LINCOLN AVENUE STREET SCENE LOOKING SOUTH TOWARD SUBJECT ON RIGHT

IDENTIFICATION OF THE PROPERTY:

The site is located in the northeast quadrant of Meres Boulevard and Safford Avenue just east of the Pinellas Trail and US 19-A intersection. It is legally described as follows:

Lot 13 less the north 150' of the W/2 and less the north 200' of the
E/2 plus the south 55' of the north 200' of Disston and Keeney's
Block 5, Plat Book H1, Page 31.

CENSUS TRACT LOCATION/ZIP CODE: #274.04/34689

FLOOD ZONE LOCATION: Pinellas County, Florida
Map #12103C0019H
Effective Date: 8/24/21

The subject is located in a .2% annual chance Flood Hazard, Area of 1% annual chance flood with average depths of less than one foot or with drainage areas of less than one square mile: zone X. The surrounding Coastal Flood Plain AE has a required finished floor elevation of 9' that would likely be required for new improvements. Based upon the 2023 Aerial Map from the Southwest Florida Water Management District for 13-27-15, the site elevation for the subject is near 6' with Meres Boulevard near the 3'-4' level, with terrain here sloping to the south along Harrison Street to the subject parcel.

ENVIRONMENTAL AUDIT DATA:

The Appraisal has been performed without benefit of an environmental audit and presumes that no problems exist, however, I reserve the right to review and/or alter the value reported herein should a subsequent audit reveal problems.

OBJECTIVE AND INTENDED USE/USERS OF THE APPRAISAL REPORT:

The objective of the report is to estimate the current market value of the subject parcel in fee simple estate as of March 12, 2024 (date of inspection and photographs). It is my understanding that the intended use of this report is to guide the City of Tarpon Springs in their proposed purchase of the property for public use to improve the City's water quality within the adjacent 123.5 acre Whitcomb Bayou Watershed as described in the attached WSP transmission letter. The intended users of the report are City representatives only and no others.

EXPOSURE PERIOD ESTIMATE:

This is the past period of time required to have sold the subject property at my value estimate as of the appraisal date. The site was reported on the local MLS for 514 days at a \$399,000 listing price after being denied a building permit in March 2022 for a proposed boat storage facility. Sites having development issues of questionable access and utilities typically have longer marketing periods that are oftentimes extended due to over-pricing. This site was acquired for this use concept in October 2019 at \$190,000/\$3.81 PSF with it currently under contract to the City of Tarpon Springs pending two independent appraisals. As such, if priced realistically the required period would likely fall in the 6 to 12 month range.

STATEMENT OF OWNERSHIP AND RECENT SALES HISTORY:

The property was acquired as noted in October 2019 at \$190,000 (recorded O. R. Book 20760, Page 1415) and currently is listed for sale in the MLS at \$399,000 with no known subsequent private contracts.

SCOPE OF THE APPRAISAL:

The extent of my research effort has included data from the Pinellas Clerk's and Property Appraiser's files, local MLS data, various internet sources, business periodicals, and my newspaper clipping files. I have inspected the site, the locale and viewed the Land Sales Comparisons with verification by a related party. The report will include a Land Sales Comparison Approach which is the most reliable for vacant parcels.

DEFINITION OF MARKET VALUE:¹

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in the definition are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- (1) Buyer and seller are typically motivated;
- (2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

¹ Federal Deposit Insurance Corporation, 12 CFR, Part 323, RIN 3064-AB05, August 20, 1990, Section 323.2, Definitions.

STANDARD CONTINGENT AND LIMITING CONDITIONS:

This Appraisal is subject to the following limiting conditions and contingencies:

This Appraisal Report in no way represents a guaranty or warranty of estimated market value as reported herein. The Appraisal Report represents the opinion of the undersigned as to "one figure" based upon the data and its analysis contained herein.

The legal description furnished is assumed to be correct and unless otherwise noted, no survey or title search has been made. No responsibility is assumed by the Appraiser(s) for these or any matters of a legal nature and no opinion of the title has been rendered. The property is appraised as though under responsible ownership and management. The Appraiser(s) believe(s) that information contained herein to be reliable, but assume(s) no responsibility for its reliability.

The Appraiser(s) assume(s) there are no hidden or unapparent conditions of the property, subsoil, or structure which would affect the value estimate. Unless otherwise noted, the Appraiser(s) has not commissioned termite or structural inspection reports on any improvements or subsoil tests on the land.

The attached photos, maps, drawings, and other exhibits in this report are intended to assist the reader in visualizing the property and have been prepared by the Appraiser(s) or his staff. These exhibits in no way are official representations/surveys of the subject property.

Any distribution of the total valuation in this report between land and improvements applies only under the existing program of utilization. Separate valuations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

In this appraisal assignment, the existence of potentially hazardous material used in the construction or maintenance of the building, such as the presence of urea-formaldehyde foam insulation, and/or the existence of toxic waste, which may or may not be present on the property, was not observed by the Appraiser; nor does he/she have any knowledge of the existence of such materials on or in the property. The Appraiser, however, is not qualified to detect such substances. The existence of urea-formaldehyde insulation or other potentially hazardous waste material may have an effect on the value of the property. The Appraiser urges the client to retain an expert in the field if desired.

The Appraiser(s) will not be required to appear in court unless previously arranged. The Appraiser's duties pursuant to his employment to make the Appraisal are complete upon delivery and acceptance of the Appraisal Report.

Possession of this report or copy thereof does not carry the right of publication. Neither all nor any part of the contents of this report (especially any; conclusions as to value, the identity of the Appraiser(s), or the firm with which he is connected, or any reference to the Appraisal Institute or to the MAI or SRA designation) shall be disseminated to the public through advertising media, public relations media, news media, sales media, or any other public means of communication without the prior written consent and approval of the undersigned.

The Americans with Disabilities Act ("ADA") became effective January 26, 1992. The Appraiser(s) has (have) not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act. If so, this fact could have a negative effect upon the value of the property. Since the Appraiser(s) has (had) no direct evidence relating to this issue, the Appraiser(s) did not consider possible noncompliance with the requirements of ADA in estimating the value of the property.

CERTIFICATION

The undersigned does hereby certify that, except as otherwise noted in this appraisal report:

1. As of the date of this report, I, James M. Millspaugh, have completed the requirements under the continuing education program of the Appraisal Institute.
2. I have personally inspected the subject property and have considered all factors affecting the value thereof, and to the best of my knowledge and belief, the statements of fact contained in this appraisal report, upon which the analyses, opinions and conclusions expressed herein are based, are true and correct, subject to all attached Contingent and Limiting Conditions.
3. I have no present or contemplated future interest in the real estate that is the subject of this appraisal report.
4. I have no personal interest or bias with respect to the subject matter of this appraisal report or the parties involved.
5. My fee for this appraisal report is in no way contingent upon my findings. The undersigned further certifies that employment for this appraisal assignment was not based on a requested minimum valuation or an approval of a loan.
6. This appraisal report sets forth all of the limiting conditions (imposed by the terms of my assignment or by the undersigned) affecting the analyses, opinions, and conclusions contained in this report.
7. This appraisal report has been made in conformity with and is subject to the requirements of the Code of Professional Ethics and Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Institute and the Appraisal Foundation and may be subject to peer review. Further, I have met USPAP's competency provision and am capable of completing this appraisal assignment.
8. No one other than the undersigned prepared the analyses, conclusions and opinions concerning the real estate that are set forth in this appraisal report.
9. In my opinion, the estimated current market value of the real property only as of March 12, 2024, was:

TWO HUNDRED TWENTY-FIVE THOUSAND DOLLARS
(\$225,000)

James M. Millspaugh, MAI
 State-Certified General Real Estate Appraiser RZ58

AREA DESCRIPTION:

This area is labeled the South Gateway (SAP district) that includes a recent shopping center plus back up ICARIA apartments, two former anchored shopping centers and a variety of residential housing surrounding the City golf course on S. Pinellas Avenue.

The northwest quadrant of Meres Boulevard and Pinellas Avenue is heavily developed as well adjacent to Whitcomb Bayou that connects to the Anclote River at the Sponge Docks tourist district. Meres Boulevard is nearing completion of an extension to US Highway 19 plus future extension of Belcher Road (Disston) north of Klosterman Road. The northeast quadrant holds a variety of older and moderately valued low density residential areas with scattered light industrial along Safford north of Meres Boulevard and along Lemon Street.

Given the relatively small City population (25,000+) the traffic counts here are generally in the 10,000-16,500 daily range except for US Highway 19 at 77,500 and Belcher Road south of Klosterman was at 19,000 with these counts noted on the 2022 Forward Pinellas Map. The subject location within the immediate locale's main intersection and Pinellas Trail is a positive but having a less prominent location behind an older but upgraded shopping center.

SITE DATA:

The subject is a basic rectangle of 200' x 300' MOL but having water features along three sides that complicate access and are rated as wetlands by the Property Appraiser. They note a usable size of 49,770 SF/1.14 acres while site plans/surveys in the March 2022 application noted 1.23 acres less .04 acres for an isolated upland along Meres Boulevard. Therefore, the net usable land area would be at 1.19 acres MOL or 51,836 SF that would be used in this report. A previous section of the site was noted as a filled wetland that was subsequently cleared by Swiftmud and allowed as usable uplands for development purposes. The actual usable frontages on Safford and Lincoln approximate 100' each with both requiring offsite paving/culverts to provide access and the water/sewer lines would also require offsite extension including a lift station and force main on Lincoln Avenue. Further, the trail curbing within Safford complicates traffic flow.

3/19/24, 4:35 PM

AIRS Aerial Image Retrieval System

AIRS Aerial Image Retrieval System

Pinellas County Main Web Page

0 100 200ft

28°00'17"N 82°44'50"W

<https://pinellas-egis.maps.arcgis.com/apps/webappviewer/index.html?id=f3fcd32961ce446a8547ca8e8a8f1411>

1/1

While being in a minor flood zone and the Coastal High Hazard Area, the site elevations fall in the 4'-6' range per the Swiftmud Aerial Map that is only slightly below the required FEMA 9' in the surrounding district. As such, that feature for the likely allowed uses is a positive for the site along with the recent Meres Boulevard roadway extension to US 19.

The site features present a costly development status but represents a fairly scarce size and zoning in a central location, amongst extensive development that would generate potential business for the subject ultimate use.

ASSESSMENT AND TAX DATA:

<u>Pinellas County Parcel #</u>	<u>2023 Assessment</u>	<u>2023 Gross Total</u>
13-27-15-21348-000-0132	\$178,592	\$3,277.99
13-27-15-21348-000-0131	\$ 35,062	\$ 643.42
Totals	\$213,654	\$3,921.41

If Paid Early: \$3,764.55

ZONING AND LAND USE DATA:

The site is zoned I-B for "Intensive Business" to provide for areas of intense commercial activity involving major repair services, extensive outdoor storage or display of vehicles, heavy equipment, or material and to provide for light manufacturing where permitted by the Comprehensive Plan. There are 20 permitted uses and 10 conditional uses that provide a wide range of alternatives. The dimensional regulations include a 5,000 SF site minimum, 50' x 80' dimensions and a maximum height of 35'. Setbacks are 10' front, 10' side and side street and 10' rear plus a maximum .4 FAR, minimum 15% open space and .85 Impervious Surface Ratio (ISR). Outdoor storage must have 6' opaque fencing and inflammable materials are prohibited within 200' of residential. The site has a CG General Commercial land use.

HIGHEST AND BEST USE: (Defined In The Addenda)

After a thorough inspection of the site and area plus considering the wide variety of permitted uses, it is my opinion that some form of service/wholesale business represents the concept. The required infrastructure and/or access will negatively impact the current site value while many business ventures can benefit from the Meres Boulevard traffic exposure along with a relatively moderate land price.

LAND VALUE ESTIMATE:

This approach considers the best available Land Sales data in Tarpon Springs that has a separate market than other mid-Pinellas cities. These examples are described below on separate detail sheets and then analyzed and adjusted in relation to the subject. The most common price metric is the overall price PSF. Unless otherwise noted these Land Sales Comparisons have direct access to utility lines and street frontages with no substantial offsite costs and sold for cash or terms equivalent and did not require adjustment for cash equivalency.

www.delorme.com

LAND SALE #1

Location: Northwest point of US Alternate 19 and DeSoto Boulevard, Palm Harbor

Legal Description: Red Oak Hills Subdivision, Tract A, Plat Book 34, Page 75

Date of Sale: January 2021

Sales Price: \$59,000

Size: Triangle, 71.1 base x 246.5' x .5 = 8,800 SF

Price PSF: \$6.70

Grantor/Grantee: J. D. Perrie, Jr/Red Oak Leasing, Inc.

Recording Data: O.R. Book 21363, Page 2275

Sale Confirmed With: Public Records/Current Listing Broker

Zoning: GO, General Office, Pinellas County

Comments: This marginally sized site has excellent frontage/exposure along the area's major traffic corridor amongst mostly single-story office buildings. The site is now listed at \$165,000 to accommodate a less than 2,000 SF building that at any size would require zoning exceptions.

LAND SALE #2

Location: East side of US Alternate 19 approximately 150' north of Virginia Avenue,
Palm Harbor

Legal Description: Part of the Block 158, Town of Sutherland Subdivision, Plat Book H-1, Page
1A

Date of Sale: September 2021

Sales Price: \$126,000

Size: 50' x 192' MOL; 9,600 SF

Price PSF: \$13.13

Grantor/Grantee: B. J. Whitehurst/Greer Homes

Recording Data: O.R. Book 21822, Page 1787

Sale Confirmed With: Keller Williams Realty, Broker

Zoning: GO, General Office, Pinellas County Petersburg

Comments: This narrow parcel is bordered by retail and office uses near the Palm Harbor post office. It had been listed for sale at \$184,000 and sold to the adjacent owner.

LAND SALE #3

Location: Southeast corner of north Pinellas Avenue and Old Dixie Highway,
Tarpon Springs

Legal Description: Part of Lot 45, Tampa and Tarpon Springs Land Company Subdivision,
located in the SE/4 of Section 1, Township 27 South, Range 15 East, Plat
Book H1, Page 116

Date of Sale: June 2022

Sale Price: \$400,000

Size: 275' x 294' MOL; 63,754 SF upland plus 0.57 acres wetland

Price PSF: \$6.27 Uplands

Grantor/Grantee: Red Bank Investments, LLC/ Mu-Grow Storage, LLC.

Recording Data: O.R. Book 22804, Page 0414

Data Confirmed With: T. Tarapani, Broker

Land Use: H-B, Highway Business, Tarpon Springs

Comments: This parcel is located just north of Anclote River that includes boat ramps for public/private use. The side road extends to US Highway 19 amongst modern housing. The site had received site plan approval for a 12,750 SF special retail building plus supportive parking and access to both roadways. Sewer service will require a lift station/force main on Old Dixie Highway and site preparation costs were extensive due to the site elevation.

LAND SALE #4

Location: North side Meres Boulevard approximately 300' west of US 19-A,
Tarpon Springs

Legal Description: Metes and Bounds #24/03 located in the SE/4 of NW/4, Section 13,
Township 27 South, Range 15 East

Date of Sale: March, 2023

Sale Price: \$92,400 plus 10% buyer's premium or \$101,640

Size: 140' x 377', 37,026 SF upland balance in water surface

Price PSF: \$2.75

Grantor/Grantee: LP 6, LLC./Wayne Bert

Recording Data: O.R. Book 22390, Page 1384

Data Confirmed With: M. Gainer, Broker

Zoning: South Gateway SAP, Tarpon Springs

Comments: This parcel was the largest segment auctioned with back canal frontage. Among the mixed uses allowed, retail/offices and apartments/condos were the most likely with extensive options available.

LAND SALE #5

Location: 617 Live Oak Street, Tarpon Springs

Legal Description: Part of Block 3, Lot 1, Tarpon Springs Official Map plus part of former railroad R/W.

Date of Sale: March 2023

Sales Price: \$725,000 Adjusted to \$485,000 for the land value

Size: 310' x 202' Average: 64,221 SF

Price PSF: \$7.55

Grantor/Grantee: K. Walters/N.C. Sabourn Living Trust

Recording Data: O.R. Book 22398, Page 1441

Sale Confirmed With: REMAX Alliance Group

Zoning: IR, Industrial Restrictive

Comments: Marginally improved storage lot located just off US 19 on an alternate route to the Sponge Docks and US 19-A. This location is light industrial in character with it being leased short-term for storage uses. The buyer was to receive a total of \$5,000 monthly net for five years and expects to redevelop the entire parcel at some future point and use only 1/3 currently. The present value of \$5,000 monthly for five years discounted at 8% approximates \$240,000 which adjusts the \$725,000 figure to \$485,000 ($\$725,000 - \$240,000 = \$485,000$) for the land value only.

LAND SALES RE-CAP CHART

Sale #	Date Of Sale	Sales Price	Site Size In SF	Overall Price PSF
1	1/21	\$ 59,000	8,800	\$ 6.70
2	9/21	\$126,000	9,600	\$13.13
3	6/22	\$400,000	63,754	\$ 6.27
4	3/23	\$101,640	37,026	\$ 2.75
5	3/23	(\$485,000)	64,221	\$ 7.55
Subject	--	--	51,836	--

(Adjusted Price)

LAND SALES ANALYSIS AND CONCLUSIONS:

These are the best-known Land Sales Comparisons to value the subject currently. They range from \$2.75-\$13.13 PSF with Sale #3, #4, and #5 being the most proximate in Tarpon Springs and having a \$2.75-\$7.55 PSF price range.

Land Sale #1 and #2 were located in Palm Harbor along US Alternate 19 with main road frontages where 2022 traffic counts ranged from 16,000-19,500 daily. That range is generally superior to Tarpon Springs in particular off the main traffic routes where Meres Boulevard west of US 19-A was at 8,400. These Palm Harbor examples support a large price reduction for Sale #1 that has an irregular shape and elevation below the roadway. That relationship of \$6.70-\$13.13 PSF of roughly 50% is more severe than the other sales in Tarpon Springs as they relate to the subject parcels for the side street location.

Land Sale #3 has a prominent corner location north of the Anclote River at a busy intersection that leads to US Highway 19. The subject overall is considered to have a similar location as this example. Otherwise, it is of reasonably similar size and shape with a commercial zoning and there is no likely major change in the market. It did require some offsite utility extension cost considered to be far less costly than those projected for the subject and had the site plan approval completed.

Land Sale #4 is located within this market with a retail mixed-use component and canal frontage that sold at auction with adjacent parcels. The site in general would be viewed as having greater utility than the subject with the auction process yielding a moderate price level. While not a good direct comparison, it tends to indicate a weak demand for this locale. Of further interest is the vacant parcel located at the southwest Meres/S. Pinellas lighted intersection which has been on the market for an extended period.

Land Sale #5 is the most current example with a reasonably similar secondary location off US Highway 19 and having another scarce type industrial zoning. It sold as an improved/leased investment for open but fenced storage where the buyer was to use 1/3 of the site with the other two sections leased on a net basis for five years with no options. Clearly, the demand profile for the property that fronts a secondary route to the Sponge Docks is considered to be 10% superior to the subject. That would adjust the subject site value to \$6.80 PSF ($\$7.55 \times 0.90 = \6.80).

After reviewing these best available Land Sale Comparisons, I would estimate the subject value to fall in the \$6.50-\$7.00 PSF range without offsite costs.

51,836 SF @ \$6.50 PSF = \$336,934

51,836 SF @ \$7.00 PSF = \$362,852

ROUNDED TO \$350,000

The developer had reported offsite utility and access costs approximating \$125,000 to include utilities at \$75,000 and \$50,000 for the Safford access/culverts. Therefore, the “as is” land value would be approximated as follows:

Market Value Conclusion	\$350,000
Less: Offsite Costs	<u>\$125,000</u>
Indicated “As Is” Value	\$225,000

ADDENDA

QUALIFICATIONS OF THE APPRAISER
JAMES M. MILLSPAUGH, MAI

APPRAISAL EXPERIENCE:

Appraisal experience in Pinellas County, Florida since 1968 when associated with Ross A. Alexander, MAI of Clearwater. Formed James Millspaugh & Associates, June 1980, in Clearwater. The firm concentrates the majority of its appraisal activities in Pinellas County with experience throughout the Tampa/St. Petersburg/ Clearwater MSA.

APPRAISAL PLANT DATA:

In addition to maintaining its location near the main Pinellas County Courthouse complex for easy access to governmental offices and the official public records maintained in the Clerk's office for in-depth background research, the firm maintains Marshall Valuation Service Cost Data, online real estate transactions from RealQuest as provided by CoreLogic and MLS sales data provided by MFR.MLSMatrix plus national surveys on lodging, food service, offices, industrial parks, mini-storage, shopping center markets, investor return rates and others.

COMMERCIAL APPRAISAL ASSIGNMENTS performed include golf courses, postal facilities, commercial buildings, shopping centers, warehouse/manufacturing buildings, mobile home and R.V. parks, financial institutions, nursing homes, motels, timeshares, restaurants, houses of worship, office buildings, apartment buildings, commercial and residential condominium projects (both proposed and conversions), marinas, theaters, fraternal buildings, school facilities, seaport facilities, railroad corridors, easements, leasehold and leased fee estates, life estates, vacant sites, including environmentally sensitive lands, and condemnation cases involving partial and total takings. Feasibility/market studies have been performed for industrial, office, retail, residential and timeshare markets.

APPRAISAL EDUCATION:

American Institute of Real Estate Appraisers (AIREA) courses successfully completed:

I-A: Basic Principles, Methods and Techniques - 1973

VIII: Single Family Residential Appraisal - 1973

I-B: Capitalization Theory and Techniques - 1974

II: Urban Properties - 1975

IV: Condemnation - 1978

: Standards of Professional Practice - 1992, Parts A & B

Society of Real Estate Appraisers (SREA) courses successfully completed:

301: Special Applications of Appraisal Analysis – 1980

PROFESSIONAL AFFILIATIONS AND CERTIFICATION

Member: Appraisal Institute with the MAI designation, Certificate #6087, awarded April, 1980. Mr. Millspaugh is a past President of The Gulf Atlantic Florida Chapter of the AI (formerly Florida Chapter No. 2), served as an admissions team leader for the West Coast Florida Chapter, is the past Chairman for the National Ethics Administration Division of the Appraisal Institute and served as the Region X Member of the Appellate Division of the Appraisal Institute. Mr. Millspaugh is a State-Certified General Real Estate Appraiser (RZ58) and has served as a pro-bono expert witness for the Florida Real Estate Appraisal Board.

Member: Pinellas Realtors Organization, National Association of Realtors

Note: The AIREA and SREA merged into one organization on January 1, 1991, that is now known as the AI - Appraisal Institute.

STANDARD DEFINITIONS

HIGHEST AND BEST USE:

1. **The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.**
2. The use of an asset that maximizes its potential and that is possible, legally permissible, and financially feasible. The highest and best use may be for continuation of an assets existing use or for some alternative use. This is determined by the use that a market participant would have in mind for the asset when formulating the price that it would be willing to bid. (IVS)
3. [The] highest and most profitable use for which the property is adaptable and needed or likely to be needed in the reasonably near future. (Uniform Appraisal Standards for Federal Land Acquisitions)
4. [For fair value determination] The use of a nonfinancial asset by market participants that would maximize the value of the asset or the group of assets and liabilities (for example, a business) within which the asset would be used. (FASB Glossary) The highest and best use of a nonfinancial asset takes into account the use that is physically possible, legally permissible, and financially feasible. (FASB 820-10-35-10B). The highest and best use of a nonfinancial asset establishes the valuation premise used to measure the fair value of the asset, as follows: (a) The highest and best use of a nonfinancial asset might provide maximum value to market participants through its use in combination with other assets as a group (as installed or otherwise configured for use) or in a combination with other assets and liabilities (for example, a business). (b) The highest and best use of the asset might provide maximum value to market participants on a standalone basis. (FASB 820-10-35-10E)

FEE SIMPLE ESTATE: Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.

LEASEHOLD ESTATE: The right held by the lessee to use and occupy real estate for a stated term and under conditions specified in the lease.

LEASED FEE INTEREST: The ownership interest held by the lessor, which includes the right to receive the contract rent specified in the lease plus the reversionary right when the lease expires.

REPLACEMENT COST: The estimated cost to construct, at current prices as of a specific date, a substitute for a building or other improvements, using modern materials and current standards, design and layout.

REPRODUCTION COST: The estimated cost to construct, at current prices as of the effective date of the appraisal, a duplicate or replica of the building being appraised, using the same or similar materials, construction standards, design, layout and quality of workmanship and embodying all the deficiencies, super-adequacies, and obsolescence of the subject building.

Subject: RE: Property Purchase Potential

Afternoon Tony,

In 2020 – 2021 the City performed a water quality sampling program to document current (baseline) nutrient pollutant loading quantities in areas under consideration for water quality improvement projects.

One of the areas that was sampled included "Area 2", which included two samples sites to characterize nutrient input. More specifically, water quality sample site "A2WQ1" is directly adjacent to the parcel in question and this site receives untreated runoff from a 123.50-acre watershed (please see attached Figure 2). The goal of the this study to determine the quantity of pollutant loading and to identify the general source/location of pollutant sources.

The data from those field samples has been compared to the annual expected nutrient loadings using published data from the 2021 Anclote River Watershed Study. The field data has also been compared to the nutrient loadings of an expected healthy ecosystem (as defined by FAC Section 62-302.532, published Total Nitrogen and Total Phosphorus Event Mean Concentration values) for the Anclote River Estuary.

The comparison of the field collected data to the "expected healthy ecosystem" values indicate exceedance of Total Nitrogen (TN) and Total Phosphorus (TP) by 0.84 tons/year and 0.07 tons/year, respectively. These results indicate that a measurable benefit to the Whitcomb Bayou watershed could be achieved with water quality improvements within the basin.

The physical location of the identified parcel(s) lends itself to be an ideal candidate for providing a water quality benefit to the 123.50-acre watershed.

Attached is the November 2022 report that supports these findings. As always, please let us know if you have any additional questions.

Respectfully,

Bryan Anderson, P.E., ENV SP

Re: Appraisal Report
Vacant Undeveloped Land Fronting
Lincoln Avenue, at the Northeast Corner
of Stafford Avenue and Meres Boulevard
Tarpon Springs, Florida 34689

Mr. Robertson:

As requested, we have prepared an appraisal of the above captioned property. The purpose of the appraisal is to estimate the market value of the fee simple interest in the subject property in "as is" condition, as of the effective inspection date of March 12, 2024. Market value is defined in the certificate of the appraisal and on page 2 of the report.

Both the appraisal report and attached addenda that accompany this letter describe the approaches to value used and contain the data, analysis, assumptions and limiting conditions on which the value conclusions have been based. The assumptions and limiting conditions of the report are included in the text. This report was prepared for the sole use of the client. No responsibility is assumed for unauthorized use of this report.

Based on the cited data and analysis contained within the appraisal report, attached addenda, and appraisal file, the market value of the subject property in "as is" condition is estimated at:

**FEE SIMPLE LAND VALUE IN "AS IS" CONDITION
AS OF THE MARCH 12, 2024 EFFECTIVE DATE
THREE HUNDRED SIXTY THOUSAND DOLLARS
(\$360,000)**

Respectfully submitted:

William W. Atkinson, MAI, CCIM
President
State-certified general
real estate appraiser RZ1221

SUMMARY OF IMPORTANT FACTS AND CONCLUSIONS

Subject Property:	Vacant undeveloped land fronting Lincoln Avenue, at the northeast corner of Stafford Avenue and Meres Boulevard, Tarpon Springs, Florida 34689
Owner of Record:	Breeze Treasures, LLC
Tax Parcel Numbers:	13-27-15-21348-005-0131 and 13-27-15-21348-005-0132
Type of Property:	Vacant Land
Zoning / Future Land Use:	IB (Intensive Business) zoning under the jurisdiction of the City of Tarpon Springs / CG (Commercial General) land use
Flood Zone:	AE per FIRM 12103C0019H, dated August 24, 2021
Census Tract:	274.04
Property Description:	The site is made up of the southern portion of one platted lot that is divided into two tax parcels and is basically rectangular in shape. The site is 66,008 square feet in size with an upland area of 51,439 square feet or 1.18 acres. The site is located in a mixed residential and commercial area with vacant land to the east and south, industrial and residential properties to the north and a large multiple tenant shopping center to the west. Bordering roads are Lincoln Avenue to the east, Meres Boulevard to the south and Safford Avenue to the west.
Easements/Encroachments:	No adverse easements or encroachments were observed on the property survey provided.
Highest and Best Use:	Commercial and/or industrial development
Effective Date of Value:	March 12, 2024

Value Conclusion:

Sales Comparison Approach

Vacant Land Value - "As Is" Condition	\$360,000

APPRAISAL REPORT

Vacant Undeveloped Land Fronting
Lincoln Avenue, at the Northeast Corner
of Stafford Avenue and Meres Boulevard
Tarpon Springs, Florida 34689

EFFECTIVE DATE OF APPRAISAL:

March 12, 2024

INSPECTION DATE:

March 12, 2024

PURPOSE OF APPRAISAL:

The purpose of the appraisal is to estimate the market value of the fee simple interest in the subject property in "as is" condition, as of the effective date of March 12, 2024. Market value is defined on page 2 of the report and in the certificate of the appraisal.

INTENDED USE AND USER OF THE APPRAISAL:

This appraisal is intended for use by the City of Tarpon Springs for the potential purchase of the subject property for development with a stormwater treatment facility. No responsibility is assumed for unauthorized use of this report.

INTEREST APPRAISED:

Fee Simple - Liens or encumbrances, if not described, are unknown and the property has been analyzed as if free and clear.

SCOPE OF THE APPRAISAL:

This appraisal report is intended to comply with the reporting requirements set forth under standard rule 2-2(a) of the Uniform Standards of Professional Appraisal Practice. The depth of discussion contained in this report is specific to the needs of the client and for the intended use as stated. This appraisal was prepared for sole use by the client and no responsibility is assumed for unauthorized use of this report.

Once a physical inspection was completed, the economic conditions of the region and neighborhood were investigated and analyzed in relation to the relevant factors which effect the market value of the subject. The sales comparison approach was used to evaluate the relevant factors and estimate the market value of the subject property. Data sources used to collect comparable market information include MicroBase, LoopNet, CoStar, MLS, public records and internal appraisal files. All of the comparables used in the report were physically inspected and confirmed with a knowledgeable source.

The sales comparison approach values the subject property by comparing it to similar sales in the market area. The primary factors that were considered in the search for comparables were the date of sale or contract and the location. All of the comparables were researched using public records, physically inspected and confirmed with a knowledgeable source.

Due to the lack of improvements that contribute value to the subject site, the cost approach is not applicable in the valuation process. Also, because land is not generally purchased for the ability to generate income, the income capitalization approach is also not applicable in the valuation process.

DEFINITION OF MARKET VALUE:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised, and acting in what they consider their best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.¹

The market value of the property appraised in this report is estimated as of the effective date. Constantly changing economic conditions have varying effects upon real property values. Even after the passage of a relatively short period, property values may change substantially and require a review of the appraisal and recertification.

DEFINITION OF FEE SIMPLE ESTATE:

"Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."²

¹ (12 C.F.R. Part 34.42(g); 55 Federal Register 34696, August 24, 1990, as amended at 57 Federal Register 12202, April 9, 1992; 59 Federal Register 29499, June 7, 1994)

² The Dictionary of Real Estate Appraisal, Fifth Edition, (Chicago: Appraisal Institute 2010), Page 78.

LEGAL DESCRIPTION:

Lot 13, Block 5, Disston and Keeney's Subdivision, Less and Except the North 150 feet of the West 1/2 thereof, and Less and Except the North 140 feet of the East 1/2 thereof, according to the map or plat thereof, as recorded in Plat Book 1, Pages 31, Public Records of Hillsborough County, Florida, of which Pinellas County was formerly a part.

The legal description was obtained from public records and is assumed to be correct. No warranty is made as to the accuracy of the legal description.

TAX PARCEL INFORMATION:

Owner of Record:	Breeze Treasures, LLC
Parcel Numbers:	13-27-15-21548-005-0131 and 13-27-15-21348-005-0132
2023 Tax Valuation:	\$213,654 (\$35,062 and \$178,592)
2023 Millage Rate:	18.7612
2023 Gross Taxes:	\$3,921.41 (\$643.42 and \$3,277.99)
Delinquent Taxes:	None Known

SALES HISTORY OF THE SUBJECT PROPERTY:

To my knowledge, there have been no arm's-length ownership transfers of the subject property within the last three years. The subject property was placed on the market in July of 2022 for \$599,000. The asking price was reduced to \$495,000 in August of 2022, to \$425,000 in September of 2022, and to \$399,000 in April of 2023. The property went under contract in July of 2023, was placed back on the market in September of 2023, went under contract again in December of 2023, and was again placed back on the market in January of 2024. In March of 2024 the property was placed back under contract for \$345,000 by the City of Tarpon Springs and was under contract on the effective date of the appraisal.

HIDDEN CONDITIONS:

It is assumed that there are no hidden or unapparent conditions of the property, subsoil or structures which would make the subject property more or less valuable than otherwise apparently comparable property. We assume no responsibility for such conditions or for engineering that might be required to discover such conditions.

TAMPA BAY AREA ANALYSIS

The Tampa Bay Area is located on the west coast of Florida, midway up the Florida peninsula. The Tampa Bay Metropolitan Statistical Area (MSA) is geographically defined as Hillsborough, Hernando, Pasco and Pinellas Counties. The primary concentration of development has taken place around Tampa Bay and along the Gulf Coast. The major cities in the area are Tampa in Hillsborough County, along with St. Petersburg and Clearwater in Pinellas County.

POPULATION:

The current population of the MSA is estimated at 3,197,637 (2020). The region has experienced a dramatic increase in population since 1970. Population growth slowed somewhat after 1980, with increases of 28.2% between 1980 and 1990, and 15.8% between 1990 and 2000, or approximately 32,804 annually. Growth between 2000 and 2010 was at an annual rate of 1.5%, or 38,725. Percentage growth has slowed slightly since 2010 to an annual rate of 1.4%. However, annual population growth between 2010 and 2020 has risen to 41,439.

Hillsborough County is the most populated county in the MSA. The city of Tampa is located in Hillsborough County and is the largest city in the area. The second most populated county in the area is Pinellas, which is geographically the second smallest county in Florida. This makes Pinellas County the most densely populated county in Florida with more than 3,572 residents per square mile. Pasco and Hernando Counties have continued to grow since 1990, with increases in employment opportunities and retirement areas. With the exception of Pinellas County between 2000 and 2010, all counties have experienced growth since 2000. Growth has been slower in Pinellas County over this time due to dense existing development and the lack of vacant land for potential growth. The majority of growth in Hernando County from 2000 to 2010 resulted from the development of several new retirement communities.

POPULATION STATISTICS						
	2000	2010	2020	Annual % Change		2025*
				00-10	10-20	
Hillsborough	998,948	1,229,226	1,478,759	2.1%	1.9%	1,611,303
Hernando	130,802	172,778	192,186	2.8%	1.1%	206,124
Pasco	344,765	464,697	542,638	3.0%	1.6%	586,071
Pinellas	921,482	916,542	984,054	-0.5%	0.7%	1,014,418
Total	2,395,997	2,783,243	3,197,637	1.5%	1.4%	3,417,916

* Source: Florida Office of Economic and Demographic Research

The median age of the population for the region is 42.2 years, as compared to 41.7 years for the State of Florida. The average ages for the counties are 36.3 years for Hillsborough, 49.4 years for Hernando, 44.2 years for Pasco and 48.5 years for Pinellas. The more mature populations in Hernando, Pasco and Pinellas Counties are primarily due to their history as retirement areas. Recent years have shown a stabilization in average age, with Hernando and Pinellas Counties experiencing a slight increase in average age. A decrease in average age is likely in the near future for Pasco County, where the retirement population is being replaced by younger, working age families in new subdivisions. Most of the new residential development in Pasco County is located in the middle and southern portions of the county.

There were 1,151,233 households in the MSA in 2010, which represents an average household size of 2.42. The average household size has declined from 2.70 in 1970, which is consistent with national trends. Based on the average population growth of 41,439 per year from 2010 to 2020, there have been about 17,124 new household formations annually.

ECONOMIC BASE:

Historically, the economy has been tourist and retirement oriented in the coastal counties, and manufacturing and commercial oriented in Hillsborough County. To some extent this is still true today; however, Pinellas County has begun to attract a larger share of new businesses, particularly in the high tech industries. Even with the recent commercial growth of Pinellas County, Tampa remains the major economic hub of the area.

Major factors affecting the economic growth in the area, apart from the retirement and tourist industries, are Tampa's deep water port, Tampa International Airport and the major highways servicing the area. Tampa is a major break point between railroads, air, highway and water transport. The Port of Tampa handles approximately 35 million tons of cargo per year, with an additional 9 million tons handled by Port Manatee. Ease of access through Tampa International Airport and the interstate highway system has made the area increasingly more attractive for corporate and regional headquarters facilities, as well as, high tech industries and back office financial centers.

PER CAPITA INCOME				
	2000	2010	2021	Ann. % 10-21
Hillsborough	\$29,221	\$39,487	\$58,140	4.3%
Hernando	\$24,110	\$30,266	\$46,080	4.8%
Pasco	\$22,856	\$32,029	\$50,479	5.2%
Pinellas	\$32,368	\$41,763	\$65,936	5.3%
Florida	\$29,428	\$38,475	\$62,270	5.6%

Total personal income has increased significantly from 2000 to 2021. In 2000, the total personal income for the area was \$70,269 million. By 2010 it had increased to \$106,931 million and by 2021 it had increased to \$188,372 million. Per capita income for the MSA increased at a lower rate than Florida, as a whole, to a level of \$58,368 for 2021. Florida per capita income is slightly higher, at \$62,270.

Employment in the region reflects a broad-based economy, although it is skewed somewhat to the retail trade and service industries. Historically, the unemployment rate has been below the national and state averages. The 2021 unemployment rate for the MSA was 4.2%, which is slightly below the state of Florida unemployment rate at 4.6%. The 2021 labor force for the MSA is 1,376,971, or 42.7% of the population. The 2000 labor force was 1,510,631, or 63.0% of the population. Labor force participation peaked around 2005 and has since been declining, but appears to be stabilizing.

LABOR FORCE AND EMPLOYMENT (2021)				
	Labor Force	Employed	Unemployed	Unempl. Rate
Hillsborough	745,215	713,171	32,044	4.3%
Hernando	48,174	45,717	2,457	5.1%
Pasco	131,601	125,811	5,790	4.4%
Pinellas	451,980	433,901	18,079	4.0%
Total MSA	1,376,971	1,318,600	58,371	4.2%
State of Florida	9,287,021	8,859,818	427,203	4.6%

A comparison of the MSA distribution with the national distribution of employment illustrates the importance of the retail sales, education and health, and service sectors in the local economy and in Florida. This is due primarily to the tourist and retirement influence in the area. Employment growth has kept pace with population growth. However, the overall labor force as a percentage of population has fallen.

EMPLOYMENT DISTRIBUTION (2021)				
Industry	Total MSA	Percent	Florida	National
Natural Resources Mining	6,643	0.5%	0.8%	0.3%
Construction	84,259	6.4%	6.5%	2.1%
Manufacturing	66,976	5.1%	4.4%	11.2%
Trade, Transportation, Comm.	249,437	18.9%	20.7%	52.6%
Information	24,084	1.8%	1.6%	1.0%
Financial Services	116,767	8.9%	6.9%	2.9%
Professional & Business Services	235,740	17.9%	16.5%	6.6%
Education and Health	210,727	16.0%	15.0%	7.7%
Leisure & Hospitality	146,872	11.1%	12.7%	5.0%
Other Services	36,164	2.7%	3.0%	2.3%
Governmental	139,765	10.6%	11.8%	8.3%
Total	1,317,435	100.0%	100.0%	100.0%

Taxable retail sales in the Tampa Bay Area increased from \$35,507 million in 2010 to \$87.98 billion in 2021. With the exception of the southeast region, which is located along the east coast from Vero Beach to Key West, the Tampa Bay area has the highest retail sales volume in the state and is above national levels. The high level of retail sales is in large part due to the tourist and part time resident trade. This same influence is evident in the area employment distribution statistics.

The improving economic environment, the quality of life in the area and the strong economic base indicate the Tampa Bay area should continue to grow as a major economic center. The area has historically been successful in attracting new businesses and should continue this trend in the near future.

SOCIAL SERVICES:

All normal governmental services are adequately provided throughout the region. Electrical power is provided by Duke Energy in Pinellas County and parts of Pasco and Hernando Counties, Withlacoochee River Electric Co-operative in parts of Hernando and Pasco Counties, and by Tampa Electric Company in Hillsborough County. Utility rates are comparable with other areas of Florida. Water, sewer, sanitation, police and fire protection are provided by the various county and municipal governments. Local tax rates are in line with other areas of the state.

The area has long been noted as a retirement and vacation spot, with its gulf beaches and attractions such as Busch Gardens, as well as its proximity to Disney World and Orlando attractions. Over the years, the area has also developed a number of other cultural and leisure activities including a National Football League team, a National Hockey League team, a Major League Baseball team, a United Soccer League team, the Ruth Eckerd Hall in Clearwater, the Performing Arts Center in Tampa and a number of smaller theaters. A 200,000 square foot convention center is located in downtown Tampa. Additionally, a number of attractions and museums are located in the downtown St. Petersburg area, such as the Salvador Dali Museum, the Museum of Fine Arts, and the St. Pete Pier.

Shopping is abundant and easily accessible from all areas. A number of major malls are scattered throughout the area. These cultural and leisure amenities have given the Tampa Bay area a much more cosmopolitan atmosphere, thus, making the area much more attractive to both part time visitors and permanent residents.

Educational opportunities are adequately provided in the area. Each county has a public school system providing education from kindergarten through the twelfth grade, as well as private schools. Higher education is provided by a number of institutions, both public and private, including the University of South Florida, University of Tampa, St. Petersburg College, Eckerd College, Stetson University, Hillsborough Community College, and Pasco/Hernando State College.

Health services are a major part of the Tampa Bay economy and are provided by numerous hospitals serving the area. There is also a large number of nursing homes and care facilities serving the elderly population.

HOUSING MARKET:

The Housing Market steadily improved from 2014 to 2022, with a slight dip in 2018 and a resurgence in 2019. Another dip in 2020 appears to be the result of significant decline in multi-family development in the area and adversities caused by the Covid-19 pandemic. New housing starts in 2021 and 2022 were steadily increasing, with 24,826 starts in 2021 and 29,960 starts in 2022. New housing starts were fueled by increased demand, low interest rates and the limited supply of new homes built in recent decades.

Hillsborough and Pasco Counties have experienced substantial growth in recent years. Growth has been slower in Pinellas County due to the lack of available land for new development. Pinellas, Pasco, and Hillsborough Counties experienced significant growth in the multi-family market in 2019 and Hillsborough County experienced significant growth

in the multi-family market again in 2022. Growth has also been slower in Hernando County over this time period, but the county has experienced significant increases in starts from 2016 to 2022.

The following chart shows the housing starts through 2022 for all counties in the metropolitan area.

HOUSING STARTS										
County		2014	2015	2016	2017	2018	2019	2020	2021	2022
Hillsborough	SF	4,411	5,669	6,308	7,253	8,587	8,828	8,817	7,504	5,727
	MF	3,079	3,842	4,054	4,314	1,117	5,594	3,523	3,777	11,717
Hernando	SF	329	397	627	763	1,024	985	984	1,819	1,320
	MF	42	0	160	113	192	138	116	86	466
Pasco	SF	1,827	1,969	2,741	3,773	3,690	3,932	5,302	8,783	7,400
	MF	999	658	1,158	143	141	636	70	122	358
Pinellas	SF	695	920	1,007	921	907	922	925	1,194	1,220
	MF	1,038	1,483	1,125	1,000	1,561	2,523	315	1,541	1,752
Total (by type)	SF	7,262	8,955	10,683	12,710	14,208	14,667	16,028	19,300	15,667
	MF	5,158	5,983	6,497	5,570	3,011	8,891	4,024	5,526	14,293
Total		12,420	14,938	17,180	18,280	17,219	23,558	20,052	24,826	29,960
Percent Change		3.6%	20.3%	15.0%	6.4%	-5.8%	36.8%	-14.9%	23.8%	20.7%

The number of new single-family home starts increased each year from 2014 to 2021 and declined in 2022 due to inflation and increasing interest rates. Based on population growth estimates and associated household formations, the absorption level for new housing should eventually stabilize. The overall supply of homes and lots on the market indicate less than a one year supply, based on current and projected absorption rates.

The Zillow Home Value and Sale Forecast for December 2022 indicates home appreciation around the country will ease over the next year, but the Tampa Bay area home prices are still anticipated to show an increase in 2023. All Tampa Bay counties recorded increases in single family home prices in 2022, with the largest increases in Hernando and Pasco Counties at respective rates of 25.5% and 23.4%. Pinellas and Hillsborough Counties had respective rate increases of 20.4% and 20.0%. Most of the home price increases were made in the first half of 2021 and then prices stabilized and tapered off at the end of the year.

The chart on the following page shows some of the key trend indicators of the residential real estate market in the Tampa-St. Pete-Clearwater MSA. The information was provided by the Greater Tampa Bay Association of Realtors and reflects Multiple Listing Service statistics.

Single Family Homes	OCT 2022	OCT 2021	% Change
Closed Sales	3,484	4,443	-21.6%
Median Sale Price	\$400,000	\$348,000	14.9%
Median % of Original List Price Received	96.6%	100.0%	-3.4%
Median Time to Contract	23 Days	7 Days	228.6%
Inventory (Active Listings)	9,042	4,177	116.5%
Months Supply of Inventory	2.2	0.9	144.4%
Townhouses/Condos	OCT 2022	OCT 2021	% Change
Closed Sales	1,189	1,522	-21.9%
Median Sale Price	\$298,990	\$230,000	30.0%
Median % of Original List Price Received	97.2%	100.0%	-2.8%
Median Time to Contract	19 Days	8 Days	137.5%
Inventory (Active Listings)	2,926	1,378	112.3%
Months Supply of Inventory	2.0	0.8	150.0%

The total number of monthly active listing on the Multiple Listing Service increased from 5,555 in October of 2021 to 11,968 in October of 2022. However, total monthly sales declined from 5,965 in October of 2021 to 4,673 in October of 2022. As a result, the supply of existing homes on the market has increased from 0.9 months to 2.2 months in the single family market and from 0.8 to 2.0 in the condominium/townhouse market. Median sale prices for homes sold through MLS have increased in the MSA over the last year, with area wide increases of about 30% for condominiums/townhomes and 14.9% for single family residences.

SUMMARY:

In summary, the Tampa Bay area currently provides all of the normal services required of a major metropolitan area. Although the tremendous growth over the last two decades has strained some of the governmental services, there should be no detrimental effects on overall growth, in the short run. Population growth in the Tampa Bay area has been nearly twice the national rate and the area currently has economic stability. Future growth for the MSA is promising.

REGIONAL LOCATION MAP

NEIGHBORHOOD DESCRIPTION:

The neighborhood boundaries can be generally described as the Pasco County line to the north, East Lake Road to the east, the Gulf of Mexico to the west, and Klosterman Road to the south. The improvements in the neighborhood contain a mixture of commercial, industrial and residential uses.

As with most older cities, Tarpon Springs was developed using a grid system. As typical with these older cities, the business district usually has a central location and the supporting residential development is at the surrounding areas. The central business district for the city of Tarpon Springs is concentrated in the area where Pinellas Avenue and Tarpon Avenue come together. Over the years commercial development has slowly expanded into the residential areas. In the year 2000 the City of Tarpon Springs approved a Downtown Development Action Plan to promote the redevelopment and revitalization of the downtown core and bordering neighborhoods.

The northwestern portion of the neighborhood is characterized by the Anclote River and the numerous bayous adjoining the river. These include Spring Bayou, Tarpon Bayou, Whitcomb Bayou and Kreamer Bayou. Properties lining the north side of the Anclote River and northern portions of Tarpon Bayou consist primarily of commercial fishing and waterfront industrial properties. Notable commercial developments in this area include the Tarpon Sponge Docks and the Sponge Exchange. The remaining waterfront properties along the river and bayous consist primarily of residential development.

The northeastern portion of the neighborhood is characterized by the backwaters of the Anclote River, several golf course communities and lower density small acreage residential communities.

The major north-south arterial roads in this section of the county are US Highway 19 North, US Alternate 19 and East Lake Road. US Highway 19 is the major thoroughfare for Pinellas County, as well as, for Florida's west coast. It carries an extremely heavy volume of vehicular traffic on a daily basis. The road is typically lined with heavy commercial development. The major east-west roads in the area are Klosterman Road, Meres Boulevard, Dr Martin Luther King Jr Drive, Tarpon Avenue and Live Oak Street. These arterial roads have two to four lanes and provide access to the many residential subdivisions in the area. All five roads serve as connecting routes between US Highway 19 and Alternate 19.

The permanent population of Tarpon Springs is estimated at 25,560 as of 2021, up from 17,874 in 1990. The Tarpon Springs business district and the Sponge Dock areas have been fully developed for decades, with the majority of the buildings ranging from 20 to 90 years in age. Most opportunities for new growth in the area are through renovation or razing existing buildings.

Rental rates for retail and office space are generally between \$5.00 and \$40.00 a square foot. Warehouse rates are generally between \$3.50 and \$15.00 a square foot. Vacancy and collection loss for the general area is estimated at about 0% to 10%. The retail and office properties typically sell between \$25.00 and \$300.00 a square foot, while the warehouse properties generally sell between \$25.00 and \$200.00 a square foot.

The single family subdivisions in the neighborhood cater to basically all income levels, with higher income purchasers for waterfront properties. The single family homes vary rather substantially in age, design, and quality, but are usually in the 1,300 to 2,500 square foot size range and are adequately maintained. These homes are of average construction

quality and are typically priced from about \$200,000 to \$350,000 for older homes and \$350,000 to \$600,000 for newer homes. The waterfront properties are considerably more expensive, falling in the \$650,000 to \$2,000,000 range.

Water, sewer and refuse services, as well as, police and fire protection are provided by the City of Tarpon Springs or Pinellas County. Duke Energy provides electrical service to the area and Verizon provides telephone service.

The neighborhood has a growing residential population base and is well supported by local commercial facilities. The area is well served by local utilities and governmental services. Recreational and social amenities, including schools and parks, are also abundant in the area. Vacant land is limited and existing properties are generally maintained in adequate condition. Real property values in the neighborhood are stabilizing after several years of increases.

NEIGHBORHOOD LOCATION MAP

PROPERTY DESCRIPTION:

Location:

The subject site is located on the west side of Lincoln Avenue, at the northeast corner of Stafford Avenue and Meres Boulevard, in the city of Tarpon Springs.

Size and Shape:

The subject site is made up of the southern portion of one platted lot that is divided into two tax parcels and is basically rectangular in shape. Based on a survey provided and the property record cards, the site is 66,008 square feet in size with an upland area of 51,439 square feet or 1.18 acres.

Topography and Drainage:

The upland area of the site is basically level with a slight downward slope to the south toward the wetland area and Meres Boulevard. Drainage for the site appears to be adequate. There is no on-site water retention area.

Easements, Encroachments, and Other Conditions:

Based on a physical inspection of the property, there were no adverse conditions observed. No adverse easements or encroachments were observed on the property survey provided.

Flood Information:

As determined by FIRM community panel number 12103C 0019H, dated August 24, 2021, the subject site is located in flood zone AE. Flood insurance is typically required for improved structures located within AE flood zones.

Zoning:

The subject is zoned IB (Intensive Business) under the jurisdiction of the City of Tarpon Springs. The IB District is established to provide for areas of intense commercial activity involving major repair services, extensive outdoor storage, or the display of vehicles, heavy equipment or material, and to provide for light manufacturing where permitted by the Comprehensive Plan. Under the comprehensive land use plan, the subject has a land use of CG (Commercial General). The zoning classification and land use are compatible.

Soil and Subsoil:

No soil analysis was made available. However, given the existing improvements to the surrounding properties, soil conditions would appear adequate for development. We are not environmental experts and we assume no responsibility for hidden or unapparent conditions beyond the area of our expertise. Therefore, we claim no responsibility for the

detection of hidden or unapparent subsoil conditions at the subject property. An environmental audit is recommended if one has not already been performed.

Utilities and Services:

Water:	City of Tarpon Springs
Sewer:	City of Tarpon Springs
Electricity:	Duke Energy
Telephone:	Verizon
Police:	Tarpon Springs Police Department
Fire:	Tarpon Springs Fire Rescue

The cost of utilities and services are similar to competing areas.

Street Improvements:

The subject site is bordered with Lincoln Avenue to the east, Meres Boulevard to the south and Safford Avenue to the west. Lincoln Avenue is a residential asphalt paved two-lane road with concrete curbs and wood pole mounted street lights. The street improvements end near the north end of the subject site. At the northern end of the subject site Lincoln Avenue is a dirt and gravel road and at the southern end of the subject site it is unimproved due to wetlands. Meres Boulevard is a two-lane connector road between US Highway 19 and Alternate 19 with sidewalks and some center turn lanes. Safford Avenue is a two-lane asphalt paved road with concrete curbs and pole mounted street lights. The Pinellas Trail is located between the two traffic lanes. Traffic counts for Lincoln Avenue, Meres Boulevard and Safford Avenue are not available. Meres Boulevard and Safford Avenue provide good visibility for the site.

Ingress/Egress:

Vehicle travel in the area is primarily by local traffic and no average daily traffic counts are available. Overall ingress and egress is reasonably good, but can be difficult during the peak of the tourist season and at peak traffic hours.

Relationship to Surrounding Properties and Uses:

The subject is located in a mixed residential and commercial area with vacant land to the east and south, industrial and residential properties to the north and a large multiple tenant shopping center to the west. The majority of the properties have older, average quality improvements that are maintained in below average to good condition.

Concurrency:

The enactment of Concurrency Laws in the state of Florida, which became effective January 1, 1990, can directly impact on the use of a site. Concurrency is part of the 1985 Growth Management Act, which states in part that all of an area's infrastructure which are or will be affected by the development of a property must be in place or concurrent with development. Concurrency would appear to have no adverse influence on the subject property.

HIGHEST AND BEST USE:

Highest and best use is defined as:

"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value."³

In appraisal practice, the concept of highest and best use is the premise upon which value is based. The highest and best use analysis studies the economic market forces and identifies the most profitable and competitive use to which a property can be put.

The highest and best use analysis first considers the site as though vacant. If the site is improved, the highest and best use analysis also considers the property as improved. The highest and best use of the land as if vacant may not be the same as the highest and best use of the property as improved. The use of the property as improved will continue as the highest and best use, as long as the value of the improved property exceeds the value of the vacant site.

"Highest and best use of land or a site as though vacant assumes that the parcel of land is vacant or can be made vacant by demolishing any improvements."⁴ The highest and best use as though vacant will determine a use for the site, the type of improvements, and when improvements should be made. The highest and best use of the site as vacant is useful for identifying comparable land sales.

There are four criteria used in analyzing the highest and best use of both the land as though vacant and the property as improved. The highest and best use must be:

1. Physically Possible;
2. Legally Permissible;
3. Financially Feasible;
4. Maximally Productive.

The subject site is made up of the southern portion of one platted lot that is divided into two tax parcels and is basically rectangular in shape. Based on a survey provided and the property record cards, the site is 66,008 square feet in size with an upland area of 51,439 square feet or 1.18 acres.

As determined by FIRM community panel number 12103C 0019H, dated August 24, 2021, the subject site is located in flood zone AE. Flood insurance is typically required for improved structures located within AE flood zones.

The subject is zoned IB (Intensive Business) under the jurisdiction of the City of Tarpon Springs. The IB District is established to provide for areas of intense commercial activity involving major repair services, extensive outdoor storage, or the display of vehicles, heavy

equipment or material, and to provide for light manufacturing where permitted by the Comprehensive Plan. Under the comprehensive land use plan, the subject has a land use of CG (Commercial General). The zoning classification and land use are compatible.

The subject site is bordered with Lincoln Avenue to the east, Meres Boulevard to the south and Safford Avenue to the west. Lincoln Avenue is a residential asphalt paved two-lane road with concrete curbs and wood pole mounted street lights. The street improvements end near the north end of the subject site. At the northern end of the subject site Lincoln Avenue is a dirt and gravel road and at the southern end of the subject site it is unimproved due to wetlands. Meres Boulevard is a two-lane connector road between US Highway 19 and Alternate 19 with sidewalks and some center turn lanes. Safford Avenue is a two-lane asphalt paved road with concrete curbs and pole mounted street lights. The Pinellas Trail is located between the two traffic lanes. Traffic counts for Lincoln Avenue, Meres Boulevard and Safford Avenue are not available. Meres Boulevard and Safford Avenue provide good visibility for the site.

Vehicle travel in the area is primarily by local traffic and no average daily traffic counts are available. Overall ingress and egress is reasonably good, but can be difficult during the peak of the tourist season and at peak traffic hours.

The subject is located in a mixed residential and commercial area with vacant land to the east and south, industrial and residential properties to the north and a large multiple tenant shopping center to the west. The majority of the properties have older, average quality improvements that are maintained in below average to good condition.

The highest and best use of the subject property is for commercial and/or industrial development.

SALES COMPARISON APPROACH:

The sales comparison approach involves a detailed comparison of the subject property with similar properties which have recently sold in the same or competitive market. This approach is based primarily on the principle of substitution. This principle states, when several commodities or services with substantially the same utility are available, the lower price attracts the greatest demand and widest distribution. In other words, a prudent investor/purchaser would not pay more to acquire a given property in the market, considering that an alternative property may be purchased for less. The five basic steps in this analysis are listed below:

1. Research the market to identify similar properties for which pertinent sales listings offerings and/or rental data is available.
2. Qualify the data as to terms, motivating forces, or bona fide nature.
3. Analyze the salient characteristics of the comparable properties in relation to the property being appraised, particularly those items relating to date of sale, location, physical characteristics, and condition of sale.
4. Consider all dissimilarities and the probable effect on the price of each sale and derive individual market value indications for the property being appraised.
5. Formulate an opinion of market value from the pattern developed from the foregoing analysis.

A market investigation was conducted to find sales of properties comparable to the subject. The most pertinent transactions are presented on the following pages, along with an identifying photograph and summary of important facts.

COMPARABLE NO. 1:

Location:	8202 Cornel Street, Port Richey
Parcel Number:	29-25-16-0120-00300-0010
	29-25-16-0120-00300-0011
	29-25-16-0120-00300-0020
Date of Sale:	October 2023
Grantor:	Pham Investors LLC
Grantee:	Y Smith Properties LLC
O.R. Book/Page:	10916/0794
Sales Price:	\$365,000
Land Size:	63,623 Square Feet
Price Per Square Foot:	\$5.74
Financing:	Cash
Zoning:	R2 (Two-Family Residential)
Topography:	Level
Shape:	Irregular
Flood Zone:	AE
Utilities:	Available
Improvements:	None
Capitalization Rate:	Not Applicable

This is the sale of a vacant parcel of land located at the northwest quadrant of US Highway 19 and Pasco Way in Port Richey. The site is zoned R2, but it was reported that the site could be easily rezoned to C3 (General Commercial). The property was on the market for sale a little less than 8 months at a price of \$395,000. The property was purchased for an open storage business.

COMPARABLE NO. 2:

Location:	6331 142 nd Avenue N, Largo
Parcel Number:	05-30-16-57540-000-0010
Date of Sale:	October 2023
Grantor:	Car 27 LLC
Grantee:	Sunbelt Development LLC
O.R. Book/Page:	22611/2677
Sales Price:	\$450,000
Land Size:	34,299 Square Feet
Price Per Square Foot:	\$13.12
Financing:	Cash
Zoning:	CG (Commercial General)
Topography:	Level
Shape:	Rectangular
Flood Zone:	X
Utilities:	Available
Improvements:	None
Capitalization Rate:	Not Applicable

This is the sale of a vacant parcel of land located at the northwest corner of 142nd Avenue N and 63rd Street in Largo, but has a Clearwater mailing address. The property was on the market for sale about 2.5 months at a price of \$489,000. The property was purchased for development with about 23 residential units.

COMPARABLE NO. 3:

Location:	617 Live Oak Street, Tarpon Springs
Parcel Number:	12-27-15-89982-003-0100
	12-27-15-89982-003-01001
Date of Sale:	March 2023
Grantor:	Kenneth Walters
Grantee:	Nan C Sabourin Living Trust
O.R. Book/Page:	22398/1441
Sales Price:	\$725,000
Land Size:	64,221 Square Feet
Price Per Square Foot:	\$11.29
Financing:	Cash
Zoning:	IR (Industrial Restricted)
Topography:	Level
Shape:	Slightly Irregular
Flood Zone:	X
Utilities:	Available
Improvements:	None
Capitalization Rate:	Not Applicable

This is the sale of vacant land located at the northwest corner of Live Oak Street and Walton Avenue in Tarpon Springs. The property was on the market for about 10 months. The original list price was \$849,000 and had been reduced down to \$799,000 at the time of contract. The property was purchased for partial use by the new owner and potential future redevelopment. At the time of sale, there was an existing tenant with a land lease and the seller had an interest in leasing back a portion of the land. Both the seller and tenant signed new five-year net leases at \$2,500 a month.

COMPARABLE NO. 4:

Location:	102 Lee Street, Oldsmar
Parcel Number:	23-28-16-63936-082-0080
Date of Sale:	February 2023
Grantor:	JD Largo LLC
Grantee:	Bridge Cap Holding LLC
O.R. Book/Page:	22356/0221
Sales Price:	\$210,000
Land Size:	24,855 Square Feet
Price Per Square Foot:	\$8.45
Financing:	Cash
Zoning:	TCCR (Town Center Commercial Residential)
Topography:	Level
Shape:	Rectangular
Flood Zone:	AE
Utilities:	Available
Improvements:	None
Capitalization Rate:	Not Applicable

This is the sale of a vacant parcel of land located on the west side of Lee Street and south of Tampa Road near downtown Oldsmar. The property was on the market for sale at a price of \$220,000 at the time of contract. The purchase was for development with a restaurant, but the cost of the development was higher than expected due to the location within the flood plain. The property went back on the market for sale in November of 2023 for \$229,000 and the price has been reduced to \$227,500. There is on-street parking within the right-of-way in front of the site, but zoning still requires four on-site parking spaces per one-thousand square feet of building area.

EXPLANATION OF ADJUSTMENTS

Where appropriate, adjustments have been made to the comparables to account for material differences from the subject. The adjustment categories include: property rights conveyed, financing terms, conditions of sale, market conditions (time), location, size, shape, zoning, utilities, topography, flood zone and current improvements. The following is an explanation of the various adjustments.

Property Rights Conveyed

The property rights conveyed category is for differences in the legal estates of the subject property and the comparable properties. Comparables 1, 2, 4, and the subject are fee simple estates and comparable 3 is a leased fee estate with two five-year land leases at \$2,500 a month each or \$60,000 a year. The lease rate appears to be above market and appears to have had some influence on the purchase price. Based on a review of the comparable sales and the market, comparable 3 was adjusted downward 15%. No adjustments are warranted for comparables 1, 2, and 4.

Financing/Conditions of Sale

All of the comparables were confirmed with either the grantee, grantor or an informed source. The comparables have no disclosed under market financing or sale conditions and no adjustments are made.

Market Conditions (Time)

All of the comparables were purchased within 13 months of the effective date of the appraisal. The Pinellas County market has been stabilizing. A review of the comparables indicate that time adjustments are not necessary and no time adjustments are made.

Location

Factors that were included in this adjustment category are the general locations of the comparables when compared to the subject.

The subject and the comparable properties all have site locations with limited traffic counts. Comparable 3 has a similar location to the subject in Tarpon Springs. Comparable 1 has a slightly inferior location to the subject just off of US Highway 19 in Port Richey, comparable 2 has a slightly superior location in Oldsmar and comparable 4 has a slightly superior location to the subject in mid Pinellas County. Based on a review of the comparable sales and the market, comparable 1 is adjusted upward 10% and comparables 2 and 4 are both adjusted downward 10%.

Size/Shape

Size/shape adjustments are made on the basis of the comparables size/shape in relation to the subject. Larger parcels or irregular shaped parcels typically tend to sell at a lower price per unit. Furthermore, smaller parcels are more affordable to a larger number of buyers indicating more demand and higher prices for smaller parcels. However, when

larger parcels are scarce making assemblage necessary, larger parcels sell at a higher price per unit. This is due to the time and effort necessary to assemble them. Larger parcels can also be more economically feasible to develop because the fixed development costs can be more easily absorbed.

The comparables have land sizes between 24,855 and 64,221 square feet. The land size of the subject property is 51,439 square feet and is within the range of the comparables. Based on a review of the comparable sales and the market, a 1% change in land size will cause about a 0.2% inverse change in square foot prices and adjustments are made accordingly. No adjustments appear necessary for the shapes of the sites.

Zoning

The subject is zoned IB (Intensive Business) under the jurisdiction of the City of Tarpon Springs. The IB District is established to provide for areas of intense commercial activity involving major repair services, extensive outdoor storage, or the display of vehicles, heavy equipment or material, and to provide for light manufacturing where permitted by the Comprehensive Plan.

Comparables 2 through 4 have similar commercial zoning classifications to the subject. Comparable 1 had a residential zoning classification at the time of sale that reportedly could be easily changed to a similar commercial zoning classification to the subject. Based on a review of the comparables and the market, no adjustments to the comparables are warranted for zoning.

Utilities

This adjustment category is based on whether utilities were available to the site at the time of sale. Typically, if utilities are not at a site and they have to be brought to it, the site will sell at a lower price per unit. All necessary utilities are at the subject site and the comparable sites and no adjustments are necessary.

Topography

This adjustment category is based on whether the comparable's topography was irregular and/or whether it needed to be cleared before construction could begin on the site. The subject and all of the land comparables are believed to have site topography's that require typical site preparation and development costs. No adjustments are warranted.

Flood Zone

This adjustment category is based on whether the subject property and the comparable properties are located in flood prone areas with added costs of construction and flood insurance.

As determined by FIRM community panel number 12103C 0019H, dated August 24, 2021, the subject site is located in flood zone AE. Flood insurance is typically required for improved structures located within AE flood zones.

Comparables 1 and 4 are located in flood zones AE, like the subject and typically require insurance for improved structures. Comparables 2 and 3 are located in flood zones X and typically do not require flood insurance. Based on a review of the comparables and the market, downward adjustments of 25% are made to comparables 2 and 3.

Correlation and Conclusion

The comparables have sale prices that were compared on the basis of square foot land prices and have adjusted prices from \$6.60 to \$7.68, with an average price of \$7.07 and a median price of \$6.76. The subject property is under contract to the City of Tarpon Springs for \$345,000 or \$6.71 a square foot and is at the lower end of the adjusted price range of the comparable sales.

The comparables chosen for comparison well bracket most of the physical characteristics of the subject property and are considered good indicators of market value for the subject. Based on the cited comparables, the market value of the subject site is estimated at \$7.00 a square foot or \$360,000. The calculation is provided as follows.

$$51,439 \text{ Square Feet} \times \$7.00/\text{Square Foot} = \$360,000 \text{ rounded}$$

**FEE SIMPLE LAND VALUE IN "AS IS" CONDITION
AS OF THE MARCH 12, 2024 EFFECTIVE DATE
THREE HUNDRED SIXTY THOUSAND DOLLARS
(\$360,000)**

ESTIMATED EXPOSURE TIME AND MARKETING:

We have reviewed the typical marketing times for vacant residential properties in the Tampa Bay area, as well as, discussed the marketing time with knowledgeable brokers. If appropriately priced and marketed, the estimated exposure time for the subject property would have been about 2 to 10 months. Marketing time of the subject property is also estimated at 2 to 10 months.

CERTIFICATE OF APPRAISAL:

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report, and no personal interest or bias with respect to the parties involved.
- I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice; and the requirements of the Code of Professional Ethics and the Standards of Professional Practice of the Appraisal Institute. Unless otherwise stated herein, the departure provision does not apply.
- I have made a personal inspection of the property that is the subject of this report.
- No one provided significant real property appraisal assistance to the person signing this certification.
- The appraiser has performed within the context of the competency provision of the Uniform Standards of Professional Appraisal Practice.
- This report was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
- The reported analysis, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.
- The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

- As of the date of this report, I have completed the continuing education program for Designated Members of the Appraisal Institute.
- This appraisal recognizes the following definition of value:

Market Value: as defined in Chapter 12, Code of Federal Regulations, Part 34.42(f) is, "The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised, and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

ASSUMPTIONS AND LIMITING CONDITIONS

1. The legal description furnished is assumed to be correct. No responsibility is assumed for the accuracy of the legal description, or for matters legal in character nor is any opinion rendered herein as to title which is assumed to be good and merchantable. It is assumed that the property is free and clear of liens and encumbrances.
2. It is assumed that surveys and/or plats furnished to or acquired by the appraiser and used in the making of this report are correct. The appraiser has not made a land survey or caused one to be made and, therefore, assumes no responsibility for their accuracy. Drawings in this report are to assist the reader in visualizing the property and are only an approximation of grounds and/or building plan.
3. Certain data used in compiling this report was given to the appraiser by the client, his counsel, employees, and/or agent, or from other sources believed to be reliable; however, we do not guarantee the correctness of such data and assume no liability or responsibility for its complete accuracy. Should the user of this report be or become aware of conditions that would materially alter the conclusions of this report, the user agrees to immediately notify the appraiser. The appraiser reserves the right to modify the report to consider such conditions.
4. The soil and the area the property being appraised appears to be firm and solid, unless otherwise stated. Subsidence in the area is unknown or uncommon but the appraiser does not warrant against this condition or occurrence.
5. Subsurface rights (mineral and oil) were not considered in making this report, unless otherwise stated. Any riparian rights and/or littoral rights indicated by survey, map or plat are assumed to go with the property unless easements or deeds of record were found by the appraiser to the contrary.
6. The appraiser made a limited visual inspection of the subject property. The appraisal does not constitute an inspection for compliance with building, fire, zoning or ADA requirements. The appraiser assumes that there are no hidden or unapparent conditions of the property, subsoil or structures which would render it more or less valuable than otherwise apparently comparable property. The appraiser assumes no responsibility for such conditions or for engineering which might be required to discover such conditions.
7. Possession of this report, or copy thereof, does not carry with it the right of publication or reproduction nor may it be used by anyone but the client without prior written consent of the client and the appraiser and in any event only in its entirety.
8. This appraisal has been prepared solely for the private use of the client who is listed as the addressee, for the purpose and use intended. No other party is entitled to rely on the information, conclusions or opinions contained herein, without written consent of the appraiser. The appraiser is not responsible for the unauthorized use of this report.
9. It is assumed that the property is in full compliance with all federal, state and local laws and regulations, unless noncompliance is stated, defined and considered in the appraisal report. It is also assumed that any licenses, consents or other administrative approvals, required for the operation of the property, have been or can be obtained and renewed for any use on which the value estimate is based.

10. It is assumed that the property is under responsible ownership and competent management.
11. The appraiser, by reason of this report, is not required to give testimony in court with reference to the property herein appraised nor is he obligated to appear before any governmental body, board or agent unless arrangements have been previously made thereof.
12. The distribution of the total valuation in this report between land and improvements applies only under the existing program of utilization. The separate valuations for land and improvements must not be used in conjunction with any other appraisal and is invalid if so used.
13. Neither all nor any part of the contents of this report will be conveyed to the public through advertising, public relations, news, sales or other media without the written consent and approval of the author, particularly as to the valuation conclusions, the identity of the appraiser or firm with which he is connected, or any reference to the Appraisal Institute, or the MAI designation.
14. We are not expert in determining the presence or absence of hazardous substances, defined as all hazardous or toxic materials, wastes, pollutants or contaminants (including, but not limited to, asbestos, PCB, UFFI, or other raw materials or chemical(s) used in construction, or otherwise present on the property. We assume no responsibility for the studies or analyses which would be required to determine the presence or absence of such substances or for loss as a result of the presence of such substances. The value estimate is based on the assumption that the subject property is not so affected. We do, however, recommend an environmental audit for the subject property.
15. Acceptance and/or use of this appraisal report constitutes acceptance of the data, analysis, assumptions and limiting conditions contained herein.

Sign-off Sheet and Signatures of Environmental Professionals

This document entitled Phase I Environmental Site Assessment Report ("Report") was prepared by Stantec Consulting Services Inc. ("Stantec") for the account of the City of Tarpon Springs (the "Client"). The conclusions in the Report are Stantec's professional opinion, as of the time of the Report, and concerning the scope described in the Report. The opinions in the document are based on conditions and information existing at the time the scope of work was conducted and do not take into account any subsequent changes. The Report relates solely to the specific project for which Stantec was retained and the stated purpose for which the Report was prepared. The Report is not to be used or relied on for any variation or extension of the project, or for any other project or purpose, and any unauthorized use or reliance is at the recipient's own risk.

Stantec has assumed all information received from the "Client" and third parties in the preparation of the Report to be correct. While Stantec has exercised a customary level of judgment or due diligence in the use of such information, Stantec assumes no responsibility for the consequences of any error or omission contained therein.

This Report is intended solely for use by the Client in accordance with Stantec's contract with the Client. While the Report may be provided to applicable authorities having jurisdiction and others for whom the Client is responsible, Stantec does not warrant the services to any third party. The report may not be relied upon by any other party without the express written consent of Stantec, which may be withheld at Stantec's discretion.

I declare that, to the best of my professional knowledge and belief, I meet the definition of Environmental Professional as defined in § 312.10 of Title 40 of the Code of Federal Regulations, Part 312, (40 CFR 312). I have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the property. I have developed and performed all the appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

1.0 EXECUTIVE SUMMARY

Stantec Consulting Services Inc. (Stantec) has completed a Phase I Environmental Site Assessment (ESA) Report ("Phase I") of the parcels identified as the "Lincoln Avenue Parcels" in Tarpon Springs, Pinellas County, Florida, Parcel Identification Nos: 13-27-15-21348-005-0132 and 13-27-15-21348-005-0131 (the "Subject Property"), on behalf of the City of Tarpon Springs (see Section 2.3) (the "Client").

The Phase I ESA was conducted in conformance with the requirements of ASTM International (ASTM) Designation E1527-21, and All Appropriate Inquiries (AAI) as defined by the United States Environmental Protection Agency (EPA) in Title 40 of the Code of Federal Regulations, Part 312 (40 CFR 312), except as may have been modified by the scope of work, and terms and conditions, requested by the Client. Any exceptions to, or deletions from, the ASTM or AAI practice are described in Section 2.3.

The Subject Property consists of two parcels, totaling 1.4 acres (1.15 acres of land currently identified in County records as vacant commercial and 0.23 acres identified as wasteland/marsh/sand dunes). A USGS/Site Vicinity map is depicted on **Figure 1**. A Site Boundary and Parcel map is provided as **Figure 2**. A Surrounding Land Use Map is provided as **Figure 3**. Photographs taken during the site reconnaissance visit are provided in **Appendix A**.

We have performed this Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E1527-21. Any exceptions to, or deletions from, this practice are described in the Data Gaps section of this report.

1.1 FINDINGS:

This assessment has revealed no indications of **recognized environmental conditions (RECs)**, **Historical (HRECs)** or **Controlled RECs (CRECs)** in connection with the Subject Property as follows:

ASTM also considers the potential for a **business environmental risk (BER)**, defined as a risk which can have a material environmental or environmentally driven impact on the business associated with the current or planned use of the Subject Property, not necessarily limited to those environmental issues required to be investigated by the ASTM standard. A finding that meets this definition is the presence of wetlands within the subject property boundaries.

1.2 RECOMMENDATIONS:

This assessment has revealed no evidence of RECs in connection with the Subject Property in relation to on-site and off-site land uses. Further assessment does not appear warranted at this time.

The preceding summary is intended for informational purposes only. Reading of the full body of this report is recommended.

2.0 INTRODUCTION

The objective of this Phase I ESA was to perform All Appropriate Inquiry (AAI) into the past ownership and uses of the Subject Property consistent with good commercial or customary practice as outlined by ASTM International (ASTM) in “Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process”, Designation E1527-21. “All Appropriate Inquiries” (AAI) is the process for evaluating a property’s environmental conditions for the purpose of qualifying for landowner liability protections under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) following final rule of Part 312 of Title 40, Code of Federal Regulations (40 CFR Part 312). The purpose of this Phase I ESA was to identify, to the extent feasible, adverse environmental conditions including recognized environmental conditions (“RECs”) relating to the Subject Property.

The ASTM E1527-21 standard indicates that the goal of the Phase I ESA is to identify RECs, as well as historical recognized environmental conditions (“HRECs”) and controlled recognized environmental conditions (“CRECs”) that may exist at a property. The term “recognized environmental conditions” is defined as:

- 1) the presence of hazardous substances or petroleum products in, on, or at the Subject Property due to a release to the environment;
- 2) the likely presence of hazardous substances or petroleum products in, on, or at the Subject Property due to a release or likely release to the environment; or
- 3) the presence of hazardous substances or petroleum products in, on, or at the Subject Property under conditions that pose a material threat of a future release to the environment.

ASTM defines a “HREC” as a previous release of hazardous substances or petroleum products affecting the Subject Property that has been addressed to the satisfaction of the applicable regulatory authority and meets current unrestricted use criteria established by a regulatory authority, without subjecting the property to any required controls (e.g., activity and use limitations or other property use limitations). A HREC is not considered a REC.

ASTM defines a “CREC” as a REC resulting from a past release of hazardous substances or petroleum products that has been addressed to the satisfaction of the applicable regulatory authority (e.g., as evidenced by the issuance of a no further action letter or equivalent, or meeting risk-based criteria established by regulatory authority), but with hazardous substances or petroleum products allowed to remain in place subject to the implementation of required controls (e.g., property use restrictions, activity and use limitations, institutional controls, or engineering controls).

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

As defined by ASTM, RECs can include hazardous substances or petroleum products present under conditions in compliance with laws if that presence represents a material threat of future release. The release of hazardous substances or petroleum products is, however, not a REC if that release is a *de minimis* condition. *De minimis* conditions are minor releases that generally do not present a material risk to human health and would not likely be subject to enforcement action if brought to the attention of governmental agencies. ASTM also considers the potential for a business environmental risk (BER), defined as a risk which can have a material environmental or environmentally driven impact on the business associated with the current or planned use of the Subject Property, not necessarily limited to those environmental issues required to be investigated by the ASTM standard. Consideration of BERs may involve addressing one or more ASTM non-scope considerations.

The scope of work conducted during this Phase I ESA consisted of a visual reconnaissance of the Subject Property, interviews with key individuals, and review of reasonably ascertainable documents. The scope of work did not include an assessment for environmental regulatory compliance of any facility ever operated at the Subject Property (past or present), or sampling and analyzing of environmental media. Stantec was not contracted to perform an independent evaluation of the purchase or lease price of the Subject Property and its relationship to current fair market value. The conclusions presented in this Phase I ESA report are professional opinions based on data described herein. The opinions are subject to the limitations described in Section 2.3.

ASTM E1527-21 notes that the availability of record information varies from source to source. The User or Environmental Professional (EP) is not obligated to identify, obtain, or review every possible source that might exist with respect to a property. Instead, ASTM identifies record information that is reasonably ascertainable from standard sources. "Reasonably ascertainable" means:

1. Information that is publicly available;
2. Information that is obtainable from its source within reasonable time and cost constraints; and
3. Information that is practicably reviewable.

2.1 SUBJECT PROPERTY DESCRIPTION

The subject property parcels are located at the south terminus of Lincoln Avenue, northeast of the intersection of Meres Boulevard and Stafford Avenue in Tarpon Springs, Pinellas County, Florida, with parcel identification numbers 13-27-15-21348-005-0132 and 13-27-15-21348-005-0131 (the "Subject Property"). The subject property consists of approximately 1.4 acres (1.15 acres of land currently identified in County records as vacant commercial and 0.23 acres identified as wasteland/marsh/sand dunes). A copy of the property cards is included as **Appendix B**.

A USGS/Site Vicinity map is provided as **Figure 1**, a Site map illustrating the Subject Property boundary and parcels associated with this Phase I ESA is provided as **Figure 2**, and a surrounding land use map is provided as **Figure 3**. Photographs taken during the site reconnaissance visit are provided in **Appendix A**.

2.2 SPECIAL TERMS, CONDITIONS, AND ADDITIONAL ASSUMPTIONS

There were no other special terms, conditions, or additional assumptions associated with this Phase I ESA.

2.3 EXCEPTIONS AND LIMITING CONDITIONS

This report documents work that was performed in accordance with generally accepted professional standards at the time and location in which the services were provided and given the schedule and budget constraints established by the client. No other representations, warranties, or guarantees are made concerning the accuracy or completeness of the data or conclusions contained within this report, including no assurance that this work has uncovered all potential and actual liabilities and conditions associated with the Property.

This report provides an evaluation of selected environmental conditions associated with the Property that was assessed at the time the work was conducted and is based on information obtained by and/or provided to Stantec at that time. There are no assurances regarding the accuracy and completeness of this information received from others. Conclusions made within this report consist of Stantec's professional opinion as of the time of the writing of this report and are based solely on the scope of work described in the report, the limited data available, and the results of the work. They are not a certification of the Property's environmental condition.

This report has been prepared for the exclusive use of the Client. Any use of or reliance on this report by any third party is prohibited, except as may be consented to in writing by Stantec or as required by law. The provision of any such consent is at Stantec's sole and unfettered discretion and will only be authorized pursuant to the conditions of Stantec's standard form reliance letter. Stantec assumes no responsibility for losses, damages, liabilities, or claims, howsoever arising, from third party use of this report. Project specific limiting conditions are provided in Section 2.2.

The conclusions are based on the conditions encountered at the Property by Stantec at the time the work was conducted. As the purpose of this report is to identify Property conditions which may pose an environmental risk; the identification of non-environmental risks to structures or people on the Property is beyond the scope of this assessment.

The client did not provide or contract Stantec to provide recorded title records or search results for environmental liens or activity and use limitations encumbering the property or in connection with the Subject Property. Portions of the property were overgrown, limiting visual inspection of land surface in those areas. Although these represent data gaps, these data gaps were not considered significant based on other historical resources and the well documented historical use of the property as a landfill and did not impact the EPs ability to identify RECs, HRECs, CRECs, or obvious *de minimis* conditions.

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

The findings, observations, and conclusions expressed by Stantec in this report are not an opinion concerning the compliance of any past or present owner or operator of the Property which is the subject of this report with any Federal, state, provincial or local law or regulation.

This report presents professional opinions and findings of a scientific and technical nature. It does not and shall not be construed to offer a legal opinion or representations as to the requirements of, nor compliance with, environmental laws, rules, regulations, or policies of Federal, state, provincial or local governmental agencies. It is recommended that issues raised by the report should be reviewed for the client by its legal counsel.

Stantec specifically disclaims any responsibility to update the conclusions in this report if new or different information later becomes available or if the conditions or activities on the property subsequently change.

2.4 PERSONNEL QUALIFICATIONS

This Phase I ESA was conducted by, or under the supervision of, an individual that meets the ASTM definition of an EP.

3.0 USER-PROVIDED INFORMATION

ASTM E1527-21 describe responsibilities of the User to complete certain tasks in connection with the performance of “All Appropriate Inquiries” into the Subject Property. The ASTM standard requires that the EP request information from the User on the results of those tasks because that information can assist in the identification of RECs, CRECs, HRECs, or *de minimis* conditions in connection with the Subject Property. Towards that end, Stantec typically requests that the User provide the following documents and information.

Description of Information	Provided (Yes / No)	Description and/or Key Findings
User Questionnaire and/or Interview	No	The End User declined completing the questionnaire. This was not considered a significant data gap due to the completion of the site owner questionnaire (see Section 6).
Environmental Liens or Activity Use Limitations	No	No environmental liens or activity use limitation documents were provided by the user. Per ASTM 1527-21, it is the User's responsibility to search for environmental liens or activity/use limitations (AULs). Stantec may be contracted to complete the search as an additional service. The institutional and engineering control database searches in the regulatory database search report do not satisfy this requirement.
Commonly known or reasonably ascertainable information	Yes	The End User was aware of the presence of wetlands within the subject property boundaries, as they obtained the Site Owner Questionnaire as part of this investigation.
Previous Environmental Permits or Reports Provided by User	No	n/a

4.0 RECORDS REVIEW

The objective of consulting historical sources of information is to develop the history of the Subject Property and surrounding area and evaluate if past uses may have resulted in RECs. Physical setting records are evaluated to determine if the physical setting may have contributed to adverse environmental conditions in connection with the Subject Property. During the review of historical records, Stantec attempted to identify uses of the Subject Property from the present to the first developed use of the Subject Property. Stantec's research included the reasonably ascertainable and useful records described in this section.

4.1 PHYSICAL SETTING

A summary of the physical setting of the Subject Property is provided in the table below with additional details in the following subsections.

Topography:	Site elevation is reported to be four feet above sea level.
Soil/Bedrock Data:	The primary soil component is reported as being Samsula muck. The Samsula series consists of very deep, very poorly drained, rapidly permeable soils that formed in moderately thick beds of hydrophytic plant remains and are underlain by sandy marine sediments. These soils are in swamps, poorly defined drainageways and flood plains. Slopes are less than 2 percent.
Estimated Depth to Groundwater and Estimated Direction of Gradient:	Groundwater is expected to be near the surface (within five feet). Based on USGS data, groundwater flow in the vicinity of the subject property is expected to be generally toward the west-southwest.
NOTE: Site-specific groundwater flow direction and depth can only be determined by conducting site-specific testing, which Stantec has not conducted.	

4.1.1 Subject Property Topography and Surface Water Flow

The subject property is generally flat with sloping at the edges of the on-site surface water bodies. As such, surface water is anticipated to flow toward those water bodies, as well as toward the east (undeveloped land).

4.1.2 Regional and Subject Property Hydrogeology

Regulatory file information for nearby properties indicates that shallow groundwater in the general region of the subject property is approximately five feet below land surface, with surficial and deep surficial aquifer groundwater flows towards the west-southwest.

4.2 FEDERAL, STATE AND TRIBAL ENVIRONMENTAL RECORDS

A regulatory agency database search report was obtained from Environmental Data Resources (EDR), a third-party environmental database search firm. A copy of the summary database search report, including the date the report was prepared, the date the information was last updated, and the definition of databases searched, is provided in **Appendix C**.

Stantec evaluated the information listed within the database relative to potential impact to the Property, assessing the potential for impacts based in part on the physical setting. As part of this process, inferences have been made regarding the likely groundwater flow direction at or near the Property. As described in Section 5.1, the inferred shallow groundwater flow direction is likely to be toward the west-southwest.

4.2.1 Listings for Subject Property

The Subject Property was not identified in the database report.

4.2.2 Listings for Adjoining and Nearby Site with Potential to Impact Subject Property

Stantec assessed data presented in the environmental agency database search report to evaluate the potential for conditions on adjoining and nearby sites to pose a REC, CREC, or HREC for the Subject Property. The evaluation included an opinion of the potential for contamination by hazardous substances or petroleum products to migrate to the Subject Property from an adjoining or nearby site, including by vapor migration or encroachment (i.e., potential for a vapor encroachment condition [VEC]. ASTM E2600-22 Standard Guide for Vapor Encroachment Screening on Property Involved in Real Estate Transactions (ASTM, 2022) was used as the basis for a Tier I Vapor Encroachment Screen (VES) for the Subject Property. This included evaluation of release sites within 1/10 mile for Petroleum Hydrocarbon releases, and 1/3 mile for volatile and semi-volatile organic compound (VOC, SVOC), plus other potential vapor phase contaminants (such as mercury). Only sites with potential to impact the subject property based on distance, direction of groundwater flow, contaminant impacts, and current regulatory status are discussed below:

- **M & J Construction**

Location: 809 S Safford Avenue (approximately 200 feet north of the subject property)

Concern: RCRA Conditionally Exempt Small Quantity Generator, FLR000096297

Summary: Agency documentation indicates this facility has been a CESQG since 2003 with no recorded violations to date. In addition, due of the anticipated direction of shallow groundwater flow, this facility is not considered a REC in relation to the subject property.

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

- **Lake Street Property**

Location: Intersection of Lake Street (now MLK) & Pineapple Street (approximately 2,200 feet NW of the subject property)

Concern: SEMS/CERCLA Evaluation Site, Hazardous Waste Cleanup Site, FAC ID ERIC_14909

Summary: Agency files indicate two abandoned underground sewage disposal tanks were discovered within the above referenced intersection during roadway work in 1989. The tanks were thought to be part of a former stormwater or sanitary sewer system. Sampling conducted after discovery revealed polycyclic aromatic hydrocarbons (PAHs) in groundwater. Subsequent groundwater sampling indicated the PAHs were from another source upgradient of the former tanks. No additional investigation was required in relation to the former tanks. Based on the above, distance from the subject property, and documented groundwater flow toward the west at this location, the former tanks are not considered a REC in relation to the subject property.

- **Soo Hwan Kim / Bayou Cleaners**

Location: 1073 S Pinellas Avenue (approximately 250 feet west of the subject property)

Concern: Dry Cleaner, Small Quantity Generator, Conditionally Exempt Small Quantity Generator, Storage Tank Site FAC ID 980133

Summary: According to available agency data, this facility was a regulated/permitted dry cleaner from 2009 to 2021. No violations associated with any of the designations listed above were listed in agency files. This, combined with the anticipated direction of shallow groundwater flow (generally toward the west), indicates this former facility is not considered a REC in relation to the subject property.

- **Winn-Dixie #2531**

Location: 955 S Pinellas Avenue (approximately 250 feet NW of the subject property)

Concern: Hazardous Waste Very Small Quantity Generator, Conditionally Exempt Small Quantity Generator

Summary: Agency files indicate no recorded violations associated with the above-listed designations. Hazardous materials listed are associated primarily with the pharmacy. Based on the above and the anticipated direction of shallow groundwater flow, this listing is not considered a REC in relation to the subject property.

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

- **Manatee Village Shopping Center**

Location: 713-1081 S Pinellas Avenue (former tanks located approximately 400 feet west of the subject property)

Concern: Leaking Underground Storage Tank (UST) Site, Facility ID 9801243

Summary: Agency files contained a Closure Assessment/Site Remediation Report prepared by Eckland Consultants Inc. in March 1999. In summary:

- A Phase I ESA conducted in 1998 indicated a filling station was historically present at this location.
- As part of the subsequent Phase II ESA conducted in 1998, a geophysical survey identified two USTs.
- The USTs were properly removed in 1999. Soil and groundwater sampling conducted as part of the closure assessment revealed no groundwater impacts in excess of Chapter 62-770 criteria at that time. Soil impacts were identified above residential cleanup target levels. As such, the applicable regulatory agency (Florida Department of Health) indicated the property met the requirements of a conditional closure if the land owner placed a restrictive covenant on the property limiting land use to anything other than residential.
- Subsequent assessment resulted in the issuance of a Site Rehabilitation Completion Order (without restrictions) in April 2001.

Based on the above, the former tanks at this location are not considered a REC in relation to the subject property.

4.3 LOCAL/REGIONAL ENVIRONMENTAL RECORDS

Stantec checked the following sources to obtain information pertaining to Subject Property use and/or indications of RECs in connection with the Subject Property:

4.3.1 Local Health Department, Local/Regional Pollution Control Agency, Local/Regional Water Quality Agency

- The State of Florida maintains records associated with petroleum storage tanks, hazardous materials, spills and releases. Access to these records is via <https://depdms.dep.state.fl.us/Oculus/servlet/login>. Local agencies within Florida are not permitted to maintain these files in separate databases.
- A review of the Florida Health Department reports related to hazardous waste sites (including PCB impacts) was reviewed (<https://www.floridahealth.gov/environmental-health/hazardous-waste-sites/reports/hw-reports-search.html>). No records that could be attributed to the subject property or nearby property were identified, that were not previously discussed in this report.

4.3.2 Federal/State/Local Natural Resource Records:

While not typically a part of agency records review during performance of a Phase I ESA; Stantec personnel performed (or attempted to perform) a cursory review of the following readily-available sources to obtain information regarding endangered species habitats in an attempt to ensure that on-site assessment activity would not adversely impact or jeopardize the continued existence of any listed species or modify designated critical habitats/wetlands in accordance with the General Federal Requirements typically identified in Brownfield Assessment Grant Terms and Conditions. While this assessment is not being funded via a Brownfields grant, this cursory information is still considered a valued part of the due diligence process.

- US Fish and Wildlife Service (USFWS) Critical Habitat Portal database <https://fws.maps.arcgis.com/home/index.html>: No critical habitats were depicted within the boundaries of the subject property or within any adjacent properties.
- USFWS Wetlands Inventory database <https://www.fws.gov/program/national-wetlands-inventory/wetlands-mapper>: Two inventoried wetland features were depicted within the subject property boundaries as follows:

Freshwater Pond habitat classified as a PUBHx (located within west boundary):

- System Palustrine (P): The Palustrine System includes all nontidal wetlands dominated by trees, shrubs, persistent emergents, emergent mosses or lichens, and all such wetlands that occur in tidal areas where salinity due to ocean-derived salts is below 0.5 ppt. It also includes wetlands lacking such vegetation, but with all of the following four characteristics: (1) area less than 8 ha (20 acres); (2) active wave-formed or bedrock shoreline features lacking; (3) water depth in the deepest part of basin less than 2.5 m (8.2 ft) at low water; and (4) salinity due to ocean-derived salts less than 0.5 ppt.
- Class Unconsolidated Bottom (UB): Includes all wetlands and deepwater habitats with at least 25% cover of particles smaller than stones (less than 6-7 cm), and a vegetative cover less than 30%.
- Water Regime Permanently Flooded (H): Water covers the substrate throughout the year in all years.
- Special Modifier Excavated (x): This Modifier is used to identify wetland basins or channels that were excavated by humans.

Freshwater Forested/Shrub Wetland is classified as PFO1/3C (within the south half of the subject property):

- System Palustrine (P): (see above)
- Class Forested (FO): Characterized by woody vegetation that is 6 meters tall or taller.
- Water Regime Seasonally Flooded (C): Surface water is present for extended periods especially early in the growing season but is absent by the end of the growing season in most years. The water table after flooding ceases is variable, extending from saturated to the surface to a water table well below the ground surface.

The presence of inventoried wetlands is not considered a REC, but rather a Business Environmental Risk (BER) that will need to be considered prior to land use/development. A copy of the referenced wetland map is included as **Appendix D**.

4.4 HISTORICAL RECORDS REVIEW

4.4.1 Land Title Records/Deeds

Land title records, deeds, environmental liens, and documentation of activity and use limitations were not provided by the User, and public records were not searched by Stantec.

4.4.2 Historical Fire Insurance Maps, Aerial Photos, and City Directories

Sanborn Fire Insurance Maps have been produced since the late 1800's to provide information relative to fire hazards on insurable property. These maps often indicate locations of underground and aboveground gasoline tanks, storage facilities for flammable chemicals, such as dry cleaners, paint shops, maintenance, and garage facilities; unavailable through other sources. Production of these maps typically was limited to the immediate vicinity of downtown urban areas. EDR purchased the Sanborn Company and has access to all available Sanborn maps. EDR conducted a search of their records and indicated that coverage existed for the subject property and the areas north of the subject property. The Sanborn Map Search report is included as **Appendix E**.

Historical aerial photographs were obtained from collections maintained by the University of Florida (UF), the Florida Department of Transportation (FDOT) aerial retrieval on-line databases. Photos were available from 1941 to 2023. The general type of activity on a property and land use changes can often be discerned from the type and layout of structures visible in the photographs. However, specific elements of a facility's operation usually cannot be discerned from aerial photographs alone. Select aerial photographs (not all of those reviewed) are included as **Figures 4a** through **4j**.

Stantec retained EDR to research available city directories for the Subject Property and adjoining and nearby properties, in approximately five-year intervals. City directories for the vicinity of the site were available between 1962 and 2020. The subject property was not listed in any city directory listings

Below is a table summarizing the findings of the resources listed above. Historical topographic maps were not reviewed due to the availability of these resources.

Period	Source(s)	Identified Historical Uses	
		Subject Property	Surrounding Area
1926 1930	Sanborn Fire Insurance Map	Depicted as vacant land.	Structures along the former railroad approximately 300 feet west-southwest of the subject property are labeled as ME Denny Lumber Co. Sparse development north of the subject property is depicted as residential dwellings. A structure depicted approximately 400 feet west of the subject property is labeled as "oil storage" with gas tanks depicted within an alleyway in the 1930 map. This is consistent with the facility identified as Manatee Village Shopping Center discussed in Section 4.2.2.

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

Period	Source(s)	Identified Historical Uses	
		Subject Property	Surrounding Area
1941	Aerial photo (see Figure 4a)	Appears to contain forested/shrub partially submerged wetland.	Visible features appear generally consistent with the 1930 Sanborn Map findings.
1945	Sanborn Fire Insurance Map	Depicted as vacant land.	- The lumber company structures depicted west of the subject property on the previous maps are no longer depicted. - No other significant land use changes noted.
1951 1962	Aerial photos (see Figures 4b and 4c)	While less submerged land is visible, no significant land use change is apparent.	Visible features appear consistent with the 1962 Sanborn Map and city directory findings.
1962	Sanborn Fire Insurance Map	Depicted as vacant land.	- An industrial structure located approximately 400 feet NW of the subject property is labeled as Diamond Braiding Mills Inc. (shoelace manufacturer). Power is listed as steam and electric. A fuel oil tank is depicted east of the mill within the railroad right-of-way (not considered a REC in relation to the subject property). - Structures approximately 300 feet west of the subject property (former location of lumber company previously mentioned) is labeled as Telephone Supplies Storage. - No other significant land use changes depicted in relation to the subject property.
1962 1964 1968	City Directories	Not listed	- Lincoln Ave: Listings south of Harrison include an American Legion Hall and residential listings. - Safford Ave S: Listings south of Harrison appear to be residential. - Pinellas Ave S: Listings south of Harrison include Diamond Braiding Mills and an auto repair facility (west side of Pinellas Ave), General Telephone Co., a restaurant and trailer park.
1975	Aerial photo (see Figure 4d)	Visible features appear consistent with the 1962-1968 city directory listings.	
1976 1981	City Directories	Not listed	- Lincoln Ave: Listings south of Harrison indicate no significant land use changes. - Safford Ave S: No significant land use changes listed (vacant and residential).

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

Period	Source(s)	Identified Historical Uses	
		Subject Property	Surrounding Area
			Pinellas Ave S: Listings south of Harrison include retail stores, telephone company and mobile home park.
1984	Aerial photo (see Figure 4e)	Some land clearing is visible within the east half of the property.	No significant land use changes visible.
1991	Aerial photo (see Figure 4f)	No significant land use changes visible.	- Land west of the former railroad is developed with the shopping center observed during the recent site visit. - No other significant land use changes visible.
1992 1995	City Directories	Not listed	- Lincoln Ave: residential listings - Pinellas Ave S: Retail listings south of Harrison include Winn Dixie Store, various retail, and a restaurant. - Safford Ave S: 809 listed as M&J Construction and Hahn Wood Ceilings
1997	Aerial photo (see Figure 4g)	Additional land clearing is visible with apparent vehicle access from the northeast corner.	Visible features appear consistent with the 1992 city directory listings.
2000 2005	City Directories	Not listed	- Lincoln Ave: residential listings - Pinellas Ave S: Retail listings south of Harrison include Winn Dixie Store, various retail, restaurant and Bayou Cleaners (discussed in Section 4.2.2) - Safford Ave S: 809 listed as M&J Construction and Cabinetry & Furniture Craftsmanship
2006	Aerial photo (see Figure 4h)	Vehicles and potential surface debris are visible; primarily in the east half of the property.	No significant land use changes visible.
2010 2014 2017	City Directories	Not listed	No significant land use changes listed.
2018	Aerial photos (see Figure 4i)	No significant land use changes visible (vehicles remain visible within the east of the subject property).	

PHASE I ESA: LINCOLN AVENUE PARCELS, TARPON SPRINGS

Period	Source(s)	Identified Historical Uses	
		Subject Property	Surrounding Area
2023	Aerial photo (see Figure 4j)	No vehicles or other surface features are visible within the subject property boundaries (appears consistent with recent site visit observations).	Meres Blvd is visible south of the subject property, as well as associated drainage structures connecting the water bodies on the subject property to the drainage ditches south of Meres. No other significant land use changes visible.

In consideration of agency documentation associated with nearby properties and the anticipated direction of groundwater flow (generally toward the west), historical resources revealed no direction indications of RECs in relation to the subject property.

There is no direct evidence that the historical automotive parking/storage would be indicative of a REC. However, if debris associated with this land use is observed as part of site re-use, any materials found will require proper handling/disposal.

4.4.3 Other Environmental Record Sources

- A search of EPA's RCRA Info Facility Information database did not reveal any nearby active facilities (within 1,500 feet) that were not identified within the EDR database search.
- A search of FDEP's contamination locator map did not identify properties of potential concern beyond those listed in the previously discussed EDR Radius report.
- A review of the FDEP Cattle Dip Vat list for Pinellas County did not have a listing that could be attributed to the subject property.

4.4.4 Other Environmental Assessments

An on-line search of City documents related to the subject property revealed the City's authorization for the City Manager and City Attorney to execute the sales agreement for the subject property. Attached to the letter was a copy of the 2020-2021 water quality sampling program that included a sample location directly adjacent to the subject property, as it reportedly receives untreated runoff from a 123.5-acre watershed. The goal of the study was to determine the quantity of pollutant loading and to identify the source of pollution if present. The comparison of field-collected data to the values attributed to a healthy ecosystem revealed elevated levels of Total Nitrogen and Total Phosphorous. While this finding does not represent a REC in relation to the subject property, it may limit groundwater use (a BER).

Relevant portions of the referenced document are included as **Appendix F**.

5.0 SITE RECONNAISSANCE

A visit to the Property and its vicinity was conducted by Shawn Lasseter (Stantec) in March 2024. Ms. Lasseter was unaccompanied during the site inspection. Select photographs taken during the Property visit are included in **Appendix A**.

5.1 SITE RECONNAISSANCE METHODOLOGY

The site reconnaissance focused on observation of current conditions and observable indications of past uses and conditions of the Property that may indicate the presence of RECs. There were no weather-related or other access limitations that would prevent the EP from determining if RECs are present based on general current land use. Tall grass and submerged areas limited observation of all land surfaces; primarily associated with heavy brush along the perimeter of the submerged sections. This was not considered a significant limitation.

5.2 GENERAL DESCRIPTION

Property and Area Description:	The property is located in an area Tarpon Springs developed with a mix of commercial and residential properties; located just northeast of the Meres Boulevard and Safford Avenue intersection. At the time of this investigation, the property was undeveloped, vacant land with some areas containing submerged lands/ditches connected to off-site sources of surface runoff.
Property Operations:	None (undeveloped, vacant, fenced land)
Structures, Roads, Other Improvements:	Consistent with the County Property Appraiser records, the only on-site improvement was a fence. No pavement or structure were noted within the property boundaries.
Property Size (acres):	Approximately 1.2 acres (based on the Property Appraiser's website)
Estimated % of Property Covered by Buildings and/or Pavement:	0%
Observed Current Property Use/Operations:	See above.
Observed Evidence of Past Property Use(s):	None observed.
Sewage Disposal Method (and age):	Municipal (in area)
Potable Water Source:	Municipal (in area)

5.3 HAZARDOUS SUBSTANCES AND PETROLEUM PRODUCTS

The following table summarizes Stantec's observations during the Property reconnaissance.

Observations	Description/Location
Hazardous Substances and Petroleum Products as Defined by CERCLA 42 U.S.C. § 9601(14):	None observed
Drums (≥ 5 gallons):	None observed
Strong, Pungent, or Noxious Odors:	None observed
Pools of Liquid:	None observed
Unidentified Substance Containers:	None observed
PCB-Containing Equipment:	None observed
Other Observed Evidence of Hazardous Substances or Petroleum Products:	None observed

5.4 INTERIOR OBSERVATIONS

Observations	Description
Heating/Cooling Method:	N/A
Surface Stains or Corrosion:	N/A
Floor Drains and Sumps:	N/A
Other Interior Observations:	N/A

5.5 EXTERIOR OBSERVATIONS

Stantec made the following observations during the site reconnaissance of exterior areas of the Property and/or identified the following information during the interview or records review portions of the assessment:

Observations	Description
On-site Pits, Ponds, or Lagoons:	Consistent with County Property Appraiser data, approximately a quarter acre of the subject property was submerged (wetland, pond)
Stained Soil or Pavement:	None observed – in consideration of the limitations previously noted
Stressed Vegetation:	None observed – in consideration of the limitations previously noted
Waste Streams and Waste Collection Areas:	None observed.

Observations	Description
Solid Waste Disposal:	None observed.
Potential Areas of Fill Placement:	No obvious indications of fill were observed.
Wastewater:	No exterior wastewater discharge observed
Stormwater:	Stormwater is anticipated to flow toward the submerged portions of the property. As previously mentioned, the on-site water bodies also receive runoff from off-site sources to the south.
Wells:	None observed.
Septic Systems:	None reported or observed.
Other Exterior Observations:	None

5.6 UNDERGROUND STORAGE TANKS/STRUCTURES

Existing USTs:	No visible evidence (fill pipes, vent pipes, dispensers, surface patches), which would indicate the presence of USTs, was discovered during the site reconnaissance.
Former USTs:	No visible evidence (fill pipes, vent pipes, dispensers, surface patches), reports, or other evidence of the former presence of USTs was discovered during this Phase I ESA.
Other Underground Structures:	None reported or observed

5.7 ABOVEGROUND STORAGE TANKS

Existing or Former ASTs:	None reported or observed
---------------------------------	---------------------------

5.8 ADJOINING PROPERTIES

5.8.1 Current Uses of Adjoining Properties

Nearby land uses are depicted on Figure 3.

5.8.2 Observed Evidence of Past Uses of Adjoining Properties

NORTH	None observed
EAST	
SOUTH	
WEST	

5.8.3 Pits, Ponds or Lagoons on Adjoining Properties

NORTH	The area south of Meres Boulevard is a documented wetland area.
EAST	
SOUTH	
WEST	

5.9 OBSERVED PHYSICAL SETTING

Topography of the Subject Property and Surrounding Area:	Site vicinity is relatively flat. The highest elevation appears in the northeast quadrant of the property with gradual sloping downward to the west and south.
---	--

6.0 OWNER INTERVIEW

Stantec's *All Appropriate Inquiry Interview Questionnaire* was completed by Mark Moen, Co-Managing Member of Breez Treasures LLC (current owner of the subject property). While no information was provided that indicated a REC in relation to the subject property, Mr. Moen provided the following information regarding the permanent fill of historical wetland:

"Permanent filling impacts to 0.20 acre of qualifying wetland were evaluated using the Uniform Mitigation Assessment Method (UMAM) as required pursuant to Chapter 62-345, F.A.C. The results of the UMAM analysis indicate a functional loss of 0.08 units due to the permanent impacts proposed. Wetland mitigation for permanent filing impacts were provided by the purchase of 0.08 forested credits from the Old Florida Mitigation Bank, ERP No. 43041425.001."

For the inquiry to notices or other correspondence from any government agency relating to past or present violations of environmental laws, rules or codes, the following was provided:

"SWFWMD- Unauthorized Wetland Activity letter identified in Compliance Tracking (CT) No. 384336. (See 19). Forested credits from Old Florida Mitigation Bank were purchased leading to an approved permit from SWFWMD for previously proposed project."

A copy of the completed questionnaire with addendum provided by owner, is included as **Appendix G**.

7.0 EVALUATION

7.1 FINDINGS

- This assessment has revealed no indications of **recognized environmental conditions (RECs)** in connection with the Subject Property.
- This assessment has revealed no indications of **Historical (HRECs)** or **Controlled RECs (CRECs)** in connection with the Subject Property.
- A finding that meets the definition of a Business Environmental Risk (BER) is the presence of wetlands within the subject property boundaries.

7.2 DATA GAPS

The federal AAI final rule [40 CFR 312.10(a)] and ASTM E1527-21 identify a “data gap” as the lack or inability to obtain information required by the standards and practices of the rule despite good faith efforts by the EP or the User.

Any data gaps resulting from the Phase I ESA described in this report are listed and discussed below.

Gap	Discussion
Deletions or Exceptions from Scope of Work Referenced in Section 1.4:	None
Weather-Related Restrictions to Site Reconnaissance:	None
Facility Access Restrictions to Site Reconnaissance:	None
Other Site Reconnaissance Restrictions:	Tall grass limited observation of land surface on portions of the site as did heavy brush primarily around the perimeter of the ponds. This was not considered a significant limitation/data gap that would prohibit an EP from determining the presence of RECs in relation to current land use.
Data Gaps from Environmental Records Review:	None
Data Gaps from Historical Records Review:	None
Data Gaps from Interviews:	None
Other Data Gaps:	None

7.3 CONCLUSIONS

We have performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E1527-21 of the subject property. Any exceptions to, or deletions from, this practice are described in the Data Gaps section of this report (Section 7.2).

This assessment has revealed no evidence of RECs in connection with the Subject Property.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E1527 - 21), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E2247 - 16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E1528 - 22) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

EXECUTIVE SUMMARY

TARGET PROPERTY SEARCH RESULTS

The target property was not listed in any of the databases searched by EDR.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property. Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal CERCLA sites with NFRAP

SEMS-ARCHIVE: A review of the SEMS-ARCHIVE list, as provided by EDR, and dated 01/29/2024 has revealed that there is 1 SEMS-ARCHIVE site within approximately 0.5 miles of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>

Appendix F OTHER ENVIRONMENTAL ASSESSMENT
(2020-2021 WATER QUALITY SAMPLING
PROGRAM RESULTS)

To: Tony Mannello, Streets and Stormwater Supervisor
City of Tarpon Springs

Date: November 14, 2022

From: Joyce Goulas, PE

Subject: Whitcomb Bayou Water Quality Sampling Analysis

1.0 Purpose

This memorandum has been prepared to present the findings of the Whitcomb Bayou Water Quality Sampling Analysis. The goal of the analysis was to determine if the net annual pollutant loadings for Total Nitrogen (TN) and Total Phosphorus (TP) for the considered areas of the Whitcomb Bayou watershed exceed expected levels to a degree that would support pursuit of water quality treatment measures. This memorandum documents the current (baseline) nutrient pollutant loading quantities in areas under consideration for water quality improvements and identifies the general source/location of pollutant sources.

2.0 Data Collection

Samples were collected within two areas representing stormwater contributions to the southern portion of Whitcomb Bayou. The sampling sites are shown in the attached Figure 1. Area 1 includes three sampling sites to characterize nutrient input from the Tarpon Springs Golf Course, the residential zones to the west, and the combined golf course and residential stormwater before they enter the Bayou. Area 2 includes two sampling sites to characterize nutrient input from the 100-acre plot of land where the Tarpon Springs Yard Waste facility resides as well as a basin to the north.

3.0 Analysis

Expected Condition

The expected net annual pollutant loading (ENA) at each of the sampling sites was determined using published data from the 2021 Anclote River Watershed Study. This was accomplished by identifying the contributing upstream basin areas to each sampling site and combining the corresponding basin pollutant loads. The contributing basin areas associated with each sampling site are shown in Figure 2 and tabulated in Figure 4.

In the 2021 Anclote River Watershed Study, the net annual pollutant loading for each basin area was calculated using Equation 1 below.

Equation 1.

Net Loading (Ton/yr) = $\left[\frac{\text{Basin Area (ac)} \times \text{Florida Zone 4 Annual Rainfall (in)} \times \text{Event Mean Concentration (EMC, mg/L)} \times \text{Conversion Factor (2.718)}}{2000} \right] \times [1 - \text{Best Management Practice (BMP) Efficiency}]$

The Event Mean Concentrations (EMCs) and BMP efficiencies used in the Anclote River Watershed Study are based on Harvey Harper's published values.

Table 1. Expected Net Annual Pollutant Loading (ENA) By Sampling Site			
Water Quality Sampling Site	Basin Area, ac	ENA, Ton/yr	
		TN	TP
A1WQ1 – Golf Course	309.54	1.14	0.15
A1WQ2 – Northwest Golf Course	476.73	1.32	0.22
A1WQ3 – Carolina Ditch	834.05	2.63	0.40
A2WQ1 – North Side of Meres Extension	123.50	0.41	0.08
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.18	0.41

Actual Condition

The actual net annual pollutant loading (ANA) was then calculated using Equation 1 and the data collected from the water samples. For the actual condition, there is no factor applied for BMP efficiency since it is captured in the water sampling data. A summary of the water quality sampling data is provided in Figure 5.

Table 2. Actual Net Annual Pollutant Loading (ANA) By Sampling Site			
Water Quality Sampling Site	Basin Area, ac	ANA, Ton/yr	
		TN	TP
A1WQ1 – Golf Course	309.54	2.79	0.25
A1WQ2 – Northwest Golf Course	476.73	2.92	0.22
A1WQ3 – Carolina Ditch	834.05	0.25	0.02
A2WQ1 – North Side of Meres Extension	123.50	1.25	0.15
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.17	0.24

Healthy Condition

The Florida Administrative Code (FAC) Section 62-302.532 has published TN and TP EMC values that represent a healthy ecosystem for the Anclote River Estuary. These values (0.65 mg/L for TN and 0.063 mg/L for TP) were used to estimate the healthy net annual pollutant loading (HNA) using Equation 1. For the healthy condition, there is no factor applied for BMP efficiency.

Table 3. Healthy Net Annual Pollutant Loading (HNA) By Sampling Site			
Water Quality Sampling Site	Basin Area, ac	HNA, Ton/yr	
		TN	TP
A1WQ1 – Golf Course	309.54	1.16	0.11
A1WQ2 – Northwest Golf Course	476.73	1.79	0.17
A1WQ3 – Carolina Ditch	834.05	3.13	0.30
A2WQ1 – North Side of Meres Extension	123.50	0.46	0.04
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.03	0.20

4.0 Summary

Between April 7, 2021 and September 30, 2022, the City of Tarpon Springs collected eleven water samples from the areas of interest. The data from those field samples has been compared to the annual expected nutrient loadings using published data from the 2021 Anclote River Watershed Study. The field data has also been compared to the nutrient loadings of a healthy ecosystem for the Anclote River Estuary.

Area 1

In Area 1, the ANA of TN at sampling sites A1WQ1 Golf Course and A1WQ2 Northwest Golf Course are more than double the ENA and more than 60% greater than the HNA. The ANA of TP at sampling sites A1WQ1 Golf Course and A1WQ2 Northwest Golf Course is as much as 60% more than the ENA and as much as 29% more than the HNA.

Note that the ANA of TN and TP at sampling site A1WQ3 Carolina Ditch are unexpectedly low. Given the high ANA at the upstream sampling sites A1WQ1 Golf Course and A1WQ2 Northwest Golf Course, similar results were expected at A1WQ3 Carolina Ditch. The low ANA at A1WQ3 Carolina Ditch may be attributed to the sampling location and the proximity to Whitcomb Bayou, a saltwater waterbody. There are published reports (Tomasko, 2017, Deliverable for Task 2.4.2 – Surface Water Resource Assessment and Approach) that have demonstrated an inverse relationship between salinity and TN/TP loadings. The high salinity condition at this location may be the cause for the low ANA of TN and TP. On the other hand, it may be that the contaminants are being diluted or flushed out by the tidal influence.

Area 2

In Area 2, the ANA of TN and/or TP at sampling site A2WQ1 North Side of Meres Extension are at least double the ENA and HNA values. The higher ANA may be attributed to the fact that over 60% of the contributing basin area to sampling site A2WQ1 North Side of Meres Extension is comprised of residential areas with no formal water quality treatment.

The ANA of TN and TP at sampling site A2WQ2 are in line with ENA values and exceed HNA values by less than 7% for TN and 20% for TP.

5.0 Conclusion

As shown in Table 4 and Table 5 below, the ANA vs. ENA exceedance for TN is greater than 1.6 Ton/yr at the sampling sites A1WQ1 Golf Course, A1WQ2 Northwest of Golf Course, and greater than 0.8 Ton/yr at the sampling site A2WQ1 North Side of Meres Extension. The ANA vs. ENA exceedance for TP is also greater than 0.07 Ton/yr at sampling sites A1WQ1 Golf Course and A2WQ1 North Side of Meres Extension. A measurable benefit to the Whitcomb Bayou watershed could be achieved with water quality improvements to the basin areas contributing to these sampling site locations.

Table 4. TN ANA Vs. ENA Exceedance

Water Quality Sampling Site	Basin Area, ac	ENA, Ton/yr	ANA, Ton/yr	Exceedance (ANA - ENA), Ton/yr
A1WQ1 – Golf Course	309.54	1.14	2.79	1.65
A1WQ2 – Northwest Golf Course	476.73	1.32	2.92	1.60
A1WQ3 – Carolina Ditch	834.05	2.63	0.25	-2.38
A2WQ1 – North Side of Meres Extension	123.50	0.41	1.25	0.84
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.18	2.17	-0.01

Table 5. TP ANA Vs. ENA Exceedance

Water Quality Sampling Site	Basin Area, ac	ENA, Ton/yr	ANA, Ton/yr	Exceedance (ANA - ENA), Ton/yr
A1WQ1 – Golf Course	309.54	0.15	0.25	0.10
A1WQ2 – Northwest Golf Course	476.73	0.22	0.22	0.00
A1WQ3 – Carolina Ditch	834.05	0.40	0.02	-0.38
A2WQ1 – North Side of Meres Extension	123.50	0.08	0.15	0.07
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	0.41	0.24	-0.17

Similarly, the ANA vs. HNA exceedance for TN is greater than 1.1 Ton/yr at the sampling sites A1WQ1 Golf Course, A1WQ2 Northwest of Golf Course, and almost 0.8 Ton/yr at the sampling site A2WQ1 North Side of Meres Extension. The ANA vs. HNA exceedance for TP is also greater than 0.05 Ton/yr at all three sampling sites. A measurable benefit to the Whitcomb Bayou watershed could be achieved with water quality improvements to the basin areas contributing to these sampling site locations.

Table 6. TN ANA Vs. HNA Exceedance				
Water Quality Sampling Site	Basin Area, ac	HNA, Ton/yr	ANA, Ton/yr	Exceedance (Exceedance = ANA – HNA), Ton/yr
A1WQ1 – Golf Course	309.54	1.16	2.79	1.63
A1WQ2 – Northwest Golf Course	476.73	1.79	2.92	1.13
A1WQ3 – Carolina Ditch	834.05	3.13	0.25	-2.88
A2WQ1 – North Side of Meres Extension	123.50	0.46	1.25	0.79
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.03	2.17	0.14

Table 7. TP ANA Vs. HNA Exceedance				
Water Quality Sampling Site	Basin Area, ac	HNA, Ton/yr	ANA, Ton/yr	Exceedance (Exceedance = ANA – HNA), Ton/yr
A1WQ1 – Golf Course	309.54	0.11	0.25	0.14
A1WQ2 – Northwest Golf Course	476.73	0.17	0.22	0.05
A1WQ3 – Carolina Ditch	834.05	0.30	0.02	-0.28
A2WQ1 – North Side of Meres Extension	123.50	0.04	0.15	0.11
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	0.20	0.24	0.04

6.0 Recommendations

Given the exceedance values of the ANA for TN and TP over the ENA and HNA, there is an opportunity to reduce the annual net loadings and improve the water quality for Whitcomb Bayou (and St. Joseph Sound). It is recommended that the City consider having a water quality BMP feasibility analysis developed. Using the actual loading data, County LiDAR and available property(s), the analysis would conceptually design water quality BMPs within the focus areas to estimate an expected annual nutrient loading reduction to Whitcomb Bayou. This study could also incorporate property acquisition services in order to accurately estimate the cost of acquiring proposed locations for the water quality BMPs in order to perform the cost/benefit ratio. It is also recommended that the City consider discussing this future study with SWFWMD Cooperative Funding Initiative (CFI) staff to determine if they see this study as a potential CFI candidate.

Lastly, it is recommended that the City shares the water sampling data and this memorandum with Pinellas County as part of the ongoing 4e Plan with FDEP.

A1WQ2 - Northwest of Golf Course	476.73	1.79	0.17	1.32	0.22	2.92	0.22
A1WQ3 - Carolina Ditch ³	834.05	3.13	0.30	2.63	0.40	0.25**	0.02**
A2WQ1 - North Side of Meres Extension	123.50	0.46	0.04	0.41	0.08	1.25	0.15
A2WQ2 - Upstream of Pinellas Trail Crossing ⁴	541.88	2.03	0.20	2.18	0.41	2.17	0.24

** Net annual loading values are unexpectedly low. This may be due to the higher salinity level at the sampling point given its immediate proximity to Whitcomb Bayou, since TN and TP are inversely correlated with salinity. On the other hand, it may be that the contaminants are being diluted by the tidal influence.

NOTES:

¹ Net loading calculations are based on the following:

Net Loading (Ton/yr) = [Runoff (ac-ft/yr) x EMC (mg/L) x conversion factor (2.718)]/2000

Runoff (ac-ft/yr) = Basin Area x 51 in/yr (or 4.25 ft/yr) Florida Zone 4 Annual Rainfall

² Net loading data is extracted from the Anclote River Watershed Study and is summarized in Figure 4. The locations of the basins that are listed in Figure 4 are shown in Figure 2. Assumes maximum treatment efficiency is provided by BMPs.

³ Values for Anclote River Estuary and Anclote River Study include loading from A1WQ1 and A1WQ2.

⁴ Values for Anclote River Estuary and Anclote River Study include loading from A2WQ1.

Appendix G COMPLETED SITE OWNER QUESTIONNAIRE

All Appropriate Inquiry - Interview Questionnaire

The new All Appropriate Inquiry rule (40 CFR Part 312) requires that certain inquiries be made to past and present owners, operators and occupants (§312.23) to help evaluate the environmental conditions of the property. This questionnaire has been developed to facilitate the interview process and is intended to be completed prior to the environmental professional's site visit. Please answer all questions to the best of your ability.

Site/Project Name: Lincoln Ave

Address: 0 Lincoln Ave, Tarpon Springs FL 34689

Person completing interview: Mark Moen- Co- Managing Member

1. What is the current use(s) of the property? List all on-site businesses and contact information for each owner or operator.

Vacant land- Single Asset Entity- Breeze Treasures LLC

Managing Members: Mark Moen 954-821-4353, Thomas Rice 612 865-3177, Mindy Mansdorf- 954-821-4354

2. List the known uses/occupants of all adjacent properties.

Contractor Business, Vacant Land

3. Do you know the past uses of the property? ☐ Y ☒ N List: (i.e. – undeveloped prior to 1940, agricultural 1940 to 1968, shopping center 1968 to present).

4. What have adjacent properties been used for in the past?

Contractor Business, Vacant Land

5. List the total acreage of the property and square footage of each building present on site. 1.372 Acres per the Pinellas County Property Appraiser

6. When was each structure built? What was there before construction?
N/A- Vacant Land

7. What is the heating source of each building? N/A

8. Was the fuel source for the building(s) ever heating oil? ☐Y ☒N ☐Unk
9. What is the water source for the property? ☐Public Supply ☐Well ☒Unk
10. What is the sanitary service for the property? ☐Public Sanitary Sewer ☐Septic System ☒Unk
11. Has there ever been a septic system on the property? ☐Y ☐N ☒Unk
12. Are any wells present on-site? ☐Y ☒N ☒Unk
13. Are floor drains present on-site? ☐Y ☒N ☐Unk
14. Where do the drains discharge? ☒N/A _____
15. Are any sumps, sand traps, grease traps or oil-water separators present now or historically on-site? ☐Y ☒N ☐Unk
16. Are there transformers, hydraulic lifts or other potentially PCB-containing equipment at the site? ☐Y ☒N ☐Unk
17. If so, has the PCB content been tested? ☐Y ☐N ☐Unk N/A
18. Have areas of the property been used as borrow pits? ☐Y ☒N Explain:

19. Have area of the property been filled with debris or fill of unknown origin? ☒Y ☐N
Explain: See Addendum

20. Is there now or has there been automobile/equipment repair, a parts washer or degreaser present at the property? ☐Y ☒N Explain: _____

21. Are hazardous substances or petroleum products stored, generated, treated or disposed at the property? ☐ Y ☒ N Explain/List: _____

22. Are there now or have there been underground storage tanks (USTs) present on the property ? ☐ Y ☒ N Explain/List: _____

23. How many USTs are/were present? (Please provide the contents, age, location, size for each) ☒ N/A _____

24. Are the USTs in service, closed-in-place or removed? Please provide applicable closure/removal reports or current tightness testing results) ☐ In Service ☐ Removed ☐ Closed-in-Place ☒ N/A _____

25. Are there now or have there been aboveground storage tanks (ASTs) present on the property ? ☐ Y ☒ N Explain/List: _____

26. How many ASTs are/were present? (Please provide the contents, age, location, size for each) ☒ N/A _____

27. Are the ASTs in service, or removed? Please provide applicable closure/removal reports or current tightness testing results) ☐ In Service ☐ Removed ☒ N/A

28. Were chemicals such as solvents, petroleum products, inks, paints, oils, pesticides or oils used in the past? ☐ Y ☒ N Explain: _____

29. Do you know of specific chemicals that are present or once were present at the property or adjacent properties? ☐ Y ☒ N List: _____

30. Were hazardous substances or petroleum products stored, generated, treated or disposed at the property? ☐ Y ☒ N Explain/List: _____

31. Do you know of spills or other chemical releases that have taken place at the property or adjacent properties? ☐ Y ☒ N Explain: _____

32. Do you know of any environmental cleanups that have taken place at the property or adjacent properties? ☐ Y ☒ N Explain: _____

33. Has the property been the recipient of any notices or other correspondence from any government agency relating to past or present violations of environmental laws, rules or codes? ☒ Y ☐ N Explain: See Addendum

34. Do you know of any obvious indicators that point to the presence or likely presence of contamination at the property or adjacent properties? ☐ Y ☒ N Explain: _____

35. Are you aware of any environmental cleanup liens or pending enforcement actions against the property that are filed or recorded under federal, tribal, state or local law? ☐ Y ☒ N Explain: _____

36. Are you aware of any Activity and Use Limitations (AULs), such as engineering controls, land use restrictions or institutional controls that are in place at the site and/or have been filed or recorded in a registry under federal, tribal, state or local law? ☐ Y ☒ N Explain: _____

37. Do you have any other information that might indicate potential environmental concerns associated with the subject or adjacent properties? ☐ Y ☒ N Explain: _____

I have completed this questionnaire in good faith and to the best of my knowledge.

Signature: _____

Date: _____

Name: _____

Title: _____

Entity; Breez Treasures Co- Member/Manager

Company: _____

Breez Treasures LLC

Relationship to the property: _____

Co-Manager/Member

Number of years associated with the property: _____

Addendum

19. Permanent filling impacts to 0.20 acre of qualifying wetland were evaluated using the Uniform Mitigation Assessment Method (UMAM) as required pursuant to Chapter 62-345, F.A.C. The results of the UMAM analysis indicate a functional loss of 0.08 units due to the permanent impacts proposed. Wetland mitigation for permanent filling impacts were provided by the purchase of 0.08 forested credits from the Old Florida Mitigation Bank, ERP No. 43041425.001.

33. Swfmd- Unauthorized Wetland Activity letter identified in Compliance Tracking (CT) No. 384336. (See 19). Forested credits from Old Florida Mitigation Bank were purchased leading to an approved permit from swfmd for previously proposed project.

City Manager's Feb. 20, 2024 BOC Backup Materials (Includes Stormwater Engineer of Record's Assessment)

City of Tarpon Springs, Florida

324 East Pine Street
Post Office Box 5004
Tarpon Springs, Florida 34689-5004
(727) 938-3711
Fax: (727) 937-8199
www.ctsfl.us

February 20, 2024

To: Mayor, Vice-Mayor and Commissioners

From: Mark G. LeCouris, City Manager

Ref: Authorize City Manager and City Attorney to Execute a Sales Agreement for Parcels #13-27-15-21348-005-0132 and 13-27-15-21348-005-0131 Lincoln Avenue (NE Corner of Meres / Safford)

I am requesting the Board of Commissioners give me authority to execute a sales agreement with Breeze Treasures LLC for the above stated property. The purchase price will not exceed \$349,000 and would therefore not be subject to Referendum. Information and a map view of the property from the Pinellas County Property Appraiser's Office is attached. Also attached is an email from February 5, 2024 from our long time Stormwater Consultant, Bryan Anderson. This email and attached 2022 Water Quality Report from Burgess and Niple explain the importance of obtaining this property to improve the Whitcomb Bayou watershed and the high number of total nitrogen and total phosphorus.

If approved, the purchase contract to be handled by Attorney Salzman will include a final approval by the Board of Commissioners after the City performs due diligence of two appraisals and Phase I environmental analysis of the property.

Excellent OPPORTUNITY for a myriad of on-site development possibilities based on current and/or future zoning considerations; current zoning configuration might support a Boat/RV Storage business, Warehouse, Retail/Office, affordable housing or Self Storage! ALL development projects are subject to site plan and purpose approval by the City of Tarpon Springs. This Property comes with over \$100k in reporting, engineering and planning. Excellent business opportunity in an amazing location! This is Commercial Land located at the gateway to the heart of Tarpon Springs! With Road frontage on newly constructed Meres Blvd. (a direct link between US 19 and Alt 19), Safford Ave (which also runs parallel on the two sides of the Pinellas Trail) and Lincoln Ave, this lot offers high traffic and pedestrian visibility. This 2 parcel assemblage is cattycorner to a large retail center with Winn Dixie as the anchor store and is just a few hundred feet north of a new high end condominium complex with 230+ units. Both parcels combined total acreage equals apx 1.5 MOL commercially zoned acres, (both parcels are included in this sale). 0 Lincoln is ready for your next project! OWNER WILL ONLY SELL BOTH PARCELS TOGETHER FOR MAX DEVELOPMENT (Highest & Best) VALUE. SALE IS NOT DIVISIBLE. PARCEL NUMBERS: Parcel-1: PID 13-27-15-21348-005-0132 / Parcel-2: PID 13-27-15-21348-005-0131. Sellers are moving in another direction and are willing to consider ALL reasonable offers. IB Intensive Business District. The IB District is established to provide for areas of intense commercial activity involving major repair services, extensive outdoor storage, or the display of vehicles, heavy equipment or material, and to provide for light manufacturing where permitted by the Comprehensive Plan. City has expressed interest in plans containing vertical construction and access on to Safford. Live Local Act allows Multifamily with affordable component with maximum residential density and potentially reduced parking requirements as major transit stop is within .5 miles. High demand for warehouse, multifamily and retail space throughout Pinellas county. Great development opportunity due to scarcity of vacant land in Pinellas County. Future City Approvals are subject to Site Plan Submission and Project scope of work (TBD). Priced to Sell!!!

Subject: RE: Property Purchase Potential

Afternoon Tony,

In 2020 – 2021 the City performed a water quality sampling program to document current (baseline) nutrient pollutant loading quantities in areas under consideration for water quality improvement projects.

One of the areas that was sampled included “Area 2”, which included two samples sites to characterize nutrient input. More specifically, water quality sample site “A2WQ1” is directly adjacent to the parcel in question and this site receives untreated runoff from a 123.50-acre watershed (please see attached Figure 2). The goal of the this study to determine the quantity of pollutant loading and to identify the general source/location of pollutant sources.

The data from those field samples has been compared to the annual expected nutrient loadings using published data from the 2021 Anclote River Watershed Study. The field data has also been compared to the nutrient loadings of an expected healthy ecosystem (as defined by FAC Section 62-302.532, published Total Nitrogen and Total Phosphorus Event Mean Concentration values) for the Anclote River Estuary.

The comparison of the field collected data to the “expected healthy ecosystem” values indicate exceedance of Total Nitrogen (TN) and Total Phosphorus (TP) by 0.84 tons/year and 0.07 tons/year, respectively. These results indicate that a measurable benefit to the Whitcomb Bayou watershed could be achieved with water quality improvements within the basin.

The physical location of the identified parcel(s) lends itself to be an ideal candidate for providing a water quality benefit to the 123.50-acre watershed.

Attached is the November 2022 report that supports these findings. As always, please let us know if you have any additional questions.

Respectfully,

Bryan Anderson, P.E., ENV SP

Subject: Whitcomb Bayou Water Quality Sampling Analysis

1.0 Purpose

This memorandum has been prepared to present the findings of the Whitcomb Bayou Water Quality Sampling Analysis. The goal of the analysis was to determine if the net annual pollutant loadings for Total Nitrogen (TN) and Total Phosphorus (TP) for the considered areas of the Whitcomb Bayou watershed exceed expected levels to a degree that would support pursuit of water quality treatment measures. This memorandum documents the current (baseline) nutrient pollutant loading quantities in areas under consideration for water quality improvements and identifies the general source/location of pollutant sources.

2.0 Data Collection

Samples were collected within two areas representing stormwater contributions to the southern portion of Whitcomb Bayou. The sampling sites are shown in the attached Figure 1. Area 1 includes three sampling sites to characterize nutrient input from the Tarpon Springs Golf Course, the residential zones to the west, and the combined golf course and residential stormwater before they enter the Bayou. Area 2 includes two sampling sites to characterize nutrient input from the 100-acre plot of land where the Tarpon Springs Yard Waste facility resides as well as a basin to the north.

3.0 Analysis

Expected Condition

The expected net annual pollutant loading (ENA) at each of the sampling sites was determined using published data from the 2021 Anclote River Watershed Study. This was accomplished by identifying the contributing upstream basin areas to each sampling site and combining the corresponding basin pollutant loads. The contributing basin areas associated with each sampling site are shown in Figure 2 and tabulated in Figure 4.

In the 2021 Anclote River Watershed Study, the net annual pollutant loading for each basin area was calculated using Equation 1 below.

Equation 1.

Net Loading (Ton/yr) = $\left[\frac{\text{Basin Area (ac)} \times \text{Florida Zone 4 Annual Rainfall (in)} \times \text{Event Mean Concentration (EMC, mg/L)} \times \text{Conversion Factor (2.718)}}{2000} \right] \times [1 - \text{Best Management Practice (BMP) Efficiency}]$

The Event Mean Concentrations (EMCs) and BMP efficiencies used in the Anclote River Watershed Study are based on Harvey Harper's published values.

Table 1. Expected Net Annual Pollutant Loading (ENA) By Sampling Site			
Water Quality Sampling Site	Basin Area, ac	ENA, Ton/yr	
		TN	TP
A1WQ1 – Golf Course	309.54	1.14	0.15
A1WQ2 – Northwest Golf Course	476.73	1.32	0.22
A1WQ3 – Carolina Ditch	834.05	2.63	0.40
A2WQ1 – North Side of Meres Extension	123.50	0.41	0.08
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.18	0.41

Actual Condition

The actual net annual pollutant loading (ANA) was then calculated using Equation 1 and the data collected from the water samples. For the actual condition, there is no factor applied for BMP efficiency since it is captured in the water sampling data. A summary of the water quality sampling data is provided in Figure 5.

Table 2. Actual Net Annual Pollutant Loading (ANA) By Sampling Site			
Water Quality Sampling Site	Basin Area, ac	ANA, Ton/yr	
		TN	TP
A1WQ1 – Golf Course	309.54	2.79	0.25
A1WQ2 – Northwest Golf Course	476.73	2.92	0.22
A1WQ3 – Carolina Ditch	834.05	0.25	0.02
A2WQ1 – North Side of Meres Extension	123.50	1.25	0.15
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.17	0.24

Healthy Condition

The Florida Administrative Code (FAC) Section 62-302.532 has published TN and TP EMC values that represent a healthy ecosystem for the Anclote River Estuary. These values (0.65 mg/L for TN and 0.063 mg/L for TP) were used to estimate the healthy net annual pollutant loading (HNA) using Equation 1. For the healthy condition, there is no factor applied for BMP efficiency.

Table 3. Healthy Net Annual Pollutant Loading (HNA) By Sampling Site			
Water Quality Sampling Site	Basin Area, ac	HNA, Ton/yr	
		TN	TP
A1WQ1 – Golf Course	309.54	1.16	0.11
A1WQ2 – Northwest Golf Course	476.73	1.79	0.17
A1WQ3 – Carolina Ditch	834.05	3.13	0.30
A2WQ1 – North Side of Meres Extension	123.50	0.46	0.04
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.03	0.20

4.0 Summary

Between April 7, 2021 and September 30, 2022, the City of Tarpon Springs collected eleven water samples from the areas of interest. The data from those field samples has been compared to the annual expected nutrient loadings using published data from the 2021 Anclote River Watershed Study. The field data has also been compared to the nutrient loadings of a healthy ecosystem for the Anclote River Estuary.

Area 1

In Area 1, the ANA of TN at sampling sites A1WQ1 Golf Course and A1WQ2 Northwest Golf Course are more than double the ENA and more than 60% greater than the HNA. The ANA of TP at sampling sites A1WQ1 Golf Course and A1WQ2 Northwest Golf Course is as much as 60% more than the ENA and as much as 29% more than the HNA.

Note that the ANA of TN and TP at sampling site A1WQ3 Carolina Ditch are unexpectedly low. Given the high ANA at the upstream sampling sites A1WQ1 Golf Course and A1WQ2 Northwest Golf Course, similar results were expected at A1WQ3 Carolina Ditch. The low ANA at A1WQ3 Carolina Ditch may be attributed to the sampling location and the proximity to Whitcomb Bayou, a saltwater waterbody. There are published reports (Tomasko, 2017, Deliverable for Task 2.4.2 – Surface Water Resource Assessment and Approach) that have demonstrated an inverse relationship between salinity and TN/TP loadings. The high salinity condition at this location may be the cause for the low ANA of TN and TP. On the other hand, it may be that the contaminants are being diluted or flushed out by the tidal influence.

Area 2

In Area 2, the ANA of TN and/or TP at sampling site A2WQ1 North Side of Meres Extension are at least double the ENA and HNA values. The higher ANA may be attributed to the fact that over 60% of the contributing basin area to sampling site A2WQ1 North Side of Meres Extension is comprised of residential areas with no formal water quality treatment.

The ANA of TN and TP at sampling site A2WQ2 are in line with ENA values and exceed HNA values by less than 7% for TN and 20% for TP.

5.0 Conclusion

As shown in Table 4 and Table 5 below, the ANA vs. ENA exceedance for TN is greater than 1.6 Ton/yr at the sampling sites A1WQ1 Golf Course, A1WQ2 Northwest of Golf Course, and greater than 0.8 Ton/yr at the sampling site A2WQ1 North Side of Meres Extension. The ANA vs. ENA exceedance for TP is also greater than 0.07 Ton/yr at sampling sites A1WQ1 Golf Course and A2WQ1 North Side of Meres Extension. A measurable benefit to the Whitcomb Bayou watershed could be achieved with water quality improvements to the basin areas contributing to these sampling site locations.

Table 4. TN ANA Vs. ENA Exceedance

Water Quality Sampling Site	Basin Area, ac	ENA, Ton/yr	ANA, Ton/yr	Exceedance (ANA - ENA), Ton/yr
A1WQ1 – Golf Course	309.54	1.14	2.79	1.65
A1WQ2 – Northwest Golf Course	476.73	1.32	2.92	1.60
A1WQ3 – Carolina Ditch	834.05	2.63	0.25	-2.38
A2WQ1 – North Side of Meres Extension	123.50	0.41	1.25	0.84
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.18	2.17	-0.01

Table 5. TP ANA Vs. ENA Exceedance

Water Quality Sampling Site	Basin Area, ac	ENA, Ton/yr	ANA, Ton/yr	Exceedance (ANA - ENA), Ton/yr
A1WQ1 – Golf Course	309.54	0.15	0.25	0.10
A1WQ2 – Northwest Golf Course	476.73	0.22	0.22	0.00
A1WQ3 – Carolina Ditch	834.05	0.40	0.02	-0.38
A2WQ1 – North Side of Meres Extension	123.50	0.08	0.15	0.07
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	0.41	0.24	-0.17

Similarly, the ANA vs. HNA exceedance for TN is greater than 1.1 Ton/yr at the sampling sites A1WQ1 Golf Course, A1WQ2 Northwest of Golf Course, and almost 0.8 Ton/yr at the sampling site A2WQ1 North Side of Meres Extension. The ANA vs. HNA exceedance for TP is also greater than 0.05 Ton/yr at all three sampling sites. A measurable benefit to the Whitcomb Bayou watershed could be achieved with water quality improvements to the basin areas contributing to these sampling site locations.

Table 6. TN ANA Vs. HNA Exceedance				
Water Quality Sampling Site	Basin Area, ac	HNA, Ton/yr	ANA, Ton/yr	Exceedance (Exceedance = ANA – HNA), Ton/yr
A1WQ1 – Golf Course	309.54	1.16	2.79	1.63
A1WQ2 – Northwest Golf Course	476.73	1.79	2.92	1.13
A1WQ3 – Carolina Ditch	834.05	3.13	0.25	-2.88
A2WQ1 – North Side of Meres Extension	123.50	0.46	1.25	0.79
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	2.03	2.17	0.14

Table 7. TP ANA Vs. HNA Exceedance				
Water Quality Sampling Site	Basin Area, ac	HNA, Ton/yr	ANA, Ton/yr	Exceedance (Exceedance = ANA – HNA), Ton/yr
A1WQ1 – Golf Course	309.54	0.11	0.25	0.14
A1WQ2 – Northwest Golf Course	476.73	0.17	0.22	0.05
A1WQ3 – Carolina Ditch	834.05	0.30	0.02	-0.28
A2WQ1 – North Side of Meres Extension	123.50	0.04	0.15	0.11
A2WQ2 – Upstream of Pinellas Trail Crossing	541.88	0.20	0.24	0.04

6.0 Recommendations

Given the exceedance values of the ANA for TN and TP over the ENA and HNA, there is an opportunity to reduce the annual net loadings and improve the water quality for Whitcomb Bayou (and St. Joseph Sound). It is recommended that the City consider having a water quality BMP feasibility analysis developed. Using the actual loading data, County LiDAR and available property(s), the analysis would conceptually design water quality BMPs within the focus areas to estimate an expected annual nutrient loading reduction to Whitcomb Bayou. This study could also incorporate property acquisition services in order to accurately estimate the cost of acquiring proposed locations for the water quality BMPs in order to perform the cost/benefit ratio. It is also recommended that the City consider discussing this future study with SWFWMD Cooperative Funding Initiative (CFI) staff to determine if they see this study as a potential CFI candidate.

Lastly, it is recommended that the City shares the water sampling data and this memorandum with Pinellas County as part of the ongoing 4e Plan with FDEP.

A2WQ2 - Upstream of Pinellas Trail Crossing ⁴	541.88	2.03	0.20	2.18	0.41	2.17	0.24

** Net annual loading values are unexpectedly low. This may be due to the higher salinity level at the sampling point given its immediate proximity to Whitcomb Bayou, since TN and TP are inversely correlated with salinity. On the other hand, it may be that the contaminants are being diluted by the tidal influence.

NOTES:

¹ Net loading calculations are based on the following:

Net Loading (Ton/yr) = [Runoff (ac-ft/yr) x EMC (mg/L) x conversion factor (2.718)]/2000

Runoff (ac-ft/yr) = Basin Area x 51 in/yr (or 4.25 ft/yr) Florida Zone 4 Annual Rainfall

² Net loading data is extracted from the Anclote River Watershed Study and is summarized in Figure 4. The locations of the basins that are listed in Figure 4 are shown in Figure 2. Assumes maximum treatment efficiency is provided by BMPs.

³ Values for Anclote River Estuary and Anclote River Study include loading from A1WQ1 and A1WQ2.

⁴ Values for Anclote River Estuary and Anclote River Study include loading from A2WQ1.

FIGURE NO.

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Patricia Hall, Senior Procurement Analyst
Subject: Award File No. 240108-C-PH, Riverside Tennis Court Resurfacing, Utilizing Sourcewell Contract No. 031022-Rec, Athletic Surfaces with Installation, Related Equipment, Materials and Services **(10 Minutes)**

Recommendation

Award File No. 240108-C-PH, Riverside Tennis Court Resurfacing utilizing Sourcewell Contract No. 031022-Rec, Athletic Surfaces with Installation, Related Equipment, Materials and Services with Cool Courts, LLC for the period of April 16, 2024 through May 26, 2026 at an estimated amount of \$250,000.00 for the Public Works Department – Parks Division.

Background

The purpose of this contract is to resurface the tennis courts at Riverside Park. This project was previously bid out in 2023; however, the bid pricing responses received far exceeded the budgeted amount. By utilizing the Sourcewell contract, the City was able to obtain a quote for this project that is within budget. VersaCourt is an authorized dealer of Cool Courts, LLC (see attached memo).

The Sourcewell contract is a competitively bid cooperative contract created under the laws of the State of Minnesota that offers cooperative procurement solutions to government entities located in the United States and Canada.

Funding

Funding is available in accounts 307-8603-572.6300 (\$140,000) and 150-1668-537.6300 (\$110,000).

Strategic Plan Objective

Goal D.3: A vibrant, life-long community where people can meet all daily needs of living and comfortably “age in place.”

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Tom Funcheon, Director of Public Works
Subject: Approve Riverside Tennis Court Resurfacing

Recommendation

Award contact for Cool Courts LLC through SourceWell #031022-Rec, in the amount of \$250,000,

Background

By resurfacing the existing courts with the VersaCourt system, the time of installation is only 4–6 days. It can allow forgiveness for players’ knees, joints and lower backs, reducing the chance of injury during play. It is also 50% cooler than asphalt. The fencing around the court can be replaced at a later date.

Funding

307-8603-572.6300	\$140,000
150-1668-537.6300	<u>\$110,000</u>
Total	\$250,000

Strategic Plan Objective

Goal D.3: A vibrant, life-long community where people can meet all daily needs of living and comfortably “age in place”

**Solicitation Number: RFP #031022****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and The Recreational Group Holdings, LLC, 205 Boring Dr., Dalton, GA 30721 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Athletic Surfaces with Installation, and Related Equipment, Materials, and Services from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires May 26, 2026, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:
 - a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
 - b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense.* The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers,

resellers, marketing representatives, and agents (collectively “Permitted Sublicensees”) in advertising and promotional materials for the purpose of marketing the Parties’ relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*

- a. Neither party may alter the other party’s trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
- b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party’s trademarks only in good faith and in a dignified manner consistent with such party’s use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. As applicable, Supplier agrees to indemnify and hold harmless Sourcewell and its Participating Entities against any and all suits, claims, judgments, and costs instituted or recovered against Sourcewell or Participating Entities by any person on account of the use of any Equipment or Products by Sourcewell or its Participating Entities supplied by Supplier in violation of applicable patent or copyright laws.

5. **Termination.** Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party’s name or logo (excepting Sourcewell’s pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell’s written directions.

B. **PUBLICITY.** Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. **MARKETING.** Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. **ENDORSEMENT.** The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. **PERFORMANCE.** During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. **REQUIREMENTS.** At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

\$500,000 each accident for bodily injury by accident

\$500,000 policy limit for bodily injury by disease

\$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:

\$1,000,000 each occurrence Bodily Injury and Property Damage

\$1,000,000 Personal and Advertising Injury

\$2,000,000 aggregate for Products-Completed operations

\$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms

no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:

\$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:

\$2,000,000

5. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is

primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. **WAIVER OF SUBROGATION.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. **UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION.** The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. **LAWS AND REGULATIONS.** All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. **LICENSES.** Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. § 180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names

of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation

and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcwell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcwell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Table 2: Company Information and Financial Strength

Line Item	Question	Response *
10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Recreational Solutions Group was founded in 2014 and changed to The Recreational Group in 2016 after making acquisitions of the companies listed in Table 1 amongst others. VersaCourt was originally founded as Swiss Flex in 1976 in Europe and entered the US market in 2004. Swisstrax was founded in 2004. UltraBase Systems was founded as Tour Links in 2000 and merged in 2019. Mission Statement To deliver exceptional results for our customers by providing the highest quality recreational products and worry-free installation services. Vision Statement Enrich the lives of our customers, employees, and investors by continuing to expand and improve our core business, delivering impeccable customer service and sound solutions. Core Values Using a customer-centric focus, our employees and associates should fulfill daily tasks with: Care Compassion, Honesty, Respect, and Integrity.
11	What are your company's expectations in the event of an award?	To supply your members with the highest quality athletic solutions, accessories and services at value based price. We will to grow this program and service through promotion, education, and appropriate staffing to manage the increase in sales to your members we anticipate immediately.
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	See attached documents
13	What is your US market share for the solutions that you are proposing?	The Recreational Group enjoys 30% market share in the modular athletic surfacing space for indoor and outdoor applications.
14	What is your Canadian market share for the solutions that you are proposing?	The Recreational Group enjoys 20% market share in the modular athletic surfacing space for indoor and outdoor applications.
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	The Recreational Group represents as a manufacturer and full service provider. CH3 Solutions manufactures the products offered. Turnkey installed projects as well as material only options are offered through a Regional Sales Management Team and internal sales, technical, and installation support teams. All staff for these options are employed directly by the company. Each division also has an extensive dealer network, that are trained and authorized to represent, sell, and install their respective brands across the US and internationally. These dealers are independently owned but authorized to sell and install the brand they represent.
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	CH3 holds the ISO 9001:2015 Certification.
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	The Recreational Group has never been barred or suspended from doing business in any geographical area or business segment.

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *	
19	Describe any relevant industry awards or recognition that your company has received in the past five years	Swisstrax received an INC5000 award in 2019. CH3 Solutions was recognized as 1 of the 25 World Class Processors by Plastic's Technology study.	*
20	What percentage of your sales are to the governmental sector in the past three years	20% of The Recreational Group's sales are attributed to governmental entities such as military, cities, and counties.	*
21	What percentage of your sales are to the education sector in the past three years	20% of The Recreational Group's sales are attributed to the educational sector.	*
22	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	The Recreational Group does not hold any active cooperative purchasing contracts.	*
23	List any GSA contracts or Standing Offers and Supply Arrangements (SOSA) that you hold. What is the annual sales volume for each of these contracts over the past three years?	The Recreational Group does not hold any GSA or SOSA contracts or agreements.	*

Table 4: References/Testimonials

Line Item 24. Supply reference information from three customers who are eligible to be Sourcwell participating entities.

Entity Name *	Contact Name *	Phone Number *	
Sunny Hills High School	Allen Whitten	714-626-4201	*
Russell Sage College	Jill Grebert	518-244-2000	*
USCG Sector Mobile	LT. Matthew Carson	251-441-5564	*

Table 5: Top Five Government or Education Customers

Line Item 25. Provide a list of your top five government, education, or non-profit customers (entity name is optional), including entity type, the state or province the entity is located in, scope of the project(s), size of transaction(s), and dollar volumes from the past three years.

Entity Name	Entity Type *	State / Province *	Scope of Work *	Size of Transactions *	Dollar Volume Past Three Years *	
New England Region Volleyball Association	Non-Profit	Massachusetts - MA	Athletic Surfacing 21 volleyball courts	67,200 sqft	\$221,397	*
City of Peachtree City	Government	Georgia - GA	Athletic Surfacing inline hockey rink	17,100 sqft	\$71,161	*
USCG Station Indian River Inlet	Government	Delaware - DE	Athletic Surfacing multi sport game court	6,435 sqft	\$25,481	*
Trenton High School	Education	North Dakota - ND	Athletic Surfacing basketball court	8,500 sqft	\$68,781	*
Chartwell School	Education	California - CA	Athletic Surfacing basketball, shuffleboard, and pickleball court	6,555 sqft	\$66,331	*

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcwell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

-----------	----------	------------	--

26	Sales force.	The Recreational Group has an extensive and well trained sales team comprising of inside sales, Dealer Support, Regional Managers, National Account Managers, and Division Sales Management teams. The sales team is tasked with educating and servicing customers by providing solutions for athletic flooring needs across the US and Canada markets. The company has 36 salaried sales management and staff supporting the US and Canada. This staff is rich in knowledge of the industry with many existing long standing relationships in the education, government, and non-profit segments. Participation in the Sourcewell program would be a useful tool for them to continue to execute, promote, and enhance relationships with your members.	*
27	Dealer network or other distribution methods.	Each division has a robust dealer network that completed required sales and installation trainings, are licensed, and are authorized to sell and install their respective division's product lines. When applicable, they also carry the necessary insurance needed for construction work. There are over 300 authorized dealers that are independently owned in the US and Canada.	*
28	Service force.	The VersaCourt, Swisstrax, and UltraBase Systems independent dealer networks handle customer service matters. They are supported by an inhouse staff of salaried installers, field supervisors, and managers. The company has 24 in house salaried qualified install technicians. In addition, we employ 5 managers that supervise crews, schedule projects, manage staff, and make sure quality is upheld during installation. There are 4 project managers that manage the installation projects for various customers and sales managers. The quoting process is supported by 6 in house CAD designers with one department manager that reviews every installation quote for accuracy on dimensions and pricing.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Customers have a variety of options for service inquiries and requests. They may make a request through a Regional Sales Manager, and inside sales representative, submit a request through a centralized link to the company directly, or request a quote through a local dealer that works with dealer support. An estimate will be given to your member with our vendor ID number, their member number, and pricing at or below the price ceiling along with a rendering. If everything is agreed upon, a CAD rendering will be provided for final approval from your member and the product will be put into production. Shipping and installation timelines will be handled by whomever is managing that order.	*
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Any request from a customer is typically responded to within a few hours and at most within 24 hours. The request is handled by whomever placed the order of a given project with support from our internal team and is done so in a timely fashion. If a sale is made through a dealer, occasionally internal employees are sent out to support with on site issues, but our dealers are more than capable of servicing any issues.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Through our corporately employed sales staff and extensive dealer networks, we would be more than willing and capable to service any and all Sourcewell members across the United States.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Through our corporately employed sales staff and extensive dealer networks, we would be more than willing and capable to service any and all Sourcewell members across Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	N/A	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	N/A	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Alaska is the only state we do not have an authorized dealer, but do have the ability for a corporate install or have subcontractor references if an installation is required.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	The Recreational Group will promote our Sourcewell affiliation digitally on all websites and social channels throughout the calendar year including blog posts and a press release. Additionally, The Recreational Group will include the Sourcewell logo on relevant marketing collateral that is created for both print and digital distribution. We will also promote being a vendor when attending trade shows where your members will be in attendance. All marketing sent out will include messaging to make members aware how they can purchase through Sourcewell while satisfying their procurement process. Lastly, training our sales teams and dealers on Sourcewell best practices and how to effectively communicate to members or prospective members will be mandatory and paramount to the success of the program.	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Our digital strategy includes SEO best practices on the The Recreational Group websites with keyword rich content that is regularly refreshed to include the most accurate and relevant information in the industry. All content, imagery and video added to our website, YouTube channel or social media platforms is curated by online marketing experts and all industry standard meta data is utilized. We also run effective paid search and advertising programs with Google, Bing, and Yahoo as well as social channel ads and remarketing campaigns. We take an active approach to social media by utilizing internal tools with regularly scheduled posts across all channels and promptly engage with customers who interact with our brand.	*
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	It is our understanding Sourcewell will manage and administer awarded contracts and communicate the benefits of competitively bid solutions provided in the RFP to Sourcewell members. The Recreational Group will take a similar approach by making customers aware of our Sourcewell contract during the initial buying phases to ensure customers are knowledgeable and comfortable with the entire purchasing process. Our reps will lead with this partnership when initiating conversations with any member or prospective member within the Sourcewell buying group. If we do have a prospective member, Sourcewell will assist in getting them signed up as members so they can take advantage of cooperative purchasing. Sourcewell will also promote their contracts and vendors at trade shows they attend when applicable.	*
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Swisstrax offers the ability to order through an e-procurement platform but has not been used by government or educational customers. Most athletic surface sales are a highly custom sales and require hands on support from our talented and experienced team.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	We have a proven track record of selling jobs as material only with written instructions, install videos, and sales support to assist in explaining how to install a surface themselves if that is what your member wants at no additional cost. If your member decides they would like a professional install, we offer that solution as well and all depends on your member's request and comfort level. We also paint game lines in house in a controlled environment, so when we palletize the product for shipment, it is reverse stacked in sheets, making installation a breeze and building the court row by row.	*
41	Describe any technological advances that your proposed products or services offer.	VersaCourt outdoor products offers a best in class combination of shock absorption, ball bounce, traction, and lowest skin abrasion compared to the competition, verified by licensed and certified testing labs. VersaCourt also carries an inline hockey or skating tile with patented pinheads on the top of the tile that allows a puck to glide smoothly. VersaCourt offers an outdoor product manufactured to be installed in areas where heavy equipment can be driven on without compromising ball bounce and safety features. The indoor product is the only product in the market with holes for moisture mitigation and a patented surface profile that provides better traction compared to the smooth top of the competition. UltraBase offers an ADA compliant ramp when necessary for your members. UltraBase offers wire chase tracks for applications that require the redirection of electrical or cable service when needed. UltraBase also offers an alternative to concrete or asphalt slabs when your members require a permeable subsurface. Swisstrax offers a Swiss-click interlocking system that allows for tiles to be installed and/or removed with ease. Swisstrax tiles are 15.75" squared and 3/4" thick and offer a 1/4" channeling system for drainage. The larger size of the tile allows for the system to lay over imperfections and undulations better than a smaller competitor tile. Swisstrax is also manufactured using a 4 point injection process for a more thorough distribution of raw material and has a 10-year pigment package included.	*
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	When VersaCourt manufactures different colors of tile, there is a small quantity that cannot be used for making athletic surfaces because the color doesn't match and is not considered 1st grade product. We collect this 2nd grade tile and use it as drainage tile that goes under our turf so it is not wasted. A similar process is in place if we had a warranty claim, and that tile is reused as well. VersaCourt also has a program to take back competitors courts and regrind them for 2nd grade drain tile. All divisions manufacture products that are 100% recyclable. Our waste factor is under 1%.	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	The Recreational Group does not have an eco-labels or certifications.	*
44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	This is not applicable to The Recreational Group.	*
45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	Through RG Event Surfaces we offer the ability to rent all of our products rather than purchase that comes with your choice of installation as well. There is also a rent to own program with this division. We are also the only manufacturer that offers the option of installing the product yourselves or getting a full turnkey installation if your members have limited funding. Swisstrax and UltraBase have a fulfillment time of 48-72 hours to ship product unless very large quantities are ordered. VersaCourt also has a Court Tracker, allowing your members to track the progress of their court. VersaCourt and Swisstrax offer first class 3D surface designers for your members to conceptualize and customize what they are purchasing.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Our warranty cover all parts, products, paint, and freight costs for manufacturers defects across all divisions. Labor would be covered at the dealer's expense per the language in the contract between the dealer and your member for the VersaCourt and Swisstrax divisions if sold through the dealer. If it was a DIY or material only sale, labor is not covered. VersaCourt is the only manufacturer to offer a limited lifetime warranty on our outdoor athletic surfaces.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Yes they do based on the specifications of the product lines and are explained on the front end of the sales cycle.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	If sold through a dealer, this language is typically included in the agreement and covered by the dealer.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	No there are not geographic restrictions if installed by a dealer or our in house installation teams.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	The Recreational Group would file a claim with the manufacturer for items not made in house and act as a middle man to correct any issues.	*
51	What are your proposed exchange and return programs and policies?	VersaCourt and Swisstrax offers a 30 day money back guarantee if the customer is unsatisfied with the product within 30 days of delivery. The only expense owed is shipping the product back to our facility.	*
52	Describe any service contract options for the items included in your proposal.	Currently The Recreational Group does not offer standard service contracts.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	Standard terms for all divisions are 50% to get product into production and 50% prior to shipping. Net 30 or Net 60 terms are offered contingent on a credit application.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	We offer financing through Affirm and Lightstream to residential customers. If awarded the contract we would apply to become a vendor of National Cooperative Leasing to offer this option to your members.	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	There are estimates, sales orders, customer approval drawings, CAD drawings, court pictures, shipping information, installation documents, and agreements. All documents would be labeled to identify a Sourcewell sale so we can track sales and pay the agreed upon administrative fee quarterly.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, we accept the P-card procurement and payment processing option. There is no additional cost to utilize this payment option.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Our Sourcewell price list will offer a ceiling based best value price level that includes shipping and installation services and will be line item discount. Current price lists do not include shipping and installation but only the product itself. These pricing levels are not offered to any other organization.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing discounts to Sourcewell members will be in the range of 5%-30% off of MSRP. This discount will be a combination of discounted product pricing and working with our dealers and installers who operate in a competitive environment where construction pricing will be consistent with what their market charges. RG Event Surfaces will provide Sourcewell members the option to rent all manufactured flooring products at up to a 50% discount off of MSRP not including labor and freight.	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Being the the proposed pricing is a "Ceiling Based Price" this allows us to discount based on size and scope which we do on a regular basis. Larger projects are subject to a significant discount.	*
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	These items, if requested by your members, will be clearly labeled on the proposal as "Open Market Items" and priced competitively as possible. These are typically not items we source so our buying power is not as strong and will be at the mercy of the supplier. Any mark up, if any, will be minimal to cover administrative costs.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The cost of pouring a new concrete or asphalt slab will not be included in the pricing.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Shipping will be included in the line item pricing. Our shipping department constantly shops carriers to identify the best value based options for freight. Our software allows us to identify the best price from our approved carriers saving your members money wherever possible while not compromising service. RG Event Surfaces has instances where drayage costs are incurred, which would be passed along to your member when applicable.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	There is available container procurement service available for Alaska, Hawaii, Canada, and other potential offshore Sourcewell members.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	The Recreational Group employs staff members who have worked with Sourcewell in the past as vendors, we understand how important it is to offer the best value based price to your members to help us both grow

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Within the robust accounting department a dedicated Account Auditor directly reporting to the CFO will be assigned the responsibility of running monthly and quarterly reports tracking the order shipments and installations associated with the Sourcewell program. The Auditor will be executing the internal processes necessary to insure the administrative fee is remitted on a timely basis. As orders are entered into the company ERP, they will be marked with the order type of "Sourcewell" so the orders can be electronically tracked. This also ties to the appropriate pricing, making sure your members are charged at or below the approved price ceiling. Each division will also have a member in management assigned to field questions and ensure all contracts are valid and comply with Sourcewell policy.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Each division holds leadership meetings on a weekly basis and if we are awarded the contract, we will dedicate time to discuss the program and see where we can improve upon utilizing the contract. We will also share best practices and success stories. There will also be numerous trainings to ensure everyone complies with rules and processes of the contract.
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	2.5%

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	VersaCourt offers a wide variety of indoor and outdoor athletic surfacing options made from a specially blended high impact polypropylene polymer that protects against fracturing during intensive play with a UV stabilizer and anti-oxidant additives to defend against color transition and tile deterioration. From inline hockey, basketball, pickleball, to corn hole and more, VersaCourt can custom build and install any athletic surface your members ask for. VersaCourt also offers equipment and accessories such as basketball goals, lighting, ball containment, net systems, and sport specific accessories. UltraBase Systems offers an alternative base solution, giving your members the opportunity to save time and money compared to traditional base materials. The products can be used as a foundation, a finished surface, or a layer to protect fields as a temporary surfacing option to hold a tournament in a stadium where you need a true ball bounce. These products offer a permeable solution to your members who are required to have a foundation that doesn't restrict the flow of water to the earth. Swisstrax offers gym, fitness, and dance flooring options that are permanent or portable to your members. RG Event Surfaces offers a variety of permanent and temporary solutions for sports, events, and activation areas. They have inventory of all product offerings listed above and also have a lease to own option available to your members. Products in these categories are available to each divisions dealer network that has the ability to sell and install worldwide for your members.
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	Subcategories are: office flooring, locker room flooring, entry way flooring, pool area flooring. All of which can be found in an athletic specific facility where The Recreational Group solutions are used.

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments	
71	Athletic surfacing materials such as: Hardwood, Synthetic, Rubber, Sports Vinyl and Clay.	☒ Yes ☐ No	All products are synthetic athletic surfacing materials.	*
72	Equipment, options, accessories, technology and supplies complementary or incidental to the purchase of a turnkey or complete solution of the types described in 71 above.	☒ Yes ☐ No	The Recreational Group offers a vast number of athletic accessories complimentary to athletic surfacing to be a one stop shop for your members.	*
73	Services related to the offering of the solutions described in Lines 71 and 72 above, including installation, removal, disposal, refurbishment, inspection, repair, maintenance, training, and support.	☒ Yes ☐ No	Through corporate installers and dealer networks, services include and are not limited to: full installation, removal, disposal, refurbishment, inspection, repair, maintenance, training, and support.	*

Table 15: Industry Specific Questions

Line Item	Question	Response *	
74	Describe any unique advantage your product offers in relation to design, manufacturing, performance, maintenance, and product longevity.	The Recreational Group offers the best warranties in the industry which speaks to the product longevity. Maintenance on all product lines is next to none and a leaf blower or power washer once a year is all that is needed. Ultrabase offers the only solution to your members for either a finished playable surface, or a substitute to traditional bases that is permeable as well.	*
75	Describe any sustainability design features your product offers.	The products are all 100% recyclable and can be re-used as drain tile to go underneath turf.	
76	Describe the installation process and how it is managed from product order to completion.	The installation process managed by the dealer network is enhanced with our Court Tracker that gives the installing dealer and end user visibility on when to anticipate completion. Authorized dealers monitor the process from start to finish, handling any circumstances that occur during construction, giving your members peace of mind. The corporate installs come with installers, project managers, and division managers ensuring the agreed upon scope of work is completed within the agreed upon timeframe.	

Table 16: Exceptions to Terms, Conditions, or Specifications Form

Line Item 77. NOTICE: To identify any exception, or to request any modification, to the Sourcwell template Contract terms, conditions, or specifications, a Proposer must submit the exception or requested modification on the **Exceptions to Terms, Conditions, or Specifications Form** immediately below. The contract section, the specific text addressed by the exception or requested modification, and the proposed modification must be identified in detail. Proposer's exceptions and proposed modifications are subject to review and approval of Sourcwell and will not automatically be included in the contract.

Contract Section	Term, Condition, or Specification	Exception or Proposed Modification

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
 2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☒ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Amanda Todd, CFO, The Recreational Group, LLC

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

☒ Yes ☐ No

The Bidder acknowledges and agrees that the addendum/addenda below form part of the Bid Document.

RIVERSIDE TENNIS COURT SURFACE REPLACEMENT

Full court Replacement options

- Remove fence and all related court material down to subgrade
- Resurface existing Courts
- Use existing courts and cover with VersaCourt (new surface)

Time frame and costs

- Remove and install from subsurface

Complete demolition to sub-Surface
6-8 weeks to complete. May require
SWFWMD permitting . Possible
additional costs if stormwater is
needed . Will need to remove and
replace fencing for this option

555K +

- Resurface

Resurface existing Courts 3-4 weeks .
Fencing can be replaced at later Date

\$150,000 (expect
to replace existing
asphalt surface and
subbase in 5 years)

- VersaCourt

Install VersaCourt over existing surface
4- 6 days. Fencing can be replaced at
later Date

\$250 K
25-year structural
life expectancy

Choices ?

- Complete new ----- Expensive minimum \$555 but could be more if stormwater is required
- Resurface ----- inexpensive now but will require eventual full court replacement . Existing crakes can be filled and covered but will eventually reflect thru . Maybe acceptable for about 5 yearS. Fencing can be replaced in Future
- VerasaCourt----- mid cost @ \$255K . Can be striped for both Tennis and Pickleball. Can be played on after rain because of open grid design. 50% cooler than asphalt. The VersaCourt tile systems are ideal for creating a fast-playing surface without the related pain and injury risks associated with typical hard courts. The VersaCourt systems' slight vertical flex and side-to-side movement provides forgiveness for players' knees, joints and lower backs, reducing the chance of injury during play. VersaCourt tennis courts have been tested and rated by the International Tennis Federation (ITF) as a fast-paced surface for recreational and competitive play.

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Janina Lewis, Procurement Services Director
From: Patricia Hall, Senior Procurement Analyst
Subject: Award File No. 240107-C-PH, Electronic Plan Review Services Utilizing NASPO ValuePoint Contract No. AR2472, Cloud Services **(10 Minutes)**

Recommendation

Award File No. 240107-C-PH, Electronic Plan Review Services utilizing NASPO ValuePoint Contract No. AR2472, Alternative Contract Source No. 43230000-NASPO-16-ACS, Cloud Solutions, with Carahsoft Technology Corporation for the period of April 28, 2024 through April 27, 2029 at an estimated amount of \$396,141.49 for the Planning and Zoning and Building Development Departments.

Background

On April 27, 2021, the Board approved File No. 210140-C-JJ for the purpose of providing a “stand-alone” electronic plan review system. This system allows for the submittal of applications through an online portal and to perform concurrent plan reviews, and allows for the ability to meet virtually with an applicant/developer to work through issues in real time (see attached memo).

The NASPO ValuePoint Cooperative Purchasing Organization facilitates administration of the cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states and the District of Columbia.

Funding

001-1202-524.5400 Building Development (50%) 001-8802-515-5400 Planning & Zoning (50%)

Strategic Plan Objective

F.1.2: Create and maintain City-wide process improvement strategy

Board of Commissioners

Memorandum

Date: April 16, 2024
To: Mayor and Board of Commissioners
Through: Mark LeCouris, City Manager
From: David Gilson, Building Development Director
Subject: Contract for Electronic Plan Review Services

Recommendation

Staff recommends ***approval*** of a 5-year extension of the electronic plan review services with E-Plan Soft.

Background

E-Plan Soft is a subscription-based platform for building/zoning permit review. The 2-year contract is up for renewal and needs to be extended. Initial reimbursement was funded by CARES Act funds and will now be NASPO contract #AR2472, Alternative Contract Source #43230000-NASPO-16-ACS which will be in effect through September 15, 2026. In the beginning of 2024, the Building Development and Planning and Zoning Department now requires all permits/applications to be submitted electronically through E-Plan Soft. The system is used for electronic development review, and it allows collaboration by City Departments, so reviews are done on the interdepartmental integration. It also allows for tracking of applications through different city review processes, including building permits, Technical Review Committee, Planning and Zoning, Board of Adjustment, and Heritage Preservation Board.

Funding

Staff has negotiated a price for a 5-year extension of the services.

Strategic Plan Objective

F.1.2: Create and maintain City-wide process improvement strategy

This specifically will involve a qty of 30 standard licenses + 5 Shared licenses from 4/28/24-10/27/24 and afterwards a qty 20 standard licenses + 5 Shared licenses will be established

E-PLANSOFT SUBSCRIPTION TERMS AND CONDITIONS

LICENSING AGREEMENT

e-Plan, Inc. (“Licensor”) is a provider of electronic plan review software as a service (“EPR”). As used herein, “EPR” includes all of Licensor’s software products, including without limitation e-PlanREVIEW® and goPost™ Public Portal.

This non-exclusive Licensing Agreement (“LA”), entered into between Licensor and The City of Tarpon Springs (“Licensee”), governs Licensee’s use of the EPR.

Licensor and Licensee (“the Parties”) may enter into one or more separate agreements, Sales Orders, or other arrangements whereby Licensor will provide Licensee with a subscription to the EPR. In all cases, however, as to the EPR, the terms of this LA shall control and prevail over any conflicting terms or conditions.

- 1.0. Contract Documents.** This LA incorporates the attached Exhibit A “Software as a Service (SaaS) Service Level Agreement.” This LA also incorporates any future Sales Orders entered into by the Parties during the term of this LA.

Key Definitions

2.0.

- 2.1. “Service”** means, collectively, Licensor’s EPR and SaaS (software as a service) products, maintenance updates, online documentation, and technical support materials. The Service is provided to Licensee on the basis of a non-exclusive license only, and subject to the subscription terms set forth in the applicable Sales Order. No perpetual license is granted to Licensee when using Service.
- 2.2. “Sales Order”** means any form of agreement, including without limitation a written contract, proposal, estimate, quote, renewal notification, or purchase order, pursuant to which Licensor provides Licensee with a subscription to the Service. For Licensee to obtain a valid subscription, the corresponding Sales Order must set forth a defined number of unique Users and a defined period of time in which the subscription will be in effect.
- 2.3. “User” or “Users”** means individuals who are authorized by Licensee to use the Service, and who have been supplied unique user identifications and passwords.
- 2.4. “Licensee Data”** means all electronic data or information submitted to and stored in the Service by Users.

- 3.0. Non-Exclusive License and Licensor Intellectual Property Rights.** Licensee’s access to and use of the Service shall be on the basis of a non-exclusive license only. All rights, title and interest in and to the Service (including without limitation all intellectual

property rights therein and all modifications, extensions, customizations, scripts or other derivative works of the Service provided or developed by Licensor) are owned exclusively by Licensor. Except as provided in this LA, the rights granted to Licensee do not convey any rights in the Service, express or implied, or ownership in the Service or any intellectual property rights thereto. Licensee grants Licensor a royalty free, worldwide, perpetual, irrevocable, transferable right to use, modify, distribute and incorporate into the Service (without attribution of any kind) any suggestions, enhancement request, recommendations, proposals, correction or other feedback or information provided by Licensee or any Users related to the operation or functionality of the Service. Any rights in the Service or Licensor's intellectual property not expressly granted herein by Licensor are reserved by Licensor. Licensee agrees not to display or use the Licensor trademarks, logos, and service marks in any manner without Licensor's express prior written permission. The trademarks, logos and service marks of Third-Party Application providers ("Marks") are the property of such third parties. Licensee is not permitted to use these Marks without the prior written consent of such Third-Party which may own the Mark.

4.0. Access to the Service by Designated Users. Licensee will purchase a subscription to the Service for a particular number of Users, to be specified in the applicable Sales Order. Licensee will specify and assign a unique User name for each authorized User. Each User login is for the designated User only, and cannot be shared or used by more than one User.

4.1. Alterations to User Accounts. If the Licensee chooses to deactivate a User account, create a new account for a new User, or re-activate an existing account, Licensee may do so as long as Licensee does not exceed the total number of authorized Users.

4.2. Unauthorized Access. Licensee will use commercially reasonable efforts to prevent unauthorized access to or use of the Service and will promptly notify Licensor of any unauthorized access or use of the Service and any loss or theft or unauthorized use of any User's password or name and/or Service account numbers.

4.3. Audit of Authorized Users. Licensee will maintain reasonable business practices and records necessary to ensure that the number of Users is in compliance with this LA and any applicable Sales Orders, and Licensor at its sole discretion reserves the right to request Licensee records to verify such compliance. The Licensee will notify Licensor if any additional Users will be added to use the Service. Licensee must obtain additional Sales Order(s), or a signed written modification to existing Sales Order(s), in order to increase the total number of authorized Users. If Licensor determines that Licensee has more Users than authorized, the fees for additional Users become immediately due.

5.0. General Terms of Service. Licensee and its Users may only use the Service to perform electronic plan review, as advertised and outlined on Licensor's website. Licensee is

responsible for all activities conducted under its User logins and for its Users' compliance with this LA. Licensee's use of the Service will not include service bureau use, outsourcing, renting, reselling, sublicensing, concurrent use of a single User login, or time-sharing of the Service. Licensee will not, and will not permit any third party within its control to: (a) copy, translate, create a derivative work of, reverse engineer, reverse assemble, disassemble, or decompile the Service or any part thereof or otherwise attempt to discover any source code or modify the Service in any manner or form unless expressly allowed in Licensor's user guides; (b) access or use the Service to circumvent or exceed Service account limitations or requirements; (c) use the Service for the purpose of building a similar or competitive product or service, (d) obtain unauthorized access to the Service (including without limitation permitting access to or use of the Service via another system or tool, the primary effect of which is to enable input of requests or transactions by other than authorized Users); (e) use the Service in a manner that is contrary to applicable law or in violation of any third-party rights of privacy or intellectual property rights; (f) intentionally publish, post, upload or otherwise transmit Licensee Data that contains any viruses, Trojan horses, worms, time bombs, corrupted files or other computer programming routines that are intended to damage, detrimentally interfere with, surreptitiously intercept or expropriate any systems, data, personal information or property of another; or (g) use or permit the use of any tools in order to probe, scan or attempt to penetrate or benchmark the Service. Licensee will comply with all applicable local, state, federal, and foreign laws, treaties, regulations, and conventions in connection with its use of the Service, including without limitation those related to privacy, electronic communications and anti-spam legislation. Licensee will comply with the export laws and regulations of the United States and other applicable jurisdictions in using the Service and obtain any permits, licenses and authorizations required for such compliance. Without limiting the foregoing, (i) Licensee represents that it is not named on any U.S. government list of persons or entities prohibited from receiving exports, (ii) Licensee will not permit Users to access or use the Service in violation of any U.S. export embargo, prohibition or restriction, and (iii) Licensee will comply with all applicable laws regarding the transmission of technical data exported from the United States and the country in which its Users are located. Licensee will not send any Electronic Communication from the Service that is unlawful, harassing, libelous, defamatory or threatening. Except as permitted by this LA, no part of the Service may be copied, reproduced, distributed, republished, displayed, posted or transmitted in any form or by any means. Licensee agrees not to access the Service by any means other than through the interfaces that are provided by Licensor. Licensee will not do any "mirroring" or "framing" of any part of the Service, or create Internet links to the Service which include log-in information, User names, passwords, and/or secure cookies. Licensee will not in any way express or imply that any opinions contained in Licensee's Electronic Communications are endorsed by Licensor. Licensee will ensure that all access and use of the Service by Users is in accordance with the terms and conditions of this LA. Any action or breach by any of such User will be deemed an action or breach by Licensee.

6.0. Scope of Technical Support; Service Level Agreement. Licensor will provide all maintenance and technical support for the EPR. Licensor's Service Level Agreement ("SLA") is attached hereto as Exhibit A, and sets forth Licensor's obligations in this regard. In addition, Licensor will provide Licensee with online help documentation and other online resources to assist Licensee in its use of the Service.

6.1. Training. Licensee shall ensure that one or more designated Users have been trained and or certified in the use of Service. Such training should be provided by either Licensor or Licensor-certified trainers. If Licensee uses the service without at least one properly trained User, Licensor reserves the right to withhold any technical support services. The intent of this provision is to ensure that Licensor is not required to provide excessive levels of support service due to Licensee's lack of training.

7.0. Transmission, Maintenance, and Confidentiality of Data

7.1. Transmission of Data. Licensee understands that the technical processing and transmission of Licensee's Electronic Communications (including any transfer of signs, signals, text, images, sounds, data or intelligence of any nature transmitted in whole or part electronically received and/or transmitted through the Service) is fundamentally necessary to use the Service. Licensee is responsible for securing DSL, cable or another highspeed Internet connection and up-to-date "browser" software to utilize the Service. Licensee expressly consents to Licensor's interception and storage of Electronic Communications and/or Licensee Data, and Licensee acknowledges and understands that Licensee's Electronic Communications will involve transmission over the Internet, and over various networks, only part of which may be owned and/or operated by Licensor. Licensee further acknowledges and understands that Electronic Communications may be accessed by unauthorized parties when communicated across the Internet, network communications facilities, telephone or other electronic means. Licensor is not responsible for any Electronic Communications and/or Licensee Data which are delayed, lost, altered, intercepted or stored during the transmission of any data whatsoever across networks not owned and/or operated by Licensor, including, but not limited to, the Internet and Licensee's local network. Licensee will also be responsible for all Electronic Communications, including those containing business information, account registration, account holder information, financial information, Licensee Data, and all other data of any kind contained within emails or otherwise entered electronically through the Service or under Licensee's account. Licensor will act as though any Electronic Communications it receives under Licensee's passwords, user name, and/or account number will have been sent by Licensee.

7.2. Licensee Data

- 7.2.1.** As between Licensor and Licensee, all title and intellectual property rights in and to the Licensee Data is owned exclusively by Licensee. Licensee agrees that Licensor may use Licensee data to perform necessary and reasonable activities during software engineering activities to ensure that the Service functionality continues to work with Licensee's data.
- 7.2.2.** Licensor will maintain commercially reasonable administrative, physical and technical safeguards designed for the protection, confidentiality and integrity of Licensee Data.
- 7.2.3.** Following expiration or termination of any Sales Order and/or this LA, Licensor may immediately deactivate the applicable Licensee account(s) and will be entitled to delete such Licensee account(s) from Licensor's "live" site following a forty (40) day period, after which Licensor will not be liable to Licensee nor to any third party for any termination of Licensee access to the Service or deletion of Licensee Data.

- 7.3. HIPAA.** Licensee agrees that: (i) Licensor is not acting on Licensee's behalf as a Business Associate or subcontractor; (ii) the Service may not be used to store, maintain, process or transmit protected health information ("PHI") and (iii) the Service will not be used in any manner that would require Licensor or the Service to be compliant with the Health Insurance Portability and Accountability Act of 1996, as amended and supplemented ("HIPAA"). In the preceding sentence, the terms "Business Associate," "subcontractor," "protected" health information" or "PHI" will have the meanings described in HIPAA.

8.0. Modifications and Discontinuation of Service

- 8.1. To the Service.** Licensor may make modifications to the Service or particular components of the Service from time to time and will use commercially reasonable efforts to notify Licensee of any material modifications. Licensor reserves the right to discontinue offering the Service at the conclusion of Licensee's then current subscription term for such Service. Licensor will not be liable to Licensee nor to any third party for any modification of the Service as described in this section.
- 8.2. To Applicable Terms.** If Licensor makes a material change to any applicable terms of this LA or a Sales Order, then Licensor will notify Licensee by either sending an email to the notification email address or posting a notice to the administrator in Licensee's account. If the change has a material adverse impact on Licensee and Licensee does not agree to the change, Licensee must so notify Licensor via mchegini@eplansoft.com within thirty (30) days after receiving notice of the

change. If Licensee notifies Licensor as required, then Licensee will remain governed by the terms in effect immediately prior to the change until the end of the then current subscription term for the affected Service. If the affected Service is renewed, it will be renewed under Licensor's then current version of this LA.

8.3. Suspension for Ongoing Harm. Licensor may with reasonably contemporaneous telephonic notice to Licensee suspend access to the Service if Licensor reasonably concludes that Licensee's Service is being used to engage in denial of service attacks, spamming, or illegal activity, and/or use of Licensee's Service is causing immediate, material and ongoing harm to Licensor or others. In the extraordinary event that Licensor suspends access to the Service, Licensor will use commercially reasonable efforts to limit the suspension to the offending portion of the Service and work with Licensee to resolve the issues causing the suspension of Service. Licensee agrees that Licensor will not be liable to Licensee nor to any third party for any suspension of the Service under such circumstances as described in this section.

9.0. Third-Party Applications. "Third-Party Applications" include applications, integrations, services, or implementation, customization and other consulting services related thereto, that interoperate with the Service and are provided by a party other than Licensor. Licensor or Third-Party providers may offer Third-Party Applications through the Service or otherwise related to Licensee's use of the Service. Except as expressly set forth in the applicable Sales Order, Licensor does not warrant any such Third-Party Applications, regardless of whether or not such Third-Party Applications are provided by a Third Party that is a member of a Licensor partner program or otherwise designated by Licensor as "Built For Licensor," "certified," "approved" or "recommended." Any procurement by Licensee of such Third-Party Applications or services is solely between Licensee and the applicable Third-Party provider. Licensee may not use Third-Party Applications to enter and/or submit transactions to be processed and/or stored in the Service, unless Licensee has procured a subscription to the Service for such use and access. Licensor is not responsible for any aspect of Third-Party Applications that Licensee may procure or connect to through the Service, or any descriptions, promises or other information related to the foregoing. If Licensee installs or enables Third-Party Applications for use with the Service, Licensee agrees that Licensor may enable such Third-Party providers to access Licensee Data as required for the interoperation of such Third-Party Applications with the Service, and any exchange of data or other interaction between Licensee and a Third-Party provider is solely between Licensee and such Third-Party provider pursuant to a separate privacy policy or other terms governing Licensee's access to or use of the Third-Party Applications. Licensor will not be responsible for any disclosure, modification or deletion of Licensee Data resulting from any such access by Third-Party Applications or Third-Party providers. No procurement of Third-Party Applications is required to use the Service. If Licensee was referred to Licensor by a member of one of Licensor's partner programs, Licensee hereby authorizes Licensor to provide such member or its successor entity with access to Licensor's business information related to the procurement and use of the Service pursuant to this

Agreement, including but not limited to User names and email addresses, support cases and billing/payment information.

10.0. Indemnification for Claims Concerning Licensor and Licensee Intellectual Property.

10.1. Infringement. Licensor will, at its own expense, defend Licensee from and against any and all allegations, threats, claims, suits, and proceedings brought by third parties (collectively “Claims”) alleging that the Service, as used in accordance with this Agreement, infringes such third party’s copyrights or trademarks, or misappropriates such third party’s trade secrets, and will indemnify Licensee from and against liability, damages, and costs finally awarded or entered into in settlement (including, without limitation, reasonable attorneys’ fees) (collectively, “Losses”) to the extent based upon such a Claim. However, Licensor will have no liability for, or duty to defend or indemnify Licensee against, Claims to the extent arising from (a) use of the Service in violation of this LA or applicable law, (b) use of the Service after Licensor notifies Licensee to discontinue use because of an infringement claim, (c) modifications to the Service not made by Licensor or made by Licensor based on Licensee specifications or requirements, (d) use of the Service in combination with any non-Licensor software, application or service, or (e) services offered by Licensee or revenue earned by Licensee for such services. If a Claim of infringement as set forth above is brought or threatened, Licensor may, at its sole option and expense, use commercially reasonable efforts to (a) procure a license that will protect Licensee against such Claim without cost to Licensee; (b) modify or replace all or portions of the Service as needed to avoid infringement, such update or replacement having substantially similar or better capabilities; or (c) if (a) and (b) are not commercially feasible, terminate this LA and refund to the Licensee a pro-rata refund of the subscription fees paid for under any applicable Sales Orders for the terminated portion of the term. The rights and remedies granted Licensee under this Section 8.1 state Licensor’s entire liability, and Licensee’s exclusive remedy, with respect to any claim of infringement of the intellectual property rights of a third party.

10.2. Licensee’s Indemnity. To the fullest extent permitted by law, Licensee will, at its own expense, defend Licensor from and against any and all Claims (i) alleging that the Licensee Data or any trademarks or service marks, or any use thereof, infringes the copyright or trademark or misappropriates the trade secrets of a third party, or has caused harm to a third party, or (ii) arising out of Licensee’s breach of this LA, and will indemnify Licensor from and against liability for any Losses to the extent based upon such Claims.

10.3. Indemnification Procedures and Survival. In the event of a Claim within the purview of these indemnification provisions, the indemnitee shall control its own defense, and at the time of Claim resolution the indemnitor shall reimburse the indemnitee for those attorney fees and other defense costs reasonably incurred in that defense. To the extent that the indemnitee may incur fees and

costs in the defense of claims other than a covered Claim, the indemnitor shall have no responsibility for such costs. The indemnification obligations contained in this section will survive for one year after termination or expiration of this LA.

11.0. U.S. Government Rights. The Service is a “commercial item” as that term is defined at FAR 2.101. If Licensee or User is a US Federal Government (Government) Executive Agency (as defined in FAR 2.101), Licensor provides the Service, including any related software, technology, technical data, and/or professional services in accordance with the following: (a) if acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense (DoD), the Government acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this LA; or (b) if acquired by or on behalf of any Executive Agency within the DoD, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or commercial computer software documentation), only those rights in technical data and software customarily provided in this LA. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies. Any Federal Legislative Agency or Federal Judicial Agency will obtain only those rights in technical data and software customarily provided to the public as set forth in this LA. If any Federal Executive Agency, Federal Legislative Agency, or Federal Judicial Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with Licensor to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. This U.S. Government Rights Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in computer software or technical data under this LA.

12.0. Licensor’s Warranty of Functionality. Licensor warrants that: (i) the EPR will achieve in all material respects the functionality described in Licensor’s online user guides applicable to the EPR procured by Licensee, and (ii) such functionality of the EPR will not be materially decreased during the then-current subscription term. Licensee’s sole and exclusive remedy for Licensor’s breach of this warranty will be to require that Licensor use commercially reasonable efforts to modify the Service to achieve in all material respects the functionality described in the user guides. Licensor will have no obligation with respect to a warranty claim unless notified of such claim within sixty (60) days of the first instance of any material functionality problem, and such notice must be sent to billing@eplansoft.com. The warranties set forth in this section are made to and for the benefit of Licensee only. Such warranties will only apply if the applicable EPR has been utilized in accordance with the user guides, the LA, and applicable law.

12.1. Disclaimer of Warranties. Except as stated above, Licensor makes no other warranties, express or implied, about the EPR or any service provided by Licensor under the attached Sales Order Form, including without limitation any warranty of merchantability, fitness for a particular purpose, or non-infringement of third-party rights.

- 12.2. Waiver of Consequential Damages.** Neither party shall be liable for consequential damages, such as lost profits or damages arising from the delay of a plan-review project, on any claim alleging or related to a breach of the LA and/or a Sales Order Form, regardless of the particular legal theories or causes of action. This waiver of consequential damages shall not apply, however, to any claim brought by Licensor against Licensee based on Licensee's unauthorized duplication, distribution, or other misappropriation of Licensor's intellectual property.
- 12.3. Limitation of Liability.** Except for Licensor's indemnity obligations set forth in the LA, Licensor's total aggregate liability arising out of or connected with this Agreement, whether based upon breach of contract, warranty, negligence, misrepresentation or any other cause of action or theory of liability, and to the maximum extent permitted by applicable laws, shall in no case exceed the amount of subscription fees received by Licensor in the twelve (12) months immediately preceding the event from which the liability arises.
- 13.0. Fees and Payment.** Licensor's maintenance and support services are conditioned on Licensor's timely receipt of all subscription fees owed. Payment obligations are non-cancelable and fees paid are non-refundable. The number of authorized Users cannot be decreased during the relevant term stated in the Sales Order Form. Payment of invoices is due within thirty (30) days of receipt.
- 13.1. Taxes.** Unless otherwise stated, Licensor fees do not include any taxes, levies, duties or similar governmental assessments of any nature, including but not limited to value-added, sales, use or withholding taxes, assessable by any local, state, provincial, federal or foreign jurisdiction (collectively, "Taxes"). Licensee is responsible for paying all Taxes associated with the use of Service. If Licensor has the legal obligation to pay or collect Taxes for which Licensee is responsible as a result of using Service, the appropriate amount will be invoiced to and paid by Licensee, unless Licensee provides Licensor with a valid tax exemption certificate authorized by the appropriate taxing authority.
- 14.0. Termination for Cause, Expiration.** Either party may immediately terminate this LA and all applicable Sales Orders in the event the other party commits a material breach of any provision of this LA which is not cured within thirty (30) days of written notice from the non-breaching party. Such notice by the complaining party will expressly state all of the reasons for the claimed breach in sufficient detail so as to provide the alleged breaching party a meaningful opportunity to cure such alleged breach and will be sent to the General Counsel of the alleged breaching party at the address listed in the heading of this LA (or such other address that may be provided pursuant to this LA). Upon termination or expiration of this LA, Licensee will have no rights to continue use of the Service. If this LA is terminated by Licensee for any reason other than a termination expressly permitted by this LA, then Licensor will be entitled to all of the fees due under any applicable Sales Orders for the entire term. If this LA is terminated as a result of

Licensor's breach of this LA, then Licensee will be entitled to a refund of the pro rata portion of any subscription fees paid by Licensee to Licensor under any applicable Sales Orders for the terminated portion of the term.

15.0. General Provisions on the Integrity of this LA. Except as otherwise provided herein, this LA may only be amended or modified via a writing signed by both Parties. If any term or provision of this LA is found to be invalid or unenforceable by a court of competent jurisdiction, such term or provision will be severed from the remainder of the LA, which will otherwise remain in full force and effect. No waiver of any provision of this LA will be effective unless in writing and executed by the party waiving the right. Failure to properly demand compliance or performance will not constitute a waiver of a party's rights hereunder. The waiver by either party of a breach or right under this LA will not constitute a waiver of any subsequent breach or right. This LA will be governed by, and construed in accordance with, the substantive laws of the State of California without regard to conflict of law principles. The federal and state courts situated in Orange County, California will be the exclusive venue for the resolution of all disputes related to this LA. The substantially prevailing party in any dispute arising out of this Agreement shall be entitled to recover its reasonable attorneys' fees. Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other party (not to be unreasonably withheld). Notwithstanding the foregoing, either party may assign this LA in its entirety, and any related Sales Orders, without consent of the other party, to an affiliate (defined as any entity which directly or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with a party to this LA, by way of majority voting stock ownership or the ability to otherwise direct or cause the direction of the management and policies of such party) or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of its assets not involving a direct competitor of the other party. A party's sole remedy for any purported assignment by the other party in breach of this paragraph shall be, at the non-assigning party's election, termination of this LA and any related Sales Order/subscription upon written notice to the assigning party. In the event of such a termination, Licensor will refund to Licensee any prepaid fees covering the remainder of the term of all subscriptions after the effective date of termination. Subject to the foregoing, this LA shall bind and inure to the benefit of the Parties, their respective successors and permitted assigns; however, unless expressly stated otherwise, nothing herein is intended to benefit or create any rights in any third parties. As of the effective date of this LA, this LA sets forth the entire understanding between the Parties, subject only to subsequently agreed-to Sales Orders, and supersedes all prior agreements, representations, or promises, written or oral, with respect to the EPR.

This LA is entered into, and effective as of April 28, 2024, by and between e-PlanSoft, a California Corporation with its principal place of business at 111 Pacifica, Suite 100

Irvine, CA 92618 (“Licensor”) and, The City of Tarpon Springs (“Licensee”), with its principal place of business located at 324 East Pine Street, Tarpon Springs, FL 34689.

The individual signing this LA on behalf of Licensee represents and warrants that he / she is authorized to enter into such agreement on behalf of Licensee.

EXHIBIT A: SOFTWARE AS A SERVICE (SaaS) SERVICE LEVEL AGREEMENT

e-PlanSoft ("The Company") agrees to provide 99.5% uptime with respect to the Client's Hosted Service during each calendar quarter for the term of service excluding regularly scheduled maintenance times for eplansoft REVIEW (EPR) and goPost Customer Portal.

Scheduled and Unscheduled Maintenance

Regularly scheduled maintenance time does not count as downtime. Maintenance time is regularly scheduled if it is communicated in accordance with the notice section set forth below at least four (4) business days in advance. Regularly scheduled maintenance time will occur on the weekends or off the hours on weekdays. The Company hereby provides advanced Notice for routine scheduled maintenance as needed.

The Company in its sole discretion may take the Service down for unscheduled maintenance and in that event will attempt to notify Client in advance in accordance with the Notice section set forth below. Such unscheduled maintenance will be counted against the uptime guarantee.

Updates/Notice

This Service Level Agreement may be amended by The Company, in its discretion, but only after providing thirty (30) day notice. Notices will be sufficient if provided to a user designated as an administrator of your account either: (a) as a note on the screen presented immediately after completion of the log in authentication credentials at the log in screen, or (b) by email to the registered email address provided for the administrator(s) for Client's account.

Exclusion of Sandbox and Beta Accounts

Product sandbox, beta, pilot and debugger and other test environments are expressly excluded from this or any other service level commitment.

Support Hours

Client support is available Monday-Friday's from 5am -6pm Pacific, excluding holidays.

Live-Production Incident Handling – Standard Support

The following incident handling and time frames are applicable to live-production environments only. Client will designate personnel who will interface with The Company's Client Support Department.

1. On Line Self Support: The Company will provide to Client at no expense an online Knowledge Base and Online Self Support Site where Client may research issues and questions, report maintenance incidents and receive information regarding new releases and patches.
2. Incident Handling: The Company will provide an incident handling mechanism for Client maintenance requests. The incident handling process will include the following:
 - a. Access to the e-PlanSoft online ticketing system.
 - b. All support tickets and bug reports will be recorded in the ticketing system.
 - c. The Company will only respond to incidents reported via the online ticketing system.

12

- d. Client will receive an e-mail with the assigned ticket number.
 - e. Bug Ticket Priority and Severity will be determined by the definitions below.
 - f. Support Tickets will be responded to in the order received. Initial confirmation response will occur within an Hour
 - g. Enhancement Requests will be responded to in the order received. Initial confirmation response will occur within an hour. Enhancement requests are each evaluated and determined for feasibility within the products. Not all enhancement requests are implemented.
3. Bug Handling: A priority is assigned to a specific bug ticket which therefore sets the order, timing and level of effort in resolving a case:

Severity	Description of Severity	Response Time	Resolution Time
Level 1 - Critical	Critical bug occurring on production system preventing business operations. <u>A large number of users</u> are prevented from working with no reasonable workaround.	The Company will respond with confirmation of receipt of incident. Follow-up will be provided via the ticket system every 60 minutes.	Upon confirmation of receipt, The Company begins continuous work on the problem and will put forth the effort to provide a workaround, fix, or estimated completion date within 72 hours after the problem has been diagnosed and/or replicated or provided there is an client representative available to assist with issue diagnosis and testing during the resolution process.
Level 2 - High	Major bug occurring on production system severely impacting business. A large number of users are impacted by issue, but they are still able to work in a limited capacity.	The Company will respond with confirmation of receipt of incident. Follow-up will be provided via the ticket system every 2 business days.	Upon confirmation of receipt, The Company will put forth the best effort to provide a workaround or fix or estimated completion date within 14 business days after the problem has been diagnosed and/or replicated.
Level 3 - Medium	A bug causing a partial or non-critical loss of functionality on production system. A small number of users are affected.	The Company will respond with confirmation of receipt of incident. Follow-up will be provided via the ticket system every 5 business days.	Upon confirmation of receipt, The Company will put forth the best effort to provide a workaround or fix or estimated completion date within 21 business days after the problem has been diagnosed and/or replicated.
Level 4 - Low	A bug occurring on non-production system or question, comment, feature request, documentation issue or other non-impacting issue.	The Company will respond with confirmation of receipt of incident. Follow-up will be provided via the ticket system every 7 business days.	Resolution for the issue may be released as a patch set or be incorporated into a future release of the product.

Definitions:

Bug - A software bug is a flaw, failure, error or fault in a computer software or system that causes it to return unexpected or incorrect results.

Enhancement Request - A enhancement request is for additional product functionality or changed behavior beyond the current intended behavior of the Maintained Software.

Technical Support - General software support (How to) for the e-PlanSoft software products that are not bugs or enhancement requests.

NASPO ValuePoint
PARTICIPATING ADDENDUM

CLOUD SOLUTIONS

Administered by the State of Utah (hereinafter "Lead State")

Alternative Contract Source No: 43230000-NASPO-16-ACS

Carahsoft

Master Agreement No: AR2472
(hereinafter "Contractor")

And

Florida Department of Management Services

(hereinafter "Department/Participating State/Entity")

The State of Utah, acting by and through the National Association of State Procurement Officials (NASPO) ValuePoint, competitively procured and awarded a Request for Proposal resulting in Master Agreement number AR2472. The Master Agreement was created as a cooperative purchasing agreement for Cloud Solutions. This Participating Addendum is entered into pursuant to Section 287.042, Florida Statutes.

The Department is authorized by subsection 287.042(16), Florida Statutes, "to evaluate contracts let by the Federal Government, another state, or a political subdivision for the provision of commodities and contract services, and, if it is determined in writing to be cost-effective and in the best interest of the state, to enter into a written agreement authorizing an agency to make purchases under such contract." Accordingly, agencies and eligible users (Customer) may make purchases from this Participating Addendum pursuant to the terms and conditions herein.

The Department evaluated the Master Agreement, and hereby acknowledges that use of the Master Agreement as an alternative contract source is cost-effective and in the best interest of the State.

This Participating Addendum and all incorporated Exhibits, set forth the entire understanding of the Parties and supersedes all prior agreements.

Accordingly, the Parties agree as follows:

1. Term and Effective Date

The initial term of this Participating Addendum will become effective on the date the document is signed by all Parties, and shall be effective through September 30, 2020, unless terminated earlier in accordance with the General Contract Conditions.

2. Renewal

Upon agreement of the Parties, the Department and the Contractor may renew this Participating Addendum in accordance with section 287.057(13), Florida Statutes, and Rule 60A-1.048, Florida Administrative Code. Renewals must be in writing and are subject to the same terms, conditions, and modifications set forth in this Participating Addendum. Renewal determinations will be based upon utilization and achieved savings.

3. Modifications or Additions to Master Agreement

The following changes are modifying or supplementing the Master Agreement terms and conditions.

a. Scope:

The Contractor's Master Agreement products or services listed on the Contractor's page of the NASPO ValuePoint website are included in this contract only if they are not offered on a State Term Contract.

In accordance with 74-3.004, F.A.C., Agency requests for Infrastructure as a Service (IaaS) must be submitted via a Service Request to the State Data Center.

- b. Exhibits: All Exhibits attached and listed below are incorporated in their entirety into, and form part of this Participating Addendum. The Participating Addendum Exhibits shall have priority in the order listed:

- 1) Exhibit A: Contract Conditions, Florida General
- 2) Exhibit B: Contract Conditions, Florida Special
- 3) Exhibit C: NASPO ValuePoint Master Agreement Number AR2472

If a conflict exists among any of the documents, the following shall have priority in the order listed below:

- 1) The Addendum
- 2) Florida Special Contract Conditions, Exhibit B
- 3) Florida General Contract Conditions, Exhibit A
- 4) NASPO ValuePoint Master Agreement Number AR2472 Exhibit C

- c. Participation: Use of specific NASPO ValuePoint cooperative contracts by agencies, political subdivisions and other entities (including cooperatives) authorized by an individual state's statutes are subject to the prior approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the State Chief Procurement Official.
- d. Access to Cloud Solutions Services Requires State CIO Approval: Unless otherwise stipulated in this Participating Addendum, specific services accessed through the NASPO ValuePoint cooperative Master Agreements for Cloud Solutions by state executive branch agencies are subject to the authority and prior approval of the State Chief Information Officer's Office. The State Chief Information Officer means the individual designated by the state Governor within the Executive Branch with enterprise-wide responsibilities for leadership and management of information technology resources of a state. Any agency requests for Infrastructure as a Service must be submitted via a service request to the state data center. See section 3.a. above.
- e. Authorization: Approval of this Participating Addendum by the State Chief Procurement Official and State Chief Information Officer is an authorization for participation in the NASPO cooperative contract process, it is not intended as an approval of any specific purchase or solution. It is the responsibility of the Customer to validate all terms and conditions and to ensure compliance with all applicable statutes and rules.
- f. Request for Quotes: Customers purchasing Cloud Solutions from this Participating Addendum shall create a Request for Quote (RFQ), each time they desire to purchase Cloud Solutions. The Customer shall issue a detailed RFQ to the ACS Contractor(s) who offer the applicable cloud solutions(s). The specific format of the RFQ is left to the discretion of the Customer, but must contain the following:
- 1) Applicable service and deployment model(s);
 - 2) Data security classification;
 - 3) Service level agreement requirements; and
 - 4) Exit strategy considerations.

- g. **Enterprise Agreements:** The Contractor shall honor any Volume or Enterprise Agreement(s) established between a State of Florida agency and the manufacturer of products or services offered under their Master Agreement.
- h. **Purchase Orders:** Customers shall issue purchase orders under this Participating Addendum to their awarded RFQ Contractor using this State of Florida ACS number 43230000-NASPO-16-ACS. The purchase order period survives the expiration of the Contract. The duration of purchase orders must not exceed the expiration of the Contract by more than 12 months.
- i. **Contractor Selection Justification Form:** Customers purchasing Cloud Solutions from this Participating Addendum shall attach to the purchase order a completed Contractor Selection Justification Form (Attachment A).

4. Warranty of Authority

Each person signing this document warrants that he or she is duly authorized to do so and to bind the respective party.

5. Entire Agreement of the Parties

This document and the attached exhibits constitute the Participating Addendum and the entire understanding of the parties.

6. Amendments

All modifications to this Participating Addendum must be in writing and signed by all Parties. No oral modifications to this Participating Addendum are permitted.

Notwithstanding the order listed in section 3b, amendments executed after the Participating Addendum is executed may expressly change the provisions of the Participating Addendum. If they do so expressly, then the most recent amendment will take precedence over anything else that is part of the Participating Addendum.

IN WITNESS THEREOF, the Parties hereto have caused this agreement, which includes the attached and incorporated Exhibits, to be executed by their undersigned officials as duly authorized. This agreement is not valid and binding until signed and dated by the Parties.

SECTION 11. CONTRACT MONITORING.	12
SECTION 12. CONTRACT AUDITS.	12
SECTION 13. BACKGROUND SCREENING AND SECURITY.	13

These General Contract Conditions supersede and replace in their entirety all General Contract Conditions, Form PUR 1000, which is incorporated by reference in Rule 60A-1.002, Florida Administrative Code (F.A.C.)

SECTION 1. DEFINITIONS.

The following definition applies in addition to the definitions in Chapter 287, Florida Statutes, (F.S.) and Rule Chapter 60A-1, F.A.C.:

1.1 Customer.

The agency or eligible user that purchases commodities or contractual services pursuant to the Contract.

SECTION 2. TERMINATION.

2.1 Termination for Convenience.

The Contract may be terminated by the Department in whole or in part at any time, in the best interest of the State of Florida. If the Contract is terminated before performance is completed, the Contractor will be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed an amount which is the same percentage of the Contract price as the amount of work satisfactorily performed. All work in

progress will become the property of the Customer and will be turned over promptly by the Contractor.

2.2 Termination for Cause.

If the Department determines that the performance of the Contractor is not satisfactory, the Department may, at its sole discretion, (a) immediately terminate the Contract, (b) notify the Contractor of the deficiency with a requirement that the deficiency be corrected within a specified time, otherwise the Contract will terminate at the end of such time, or (c) take other action deemed appropriate by the Department.

SECTION 3. PAYMENT AND FEES

3.1 Payment Invoicing.

The Contractor will be paid upon submission of properly certified invoices to the Customer after delivery and acceptance of commodities or contractual services is confirmed by the Customer. Invoices must contain detail sufficient for an audit and contain the Contract Number and the Contractor's Federal Employer Identification Number.

3.2 Travel.

Travel expenses are not reimbursable unless specifically authorized by the Customer in writing, and may be reimbursed only in accordance with section 112.061, F.S.

3.3 Annual Appropriation.

Pursuant to section 287.0582, F.S., if the Contract binds the State of Florida or an agency for the purchase of services or tangible personal property for a period in excess of one fiscal year, the State of Florida's performance and obligation to pay under the Contract is contingent upon an annual appropriation by the Legislature.

3.4 Transaction Fees.

The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system pursuant to section 287.057(22), Florida Statutes. All payments issued by Customers to registered Vendors for purchases of commodities or contractual services will be assessed Transaction Fees as prescribed by rule 60A-1.031, Florida Administrative Code, or as may otherwise be established by law. Vendors must pay the Transaction Fees and agree to automatic deduction of the Transaction Fees, when automatic deduction becomes available. Vendors will submit any monthly reports required pursuant to the rule. All such reports and payments will be subject to audit. Failure to comply with the payment of the Transaction Fees or reporting of transactions will constitute grounds for declaring the Vendor in default and subject the Vendor to exclusion from business with the State of Florida.

3.5 Taxes.

The State of Florida is not required to pay any taxes, including customs and tariffs, on commodities or contractual services purchased under the Contract.

3.6 Return of Funds.

Contractor will return any overpayments due to unearned funds or funds disallowed pursuant to the terms of the Contract that were disbursed to the Contractor by the Department or Customer. The Contractor must return any overpayment within 40 calendar days after either discovery by the Contractor, its independent auditor, or notification by the Department or Customer of the overpayment.

SECTION 4. CONTRACT MANAGEMENT.

4.1 Composition and Priority.

The Contractor agrees to provide commodities or contractual services to the Customer within the manner and at the location specified in the Purchase Order and any attachments to the Purchase Order.

4.2 Notices.

All notices required under the Contract must be delivered to the designated Contract Manager by certified mail, return receipt requested, by reputable air courier service, email, or by personal delivery, or as otherwise identified by the Department.

4.3 Department's Contract Manager.

The Department's Contract Manager, is primarily responsible for the Department's oversight of the Contract. In the event that the Department changes the Contract Manager, the Department will notify the Contractor. Such a change does not require an amendment to the Contract.

4.4 Contractor's Contract Manager.

The Contractor's Contract Manager is primarily responsible for the Contractor's oversight of the Contract performance. In the event that the Contractor changes its Contract Manager, the Contractor will notify the Department. Such a change does not require an amendment to the Contract.

4.5 Diversity Reporting.

The State of Florida supports its diverse business community by creating opportunities for woman-, veteran-, and minority-owned small business enterprises to participate in procurements and contracts. The Department encourages supplier diversity through certification of woman-, veteran-, and minority-owned small business enterprises, and provides advocacy, outreach, and networking through regional business events. For additional information, please contact the Office of Supplier Diversity (OSD) at osdinfo@dms.myflorida.com.

Upon request, the Contractor will report to the Department its spend with business enterprises certified by the OSD. These reports must include the time period covered, the name and Federal Employer Identification Number of each business enterprise utilized during the period, commodities and contractual services provided by the business enterprise, and the amount paid to the business enterprise on behalf of each Customer purchasing under the Contract.

4.6 RESPECT.

Subject to the agency determination provided for in Section 413.036, F.S., the following statement applies:

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES THAT ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM A NONPROFIT AGENCY FOR THE BLIND OR FOR THE SEVERELY HANDICAPPED THAT IS QUALIFIED PURSUANT TO CHAPTER 413, FLORIDA STATUTES, IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 413.036(1) AND (2), FLORIDA STATUTES; AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THE STATE AGENCY INsofar AS DEALINGS WITH SUCH QUALIFIED NONPROFIT AGENCY ARE CONCERNED.

Additional information about the designated nonprofit agency and the commodities or contractual services it offers is available at <http://www.respectofflorida.org>.

4.7 PRIDE.

Subject to the agency determination provided for in Sections 946.515 and 287.042(1), F.S., the following statement applies:

IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES WHICH ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM THE CORPORATION IDENTIFIED UNDER CHAPTER 946, F.S., IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 946.515(2) AND (4), F.S.; AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THIS AGENCY INsofar AS DEALINGS WITH SUCH CORPORATION ARE CONCERNED.

Additional information about PRIDE and the commodities or contractual services it offers is available at <http://www.pride-enterprises.org>.

SECTION 5. COMPLIANCE WITH LAWS.

5.1 Department of State Registration.

The Contractor and any subcontractors that assert corporate status must provide the Department with conclusive evidence, per section 607.0127, F.S., of a certificate of status, not subject to qualification, if a Florida business entity, or of a certificate of authorization if a foreign business entity and maintain such status or authorization through the life of the Contract and any resulting contract or purchase order.

5.2 Convicted and Discriminatory Vendor Lists.

In accordance with sections 287.133 and 287.134, F.S., an entity or affiliate who is on the Convicted Vendor List or the Discriminatory Vendor List may not perform work as a contractor, supplier, subcontractor, or consultant under the Contract. The Contractor must notify the Department if it or any of its suppliers, subcontractors or consultants have been placed on the Convicted Vendor List or the Discriminatory Vendor List during the term of the Contract.

5.3 Contractor Certification.

If the Contract exceeds \$1,000,000.00 in total, not including renewal years, Contractor certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies that Boycott Israel List created pursuant to sections 215.473, F.S. and 215.4725 F.S, respectively. Pursuant to section 287.135(5), F.S., and 287.135(3), F.S., Contractor agrees the Department may immediately terminate the Contract for cause if the Contractor is found to have submitted a false certification or if Contractor is placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel during the term of the Contract.

5.4 Cooperation with Inspector General.

Pursuant to subsection 20.055(5), F.S., Contractor, and any subcontractor to the Contractor, understand and will comply with their duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Inspector General or

any other authorized State official, the Contractor must provide any type of information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but will not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor will retain such records for five years after the expiration of the Contract, or the period required by the General Records Schedules maintained by the Florida Department of State (available at: <http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>), whichever is longer. The Contractor agrees to reimburse the State of Florida for the reasonable costs of investigation incurred by the Inspector General or other authorized State of Florida official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State of Florida which results in the suspension or debarment of the Contractor. Such costs will include, but will not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees.

SECTION 6. MISCELLANEOUS.

6.1 Notice of Legal Actions.

The Contractor must notify the Department of any legal actions filed against it for a violation of any laws, rules, codes, ordinances or licensing requirements within 30 days of the action being filed. The Contractor must notify the Department of any legal actions filed against it for a breach of a contract of similar size and scope to this Contract within 30 days of the action being filed. Failure to notify the Department of a legal action within 30 days of the action will be grounds for termination for cause of the Contract.

6.2 Subcontractors.

All contactors, dealers, and resellers authorized by the Department, as shown on the dedicated Contractor NASPO ValuePoint website, are approved to provide sales and service support to participants in the Master Agreement. The Contractor's dealer participation will be in accordance with the terms and conditions set forth in the Master Agreement. The Contractor is fully responsible for satisfactory completion of all subcontracted work. The Department supports diversity in its procurements and contracts, and requests that Contractor offer subcontracting opportunities to certified woman-, veteran-, and minority-owned small businesses. The Contractor may contact the OSD at osdhelp@dms.myflorida.com for information on certified small business enterprises available for subcontracting opportunities.

6.3 Assignment.

The Contractor will not sell, assign or transfer any of its rights, duties or obligations under the Contract without the prior written consent of the Department. In the event of any assignment, the Contractor remains secondarily liable for performance of the Contract. The Department may assign the Contract to another state agency.

6.4 Independent Contractor.

The Contractor and its employees, agents, representatives, and subcontractors are not employees or agents of the Department and are not entitled to the benefits of State of Florida employees. The Department will not be bound by any acts or conduct of the Contractor or its employees, agents, representatives, or subcontractors. The Contractor agrees to include this provision in all of its subcontracts under the Contract.

6.5 Ombudsman.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this office are found in section 215.422, F.S., which include disseminating information relative to prompt payment and assisting contractors in receiving their payments in

a timely manner from a Customer. The Vendor Ombudsman may be contacted at (850) 413-5516.

6.6 Information Technology Standards

Pursuant to sections 282.0051 and 282.318, F.S., the Agency for State Technology (AST) is to establish standards for the implementation and management of information technology resources. Vendors agree to cooperate with the state agency in furtherance of the state agency's efforts to comply with AST standards, established in Rule Chapter 74, F.A.C, as applicable.

SECTION 7. WORKERS' COMPENSATION AND GENERAL LIABILITY INSURANCE, AND INDEMNIFICATION

7.1 Workers' Compensation Insurance.

To the extent required by law, the Contractor must be self-insured against, or must secure and maintain during the life of the contract, Worker's Compensation Insurance for all its employees connected with the work of this project, and in case any work is subcontracted, the Contractor must require the subcontractor similarly to provide Worker's Compensation Insurance for all of the latter's employees unless such employees engaged in work under the resulting contract are covered by the Contractor's insurance program. Self-insurance or insurance coverage must comply with the Florida Worker's Compensation law. In the event hazardous work is being performed by the Contractor under the resulting contract or purchase order and any class of employees performing the hazardous work is not protected under Worker's Compensation statutes, the Contractor must provide, and cause each subcontractor to provide adequate insurance satisfactory to the Department for the protection of employees not otherwise protected.

7.2 General Liability Insurance.

The Contractor must secure and maintain Commercial General Liability Insurance including bodily injury, property damage, product-liability, personal & advertising injury and completed operations. This insurance must provide coverage for all claims that may arise from the services, and operations completed under the Contract and any resulting contract or purchase order, whether such services or operations are by the Contractor or anyone directly or indirectly employed by them. Such insurance must include a Hold Harmless Agreement in favor of the State of Florida and also include the State of Florida as an Additional Named Insured for the entire length of the Contract and any resulting contract or purchase order. The Contractor is responsible for determining the minimum limits of liability necessary to provide reasonable financial protections to the Contractor and the State of Florida under the Contract and any resulting contract or purchase order.

All insurance policies must be with insurers licensed or eligible to transact business in the State of Florida. The Contractor's current certificate of insurance must contain a provision that the insurance must not be canceled for any reason except after thirty (30) days written notice to the Department's Contract Manager.

The Contractors must submit insurance certificates evidencing such insurance coverage prior to execution of a contract with the Department.

The Contractor must require its insurance carrier to add the Department to the insurance policies as an additional insured, as provided below:

Florida Department of Management Services

c/o Division of State Purchasing
 4050 Esplanade Way, Suite 36060
 Tallahassee, Florida 32399-0950

SECTION 8. PUBLIC RECORDS, TRADE SECRETS, DOCUMENT MANAGEMENT AND INTELLECTUAL PROPERTY.

8.1 Public Records.

The Department may unilaterally cancel this Contract for refusal by the Contractor to comply with this section by not allowing public access to all documents, papers, letters or other material made or received by the Contractor in conjunction with the Contract, unless the records are exempt from section 24(a) of Article I of the State Constitution and section 119.07(1), F.S.

Solely for the purposes of this section the contract manager is the agency custodian of public records, unless another is designated per (e), below.

If, under a resulting contract or purchase order, the Contractor is providing services and is acting on behalf of a public agency, as provided by section 119.0701, Florida Statutes. The Contractor shall:

- (a) Keep and maintain public records required by the public agency to perform the service;
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within reasonable time and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the contract term and following the completion of the contract if the contractor does not transfer the records to the public agency;
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency; and
- (e) **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE TELEPHONE NUMBER, EMAIL ADDRESS AND MAILING ADDRESS PROVIDED IN THE RESULTING CONTRACT OR PURCHASE ORDER.**

8.2 Protection of Trade Secrets or Confidential Information.

If the Contractor considers any portion of materials made or received in the course of performing the Contract ("contract-related materials") to be trade secret under section 812.081, F.S., or otherwise confidential under Florida or federal law, the Contractor must

clearly designate that portion of the materials as “confidential” when submitted to the Department.

If the Department receives a public records request for contract-related materials designated by the Contractor as “confidential,” the Department will provide only the portions of the contract-related materials not designated as “confidential.” If the requester asserts a right to examine contract-related materials designated as “confidential,” the Department will notify the Contractor. The Contractor will be responsible for responding to and resolving all claims for access to contract-related materials it has designated “confidential.”

If the Department is served with a request for discovery of contract-related materials designated “confidential,” the Department will promptly notify the Contractor about the request. The Contractor will be responsible for filing the appropriate motion or objection in response to the request for discovery. The Department will provide materials designated “confidential” only if the Contractor fails to take appropriate action, within timeframes established by statute and court rule, to protect the materials designated as “confidential” from disclosure.

The Contractor will protect, defend, and indemnify the Department for claims, costs, fines, and attorney’s fees arising from or relating to its designation of contract-related materials as “confidential.”

8.3 Document Management.

The Contractor must retain sufficient documentation to substantiate claims for payment under the Contract and all other records, electronic files, papers and documents that were made in relation to this Contract. Contractor must retain all documents related to the Contract for five years after expiration of the Contract, or, if longer, the period required by the General Records Schedules maintained by the Florida Department of State available at:

<http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>.

SECTION 9. DATA SECURITY AND SERVICES.

9.1 Warranty of Security.

Unless otherwise agreed in writing, the Contractor and its subcontractors will not perform any of the services from outside of the United States, and the Contractor will not allow any State of Florida Data to be sent by any medium, transmitted or accessed outside of the United States.

Notwithstanding any provision of this Contract to the contrary, the Contractor must notify the Department as soon as possible, in accordance with the requirements of section 501.171, F.S., and in all events within one (1) business day in the event Contractor discovers any Data is breached, any unauthorized access of Data occurs (even by persons or companies with authorized access for other purposes), any unauthorized transmission of Data or any credible allegation or suspicion of a material violation of the above. This notification is required whether the event affects one agency/customer or the entire population. The notification must be clear and conspicuous and include a description of the following:

- (a) The incident in general terms.
 - (b) The type of information that was subject to the unauthorized access and acquisition.
 - (c) The type and number of entities who were, or potentially have been affected by the breach.
 - (d) The actions taken by the Contractor to protect the Data from further unauthorized access.
- However, the description of those actions in the written notice may be general so as not to further increase the risk or severity of the breach.

9.2 Remedial Measures.

Upon becoming aware of an alleged security breach, Contractor's Contract Manager must set up a conference call with the Department's Contract Manager. The conference call invitation must contain a brief description of the nature of the event. When possible, a 30 minute notice will be given to allow Department personnel to be available for the call. If the designated time is not practical for the Department, an alternate time for the call will be scheduled. All available information must be shared on the call. The Contractor must answer all questions based on the information known at that time and answer additional questions as additional information becomes known. The Contractor must provide the Department with final documentation of the incident including all actions that took place. If the Contractor becomes aware of a security breach or security incident outside of normal business hours, the Contractor must notify the Department's Contract Manager and in all events, within one business day.

9.3 Indemnification (Breach of Warranty of Security).

The Contractor agrees to defend, indemnify and hold harmless the Department, Customer, the State of Florida, its officers, directors and employees for any claims, suits or proceedings related to a breach of the Warranty of Security. The Contractor will include credit monitoring services at its own cost for those individuals affected or potentially affected by a breach of this warranty for a two year period of time following the breach.

9.4 Annual Certification.

The Contractor is required to submit an annual certification demonstrating compliance with the Warranty of Security to the Department by December 31 of each Contract year.

SECTION 10. GRATUITIES AND LOBBYING.

10.1 Gratuities.

The Contractor will not, in connection with this Contract, directly or indirectly (1) offer, give, or agree to give anything of value to anyone as consideration for any State of Florida officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone anything of value for the benefit of, or at the direction or request of, any State of Florida officer or employee.

10.2 Lobbying.

In accordance with sections 11.062 and 216.347, F.S., Contract funds are not for the purpose of lobbying the Legislature, the judicial branch, or the Department. Pursuant to subsection 287.058(6), F.S., the Contract does not prohibit the Contractor from lobbying the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding the Contract, after the Contract execution and during the Contract's term.

SECTION 11. CONTRACT MONITORING.

11.1 Financial Consequences of Non-Performance.

If the corrective action plan is unacceptable to the Department or Customer, or fails to remedy the performance deficiencies, the Contractor will be assessed a non-performance retainage equivalent to 10% of the total invoice amount or as specified in the Contract. The retainage will be applied to the invoice for the then-current billing period. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may invoice the Customer for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained will be forfeited.

SECTION 12. CONTRACT AUDITS.

12.1 Payment Audit.

Records of costs incurred under terms of the Contract will be maintained. Records of costs incurred will include the Contractor's general accounting records, together with supporting documents and records of the Contractor and all subcontractors performing work, and all other records of the Contractor and subcontractors considered necessary by the Department, State of Florida's Chief Financial Officer or the Office of the Auditor General for audit.

SECTION 13. BACKGROUND SCREENING AND SECURITY.

13.1 E-Verify.

In accordance with Executive Order 11-116, the Contractor agrees to utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired during the term of the Contract for the services specified in the Contract. The Contractor must also include a requirement in subcontracts that the subcontractor must utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Contract term. In order to implement this provision, the Contractor must provide a copy of its DHS Memorandum of Understanding (MOU) to the Contract Manager within five days of Contract execution. If the Contractor is not enrolled in DHS E-Verify System, it will do so within five days of notice of Contract award, and provide the Contract Manager a copy of its MOU within five days of Contract execution. The link to E-Verify is provided below. <http://www.uscis.gov/e-verify>. Upon each Contractor or subcontractor new hire, the Contractor must provide a statement within five days to the Contract Manager identifying the new hire with its E-Verify case number.

13.2 Disqualifying Offenses.

If at any time it is determined that a person has a criminal misdemeanor or felony record regardless of adjudication (e.g., adjudication withheld, a plea of guilty or nolo contendere, or a guilty verdict) within the last six years from the date of the court's determination for the crimes listed below, or their equivalent in any jurisdiction, the Contractor is required to immediately remove that person from any position with access to State of Florida Data or directly performing services under the Contract. The disqualifying offenses are as follows:

- (a) Computer related or information technology crimes
- (b) Fraudulent practices, false pretenses and frauds, and credit card crimes
- (c) Forgery and counterfeiting
- (d) Violations involving checks and drafts
- (e) Misuse of medical or personnel records
- (f) Felony theft

13.3 Communications and Confidentiality.

The Contractor agrees that it will make no statements, press releases, or publicity releases concerning the Contract or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with the Contract, or any particulars thereof, during the period of the Contract, without first notifying the Department's Contract Manager or the Department designated contact person and securing prior written consent. The Contractor must maintain confidentiality of all confidential data, files, and records related to the services and commodities provided pursuant to the Contract and must comply with all state and federal laws, including, but not limited to sections 381.004, 384.29, 392.65, and 456.057, F.S. The Contractor's confidentiality procedures must be consistent with the most recent version of the Department security policies, protocols, and procedures. The Contractor must also comply with any applicable professional standards with respect to confidentiality of information.

**Alternate Contract Source
No. 43230000-NASPO-16-ACS**

**EXHIBIT B
FLORIDA SPECIAL CONTRACT CONDITIONS**

This Exhibit contains the Special Contract Conditions. If a conflict exists between the Special Contract Conditions and the General Contract Conditions, the Special Contract Conditions shall take precedence over the General Contract Conditions unless the conflicting term in the General Contract Conditions is required by Florida law, in which case the General Contract Conditions term will take precedence.

Special Contract Conditions are as follows:

Section 1 Delays and Complaints

Delivery delays and service complaints will be monitored on a continual basis. Documented inability to perform under the conditions of the contract, via the established Complaint to Vendor process (PUR 7017 form), may result in default proceedings and cancellation.

Section 2 Monthly Transaction Fee Report

The Contractor is required to submit monthly Transaction Fee Reports electronically through MFMP VIP. All such reports and payments shall be subject to audit. Failure to comply with the payment of the Transaction Fees or reporting of transactions shall constitute grounds for declaring the Contractor in default and subject the Contractor to exclusion from business with the State of Florida.

For information on how to submit Transaction Fee Reports online, please reference the detailed fee reporting instructions and Vendor training presentations available online through MFMP U on the MyFloridaMarketPlace website (located at <http://dms.myflorida.com/mfmp>). Assistance is also available from the MyFloridaMarketPlace Customer Service Desk at feeprocessing@myfloridamarketplace.com or 866-FLA-EPRO (866-352-3776) between the hours of 8:00 AM to 6:00 PM, Eastern Time.

Section 3 Quarterly Sales Reports

Each Contractor shall submit a sales report to the Department on a Quarterly basis.

Contract Sales Reports must include the Contractor's name, the dates of Quarter covered, each Customer's name, services provided (to include identification of the cloud solution and service model), and the amount paid by the Customer.

Initiation and submission of the Contract Sales Reports are to be the responsibility of the Contractor. The Contractor will submit the completed Sales Report forms by email to the Department Contract Manager no later than the due date indicated in Section 10. Submission of these reports is considered a material requirement of this Contract and the Contractor.

Failure to provide quarterly sales reports, including those indicating no sales, within thirty (30) calendar days following the end of each quarter (January, April, July and October) is considered as Non-Performance by the Contractor. Exceptions may be made if a delay in submitting reports is attributable to circumstances that are clearly beyond the control of the Contractor. The burden of proof of unavoidable delay shall rest with the Contractor and shall be supplied in a written form and submitted to the Department.

The Department reserves the right to request additional sales information as needed.

Section 4 Quarterly Reporting Timeframes

Quarterly reporting timeframes coincide with the State Fiscal Year as follows:

- Quarter 1 - (July-September) – Due by October 10
- Quarter 2 - (October-December) – Due by January 10
- Quarter 3 - (January-March) – Due by April 10
- Quarter 4 - (April-June) – Due by July 10

Section 5 Business Review Meetings

The Department reserves the right to schedule business review meetings as frequently as necessary. The Department will provide the format for the Contractor's agenda. Prior to the meeting, the Contractor shall submit the completed agenda to the Department for review and acceptance. The Contractor shall address the agenda items and any of the Department's additional concerns at the meeting. Failure to comply with this section may result in the Contractor being found in default and contract termination.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

Contract # AR2472**STATE OF UTAH COOPERATIVE CONTRACT**

1. CONTRACTING PARTIES: This contract is between the Division of Purchasing and the following Contractor:

Carahsoft Technology Corporation

(Revision 16 June 2016)

February 17, 2016.

Attachment A: NASPO ValuePoint Master Agreement Terms and Conditions

1. Master Agreement Order of Precedence

a. Any Order placed under this Master Agreement shall consist of the following documents:

- (1) A Participating Entity's Participating Addendum¹ ("PA");
- (2) NASPO ValuePoint Master Agreement Terms & Conditions, including the applicable Exhibits² to the Master Agreement;
- (3) The Solicitation;
- (4) Contractor's response to the Solicitation, as revised (if permitted) and accepted by the Lead State; and
- (5) A Service Level Agreement issued against the Participating Addendum.

b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

2. Definitions - Unless otherwise provided in this Master Agreement, capitalized terms will have the meanings given to those terms in this Section.

Confidential Information means any and all information of any form that is marked as confidential or would by its nature be deemed confidential obtained by Contractor or its employees or agents in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity.

Contractor means the person or entity providing solutions under the terms and conditions set forth in this Master Agreement. Contractor also includes its employees, subcontractors, agents and affiliates who are providing the services agreed to under the

¹ A Sample Participating Addendum will be published after the contracts have been awarded.

² The Exhibits comprise the terms and conditions for the service models: PaaS, IaaS, and SaaS.

February 17, 2016.

Master Agreement.

Data means all information, whether in oral or written (including electronic) form, created by or in any way originating with a Participating Entity or Purchasing Entity, and all information that is the output of any computer processing, or other electronic manipulation, of any information that was created by or in any way originating with a Participating Entity or Purchasing Entity, in the course of using and configuring the Services provided under this Agreement.

Data Breach means any actual or reasonably suspected non-authorized access to or acquisition of computerized Non-Public Data or Personal Data that compromises the security, confidentiality, or integrity of the Non-Public Data or Personal Data, or the ability of Purchasing Entity to access the Non-Public Data or Personal Data.

Data Categorization means the process of risk assessment of Data. See also “High Risk Data”, “Moderate Risk Data” and “Low Risk Data”.

Disabling Code means computer instructions or programs, subroutines, code, instructions, data or functions, (including but not limited to viruses, worms, date bombs or time bombs), including but not limited to other programs, data storage, computer libraries and programs that self-replicate without manual intervention, instructions programmed to activate at a predetermined time or upon a specified event, and/or programs purporting to do a meaningful function but designed for a different function, that alter, destroy, inhibit, damage, interrupt, interfere with or hinder the operation of the Purchasing Entity’s software, applications and/or its end users processing environment, the system in which it resides, or any other software or data on such system or any other system with which it is capable of communicating.

Fulfillment Partner means a third-party contractor qualified and authorized by Contractor, and approved by the Participating State under a Participating Addendum, who may, to the extent authorized by Contractor, fulfill any of the requirements of this Master Agreement including but not limited to providing Services under this Master Agreement and billing Customers directly for such Services. Contractor may, upon written notice to the Participating State, add or delete authorized Fulfillment Partners as necessary at any time during the contract term. Fulfillment Partner has no authority to amend this Master Agreement or to bind Contractor to any additional terms and conditions.

High Risk Data is as defined in FIPS PUB 199, Standards for Security Categorization of Federal Information and Information Systems (“High Impact Data”).

Infrastructure as a Service (IaaS) as used in this Master Agreement is defined the capability provided to the consumer to provision processing, storage, networks, and other fundamental computing resources where the consumer is able to deploy and run

This document includes salient or non-standard provisions extracted from NASPO/ValuePoint Model Contract for Cloud Services.

February 17, 2016.

arbitrary software, which can include operating systems and applications. The consumer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage, deployed applications; and possibly limited control of select networking components (e.g., host firewalls).

Intellectual Property means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.

Lead State means the State centrally administering the solicitation and any resulting Master Agreement(s).

Low Risk Data is as defined in FIPS PUB 199, Standards for Security Categorization of Federal Information and Information Systems ("Low Impact Data").

Master Agreement means this agreement executed by and between the Lead State, acting on behalf of NASPO ValuePoint, and the Contractor, as now or hereafter amended.

Moderate Risk Data is as defined in FIPS PUB 199, Standards for Security Categorization of Federal Information and Information Systems ("Moderate Impact Data").

NASPO ValuePoint is the NASPO ValuePoint Cooperative Purchasing Program, facilitated by the NASPO Cooperative Purchasing Organization LLC, a 501(c)(3) limited liability company (doing business as NASPO ValuePoint) is a subsidiary organization the National Association of State Procurement Officials (NASPO), the sole member of NASPO ValuePoint. The NASPO ValuePoint Cooperative Purchasing Organization facilitates administration of the cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states and the District of Columbia. The NASPO ValuePoint Cooperative Development Team is identified in the Master Agreement as the recipient of reports and may be performing contract administration functions as assigned by the Lead State.

Non-Public Data means High Risk Data and Moderate Risk Data that is not subject to distribution to the public as public information. It is deemed to be sensitive and confidential by the Purchasing Entity because it contains information that is exempt by statute, ordinance or administrative rule from access by the general public as public information.

Participating Addendum means a bilateral agreement executed by a Contractor and a Participating Entity incorporating this Master Agreement and any other additional Participating Entity specific language or other requirements, e.g. ordering procedures

February 17, 2016.

specific to the Participating Entity, other terms and conditions.

Participating Entity means a state, or other legal entity, properly authorized to enter into a Participating Addendum.

Participating State means a state, the District of Columbia, or one of the territories of the United States that is listed in the Request for Proposal as intending to participate. Upon execution of the Participating Addendum, a Participating State becomes a Participating Entity.

Personal Data means data alone or in combination that includes information relating to an individual that identifies the individual by name, identifying number, mark or description can be readily associated with a particular individual and which is not a public record. Personal Information may include the following personally identifiable information (PII): government-issued identification numbers (e.g., Social Security, driver's license, passport); financial account information, including account number, credit or debit card numbers; or Protected Health Information (PHI) relating to a person.

Platform as a Service (PaaS) as used in this Master Agreement is defined as the capability provided to the consumer to deploy onto the cloud infrastructure consumer-created or -acquired applications created using programming languages and tools supported by the provider. This capability does not necessarily preclude the use of compatible programming languages, libraries, services, and tools from other sources. The consumer does not manage or control the underlying cloud infrastructure including network, servers, operating systems, or storage, but has control over the deployed applications and possibly application hosting environment configurations.

Product means any deliverable under this Master Agreement, including Services, software, and any incidental tangible goods.

Protected Health Information (PHI) means individually identifiable health information transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. PHI excludes education records covered by the Family Educational Rights and Privacy Act (FERPA), as amended, 20 U.S.C. 1232g, records described at 20 U.S.C. 1232g(a)(4)(B)(iv) and employment records held by a covered entity in its role as employer. PHI may also include information that is a subset of health information, including demographic information collected from an individual, and (1) is created or received by a health care provider, health plan, employer or health care clearinghouse; and (2) relates to the past, present or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present or future payment for the provision of health care to an individual; and (a) that identifies the individual; or (b) with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

February 17, 2016.

Purchasing Entity means a state, city, county, district, other political subdivision of a State, and a nonprofit organization under the laws of some states if authorized by a Participating Addendum, who issues a Purchase Order against the Master Agreement and becomes financially committed to the purchase.

Services mean any of the specifications described in the Scope of Services that are supplied or created by the Contractor pursuant to this Master Agreement.

Security Incident means the possible or actual unauthorized access to a Purchasing Entity's Non-Public Data and Personal Data the Contractor believes could reasonably result in the use, disclosure or theft of a Purchasing Entity's Non-Public Data within the possession or control of the Contractor. A Security Incident also includes a major security breach to the Contractor's system, regardless if Contractor is aware of unauthorized access to a Purchasing Entity's Non-Public Data. A Security Incident may or may not turn into a Data Breach.

Service Level Agreement (SLA) means a written agreement between both the Purchasing Entity and the Contractor that is subject to the terms and conditions in this Master Agreement and relevant Participating Addendum unless otherwise expressly agreed in writing between the Purchasing Entity and the Contractor. SLAs should include: (1) the technical service level performance promises, (i.e. metrics for performance and intervals for measure), (2) description of service quality, (3) identification of roles and responsibilities, (4) remedies, such as credits, and (5) an explanation of how remedies or credits are calculated and issued.

Software as a Service (SaaS) as used in this Master Agreement is defined as the capability provided to the consumer to use the Contractor's applications running on a Contractor's infrastructure (commonly referred to as 'cloud infrastructure'). The applications are accessible from various client devices through a thin client interface such as a Web browser (e.g., Web-based email), or a program interface. The consumer does not manage or control the underlying cloud infrastructure including network, servers, operating systems, storage, or even individual application capabilities, with the possible exception of limited user-specific application configuration settings.

Solicitation means the documents used by the State of Utah, as the Lead State, to obtain Contractor's Proposal.

Statement of Work means a written statement in a solicitation document or contract that describes the Purchasing Entity's service needs and expectations.

6. Discount Guarantee Period: All discounts must be guaranteed for the entire term of the Master Agreement. Participating Entities and Purchasing Entities shall receive the immediate benefit of price or rate reduction of the services provided under this Master Agreement. A price or rate reduction will apply automatically to the Master Agreement

February 17, 2016.

and an amendment is not necessary.

8. Confidentiality, Non-Disclosure, and Injunctive Relief

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity's or Purchasing Entity's clients. Any reports or other documents or items (including software) that result from the use of the Confidential Information by Contractor shall be treated in the same manner as the Confidential Information. Confidential Information does not include information that (1) is or becomes (other than by disclosure by Contractor) publicly known; (2) is furnished by Purchasing Entity to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in Contractor's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than Purchasing Entity without the obligation of confidentiality, (5) is disclosed with the written consent of Purchasing Entity or; (6) is independently developed by employees, agents or subcontractors of Contractor who can be shown to have had no access to the Confidential Information.

b. Non-Disclosure. Contractor shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement. Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead State immediately if Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and Contractor shall at its expense cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person. Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall turn over to Purchasing Entity all documents, papers, and other matter in Contractor's possession that embody Confidential Information. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

c. Injunctive Relief. Contractor acknowledges that breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to Purchasing

February 17, 2016.

Entity that is inadequately compensable in damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

9. Right to Publish: Throughout the duration of this Master Agreement, Contractor must secure prior approval from the Lead State or Participating Entity for the release of any information that pertains to the potential work or activities covered by the Master Agreement, including but not limited to reference to or use of the Lead State or a Participating Entity's name, Great Seal of the State, Coat of Arms, any Agency or other subunits of the State government, or any State official or employee, for commercial promotion which is strictly prohibited. News releases or release of broadcast e-mails pertaining to this Master Agreement or Participating Addendum shall not be made without prior written approval of the Lead State or a Participating Entity.

The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

11. Changes in Contractor Representation: The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel, in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor's proposal. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

13. Indemnification and Limitation of Liability

a. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, bodily injury, or damage to real or tangible property arising directly or indirectly from the negligent or wrongful act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Master Agreement.

b. Indemnification – Intellectual Property. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO ValuePoint, the Lead State, Participating Entities, Purchasing Entities, along with their officers, agents, and employees as well as any

February 17, 2016.

person or entity for which they may be liable ("Indemnified Party"), from and against claims, damages or causes of action including reasonable attorneys' fees and related costs arising out of the claim that the Product or its use, infringes Intellectual Property rights ("Intellectual Property Claim") of another person or entity.

- (1) The Contractor's obligations under this section shall not extend to:
 - a. Any use of the Services provided hereunder not contemplated in the product documentation.
 - b. Any use of the Services provided hereunder in combination with other products not contemplated hereunder or in the documentation, any use of modification of the Services provided hereunder except as permitted by this Agreement.

(2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Even if the Indemnified Party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor can demonstrate that it was prejudiced in defending the Intellectual Property Claim resulting in increased expenses or loss to the Contractor and then only to the extent of the prejudice or expenses. If the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of it. However, the Indemnified Party must consent in writing for any money damages or obligations for which it may be responsible. The Indemnified Party shall furnish, at the Contractor's reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the Indemnified Party in the pursuit of the Intellectual Property Claim. Unless otherwise agreed in writing, this section is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

- b. Except as otherwise set forth in the Indemnification Paragraphs above, the limit of liability shall be as follows:
 - i. Contractor's liability for any claim, loss or liability arising out of, or connected with the Services provided, and whether based upon default, or other liability such as breach of contract, warranty, negligence, misrepresentation or otherwise, shall in no case exceed direct damages in: (i) an amount equal to two (2) times the charges specified in the Purchase Order for the Services, or parts thereof forming the basis of the Purchasing Entity's claim, (said amount not to exceed a total of twelve (12) months charges payable under the applicable

February 17, 2016.

- Purchase Order) or (ii) two million dollars (\$2,000,000), whichever is greater.
- ii. The Purchasing Entity may retain such monies from any amount due Contractor as may be necessary to satisfy any claim for damages, costs and the like asserted against the Purchasing Entity unless Contractor at the time of the presentation of claim shall demonstrate to the Purchasing Entity's satisfaction that sufficient monies are set aside by the Contractor in the form of a bond or through insurance coverage to cover associated damages and other costs.
- iii. Notwithstanding the above, neither the Contractor nor the Purchasing Entity shall be liable for any consequential, indirect or special damages of any kind which may result directly or indirectly from such performance, including, without limitation, damages resulting from loss of use or loss of profit by the Purchasing Entity, the Contractor, or by others.
- iv. The limitations of liability in Section 43 will not apply to claims for bodily injury or death as set forth in Section 13, and Section 30 when made applicable under a specific purchase order.

16. Insurance

a. Unless otherwise agreed in a Participating Addendum, Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of Best's Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.

b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below, with no deductible for each of the following categories:

(1) Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$3 million general aggregate;

(2) CLOUD MINIMUM INSURANCE COVERAGE:

Level of Risk	Data Breach and Privacy/Cyber Liability including Technology Errors and Omissions Minimum Insurance Coverage	Crime Insurance Minimum Insurance Coverage
Low	\$2,000,000	\$2,000,000

February 17, 2016.

Moderate	\$5,000,000	\$5,000,000
High	\$10,000,000	\$10,000,000

(3) Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.

(4) Professional Liability. As applicable, Professional Liability Insurance Policy in the minimum amount of \$1,000,000 per occurrence and \$1,000,000 in the aggregate, written on an occurrence form that provides coverage for its work undertaken pursuant to each Participating Addendum.

c. Contractor shall pay premiums on all insurance policies. Such policies shall also reference this Master Agreement and shall have a condition that they not be revoked by the insurer until thirty (30) calendar days after notice of intended revocation thereof shall have been given to Purchasing Entity and Participating Entity by the Contractor.

d. Prior to commencement of performance, Contractor shall provide to the Lead State a written endorsement to the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating States identified in the Request for Proposal as additional insureds, (2) provides that no material alteration, cancellation, non-renewal, or expiration of the coverage contained in such policy shall have effect unless the named Participating State has been given at least thirty (30) days prior written notice, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating State as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, the Participating Entity's rights and Contractor's obligations are the same as those specified in the first sentence of this subsection. Before performance of any Purchase Order issued after execution of a Participating Addendum authorizing it, the Contractor shall provide to a Purchasing Entity or Participating Entity who requests it the same information described in this subsection.

e. Contractor shall furnish to the Lead State, Participating Entity, and, on request, the Purchasing Entity copies of certificates of all required insurance within thirty (30) calendar days of the execution of this Master Agreement, the execution of a Participating Addendum, or the Purchase Order's effective date and prior to performing any work. The insurance certificate shall provide the following information: the name and address of the insured; name, address, telephone number and signature of the authorized agent; name of the insurance company (authorized to operate in all states); a description of coverage in detailed standard terminology (including policy period, policy number, limits of liability, exclusions and endorsements); and an acknowledgment of the requirement for notice of cancellation. Copies of renewal certificates of all required insurance shall be furnished within thirty (30) days after any renewal date. These certificates of insurance must expressly indicate compliance with each and every insurance requirement specified in this section. Failure to provide evidence of coverage

February 17, 2016.

may, at sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

17. Laws and Regulations: Any and all Services offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

The federal and state laws, regulations, policies, standards, and guidelines that Contractors doing business with the Participating Entities must be aware of, include, but not limited to: Criminal Justice Information Services (CJIS) Security Policy; Federal Educational Rights and Privacy Act (FERPA); Federal Information Security Management Act (FISMA); National Institute of Technology Standards; Gramm-Leach-Bliley Act (GLB) Act; Health Insurance Portability and Accountability Act (HIPAA); Health Information Technology for Economic and Clinical Health Act (HITECH); IRS Publication 1075; Payment Card Industry Data Security Standard (PCI DSS); Sarbanes-Oxley Act (SOX); Electronic Communications Privacy Act, Stored Communications Act and the PATRIOT Act. The list is intentionally United States-centric, and is not intended to be all-inclusive. Further, since laws, regulations, requirements and industry guidelines change, consulting definitive sources to assure a clear understanding of compliance requirements is critical. Many State Entities have additional program compliance requirements that must be considered in addressing compliance. (e.g., DMV Privacy Act, Public Service Law, etc.).

20. Participants and Scope

a. Contractor may not deliver Services under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

b. Subject to subsection 20c and a Participating Entity's Participating Addendum, the use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized

February 17, 2016.

by individual state's statutes to use state contracts is subject to the approval of the respective State Chief Procurement Official.

c. Unless otherwise stipulated in a Participating Entity's Participating Addendum, specific services accessed through the NASPO ValuePoint cooperative Master Agreements for Cloud Services by state executive branch agencies, as required by a Participating Entity's statutes, are subject to the authority and approval of the Participating Entity's Chief Information Officer's Office³.

d. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of political subdivisions.

e. NASPO ValuePoint is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO ValuePoint cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

f. Participating Addenda shall not be construed to amend the terms of this Master Agreement between the Lead State and Contractor.

g. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

h. Resale. Subject to any explicit permission in a Participating Addendum, Purchasing Entities may not resell goods, software, or Services obtained under this Master Agreement. This limitation does not prohibit: payments by employees of a Purchasing Entity as explicitly permitted under this agreement; sales of goods to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities under cooperative agreements and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this

³ Chief Information Officer means the individual designated by the Governor with Executive Branch, enterprise-wide responsibility for the leadership and management of information technology resources of a state.

February 17, 2016.

subsection must be consistent with license rights granted for use of intellectual property.

22. Data Access Controls: Contractor will provide access to Purchasing Entity's Data only to those Contractor employees, contractors and subcontractors ("Contractor Staff") who need to access the Data to fulfill Contractor's obligations under this Agreement. Contractor shall not access a Purchasing Entity's user accounts or Data, except on the course of data center operations, response to service or technical issues, as required by the express terms of this Master Agreement, or at a Purchasing Entity's written request.

Contractor may not share a Purchasing Entity's Data with its parent corporation, other affiliates, or any other third party without the Purchasing Entity's express written consent.

Contractor will ensure that, prior to being granted access to the Data, Contractor Staff who perform work under this Agreement have successfully completed annual instruction of a nature sufficient to enable them to effectively comply with all Data protection provisions of this Agreement; and possess all qualifications appropriate to the nature of the employees' duties and the sensitivity of the Data they will be handling.

23. Operations Management: Contractor shall maintain the administrative, physical, technical, and procedural infrastructure associated with the provision of the Product in a manner that is, at all times during the term of this Master Agreement, at a level equal to or more stringent than those specified in the Solicitation. Contractor must maintain any certifications required under the Solicitation.

24. Public Information: This Master Agreement and all related documents are subject to disclosure pursuant to the Purchasing Entity's public information laws.

26. Records Administration and Audit.

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, to assure compliance with the terms hereof or to evaluate performance hereunder.

b. Without limiting any other remedy available to any governmental entity, the

February 17, 2016.

Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

d. The Contractor shall allow the Purchasing Entity to audit conformance to the Master Agreement and applicable Participating Addendum terms. The purchasing entity may perform this audit or contract with a third party at its discretion and at the purchasing entity's expense.

27. Administrative Fees: The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than 60 days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on sales of the Services. The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

Additionally, some states may require an additional administrative fee be paid directly to the state on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee shall be based on the gross amount of all sales at the adjusted prices (if any) in Participating Addenda.

28. System Failure or Damage: In the event of system failure or damage caused by Contractor or its Services, the Contractor agrees to use its best efforts to restore or assist in restoring the system to operational capacity.

29. Title to Product: If access to the Product requires an application program interface (API), Contractor shall convey to Purchasing Entity an irrevocable and perpetual license to use the API.

30. Data Privacy: When required by a specific purchase order issued under this Agreement or a Participating Addendum and accepted by the Contractor, the Contractor must comply with all applicable laws related to data privacy and security, including IRS Pub 1075. Prior to entering into a SLA with a Purchasing Entity, the Contractor and

February 17, 2016.

Purchasing Entity must cooperate and hold a meeting to determine the Data Categorization to determine whether the Contractor will hold, store, or process High Risk Data, Moderate Risk Data and Low Risk Data. The Contractor must document the Data Categorization in the SLA or Statement of Work.

31. Warranty: At a minimum the Contractor must warrant the following:

- a. Contractor has acquired any and all rights, grants, assignments, conveyances, licenses, permissions, and authorization for the Contractor to provide the Services described in this Master Agreement.
- b. Contractor will perform materially as described in this Master Agreement, SLA, Statement of Work, including any performance representations contained in the Contractor's response to the Solicitation by the Lead State.
- c. Contractor represents and warrants that the representations contained in its response to the Solicitation by the Lead State.
- d. The Contractor will not interfere with a Purchasing Entity's access to and use of the Services it acquires from this Master Agreement.
- e. The Services provided by the Contractor are compatible with and will operate successfully with any environment (including web browser and operating system) specified by the Contractor in its response to the Solicitation by the Lead State.
- f. The Contractor warrants that the Products it provides under this Master Agreement are free of malware. The Contractor must use industry-leading technology to detect and remove worms, Trojans, rootkits, rogues, dialers, spyware, etc.

32. Transition Assistance:

- a. The Contractor shall reasonably cooperate with other parties in connection with all Services to be delivered under this Master Agreement, including without limitation any successor service provider to whom a Purchasing Entity's Data is transferred in connection with the termination or expiration of this Master Agreement. The Contractor shall assist a Purchasing Entity in exporting and extracting a Purchasing Entity's Data, in a format usable without the use of the Services and as agreed by a Purchasing Entity, at no additional cost to the Purchasing Entity. Any transition services requested by a Purchasing Entity involving additional knowledge transfer and support may be subject to a separate transition Statement of Work.
- b. A Purchasing Entity and the Contractor shall, when reasonable, create a Transition Plan Document identifying the transition services to be provided and including a Statement of Work if applicable.

February 17, 2016.

c. The Contractor must maintain the confidentiality and security of a Purchasing Entity's Data during the transition services and thereafter as required by the Purchasing Entity.

35. Debarment : The Contractor certifies, to the best of its knowledge, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

37. Governing Law and Venue

a. The procurement, evaluation, and award of the Master Agreement shall be governed by and construed in accordance with the laws of the Lead State sponsoring and administering the procurement. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State (in most cases also the Lead State). The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Unless otherwise specified in the RFP, the venue for any protest, claim, dispute or action relating to the procurement, evaluation, and award is in the Lead State. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to the procurement, evaluation, award, or contract performance or administration if the Lead State is a party; the Participating State if a named party; the Participating Entity state if a named party; or the Purchasing Entity state if a named party.

d. This section is also not a waiver by the Participating State of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

40. Contract Provisions for Orders Utilizing Federal Funds: Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have

February 17, 2016.

additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this master agreement.

42. NASPO ValuePoint Summary and Detailed Usage Reports: In addition to other reports that may be required by this solicitation, the Contractor shall provide the following NASPO ValuePoint reports.

a. Summary Sales Data. The Contractor shall submit quarterly sales reports directly to NASPO ValuePoint using the NASPO ValuePoint Quarterly Sales/Administrative Fee Reporting Tool found at <http://www.naspo.org/WNCPO/Calculator.aspx>. Any/all sales made under the contract shall be reported as cumulative totals by state. Even if Contractor experiences zero sales during a calendar quarter, a report is still required. Reports shall be due no later than 30 day following the end of the calendar quarter (as specified in the reporting tool).

b. Detailed Sales Data. Contractor shall also report detailed sales data by: (1) state; (2) entity/customer type, e.g. local government, higher education, K12, non-profit; (3) Purchasing Entity name; (4) Purchasing Entity bill-to and ship-to locations; (4) Purchasing Entity and Contractor Purchase Order identifier/number(s); (5) Purchase Order Type (e.g. sales order, credit, return, upgrade, determined by industry practices); (6) Purchase Order date; (7) Ship Date; (8) and line item description, including product number if used. The report shall be submitted in any form required by the solicitation. Reports are due on a quarterly basis and must be received by the Lead State and NASPO ValuePoint Cooperative Development Team no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to the Lead State and to the NASPO ValuePoint Cooperative Development Team electronically through a designated portal, email, CD-Rom, flash drive or other method as determined by the Lead State and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under Participating Addenda executed under this Master Agreement. The format for the detailed sales data report is in shown in Attachment F.

c. Reportable sales for the summary sales data report and detailed sales data report includes sales to employees for personal use where authorized by the solicitation and the Participating Addendum. Report data for employees should be limited to ONLY the state and entity they are participating under the authority of (state and agency, city, county, school district, etc.) and the amount of sales. No personal identification numbers, e.g. names, addresses, social security numbers or any other numerical identifier, may be submitted with any report.

d. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator with an executive summary each quarter that includes, at a minimum, a list

February 17, 2016.

of states with an active Participating Addendum, states that Contractor is in negotiations with and any PA roll out or implementation activities and issues. NASPO ValuePoint Cooperative Development Coordinator and Contractor will determine the format and content of the executive summary. The executive summary is due 30 days after the conclusion of each calendar quarter.

e. Timely submission of these reports is a material requirement of the Master Agreement. The recipient of the reports shall have exclusive ownership of the media containing the reports. The Lead State and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy, and otherwise use reports, data and information provided under this section.

f. If requested by a Participating Entity, the Contractor must provide detailed sales data within the Participating State.

43. Entire Agreement: This Master Agreement, along with any attachment, contains the entire understanding of the parties hereto with respect to the Master Agreement unless a term is modified in a Participating Addendum with a Participating Entity. No click-through, or other end user terms and conditions or agreements required by the Contractor ("Additional Terms") provided with any Services hereunder shall be binding on Participating Entities or Purchasing Entities, even if use of such Services requires an affirmative "acceptance" of those Additional Terms before access is permitted.

Exhibit 1 to the Master Agreement: Software-as-a-Service

- 1. Data Ownership:** The Purchasing Entity will own all right, title and interest in its data that is related to the Services provided by this Master Agreement. The Contractor shall not access Purchasing Entity user accounts or Purchasing Entity data, except (1) in the course of data center operations, (2) in response to service or technical issues, (3) as required by the express terms of this Master Agreement, Participating Addendum, SLA, and/or other contract documents, or (4) at the Purchasing Entity's written request.

Contractor shall not collect, access, or use user-specific Purchasing Entity Data except as strictly necessary to provide Service to the Purchasing Entity. No information regarding a Purchasing Entity's use of the Service may be disclosed, provided, rented or sold to any third party for any reason unless required by law or regulation or by an order of a court of competent jurisdiction. This obligation shall survive and extend beyond the term of this Master Agreement.

- 2. Data Protection:** Protection of personal privacy and data shall be an integral part of the business activities of the Contractor to ensure there is no inappropriate or unauthorized use of Purchasing Entity information at any time. To this end, the Contractor shall safeguard the confidentiality, integrity and availability of Purchasing Entity information and comply with the following conditions:

- a. The Contractor shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the Contractor applies to its own Personal Data and Non-Public Data of similar kind.
- b. All data obtained by the Contractor in the performance of the Master Agreement shall become and remain the property of the Purchasing Entity.
- c. All Personal Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the Contractor is responsible for encryption of the Personal Data. Any stipulation of responsibilities will identify specific roles and responsibilities and shall be included in the service level agreement (SLA), or otherwise made a part of the Master Agreement.
- d. Unless otherwise stipulated, the Contractor shall encrypt all Non-Public Data at rest and in transit. The Purchasing Entity shall identify data it deems as Non-Public Data to the Contractor. The level of protection and encryption for all Non-Public Data shall be identified in the SLA.
- e. At no time shall any data or processes — that either belong to or are intended for the use of a Purchasing Entity or its officers, agents or employees — be copied, disclosed or retained by the Contractor or any party related to the Contractor for subsequent use in any transaction that does not include the Purchasing Entity.

f. The Contractor shall not use any information collected in connection with the Services issued from this Master Agreement for any purpose other than fulfilling the Services.

- 3. Data Location:** The Contractor shall provide its services to the Purchasing Entity and its end users solely from data centers in the U.S. Storage of Purchasing Entity data at rest shall be located solely in data centers in the U.S. The Contractor shall not allow its personnel or contractors to store Purchasing Entity data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. The Contractor shall permit its personnel and contractors to access Purchasing Entity data remotely only as required to provide technical support. The Contractor may provide technical user support on a 24/7 basis using a Follow the Sun model, unless otherwise prohibited in a Participating Addendum.

4. Security Incident or Data Breach Notification:

a. Incident Response: Contractor may need to communicate with outside parties regarding a security incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the contract. Discussing security incidents with the Purchasing Entity should be handled on an urgent as needed basis, as part of Contractor's communication and mitigation processes as mutually agreed upon, defined by law or contained in the Master Agreement.

b. Security Incident Reporting Requirements: The Contractor shall report a security incident to the Purchasing Entity identified contact immediately as soon as possible or promptly without out reasonable delay, or as defined in the SLA.

c. Breach Reporting Requirements: If the Contractor has actual knowledge of a confirmed data breach that affects the security of any purchasing entity's content that is subject to applicable data breach notification law, the Contractor shall (1) as soon as possible or promptly without out reasonable delay notify the Purchasing Entity, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the data breach in a timely manner.

- 5. Personal Data Breach Responsibilities:** This section only applies when a Data Breach occurs with respect to Personal Data within the possession or control of the Contractor.

a. The Contractor, unless stipulated otherwise, shall immediately notify the appropriate Purchasing Entity identified contact by telephone in accordance with the agreed upon security plan or security procedures if it reasonably believes there has been a security incident.

b. The Contractor, unless stipulated otherwise, shall promptly notify the appropriate Purchasing Entity identified contact within 48 hours or sooner by telephone, unless shorter time is required by applicable law, if it has confirmed that there is, or reasonably believes that there has been a Data Breach. The Contractor shall (1) cooperate with the Purchasing Entity as reasonably requested by the Purchasing Entity to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3)

document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.

6. Notification of Legal Requests: If legally permissible, the Contractor shall contact the Purchasing Entity upon receipt of any electronic discovery, litigation holds, discovery searches and expert testimonies related to the Purchasing Entity's data under the Master Agreement, or which in any way might reasonably require access to the data of the Purchasing Entity. The Contractor shall not respond to subpoenas, service of process and other legal requests related to the Purchasing Entity without first notifying and obtaining the approval of the Purchasing Entity, unless prohibited by law. .

7. Termination and Suspension of Service:

- a. In the event of a termination of the Master Agreement or applicable Participating Addendum, the Contractor shall implement an orderly return of purchasing entity's data in a CSV or another mutually agreeable format at a time agreed to by the parties or allow the Purchasing Entity to extract it's data and the subsequent secure disposal of purchasing entity's data.
- b. During any period of service suspension, the Contractor shall not take any action to intentionally erase or otherwise dispose of any of the Purchasing Entity's data.
- c. In the event of termination of any services or agreement in entirety, the Contractor shall not take any action to intentionally erase purchasing entity's data for a period of:
 - 10 days after the effective date of termination, if the termination is in accordance with the contract period
 - 30 days after the effective date of termination, if the termination is for convenience
 - • 60 days after the effective date of termination, if the termination is for cause

After such period, the Contractor shall have no obligation to maintain or provide any purchasing entity's data and shall thereafter, unless legally prohibited, delete all purchasing entity's data in its systems or otherwise in its possession or under its control.

- d. The purchasing entity shall be entitled to any post termination assistance generally made available with respect to the services, unless a unique data retrieval arrangement has been established as part of an SLA.
- e. Upon termination of the Services or the Agreement in its entirety, Contractor shall securely dispose of all Purchasing Entity's data in all of its forms, such as disk, CD/ DVD,

backup tape and paper, unless stipulated otherwise by the Purchasing Entity. Data shall be permanently deleted and shall not be recoverable, according to National Institute of Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to the Purchasing Entity.

- 8. Background Checks:** Upon the request of the Purchasing Entity, the Contractor shall conduct criminal background checks and not utilize any staff, including subcontractors, to fulfill the obligations of the Master Agreement who have been convicted of any crime of dishonesty, including but not limited to criminal fraud, or otherwise convicted of any felony or misdemeanor offense for which incarceration for up to 1 year is an authorized penalty. The Contractor shall promote and maintain an awareness of the importance of securing the Purchasing Entity's information among the Contractor's employees and agents. If any of the stated personnel providing services under a Participating Addendum is not acceptable to the Purchasing Entity in its sole opinion as a result of the background or criminal history investigation, the Purchasing Entity, in its' sole option shall have the right to either (1) request immediate replacement of the person, or (2) immediately terminate the Participating Addendum and any related service agreement.
- 9. Access to Security Logs and Reports:** The Contractor shall provide reports on a schedule specified in the SLA to the Purchasing Entity in a format as specified in the SLA agreed to by both the Contractor and the Purchasing Entity. Reports shall include latency statistics, user access, user access IP address, user access history and security logs for all public jurisdiction files related to this Master Agreement and applicable Participating Addendum.
- 10. Contract Audit:** The Contractor shall allow the Purchasing Entity to audit conformance to the Master Agreement terms. The Purchasing Entity may perform this audit or contract with a third party at its discretion and at the Purchasing Entity's expense.
- 11. Data Center Audit:** The Contractor shall perform an independent audit of its data centers at least annually at its expense, and provide an unredacted version of the audit report upon request to a Purchasing Entity. The Contractor may remove its proprietary information from the unredacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.
- 12. Change Control and Advance Notice:** The Contractor shall give a minimum forty eight (48) hour advance notice (or as determined by a Purchasing Entity and included in the SLA) to the Purchasing Entity of any upgrades (e.g., major upgrades, minor upgrades, system changes) that may impact service availability and performance. A major upgrade is a replacement of hardware, software or firmware with a newer or better version in order to bring the system up to date or to improve its characteristics. It usually includes a new version number. Contractor will make updates and upgrades available to Purchasing Entity at no additional costs when Contractor makes such updates and upgrades generally available to its users.

No update, upgrade or other charge to the Service may decrease the Service's functionality, adversely affect Purchasing Entity's use of or access to the Service, or increase the cost of the Service to the Purchasing Entity.

Contractor will notify the Purchasing Entity at least sixty (60) days in advance prior to any major update or upgrade.

- 13. Security:** As requested by a Purchasing Entity, the Contractor shall disclose its non-proprietary system security plans (SSP) or security processes and technical limitations to the Purchasing Entity such that adequate protection and flexibility can be attained between the Purchasing Entity and the Contractor. For example: virus checking and port sniffing — the Purchasing Entity and the Contractor shall understand each other's roles and responsibilities.
- 14. Non-disclosure and Separation of Duties:** The Contractor shall enforce separation of job duties, require commercially reasonable non-disclosure agreements, and limit staff knowledge of Purchasing Entity data to that which is absolutely necessary to perform job duties.
- 15. Import and Export of Data:** The Purchasing Entity shall have the ability to import or export data in piecemeal or in entirety at its discretion without interference from the Contractor at any time during the term of Contractor's contract with the Purchasing Entity. This includes the ability for the Purchasing Entity to import or export data to/from other Contractors. Contractor shall specify if Purchasing Entity is required to provide its' own tools for this purpose, including the optional purchase of Contractors tools if Contractors applications are not able to provide this functionality directly.
- 16. Responsibilities and Uptime Guarantee:** The Contractor shall be responsible for the acquisition and operation of all hardware, software and network support related to the services being provided. The technical and professional activities required for establishing, managing and maintaining the environments are the responsibilities of the Contractor. The system shall be available 24/7/365 (with agreed-upon maintenance downtime), and provide service to customers as defined in the SLA.
- 17. Subcontractor Disclosure:** Contractor shall identify all of its strategic business partners related to services provided under this Master Agreement, including but not limited to all subcontractors or other entities or individuals who may be a party to a joint venture or similar agreement with the Contractor, and who shall be involved in any application development and/or operations.
- 18. Right to Remove Individuals:** The Purchasing Entity shall have the right at any time to require that the Contractor remove from interaction with Purchasing Entity any Contractor representative who the Purchasing Entity believes is detrimental to its working relationship with the Contractor. The Purchasing Entity shall provide the Contractor with notice of its determination, and the reasons it requests the removal. If the Purchasing Entity signifies that a potential security violation exists with respect to the request, the Contractor shall immediately

remove such individual. The Contractor shall not assign the person to any aspect of the Master Agreement or future work orders without the Purchasing Entity's consent.

- 19. Business Continuity and Disaster Recovery:** The Contractor shall provide a business continuity and disaster recovery plan upon request and ensure that the Purchasing Entity's recovery time objective (RTO) of XXX hours/days is met. (XXX hour/days shall be provided to Contractor by the Purchasing Entity.) Contractor must work with the Purchasing Entity to perform an annual Disaster Recovery test and take action to correct any issues detected during the test in a time frame mutually agreed between the Contractor and the Purchasing Entity.
- 20. Compliance with Accessibility Standards:** The Contractor shall comply with and adhere to Accessibility Standards of Section 508 Amendment to the Rehabilitation Act of 1973, or any other state laws or administrative regulations identified by the Participating Entity.
- 21. Web Services:** The Contractor shall use Web services exclusively to interface with the Purchasing Entity's data in near real time.
- 22. Encryption of Data at Rest:** The Contractor shall ensure hard drive encryption consistent with validated cryptography standards as referenced in FIPS 140-2, Security Requirements for Cryptographic Modules for all Personal Data, unless the Purchasing Entity approves in writing for the storage of Personal Data on a Contractor portable device in order to accomplish work as defined in the statement of work.
- 23. Subscription Terms:** Contractor grants to a Purchasing Entity a license to: (i) access and use the Service for its business purposes; (ii) for SaaS, use underlying software as embodied or used in the Service; and (iii) view, copy, upload and download (where applicable), and use Contractor's documentation.

No Contractor terms, including standard click through license or website terms or use of privacy policy, shall apply to Purchasing Entities unless such terms are included in this Master Agreement.

Exhibit 2 to the Master Agreement: Platform-as-a-Service

- 1. Data Ownership:** The Purchasing Entity will own all right, title and interest in its data that is related to the Services provided by this Master Agreement. The Contractor shall not access Purchasing Entity user accounts or Purchasing Entity data, except (1) in the course of data center operations, (2) in response to service or technical issues, (3) as required by the express terms of this Master Agreement, Participating Addendum, SLA, and/or other contract documents, or (4) at the Purchasing Entity's written request.

Contractor shall not collect, access, or use user-specific Purchasing Entity Data except as strictly necessary to provide Service to the Purchasing Entity. No information regarding a Purchasing Entity's use of the Service may be disclosed, provided, rented or sold to any third party for any reason unless required by law or regulation or by an order of a court of competent jurisdiction. This obligation shall survive and extend beyond the term of this Master Agreement.

- 2. Data Protection:** Protection of personal privacy and data shall be an integral part of the business activities of the Contractor to ensure there is no inappropriate or unauthorized use of Purchasing Entity information at any time. To this end, the Contractor shall safeguard the confidentiality, integrity and availability of Purchasing Entity information and comply with the following conditions:

- a. The Contractor shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the Contractor applies to its own Personal Data and Non-Public Data of similar kind.
- b. All data obtained by the Contractor in the performance of the Master Agreement shall become and remain the property of the Purchasing Entity.
- c. All Personal Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the Contractor is responsible for encryption of the Personal Data. Any stipulation of responsibilities will identify specific roles and responsibilities and shall be included in the service level agreement (SLA), or otherwise made a part of the Master Agreement.
- d. Unless otherwise stipulated, the Contractor shall encrypt all Non-Public Data at rest and in transit. The Purchasing Entity shall identify data it deems as Non-Public Data to the Contractor. The level of protection and encryption for all Non-Public Data shall be identified in the SLA.
- e. At no time shall any data or processes — that either belong to or are intended for the use of a Purchasing Entity or its officers, agents or employees — be copied, disclosed or retained by the Contractor or any party related to the Contractor for subsequent use in any transaction that does not include the Purchasing Entity.

- f. The Contractor shall not use any information collected in connection with the Services issued from this Master Agreement for any purpose other than fulfilling the Services.
- 3. Data Location:** The Contractor shall provide its services to the Purchasing Entity and its end users solely from data centers in the U.S. Storage of Purchasing Entity data at rest shall be located solely in data centers in the U.S. The Contractor shall not allow its personnel or contractors to store Purchasing Entity data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. The Contractor shall permit its personnel and contractors to access Purchasing Entity data remotely only as required to provide technical support. The Contractor may provide technical user support on a 24/7 basis using a Follow the Sun model, unless otherwise prohibited in a Participating Addendum.
- 4. Security Incident or Data Breach Notification:** The Contractor shall inform the Purchasing Entity of any security incident or data breach within the possession and control of the Contractor and related to the service provided under the Master Agreement, Participating Addendum, or SLA. Such notice shall include, to the best of Contractor's knowledge at that time, the persons affected, their identities, and the Confidential Information and Data disclosed, or shall include if this information is unknown.
- a. Incident Response: The Contractor may need to communicate with outside parties regarding a security incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Master Agreement, Participating Addendum, or SLA. Discussing security incidents with the Purchasing Entity should be handled on an urgent as-needed basis, as part of Contractor's communication and mitigation processes as mutually agreed, defined by law or contained in the Master Agreement, Participating Addendum, or SLA.
 - b. Security Incident Reporting Requirements: Unless otherwise stipulated, the Contractor shall immediately report a security incident related to its service under the Master Agreement, Participating Addendum, or SLA to the appropriate Purchasing Entity.
 - c. Breach Reporting Requirements: If the Contractor has actual knowledge of a confirmed data breach that affects the security of any Purchasing Entity data that is subject to applicable data breach notification law, the Contractor shall (1) promptly notify the appropriate Purchasing Entity within 48 hours or sooner, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the data breach in a timely manner
- 5. Breach Responsibilities:** This section only applies when a Data Breach occurs with respect to Personal Data within the possession or control of the Contractor.
- a. The Contractor, unless stipulated otherwise, shall immediately notify the appropriate Purchasing Entity identified contact by telephone in accordance with the agreed upon security plan or security procedures if it reasonably believes there has been a security incident.

- b. The Contractor, unless stipulated otherwise, shall promptly notify the appropriate Purchasing Entity identified contact within 24 hours or sooner by telephone, unless shorter time is required by applicable law, if it has confirmed that there is, or reasonably believes that there has been a data breach. The Contractor shall (1) cooperate with the Purchasing Entity as reasonably requested by the Purchasing Entity to investigate and resolve the data breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the data breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.

6. Notification of Legal Requests: If legally permissible, the Contractor shall contact the Purchasing Entity upon receipt of any electronic discovery, litigation holds, discovery searches and expert testimonies related to the Purchasing Entity's data under the Master Agreement, or which in any way might reasonably require access to the data of the Purchasing Entity. The Contractor shall not respond to subpoenas, service of process and other legal requests related to the Purchasing Entity without first notifying and obtaining the approval of the Purchasing Entity, unless prohibited by law.

7. Termination and Suspension of Service:

- a. In the event of an early termination of the Master Agreement, Participating or SLA, Contractor shall allow for the Purchasing Entity to retrieve its digital content and provide for the subsequent secure disposal of the Purchasing Entity's digital content.
- b. During any period of service suspension, the Contractor shall not take any action to intentionally erase or otherwise dispose of any of the Purchasing Entity's data.
- c. In the event of early termination of any Services or agreement in entirety, the Contractor shall not take any action to intentionally erase any Purchasing Entity's data for a period of 1) 45 days after the effective date of termination, if the termination is for convenience; or 2) 60 days after the effective date of termination, if the termination is for cause. After such day period, the Contractor shall have no obligation to maintain or provide any Purchasing Entity data and shall thereafter, unless legally prohibited, delete all Purchasing Entity data in its systems or otherwise in its possession or under its control. In the event of either termination for cause, the Contractor will impose no fees for access and retrieval of digital content to the Purchasing Entity.
- d. The Purchasing Entity shall be entitled to any post termination assistance generally made available with respect to the services, unless a unique data retrieval arrangement has been established as part of an SLA.
- e. Upon termination of the Services or the Agreement in its entirety, Contractor shall securely dispose of all Purchasing Entity's data in all of its forms, such as disk, CD/ DVD, backup tape and paper, unless stipulated otherwise by the Purchasing Entity. Data shall be permanently deleted and shall not be recoverable, according to National Institute of

Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to the Purchasing Entity.

8. Background Checks:

- a. Upon the request of the Purchasing Entity, the Contractor shall conduct criminal background checks and not utilize any staff, including subcontractors, to fulfill the obligations of the Master Agreement who have been convicted of any crime of dishonesty, including but not limited to criminal fraud, or otherwise convicted of any felony or misdemeanor offense for which incarceration for up to 1 year is an authorized penalty. The Contractor shall promote and maintain an awareness of the importance of securing the Purchasing Entity's information among the Contractor's employees and agents.
- b. The Contractor and the Purchasing Entity recognize that security responsibilities are shared. The Contractor is responsible for providing a secure infrastructure. The Purchasing Entity is responsible for its secure guest operating system, firewalls and other logs captured within the guest operating system. Specific shared responsibilities are identified within the SLA.
- c. If any of the stated personnel providing services under a Participating Addendum is not acceptable to the Purchasing Entity in its sole opinion as a result of the background or criminal history investigation, the Purchasing Entity, in its' sole option shall have the right to either (1) request immediate replacement of the person, or (2) immediately terminate the Participating Addendum and any related service agreement.

9. Access to Security Logs and Reports:

- a. The Contractor shall provide reports on a schedule specified in the SLA to the Purchasing Entity in a format as specified in the SLA and agreed to by both the Contractor and the Purchasing Entity. Reports will include latency statistics, user access, user access IP address, user access history and security logs for all Purchasing Entity files related to the Master Agreement, Participating Addendum, or SLA.
- b. The Contractor and the Purchasing Entity recognize that security responsibilities are shared. The Contractor is responsible for providing a secure infrastructure. The Purchasing Entity is responsible for its secure guest operating system, firewalls and other logs captured within the guest operating system. Specific shared responsibilities are identified within the SLA.

10. Contract Audit: The Contractor shall allow the Purchasing Entity to audit conformance to the Master Agreement terms. The Purchasing Entity may perform this audit or contract with a third party at its discretion and at the Purchasing Entity's expense.

11. Data Center Audit: The Contractor shall perform an independent audit of its data centers at least annually at its expense, and provide an unredacted version of the audit report upon

request to a Purchasing Entity. The Contractor may remove its proprietary information from the unredacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.

- 12. Change Control and Advance Notice:** The Contractor shall give a minimum forty eight (48) hour advance notice (or as determined by a Purchasing Entity and included in the SLA) to the Purchasing Entity of any upgrades (e.g., major upgrades, minor upgrades, system changes) that may impact service availability and performance. A major upgrade is a replacement of hardware, software or firmware with a newer or better version in order to bring the system up to date or to improve its characteristics. It usually includes a new version number.

Contractor will make updates and upgrades available to Purchasing Entity at no additional costs when Contractor makes such updates and upgrades generally available to its users.

No update, upgrade or other charge to the Service may decrease the Service's functionality, adversely affect Purchasing Entity's use of or access to the Service, or increase the cost of the Service to the Purchasing Entity.

Contractor will notify the Purchasing Entity at least sixty (60) days in advance prior to any major update or upgrade.

- 13. Security:** As requested by a Purchasing Entity, the Contractor shall disclose its non-proprietary system security plans (SSP) or security processes and technical limitations to the Purchasing Entity such that adequate protection and flexibility can be attained between the Purchasing Entity and the Contractor. For example: virus checking and port sniffing — the Purchasing Entity and the Contractor shall understand each other's roles and responsibilities.

- 14. Non-disclosure and Separation of Duties:** The Contractor shall enforce separation of job duties, require commercially reasonable non-disclosure agreements, and limit staff knowledge of Purchasing Entity data to that which is absolutely necessary to perform job duties.

- 15. Import and Export of Data:** The Purchasing Entity shall have the ability to import or export data in piecemeal or in entirety at its discretion without interference from the Contractor at any time during the term of Contractor's contract with the Purchasing Entity. This includes the ability for the Purchasing Entity to import or export data to/from other Contractors. Contractor shall specify if Purchasing Entity is required to provide its' own tools for this purpose, including the optional purchase of Contractors tools if Contractors applications are not able to provide this functionality directly.

- 16. Responsibilities and Uptime Guarantee:** The Contractor shall be responsible for the acquisition and operation of all hardware, software and network support related to the services being provided. The technical and professional activities required for establishing, managing and maintaining the environments are the responsibilities of the Contractor. The system shall be available 24/7/365 (with agreed-upon maintenance downtime), and provide service to customers as defined in the SLA.

- 17. Subcontractor Disclosure:** Contractor shall identify all of its strategic business partners related to services provided under this Master Agreement, including but not limited to all subcontractors or other entities or individuals who may be a party to a joint venture or similar agreement with the Contractor, and who shall be involved in any application development and/or operations.
- 18. Business Continuity and Disaster Recovery:** The Contractor shall provide a business continuity and disaster recovery plan upon request and ensure that the Purchasing Entity's recovery time objective (RTO) of XXX hours/days is met. (XXX hour/days shall be provided to Contractor by the Purchasing Entity.) Contractor must work with the Purchasing Entity to perform an annual Disaster Recovery test and take action to correct any issues detected during the test in a time frame mutually agreed between the Contractor and the Purchasing Entity.
- 19. Compliance with Accessibility Standards:** The Contractor shall comply with and adhere to Accessibility Standards of Section 508 Amendment to the Rehabilitation Act of 1973 or any other state laws or administrative regulations identified by the Participating Entity..
- 20. Web Services:** The Contractor shall use Web services exclusively to interface with the Purchasing Entity's data in near real time.
- 21. Encryption of Data at Rest:** The Contractor shall ensure hard drive encryption consistent with validated cryptography standards as referenced in FIPS 140-2, Security Requirements for Cryptographic Modules for all Personal Data as identified in the SLA, unless the Contractor presents a justifiable position that is approved by the Purchasing Entity that Personal Data, is required to be stored on a Contractor portable device in order to accomplish work as defined in the scope of work.
- 22. Subscription Terms:** Contractor grants to a Purchasing Entity a license to: (i) access and use the Service for its business purposes; (ii) for PaaS, use underlying software as embodied or used in the Service; and (iii) view, copy, upload and download (where applicable), and use Contractor's documentation.

No Contractor terms, including standard click through license or website terms or use of privacy policy, shall apply to Purchasing Entities unless such terms are included in this Master Agreement.

Exhibit 3 to the Master Agreement: Infrastructure-as-a-Service

- 1. Data Ownership:** The Purchasing Entity will own all right, title and interest in its data that is related to the Services provided by this Master Agreement. The Contractor shall not access Purchasing Entity user accounts or Purchasing Entity data, except (1) in the course of data center operations, (2) in response to service or technical issues, (3) as required by the express terms of this Master Agreement, Participating Addendum, SLA, and/or other contract documents, or (4) at the Purchasing Entity's written request.

Contractor shall not collect, access, or use user-specific Purchasing Entity Data except as strictly necessary to provide Service to the Purchasing Entity. No information regarding a Purchasing Entity's use of the Service may be disclosed, provided, rented or sold to any third party for any reason unless required by law or regulation or by an order of a court of competent jurisdiction. This obligation shall survive and extend beyond the term of this Master Agreement.

- 2. Data Protection:** Protection of personal privacy and data shall be an integral part of the business activities of the Contractor to ensure there is no inappropriate or unauthorized use of Purchasing Entity information at any time. To this end, the Contractor shall safeguard the confidentiality, integrity and availability of Purchasing Entity information and comply with the following conditions:

- a. The Contractor shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the Contractor applies to its own Personal Data and Non-Public Data of similar kind.
- b. All data obtained by the Contractor in the performance of the Master Agreement shall become and remain the property of the Purchasing Entity.
- c. All Personal Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the Contractor is responsible for encryption of the Personal Data. Any stipulation of responsibilities will identify specific roles and responsibilities and shall be included in the service level agreement (SLA), or otherwise made a part of the Master Agreement.
- d. Unless otherwise stipulated, the Contractor shall encrypt all Non-Public Data at rest and in transit. The Purchasing Entity shall identify data it deems as Non-Public Data to the Contractor. The level of protection and encryption for all Non-Public Data shall be identified in the SLA.
- e. At no time shall any data or processes — that either belong to or are intended for the use of a Purchasing Entity or its officers, agents or employees — be copied, disclosed or retained by the Contractor or any party related to the Contractor for subsequent use in any transaction that does not include the Purchasing Entity.

- f. The Contractor shall not use any information collected in connection with the Services issued from this Master Agreement for any purpose other than fulfilling the Services.
- 3. Data Location:** The Contractor shall provide its services to the Purchasing Entity and its end users solely from data centers in the U.S. Storage of Purchasing Entity data at rest shall be located solely in data centers in the U.S. The Contractor shall not allow its personnel or contractors to store Purchasing Entity data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. The Contractor shall permit its personnel and contractors to access Purchasing Entity data remotely only as required to provide technical support. The Contractor may provide technical user support on a 24/7 basis using a Follow the Sun model, unless otherwise prohibited in a Participating Addendum.
- 4. Security Incident or Data Breach Notification:** The Contractor shall inform the Purchasing Entity of any security incident or data breach related to Purchasing Entity's Data within the possession or control of the Contractor and related to the service provided under the Master Agreement, Participating Addendum, or SLA. Such notice shall include, to the best of Contractor's knowledge at that time, the persons affected, their identities, and the Confidential Information and Data disclosed, or shall include if this information is unknown.
- a. **Security Incident Reporting Requirements:** The Contractor shall report a security incident to the Purchasing Entity identified contact immediately as soon as possible or promptly without out reasonable delay, or as defined in the SLA.
- b. **Breach Reporting Requirements:** If the Contractor has actual knowledge of a confirmed data breach that affects the security of any purchasing entity's content that is subject to applicable data breach notification law, the Contractor shall (1) as soon as possible or promptly without out reasonable delay notify the Purchasing Entity, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the data breach in a timely manner.
- 5. Breach Responsibilities:** This section only applies when a Data Breach occurs with respect to Personal Data within the possession or control of the Contractor and related to the service provided under the Master Agreement, Participating Addendum, or SLA.
- a. The Contractor, unless stipulated otherwise, shall immediately notify the appropriate Purchasing Entity identified contact by telephone in accordance with the agreed upon security plan or security procedures if it reasonably believes there has been a security incident.
- b. The Contractor, unless stipulated otherwise, shall promptly notify the appropriate Purchasing Entity identified contact within 48 hours or sooner by telephone, unless shorter time is required by applicable law, if it has confirmed that there is, or reasonably believes that there has been a data breach. The Contractor shall (1) cooperate with the Purchasing Entity as reasonably requested by the Purchasing Entity to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the Data Breach, including any post-incident

review of events and actions taken to make changes in business practices in providing the services, if necessary.

- 6. Notification of Legal Requests:** If legally permissible, the Contractor shall contact the Purchasing Entity upon receipt of any electronic discovery, litigation holds, discovery searches and expert testimonies related to the Purchasing Entity's data under the Master Agreement, or which in any way might reasonably require access to the data of the Purchasing Entity. The Contractor shall not respond to subpoenas, service of process and other legal requests related to the Purchasing Entity without first notifying and obtaining the approval of the Purchasing Entity, unless prohibited by law.

7. Termination and Suspension of Service:

- a. In the event of an early termination of the Master Agreement, Participating or SLA, Contractor shall allow for the Purchasing Entity to retrieve its digital content and provide for the subsequent secure disposal of the Purchasing Entity's digital content.
- b. During any period of service suspension, the Contractor shall not take any action to intentionally erase or otherwise dispose of any of the Purchasing Entity's data.
- c. In the event of early termination of any Services or agreement in entirety, the Contractor shall not take any action to intentionally erase any Purchasing Entity's data for a period of 1) 45 days after the effective date of termination, if the termination is for convenience; or 2) 60 days after the effective date of termination, if the termination is for cause. After such day period, the Contractor shall have no obligation to maintain or provide any Purchasing Entity data and shall thereafter, unless legally prohibited, delete all Purchasing Entity data in its systems or otherwise in its possession or under its control. In the event of either termination for cause, the Contractor will impose no fees for access and retrieval of digital content to the Purchasing Entity.
- d. The Purchasing Entity shall be entitled to any post termination assistance generally made available with respect to the services, unless a unique data retrieval arrangement has been established as part of an SLA.
- e. Upon termination of the Services or the Agreement in its entirety, Contractor shall securely dispose of all Purchasing Entity's data in all of its forms, such as disk, CD/ DVD, backup tape and paper, unless stipulated otherwise by the Purchasing Entity. Data shall be permanently deleted and shall not be recoverable, according to National Institute of Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to the Purchasing Entity.

8. Background Checks:

- a. Upon the request of the Purchasing Entity, the Contractor shall conduct criminal background checks and not utilize any staff, including subcontractors, to fulfill the obligations of the Master Agreement who have been convicted of any crime of dishonesty,

including but not limited to criminal fraud, or otherwise convicted of any felony or misdemeanor offense for which incarceration for up to 1 year is an authorized penalty. The Contractor shall promote and maintain an awareness of the importance of securing the Purchasing Entity's information among the Contractor's employees and agents.

b. The Contractor and the Purchasing Entity recognize that security responsibilities are shared. The Contractor is responsible for providing a secure infrastructure. The Purchasing Entity is responsible for its secure guest operating system, firewalls and other logs captured within the guest operating system. Specific shared responsibilities are identified within the SLA.

c. If any of the stated personnel providing services under a Participating Addendum is not acceptable to the Purchasing Entity in its sole opinion as a result of the background or criminal history investigation, the Purchasing Entity, in its' sole option shall have the right to either (1) request immediate replacement of the person, or (2) immediately terminate the Participating Addendum and any related service agreement.

9. Access to Security Logs and Reports:

a. The Contractor shall provide reports on a schedule specified in the SLA to the Contractor directly related to the infrastructure that the Contractor controls upon which the Purchasing Entity's account resides. Unless otherwise agreed to in the SLA, the Contractor shall provide the public jurisdiction a history or all API calls for the Purchasing Entity account that includes the identity of the API caller, the time of the API call, the source IP address of the API caller, the request parameters and the response elements returned by the Contractor. The report will be sufficient to enable the Purchasing Entity to perform security analysis, resource change tracking and compliance auditing

b. The Contractor and the Purchasing Entity recognize that security responsibilities are shared. The Contractor is responsible for providing a secure infrastructure. The Purchasing Entity is responsible for its secure guest operating system, firewalls and other logs captured within the guest operating system. Specific shared responsibilities are identified within the SLA.

10. Contract Audit: The Contractor shall allow the Purchasing Entity to audit conformance to the Master Agreement terms. The Purchasing Entity may perform this audit or contract with a third party at its discretion and at the Purchasing Entity's expense.

11. Data Center Audit: The Contractor shall perform an independent audit of its data centers at least annually and at its own expense, and provide an unredacted version of the audit report upon request. The Contractor may remove its proprietary information from the unredacted version. For example, a Service Organization Control (SOC) 2 audit report would be sufficient.

12. Change Control and Advance Notice: The Contractor shall give a minimum forty eight (48) hour advance notice (or as determined by a Purchasing Entity and included in the SLA) to the Purchasing Entity of any upgrades (e.g., major upgrades, minor upgrades, system changes) that

may impact service availability and performance. A major upgrade is a replacement of hardware, software or firmware with a newer or better version in order to bring the system up to date or to improve its characteristics. It usually includes a new version number.

Contractor will make updates and upgrades available to Purchasing Entity at no additional costs when Contractor makes such updates and upgrades generally available to its users.

No update, upgrade or other charge to the Service may decrease the Service's functionality, adversely affect Purchasing Entity's use of or access to the Service, or increase the cost of the Service to the Purchasing Entity.

Contractor will notify the Purchasing Entity at least sixty (60) days in advance prior to any major update or upgrade.

13. Security: As requested by a Purchasing Entity, the Contractor shall disclose its non-proprietary system security plans (SSP) or security processes and technical limitations to the Purchasing Entity such that adequate protection and flexibility can be attained between the Purchasing Entity and the Contractor. For example: virus checking and port sniffing — the Purchasing Entity and the Contractor shall understand each other's roles and responsibilities.

14. Non-disclosure and Separation of Duties: The Contractor shall enforce separation of job duties, require commercially reasonable non-disclosure agreements, and limit staff knowledge of Purchasing Entity data to that which is absolutely necessary to perform job duties.

15. Import and Export of Data: The Purchasing Entity shall have the ability to import or export data in piecemeal or in entirety at its discretion without interference from the Contractor at any time during the term of Contractor's contract with the Purchasing Entity. This includes the ability for the Purchasing Entity to import or export data to/from other Contractors. Contractor shall specify if Purchasing Entity is required to provide its' own tools for this purpose, including the optional purchase of Contractors tools if Contractors applications are not able to provide this functionality directly.

16. Responsibilities and Uptime Guarantee: The Contractor shall be responsible for the acquisition and operation of all hardware, software and network support related to the services being provided. The technical and professional activities required for establishing, managing and maintaining the environments are the responsibilities of the Contractor. The system shall be available 24/7/365 (with agreed-upon maintenance downtime), and provide service to customers as defined in the SLA.

17. Subcontractor Disclosure: Contractor shall identify all of its strategic business partners related to services provided under this Master Agreement, including but not limited to all subcontractors or other entities or individuals who may be a party to a joint venture or similar agreement with the Contractor, and who shall be involved in any application development and/or operations.

18. Business Continuity and Disaster Recovery: The Contractor shall provide a business continuity and disaster recovery plan upon request and ensure that the Purchasing Entity's recovery time objective (RTO) of XXX hours/days is met. (XXX hour/days shall be provided to Contractor by the Purchasing Entity.) Contractor must work with the Purchasing Entity to perform an annual Disaster Recovery test and take action to correct any issues detected during the test in a time frame mutually agreed between the Contractor and the Purchasing Entity.

19. Subscription Terms: Contractor grants to a Purchasing Entity a license to: (i) access and use the Service for its business purposes; (ii) for IaaS, use underlying software as embodied or used in the Service; and (iii) view, copy, upload and download (where applicable), and use Contractor's documentation.

No Contractor terms, including standard click through license or website terms or use of privacy policy, shall apply to Purchasing Entities unless such terms are included in this Master Agreement via amendment.

Attachment B – Identification of Service Models Matrix

Offerors must complete the following form to identify the service models your firm offers under this RFP. You may provide a list of the different SaaS, IaaS, and/or PaaS services that you offer, including the Categorization of Risk that you have the ability to store and secure. This document is to provide purchasing entities and eligible users a quick snap shot of the cloud solutions your firm provides.

Service Model:	Low Risk Data	Moderate Risk Data	High Risk Data	Deployment Models Offered:
SaaS	Varies by Manufacturer Offer	Varies by Manufacturer Offer	Varies by Manufacturer Offer	AODocs, CA Technologies, DocuSign, FireEye, Google, QTS, Salesforce, SAP, ServiceNow, Virtru, VMware
IaaS	Varies by Manufacturer Offer	Varies by Manufacturer Offer	Varies by Manufacturer Offer	FireEye, Google, QTS, Virtustream, VMware
PaaS	Varies by Manufacturer Offer	Varies by Manufacturer Offer	Varies by Manufacturer Offer	Google, QTS, Salesforce, SAP, ServiceNow, Virtustream

Carahsoft's solution providers each have different forms and procedures for providing solutions and services with varying levels of data management for each solution. Please see Carahsoft's Technical Response for additional information regarding risk data management of low, moderate, and high risk data.
